

# CAMERON IN RACE FOR BENSON'S JOB

## District Attorney Does Not Deny He Would Like to Become Governor.

### SEVEN OTHERS RECEPTIVE

Dr. Andrew C. Smith and J. W. Bailey, Also From Portland, Are in Fight—Contest for Representative May Be Spirited.

District Attorney Cameron may be a candidate for the Republican nomination for Governor. He has not admitted the fact yesterday, though with the halting hesitancy of a girl who seeks for more time to consider a proposal.

"It means a lot of work," he said, "and I am getting old. I have been urged by some of my friends to get in the race."

Mr. Cameron's term as District Attorney will not expire until 1912, and though he should fall in his gubernatorial aspirations, he still would have his present position to fall back on. By reason of this, it is reasoned by his friends, he would continue to be active politically and defeat at this time would not endanger his chances when his term expires.

Eight Now in Field.

Already there are said to be eight candidates for the Republican gubernatorial nomination. The contest promises to be lively, and probably will begin in earnest within a fortnight. All of those aspiring to this nomination, as well as other state offices, will, it is understood, seek the endorsement of the state Republican assembly.

The report in The Oregonian yesterday of various candidacies, both county and state, caused much comment in local political circles. Probably no other announcement created more general comment than that bearing on the Congressional situation in the Second Oregon District. The contest for Representative in Congress, is promised a strong race. John F. Logan, a well-known Portland attorney, and A. W. Lafferty, a young and promising lawyer, are both in the race. Mr. Logan's announcements are authoritative. Mr. Lafferty is now in the East on business, where he has been since early in March. He will return home the latter part of this month. In letters to friends here he has confirmed the report of his intentions to be a candidate.

Those Who Are Hopeful.

Those who it is understood will be candidates for Governor, besides Mr. Cameron, are: Dr. Andrew C. Smith and State Food and Dairy Commissioner Bailey of Portland; Jay Bowman, of Clifton; President of the State Senate; Judge Stephen A. Lowell, of Pendleton; State Superintendent of Public Instruction; Dr. James Withycombe, of Corvallis, and Judge Grant B. Dimick, of Oregon City. The formal call of the Executive Committee of the State Republican Central Committee, for county and state assemblies is expected to be issued within the next few weeks. It is formally issued, the dates for the various county assemblies will be fixed. Already, however, Cosas are being opened and held to hold their assemblies. In Multnomah County the assembly will be held July 19, one week after the county mass meeting for the selection of delegates to the assembly. The state assembly will be held July 21. Though two months yet remain until that time, as political matters that is not long, and the activities of candidates before the assembly no doubt will become marked more and more from now on.

### VOTERS REGISTER SOON

Primary and General Elections Governed by Registration.

All persons desiring to vote in the general primaries September 24 and the general election November 8 must register again this year. Registration will commence June 13 and continue through September 15. Registration will then close until after the party primary.

After the nominating primary elections registration will again open on Monday, June 28 and will remain open until October 24. In this way additional and ample opportunity is provided for everyone to register. Unless a qualified voter shall register during the time named, according to the Oregon law, it is difficult to exercise the voting power.

The present law governing this phase of elections commenced with 1909, providing that registration of voters must occur biennially thereafter. At that time registration commenced with the first Monday in January. Since then the time of holding elections has been changed from the Spring to the Fall and in consequence the time for registering was also changed.

As soon as registration commences the organizations of the various parties will start an active campaign to have each of all voters affiliated with each party registered. Probably the attention paid to this feature of their work is second only to getting out the vote on election day.

### ACTIVITIES ARE RESUMED

Rumors Say Mount Hood Line Will Be Pushed at Once.

GRESHAM, Or., May 18.—(Special.)—Rumors are being circulated to the effect that work will be resumed on the Mount Hood Railway line. It is known that activities are being resumed at old camp No. 3, near the Base Line station of the O. W. P., Troutdale branch, and that a well is to be dug. Beyond this nothing is definite, but the presence of several well-known railroad men at different places along the line during the past week lends color to the theory that operations are about to begin.

