

# ALL PARTS SENDS FESTIVAL CROWDS

Every Section of Country Will Have Delegates in Festival Throngs.

BIG SHOW IS FAMED AFAR

Many People Travel Thousands of Miles to Participate in Gorgeous Fete, Which is Growing in Popularity Every Year.

pressed about the Rose Festival is shared by Howard Seebree, of the old banking and commercial firm of Seebree, Ferris & White, of Idaho and Montana, who is a guest at the Portland Hotel.

"I am on my way from my winter home in Pasadena to Alaska," said Mr. Seebree last night, "but I shall stop in Portland for the Rose Festival. I must go to Seattle tonight but shall return Tuesday and hope to spend the week here. The Portland rose show is well advertised in California and it will catch a great many who live in the winter and are now getting back home and to their business. Portland is well known over in Idaho and Montana.

"The merchants have confidence in Portland because there is no chicanery practiced here; its business men can be depended upon, and for that reason, the rose show attracts more attention because the people know it is what it is represented to be. A great many business men in Idaho and Montana will no doubt combine pleasure with their business trip to Portland and bring their families along. What makes Portland a prosperous city is its solid substantial basis, and it has a great future. The Rose Festival helps and gives visitors a favorable impression of the city."

## FESTIVAL'S RULER TO COME

(Continued From First Page.)

taken to the royal apartments at the Lewis and Clark Fairgrounds.

Day by day His Majesty will mingle incognito with the crowds, as is the fashion of monarchs ever, and will remain in strict official retirement until the time of the first electrical parade, Thursday, arranged in his honor. From that time he will live in a blaze of light.

### Seattle Supports Festival.

Unlike other years, Seattle is giving whole-hearted support to the Rose Festival. One of the leading stores, the Bon Marche, has a banner stretched across its front with the suggestion, "Visit Portland Rose Festival. Special excursion rates June 6-11."

Secretary Vandell, of the Seattle Chamber of Commerce, estimates that 80 per cent of the Seattleites will see this banner and that no mean percentage of them will take a day or two off and run over to Portland.

Owing to the absence of its officers, who will be in Portland, the Seattle Chamber of Commerce will postpone its weekly meeting from Tuesday afternoon to a later date.

The transition of Portland from a prosaic business city to a fairland tonight, places the city in the vanguard of anticipations of the visitors, crowding the streets, were whetted to a keen point by the sight of the waving flags and beacons of buildings tonight, whose anticipations will be more than realized.

On Seventh and Sixth streets Chinese lanterns, in hundreds, mounted on poles, shielding scores of electric lights; the illuminations and electric devices on dozens of lofty office buildings—all these will make a grand parade that must be seen to be even imagined.

### Battle to Be Fought Again.

On the Willamette River the old battle of the Monitor and Merrimack will be fought again. The mimic warship will fight their duel on the expanse of river opposite the Oaks boulevard. Shells again will shriek and pyrotechnic explosions tell the story of death and destruction.

But after all, Monday is but a preparation for the bigger days of the festival. In reality, it is hardly considered a day of the festival. It is the day of visitors arriving and settling in place, it would be an unfitting occasion for too great amusements. But on Tuesday the entertainment will start early in the morning and last till late at night.

A battle of roses, the sight of pretty girls driving rapidly through the streets with their queen, peering the passers-by with roses in abundance; the gathering of thousands under the Armory roof viewing a collection of prize blooms such as could hardly be seen anywhere else; the massed union bands of the city and the parade of the "Spirit of the Golden West" will form a day that can hardly be bettered for continuous amusements.

### Roses by Thousands Needed.

Many thousands roses are wanted tomorrow for the purpose of decorating the Armory. East Siders may place them on the cars if instructions are given to the conductors to convey the blooms to the West Side. From the West Side they will be conveyed by automobile and wagon to the Armory.

Wednesday morning as many more roses will be wanted for the decoration of the automobiles for the automobile parade. These may be sent by the streetcars up to 10 A. M. but after that time they must be taken by the growers.

Roses are wanted daily by the Peninsula Rose Association for its daily display at the depot. If placed on cars every morning before 8 A. M. and the conductor instructed to place them off at an intersecting point with the Peninsula daily rose train, he will do so.

It has been requested by Rex Oregonus, and from now on every resident of Portland owes deference to his requests, that all residents and visitors wear rosebuds. Strangers may obtain them free at the depot.

Wednesday will see the close of the rose show and the automobile parade. On Thursday there will be the horse and carriage parade and the first electric parade. Friday is devoted to the children's parade and Saturday to the closing performance of the Society Circus and the final electric parade, "The Dream of Rex Oregonus."

A delegation of 30 business men, representing the Chamber of Commerce of Oskosh, Wis., arrived in Portland at 8:45 o'clock last night on the special car Edelweiss, by way of the North Bank road. They were met by a delegation from the Commercial Club and shown over the city last night. Another committee will show them over other portions of the city today. They leave for Seattle over the Northern Pacific Tuesday.

"I am more than pleased that I made the long journey to attend the Rose Festival, although it has not begun. A trip about the city convinces me that I shall be well repaid, and I predict that the Portland rose show is destined to be one of the great annual attractions of the United States."

