"Land of Opportunity"

This is the accepted slogan for Oregon, and according to records of sales of farm lands made in the last few years, investors and home-seekers show their faith in the prediction.

A tract of 2000 acres

located most favorably in the line of rapid development in the Willamette Valley, 30 miles east of Portland, 15 miles from Gresham, is offered for sale by the Portland Railway, Light & Power Company at a low price per acre on favorable terms.

A projected railroad line

is to pass through or near this tract, a county road already furnishing means of entry and exit for vehicles, including automobiles.

In the wooded portion

22,000,000 feet of good saw timber stand ready for the woodsman's ax, and the timber at present prices would go far toward paying for the entire tract.

There are fully 900 acres

of level or gently sloping farming land, available when cleared, and from 700 to 800 acres of fine grazing land now waiting the farmer or dairyman.

Two good-sized creeks

with numerous tributaries, furnish an abundance of water.

The tract will be disposed of

as a whole, though a new owner could subdivide to great advantage.

For terms and full particulars

call on or address Land Department, Room 623, Electric Building, Portland.

Portland Railway, Light & Power Co.

MERCHANTS NATIONAL BANK

OUR SERVICE The strictest attention to each individual account is the principle governing the management of this bank in respect to the service which it renders for its patrons.
