HIS SISTER FINDS BODIES

Daughter of J. M. E. Atkinson Goes to Meet Husband Depressed by Financial Loss and Estrangement, and Tragedy Follows.

SEATTLE, May 30.—John Tripple shot and killed his wife, Lydia, today and then fatally wounded himself. The couple had been separated six weeks. Their families are among the most prominent in Seattle. Mrs. Tripple having been a daughter of J. M. E. Atkinson, a wealthy insurance man.

Tripple had been living at the home of his father, Robert A. Tripple, a real estate dealer. At the invitation of her husband, Mrs. Tripple went to the Tripple home on Fourteenth avenue, north, for the purpose of taking over their lease agreement with a view to reconciliation. Beside the couple no one was at home except Miss Carrie Tripple, a sister.

Mrs. Tripple heard a cry from the upstairs room where her brother and his wife were. Entering, she found that Tripple had shot his wife through the temple while she sat in a chair. He had shot himself through the head.

The couple had been married two years. Tripple, who was 32 years old, had suffered financial losses by a fire that destroyed a coal yard he owned, and had been despondent over his trouble and the quarrel with his wife.

Mrs. Tripple, who was 24 years old, was a sister of Mrs. Bruce Short, wife of the assistant corporation counsel of Seattle, and of Mrs. J. W. Augustine, wife of a leading merchant. Mrs. Tripple is survived by a child less than a year old.

ORCHARD HAS 6000 ACRES

Largest in World Being Planted in Council Valley, Idaho.

WEISER, Idaho, May 30.—(Special).—The largest apple orchard in the world is being set out in the Council Valley, in this county. More than 6000 acres of land is being set to apple trees by the Council Mesa Orchard Company, of Seattle, Wash. More than 75,000 trees have been set out this year and the work will continue until cold sets in.

The land is under a new irrigation project that will put water on the land for the first time next year. It is owned principally by Chicago capitalists, and Saturday a special car direct from Chicago, containing 30 leading business men and capitalists, arrived in this city and was taken to Council. They were enthusiastic and more than \$100,000 worth of land was disposed of to them during their stay here. On their return to this city Tuesday afternoon they were the guests of the Weiser Commercial Club. The Council Mesa Orchard Company has in contemplation the building of a 200-room hotel, schoolhouse and clubhouse. The company also has a splendid power site and electric light plant and electric road to connect with the Idaho and Idaho Northern Railway are possibilities.

Council Valley apples carried away the majority of the prizes at the International Apple Show at Council Bluffs last year.

S.S.S. THE REAL CURE FOR SCROFULA

Scrofula is a blood disease manifested usually by an ulceration of the glands. It is almost entirely hereditary in its origin, being the seeds or drugs of some specific blood poison which has been transmitted, in modified form, to the offspring of diseased parentage. Where the blood is specially vitiated Scrofula attacks other portions of the system beside the glands, and we see its effects frequently in weak eyes, poorly developed bodies, running sores and ulcers, skin diseases like scaldhead, catarrhal troubles etc. While the young are the usual sufferers from scrofulous troubles, it is true that it is sometimes held in check until middle life is reached, or passed, and then, as the physical system begins to decline, older persons are attacked by the disease. S. S. S. is the one real and certain cure for Scrofula. It is a blood purifier without an equal and it cures this destructive blood poison by removing the germs from the blood and so enriching and building up the circulation that the disease can not remain. S. S. S. searches out every taint and impurity from the blood; it gives to the blood the richness and power necessary to the healthy growth of children, and it strengthens and invigorates the constitutions of older persons, by its fine tonic effects. S. S. S. is a purely vegetable medicine, perfectly safe for young or old. Scrofula being a blood disease can only be cured by a blood purifier like S. S. S. Book on the blood free to all who write and request it.