**Festival Too Good to Miss.**

"Mrs. Harris and I came here to attend the Rose Festival," said Art Harris, the veteran hotel man of Walla Walla, who is stopping at the Oregon. "We have attended all the rose shows in Portland and do not propose to miss any in the future if we can help it. The festival has been well advertised in Eastern Washington, and there will be a large attendance from that section of my state, Idaho and Eastern Oregon. Colonists who have been pouring into our part of the country are also attracted by the show, and a great number of them will be in Portland this week, except traveling men have been talking about it for weeks, and they are good advertisers. I simply couldn't stay away."

Similar expressions are voiced by others at the hotels, and they all say that the "crowd" has not yet arrived. "Eastern Oregon will be practically deserted," declared R. D. Cooper, a pioneer merchant of Oregon, who is now located at Grass Valley, and is registered at the Imperial. The Rose Festival is held at the most opportune time of the year for the farmers in Eastern Oregon. Crops are just at that period when they are left for a week or so, and the farmers have a chance to get away from home. Grass Valley is an money and section, everybody has money and they are coming to the rose show. Railroad building and the influx of Easterners has given this a great impetus, but everybody is laying business aside to be in Portland this week. The show is a great drawing card."

The view that is unanimously expressed about the Rose Festival is shared by Howard Seebree, of the old banking and commercial firm of Seebree, Ferris & White, of Idaho and Montana, who is a guest at the Portland Hotel.

"I am on my way from my winter home in Pasadena to Alaska," said Mr. Seebree last night, "but I shall stop in Portland for the Rose Festival. I must go to Seattle tonight but shall return Tuesday and hope to spend the week here. The Portland rose show is well advertised in California and it will catch a great many who live in the winter and are now getting back home and to their business. Portland is well known over in Idaho and Montana.

"The merchants have confidence in Portland because there is no chicanery practiced here; its business men can be depended upon, and for that reason, the rose show attracts more attention because the people know it is what it is represented to be. A great many business men in Idaho and Montana will no doubt combine pleasure with their business trip to Portland and bring their families along. What makes Portland a prosperous city is its solid substantial basis, and it has a great future. The Rose Festival helps and gives visitors a favorable impression of the city."

Unlike other years, Seattle is giving whole-hearted support to the Rose Festival. One of the leading stores, the Bon Marche, has a banner stretched across its front with the suggestion, "Visit Portland Rose Festival. Special excursion rates June 6-11."

Secretary Vandell, of the Seattle Chamber of Commerce, estimates that 80 per cent of the Seattleites will see this banner and that no mean percentage of them will take a day or two off and run over to Portland.

# TEETH—TEETH

Never, since modern scientific dentistry has been practiced in this country, has it been possible for the public to secure the services of such skilled workmen in the dental line as at the present time, at the offices of Dr. Wythe's Dentists, 148 FIFTH ST., OPPOSITE MEYER & FRANK'S FIFTH-STREET ENTRANCE.

**WE STAND ALONE FOR REASONABLE PRICES** and the most skillful work. By the DR. WYTHE METHODS we are able to give the highest class work at prices within the reach of all. So skillful have our dentists become that it is a pleasure, instead of a dread to have your work done in our offices. Our dentists must be graduates and licensed in this state before they are allowed to practice in our offices.

On account of so many people wishing to take advantage of our popular prices and skillful work, we have secured several of our experts here from other cities, so that the Dr. Wythe's Methods can be had by all those who are visiting the Carnival and wish to take advantage of the opportunity. A set of teeth that will be a credit to our office, Double Suction, Patent Air Chamber, Non-Breakable Plates, Perfect Fit Guaranteed, to be made this week for \$5.

**THE QUALITY OF OUR WORK IS OUR BEST ENDORSEMENT.**

Beautiful mouths of hundreds of the best people of all ages and in every walk of life are "living witnesses" of the matchless character of the work we do. For some of these hundreds of "witnesses" I myself, or one of my dentists skilled in the WYTHE methods, have filled decaying teeth and made them sound again. For others a new tooth has been inserted so cleverly that it could never be detected from those that grew in their mouths, or a tooth crowned that they thought they would be compelled to have extracted. Others have been so cleverly fitted with upper and lower sets of my Patent Double Suction Teeth as to make them forget the loss of their natural teeth. In every instance the work has been done in an absolutely painless manner—in a manner that I guarantee to give lasting satisfaction.

If you want more proof come to our offices and we will examine your teeth without charge, show you just what can be done and tell you what it will cost.

Dr. Wythe's plan is to give the public the best work possible for the least money, and not to ask pay for the work before it is done. You need have no fear in coming to Dr. Wythe's offices, for even if you have an examination, and an estimate is given you, it does not obligate you to have your work done here. We will gladly look your work over and advise you what to do.

**A Full Set of Teeth . . . . . \$5.00**  
**22-K Gold Crown . . . . . \$3.00**  
**22-K Gold Bridge Teeth . . . \$3.00**

**I Am Making a Specialty of Gold and Porcelain Bridge Work**

This is without doubt the most beautiful and lasting work known to dental science. Spaces where one or more teeth have been lost I replace to look so natural that detection is impossible. Ask to see sample of this beautiful work. No charge for business extraction.

**DR. WYTHE'S DENTISTS, Incorporated**  
 OPEN DAY AND NIGHT. YOU MAY HAVE YOUR TEETH EXTRACTED IN THE MORNING AND GO HOME WITH THEM THE SAME DAY.  
 Remember the Address, 148 Fifth Street, Opposite Meyer & Frank's Fifth-Street Entrance.
