\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\* By blanking the Sacramento team in yesterday's game, Eugene Krapp, one of the sterling twirlers on Walter McCredie's staff, came through with his first vic-tory on the Portland loi, though he should have been returned victor in several games he pitched in the first series at home. The final score yesterday was 3 to 0, and Portland won by better hitting and startling base running.

Jimmy Whalen was sent against Portland once more. He pitched good ball, for the boots of his teammates and darling has been sent to be better the beautiful to the boots of the beautiful to the boots of the sent to the boots of the sent to the boots of the sent to the boots of the beautiful to the boots of the sent to the sent

of hits to boot. It was Olson who scored the first run of the game, which event occurred in canto No. 5. In this inning Olson hit safely to left, then stole second, and when Gus Hetling bingled over second base Ivan raced all the way to the register.

In the seventh inning Olson once more scored. This time he hit sharply to Jimmy Shinn, who threw wildly over Van Buren's head, and Olson reached second. When Rapps bounced one off Whalen's shins, which was good for one base, Olson dashed all the way home from second on the short hit.

In the eighth, Billy Speas was safe on another boot by Jimmy Shinn, who had a bad day, and when Captain Casey dumped a sacrifice Speas went all the way to third, which was another baserunning feat worthy of note, for Casey's bunt was down the alley to whalen. Speas scored when Buddy Ryan's grass-burner was slightly messed by Fred Raymer.

The brilliant feature of the game was the fielding stunts pulled off by Eugene Krapp. In the seventh inning he scored an unusual stunt by getting a putout and an assist on the same piay. Haymer slammed a hard hit at the pitcher's mound and the ball bounced off Krapp's shins, caroming toward right field. Bill Rapps pounced upon it quickly and Krapp rushed to first base in time to receive the throw and retire the batter.

SACRAMENTO IS SHUT OUT Both Pitchers Work Well, but Visi- JEFF'S TRAINING OUTLINED

When Actor-Fighter Gets Into Ring With Big Fellow It Will Be Fighting, Not Boxing--Tips Given

on Johnson's Style.

SAN FRANCISCO, May 27 .- (Special.)-About the first thing that James J. Corbett did upon arriving in San Francisco was to pay his respects to Jack Johnson, heavyweight champion of the world. In fact, Corbett attended to Johnson in most

artistic style, even before he set foot on San Francisco soll. Johnson has said many things of Corbett, among them that James J. was the best race-horse that the prize ring ever saw, and he has quoted Corbett also as saying that he figured Jeffries would win inside of 15 rounds. All these stories have come to the ear of the man who will assist in training Jeffries and he wanted to get into the thick of the controversy.

"Johnson has taken umbrage at a purported statement of mine," said Corbett, to the effect that I sald Jeffries would win inside of 15 rounds. Johnson is a defensive fighter, pure and simple, and that fight is going farther than 15 rounds by a long ways.

Corbett Would Bet \$5000.

"The colored man has called me the race-horse of the ring. The only thing that he did say which might have been true was that I was a has-been. I have not come to California to tell people what I am or what I have been or what I can o, which ought to settle that argument.

"As regards his statement that he would like to have me come out to his quarters to box with him, I have a roposition to make to show what a big stiff he is. I hereby defy him to bet me \$5000 that I am afraid to come

bet me \$5000 that I am afraid to come to his quarters. If he accepts that defi, I will box with him whenever and wherever he says.

"I think that Johnson is very fortunate to get a man like Delaney, and that Delaney's long experience in the ring will be a great help to the colored man. But as great a trainer as Delaney is, he will never be able to put a new heart in that big black, who is yellow all through."

yellow all through." Tip Given on Jeff's Fighting.

That was the sum and substance of the Johnson end of the story, but it is quite sufficient to stir up more than talk in the Johnson camp, and devel-opments will be awaited with consid-

erable interest.

Corbett continued: "Now, Jeffries likes a man who comes rushing into him. Johnson will do nothing of the sort. He will stay away and clinch as often as he will stay away and clinch as often as he can. Therefore Jeffries does not need the rushing kind of a boxer so much as the fellow who will step in, feint, make Jeffries miss if he can and then run away. That is the kind of a fight that it is going to be. There is little or no use in putting busky young fellows against Jeffries. One punch or at the most one round and they would be out ost one round and they would be out of business. I expect to do considerable boxing with Jeffries and I am going to warn him that it will be fighting and not boxing that we will do. That is the real way to get him into condition.

There are two things, it is said, that determined Kaufman to go with Johnson. One is that Delaney would like to help the big black unthrone Jeffries permanently, and the other is that Kaufman is on bad terms with Sam Berger. Al complains that ever since he knocked Berger out in San Francisco after the fire, Sam has been bitter and has made many unkind remarks.

The Johnson workout today was the same as yesterday. He was on the road for the regulation 12 miles. Commencing tomorrow, Johnson will box in the SAN FRANCISCO, May 27.—Errors, bunched hits and thick-headed work made the game at Recreation Park to-day one of the worst of the season. for Leaving for Golden Gate. BEN LOMOND, Cal., May 27 .- Jim

BEN LOMOND, Cal., May 27.—Jim Jeffries put in a somewhat strenuous afternoon before leaving for San Francisco this evening, to appear in a public boxing exhibition there.

"Til just punch the bag for a few minutes to limber myself up for tonight's show," declared Jeffries as he went into the gymnasium. An hour and 20 minutes later he decided that he had had enough and was dripping with and 20 minutes later he decided that he had had enough and was dripping with perspiration. He not only punched the bag for half an hour without a stop, but skipped the rope, tussied with the chestweights and shadow-boxed ipill his assistants feared he would miss the train for San Francisco. His rope-hopping today was an unusual feat, as he skipped 1206 times in 11 minutes.

"I'm glad of this chance to show the boys in San Francisco that I have not wasted any time down here," remarked Jeffries as he boarded the train.

Lilly's Lawn Lime is a scientific, chemical compound, which, when applied as a lawn dressing, adheres to the flat leaves of weeds, absorbing their juices and burning them up, in most cases killing leaf, bud and root. The narrow leaves of the grasses do not retain much of the material on their surfaces, and it gets shaken or washed off to the roots, where it is immediately converted into a spiendid fertilizer, stimulating and producing a luxuriant growth of grass, besides eradicating practically every weed. In many lawns weeds are so thick that hand-weeding is out of the question. Lilly's Lawn Lime applied on a bright sunny day will destroy all the weeds in evidence in about 48 hours, besides causing the grass to grow luxuriantly afterwards.

We guarantee Lilly's Lawn Lime to give satisfaction or money will be refunded, provided it is applied and used according to directions, and provided there is no rain in forty-eight hours, or it is not washed off in that time with sprinkling.