### PERSONAL MENTION.

O. R. Krier, of The Dalles, is at the Portland.  
Fred Wortman, of McMinnville, is at the Portland.

Dr. Watt and family, of Hood River, are at the Perkins.  
J. K. McGregor, a fruitgrower of Mosier, is at the Cornelius.  
Mr. and Mrs. A. C. Rathmell and their

### SUITOR WANTS RING

Boston Girl Says Week Too Short Notice to Wed.

### SAYS CULTURE FORBIDS

Wealthy Mining Man Reproaches Her for Alleged Breach of Faith and Brings Suit to Recover Possession of Diamond.

Can a woman, brought up in the cultured precincts of Boston fall in love, become engaged and be married all within a week's time?

Miss Clara A. Berg, formerly stenographer for Ralph Hoy of the Rose Festival committee, answers in the negative. Miss Berg says that a woman of culture could not think of taking the great step within such a short time, and the man who suggests and insists on such action lacks the culture which a Boston woman expects in a husband.

This is a part of the story which was brought out yesterday when R. P. Shier, a wealthy mining man of Gates, Or., filed suit in Justice Court against Miss Berg for recovery of a solitaire diamond ring. Tiffany setting, valued at \$300. Shier alleges in the complaint that on May 9, 1910, he owned a diamond ring, which he gave Miss Berg to wear, on condition that they were to be married a week later.

Miss Berg refused. At the end of a week's time, on May 16, Miss Berg refused, he says, to fulfill her part of the verbal agreement, declaring that it was impossible for her to marry him within such a short time. She also is alleged to have made various remarks regarding the lack of culture of Westerners who might expect a Boston girl to go through the marriage ceremony on such short notice.

Shier also says that he gave Miss Berg the sum of \$50 on May 4, with which he wished to have her purchase her wedding trousseau. He makes no demand for this money, however, only demanding the return of the sparkling gem which was to have been the bond for their union.

### Many Requests Made.

He affirms in the complaint that he has made numerous requests for the ring, but that Miss Berg has persisted in her refusal to return it. In his suit, he asks that she be compelled to either return the solitaire, or reimburse him in the sum of \$300.

Miss Berg has a week in which to answer the complaint. She only recently left the employ of the Rose Festival committee. She lives at 362 1/2 East Morrison street. She was a music teacher at Fifteenth and Morrison streets, who charged with falling to pay for music lessons.

### GRESHAM TO TAP BULL RUN

Agreement Said to Have Been Reached With Portland Officials.

GRESHAM, Or., May 18.—(Special.)—Negotiations are under way between the city of Gresham and the Portland Water Board for supplying Gresham with Bull Run water when the new pipeline is completed.

Mayor Shattuck has been in Portland several days lately completing the arrangements which have been decided upon, but which are not yet to be made public. It is reported that the Portland Water Board for supplying Gresham with Bull Run water when the new pipeline is completed.

Several gangs of Italian and Greek laborers have been sent to the headworks during the past week, numbering 200, and are now at work preparing for the start toward Portland of the 22 miles of pipe necessary to be laid. The surveys are practically completed and the pipe will follow the old right-of-way parallel with the old line, except in one or two places, where deviations will be of advantage.

### FORTUNE WILL BE SPENT

JUDGE FINES BOTH SIDES

Neighborhood Row Implicates Plaintiff as Well as Defendant.

"When neighbors fall out, the city gains," said Municipal Judge Bennett yesterday morning when the case of James Andrews against Guy McNamara, charged with assault and battery, was concluded. Judge Bennett fined the defendant \$15 and imposed a penalty of \$10 on the plaintiff, as evidence was brought out during the course of the trial which showed that Andrews had used indecent and abusive language.

