SICK HEADACHE

THIS CALIFORNIA WOMAN WAS PALE, THIN AND NERVOUS.

Dr. Williams' Pink Pills Proved to Be Just the Tonic to Restore Her to Health, Strength and Happiness.

Dr. Williams' Pink Pills have made so many remarkable cures in serious cases that people are liable to overlook their value as a tonic for the blood and nerves in debility and general run-down conditions.

That such conditions are the cause of much misery and unhappiness is fully known to those who suffer from them and the need of curing them is as vital as is relief from diseases with higher sounding names. We commend the following statement to those who suffer from any form of debility resulting from weak, thin blood or shattered nerves.

Mrs. Mary H. Taft, of No. 314 Howard street, Petaluma, Cal., has found Dr. Williams' Pink Pills to be the best tonic that she has ever used. She says: "About fifteen years ago, when living in Toronto, Canada, I became generally run down and felt miserable for years. I was tired all of the time and didn't want to work or do anything at all. My appetite was not very good and I was thin and pale. I suffered from sick headaches a great deal and was nervous."

I was treated by a doctor for some time and tried several tonics but without help. A friend recommended Dr. Williams' Pink Pills to me and I took several boxes. I soon began to feel much better, my appetite came back and the benefit continued until I was cured. I have taken Dr. Williams' Pink Pills a number of times since as I think they are about the best tonic one can take."

The tonic action of Dr. Williams' Pink Pills is direct because they make new blood which carries health and strength to every part of the body. This pure, new blood tones up the weak stomach, strengthens the exhausted nerves and enables every part of the body to perform its work.

Dr. Williams' Pink Pills are recommended whenever a tonic for the blood and nerves is needed. They have cured anemia, chlorosis, rheumatism, stomach trouble, and the after-effects of grippe and fevers. The tonic treatment with these pills is fully described in our diet booklet and "Diseases of the Blood," which will be sent free upon request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.
