O'BRIEN GIVES RAY OF HOPE TO MAYOR

General Manager Explains He Cannot Negotiate for Terminal Company.

O. R. & N. AND CITY CLOSE

Therefore, Says Railroad Man, Why Not Settle Differences Between City and Road and Condemn What Is Needed of Others.

That the Northern Pacific Terminal Company was not thought of when negotiations were begun by the O. R. & N. leading to the desired vacation by the city of streets needed for the construction of an East Side freight depot and the new railway bridge; that the terminal company was not brought into the affair until the Council committee was appointed; and that the committee itself brought the terminal company into the matter, were declarations made by General Manager O'Brien, of the Harriman lines, yesterday.

could not spend money on improvements without the consent of the minority stockholders (the Northern Pacific). He said he was unable, therefore, to deal with the city on behalf of the terminal company, and this being the case the city, if really anxious for a settlement, should settle its differences with the O. R. & N. and then promptly proceed to a condemnation proceedings for the property of the terminal company.

HOW FRENCH WOMEN DEVELOP THE BUST

Mme. Dorothy De La Revere, French Expert on Feminine Beauty, Tells American Women How to Perfectly Develop the Bust.

"The number of undeveloped women in America is astonishing," says Mme. Dorothy De La Revere. "I am here in America to teach your beautiful-faced women that the face does not attract so much as the form, and I am ready to tell any woman who will write me, how the French society women and leading actresses develop their breasts and fill out the hollows of the neck, by what is admitted by authorities to be the only scientific, certain method known."

"It is the refreshing firmness" and delightful fullness of the feminine form that captivates, and it is the woman who is most fully developed who monopolizes the endearments of the opposite sex. "If your bust lacks development or firmness, I will tell you how to beautify it. I will not charge anything for this advice—it is free. I am only too glad to tell the secret, so that you cannot fail to succeed within a few weeks' time. For I am sure it will make you healthier, happier and more sought after. All that I ask is that you send me 4 cents to pay postage, and I will reply at once personally."

It is suggested to lady readers that they write to this French expert on this matter which we here in America know very little about. Any lady can write to her and should enclose 4 cents in postage. Address her, Madame Dorothy De La Revere, suite 1762, 1024 Byron St., Chicago, Ill.