McNamara lives at 883 Hood street. His next door neighbor is Andrews. On Monday McNamara missed a small board which he uses in his camera, soon after noticing it in Andrews' hand, the latter being in his own yard. McNamara accused Andrews of taking the board, the latter was passed, and McNamara hurled a couple of malt extract bottles at his neighbor. Andrews thereupon vented a choice lot of billingsgate upon his assailant.

Judge Bennett said that he believed both parties to the case had told the truth when on the witness-stand, and, therefore, he thought both were guilty.

### SLAYING OF ELK CHARGE

Charles Swatman Arrested by Game Warden Near Newport.

NEWPORT, Or., May 18.—(Special.)—Sheriff Ross passed through Newport yesterday with Charles Swatman, alias Ranchman, in custody, charged with having killed an elk in this county last Fall. Swatman was arrested by James Gatens, the Deputy Game Warden. He contends that he is innocent and that the arrest resulted from trouble he had with Gatens. Elk antlers found crated by Gatens last Fall led to the arrest.

McNamara also arrested Roy Thomas, a Government packer of Tidewater, last Thursday for fishing without a license and having undersized trout in his possession. Thomas paid a fine in Waldport.

### DESCHUTES VALLEY JOYFUL

Prospects for Prosperity Better Than Ever Before.

BEND, Or., May 18.—(Special.)—Never before in local history have the prospects for a banner season been so brilliant as they are today. Not only does this apply to the economic development of the land, resulting from the advent of transportation to a territory ripe for it, but to the exceptionally promising Spring the weather man has seen fit to bestow upon the Deschutes Valley.

Probably four inches of rain have fallen during the last 60 days. All this has come at a time that could not be more advantageous to the crops. The result is that wheat in many instances already is more than a foot in height, with all other grains proportionally thriving. On the recent trip through the Bend country, Louis W. Hill stood in a so-called "dry farmed" field of winter wheat which reached above his knees.

What is particularly valuable to the country at this juncture is the promise of great forage crops. The demand for hay and grain will be unprecedented, with the coming of the railroad builders and their many horses, and the thousands of dollars to the ranchers who without them might have been hard put to it to meet the demand.

In traveling, the baggage has as much to do with one's appearance as the clothes worn. The prices asked for these high-grade trunks are no more than ordinary trunks sell for. At Removal Prices. Removal Bargains in All Depts.

### TWOHY BROS. LOCATE HERE

Contractors Buy Tract as Site for Offices and Shops.

Twohy Brothers, railroad contractors, have chosen Portland as their permanent base of operations, and yesterday purchased the site for their offices, shops and a general plant for their equipment. The site consists of 13.7 acres between East Fifty-fifth and East Sixth streets, about two blocks north of the Montavilla carline. It was bought from E. S. and P. P. Jenne, through the agency of the H. P. Paillet-Contour, Inc., for \$20,000.

James P. Twohy, secretary of Twohy Brothers, in an interview yesterday outlined the plans for operating here. "We have bought the tract as a general mustering point for our outfits, which are now scattered up and down the Coast," he said. "We will establish a warehouse and shops on the tract purchased and thereby expect to effect a considerable saving. Portland, on account of its central location, has been chosen as the place for the general headquarters of the company as well as for the shops."

"Our shops will not be manufacturing establishments, but will be used for overhauling and repairing our machinery, of which we have about \$1,000,000 worth. This will require a considerable force of skilled machinists. We will have everything in actual use kept in Portland and distributed from here. The equipment consists of locomotives, steam shovels and other pieces of heavy machinery. The handling of this will of course mean considerable additional shipping to Portland."

Twohy Brothers are at present engaged in building The Dalles-Deschutes line change for the O. R. & N. Company, the Deschutes Railway, the Portland-Clifton line, and the Woodlawn-Troutdale line division, in Oregon, while in Washington work is being carried on in the great Tacoma tunnel.

### MUSIC FOR THE SUMMER
