

SOCIALISTS WAR OVER SUFFRAGE

National Congress Hears Tearful Appeal in Behalf of Votes for Women.

WEALTHY LEADERS SCORED

Delegate Has No Use for Followers of Anne Morgan and Mrs. Belmont—Cause Is Finally Given Vote of Indorsement.

CHICAGO, May 19.—(Special.)—In tones of appeal and supplication which sounded suspiciously close to tears, a woman's voice echoed through Oriental Hall in the Masonic Temple where sat several hundred delegates to the National congress of the Socialist party today. She was pleading for the recognition of woman suffrage by the Socialist organization, and she started a conflict among those present that will not be forgotten soon in the Socialist ranks.

The speaker was "Comrade" Milla Tuper Maynard, a woman of serious mien and eloquent expression, and her remarks had such an effect on the assemblage that John G. Willert, of Ohio, the chairman, found himself unable for a time to quell the disorder that resulted. During the course of the tumult, woman suffrage was condemned by men speakers, women rose in anger, and delegates all over the hall argued and quarreled.

But what most aroused the women was the address of "Comrade" Joseph D. Cannon, of Arizona, who said that the women aspirants for the vote had themselves ruined their cause.

"We don't want members in the Socialist party who follow Anne Morgan, the daughter of the millionaire, who told the girl workers in New York not to mix with the Socialists," he declared, "and we don't want those who follow Mrs. Belmont. This woman has gained a lot of cheap publicity by espousing the suffrage cause, but we don't want any of her followers in the Socialist movement."

Mayor Seidel, of Milwaukee, after vainly trying to restore order, ran his hands through his hair in despair and hastened out of the hall.

The warring delegates, before adjourning at 1 o'clock, voted to adopt the report on woman suffrage and the Socialist congress officially registered itself as advocating votes for women.

TARIFF IS DEBATED

Prices Lower in Michigan Than Canada, Says Republican.

TWO DEFEND, 3 ASSAIL

Longworth of Ohio Believes Some Duties Are Too High and Supports Appropriation to Maintain Tariff Board.

WASHINGTON, May 19.—Five speeches were made in the House today on the subject of the tariff. Three were made by Democrats, who assailed the Republican party and its position on the tariff question, and two were delivered in defense of the majority report.

Hamilton, of Michigan, by epigram and figure portrayed prosperity as rampant and submitted statistics he said he had gathered himself to demonstrate prices in his own district were lower than in Windsor, Ont.

Longworth, of Ohio, asserted duties under the existing tariff law were justified in the main, although he admitted personally he thought some of them were too high. He said he was not committed to the sanctity of tariff schedules, but he believed in being "shown." He supported the proposal to appropriate \$250,000 for the expenses of the tariff commission.

Melachlan, of California, spoke about the military preparedness of the Nation. The Democratic speeches were made by Byrd, of Mississippi; Dixon, of Indiana, and Bortland, of Missouri. Each denounced the tariff and declaimed against Republicanism and Republican insurrection. Dixon attacked the majority party as "opposed to petty larceny, standing for grand larceny." He characterized as "politically acrobatic" the attitude of the Republican factions in Indiana.

THIRD OPERATION PREVENTED

By Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I want to tell you what Lydia E. Pinkham's Vegetable Compound did for me. I was so sick that two of the best doctors in Chicago said I would die if I did not have an operation. I had already had two operations, and they wanted me to go through a third one. I suffered day and night from inflammation and a small tumor, and never thought of seeing a well day again. A friend told me how Lydia E. Pinkham's Vegetable Compound had helped her, and I tried it, and after the third bottle was cured."—Mrs. ALVINA SPELLING, 1468 Clybourne Ave., Chicago, Ill.

If you are ill do not drag along at home or in your place of employment until an operation is necessary, but build up the feminine system, and remove the cause of those distressing aches and pains by taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs.

For thirty years it has been the standard remedy for female ills, and has positively restored the health of thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Oregon City Woman Dies.

OREGON CITY, Or., May 19.—(Special.)—Mrs. Emily Humphreys, wife of J. Y. Humphreys, died this morning, after two months' suffering of cancer. Mrs. Humphreys was born at Mouschole, Cornwall, England, May 17, 1842. After her marriage to J. Y. Humphreys, they came to America and went to California, where they resided three years, afterward moving to Astoria. From Astoria they came to Oregon City. There were two children, Annie, who died in this city some time ago, and Mrs. Ada Hendrickson, of this city. Her husband also survives. Funeral services will be conducted at the Methodist Church Saturday morning at 10 o'clock by Rev. R. C. Blackwell. The interment will be in Mountain View Cemetery.

Northwest People in New York. NEW YORK, May 19.—(Special.)—

The following persons from the Pacific Northwest registered at New York hotels today: From Salem, Or.—At the Grand Union, J. A. Rainey. From Tacoma—At the Grand Central.

Do You Want the "Doctors' Trust" to be able to Force Its Opinions on You? DO YOU want government by political doctors? When doctors disagree so constantly, should your choice be abridged by law, or by the ruling of a Department or Bureau? Do you want your health and hygiene to be regulated by an army of United States inspectors under the direction of a medical bureau?

Do you know that there are five bills before the present Congress which, if passed, could be so used, and the concealed purpose of which is to give such powers to a national department or bureau or "officer" of health, and that the political doctors are making the final supreme effort to get one of them passed before the close of the present session?

Do you know that the terms of all of the bills are so subtle that such bureau or department could at any time take action according to its interests or prejudices without specific legislation while the moral effect would be to commit the United States Government to the establishment of a system of medicine, denying to the people the right to determine for themselves the kind of medical treatment they shall employ?

Do you know that Prof. Irving Fisher, President of the so-called "Committee of One Hundred" which is ostensibly the moving impulse behind this attempt to secure this legislation, was unexpectedly confronted at the recent Senate hearing with a letter he had written to a physician asking for funds to push the bill saying that it was a project which, once started, would surely expand within a decade so that "millions upon millions of government money" would be disbursed in carrying out the provisions of this legislation?

To defeat this or any other such paternal, unnecessary, extravagant, un-American medical legislation is the purpose of "The National League for Medical Freedom." Mind you, this League is not opposed to sanitation or quarantine properly administered and it makes no war on, and has no quarrel with the faithful medical practitioner of whatever school. Nor is it opposed to the needed work of the state, county or municipal authorities along these lines; but it is opposed to any clique of political doctors which seeks to dominate the legislation of state and national government for the purpose of increasing their power and furthering their own ambitions, all under the pretense of the public weal.
