For Your Hair Here Are Facts We Want You to Prove at Our Risk

Margulous as it may seem, Rexall "33" Hair Tonic has grown hair on heads that were once bald. Or rather, it is understood that in none of these cases were the hair roots dead nor had the scalp taken on a glazed, shiny appearance. When the roots of the hair are entirely dead and the pores of the scalp are clogged with dead matter, it is impossible to restore hair growth.

When Rexall "33" Hair Tonic will do above stated, it is not strange that we have such great faith in it and that we claim it will prevent baldness when used in time. It acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed and will not gum nor permanently stain the hair.
