CITY SACKED, ARMS SEIZED

Mayas Start General Insurrection, Attack Towns, Tear Up Rallroad, Cut Wires-Government Sends Troops and Warships.

VERA CRUZ, Mexico, June 6 .- The est serious uprising with whom the xican government has had to deal a long time has occurred in the State Vucata of Yucatan, and troops are being rushed

of Yucatan, and troops are being rushed to the disturbed area. In the meantime, reports indicate that there has been much bloodshed and that the insurgents are prepared for battle with the government forces. The independent newspaper, El Dic-tamen, publishes dispatches from Mer-ida, the capital of Yucatan, to the ef-fect that 40 persons were killed by the Maya Indians on Saturday. Further dispatches received here say that 5000 of these insurgents sacked the town of dispatches received here say that 5000 of these insurgents sacked the town of Valladolld, 35 miles to the southeast of Merida, killing all the principal gov-ernment employes, the chief of police and others. They seized rifles and pis-tols and instituted a reign of terror. Many of the inhabitants of Valladolld are fleeing to Merida.

Troops Hurry to Scene.

The gunboat Morelos has already left this port with 600 soldiers aboard, while the Yucatan gunboat Zaragosa is lying in the harbor ready to take 1000 additional troops, who are expected from the interior. Railroad and telegraph com-munication between Merida and the scene of the trouble is cut off. Twenty miles of the Yucatan railroad

have been destroyed by the Indians. It is reported that many telegraph opera-tors have been killed or are prisoners. A judge of the Criminal Court is among the dead.

The rebels are strongly entrenched in anticipation of the advance of the Fed-eral troops. Miximilian R. Bonilla, the ex-rebel leader, and Colonel Victor Montenegro are said to be at the head of th uprising.

Several Towns Attacked.

The towns of Tinum, Uayama and Tunkas, all between Merida and Valla-dolid, have been attacked, but reports say that the families of all residents exofficials have been left unmolested To what extent the insurgents pillaged or killed at these places has not been learned.

They sold they had sent written notices to the shippers and received the receipts of certain of the shippers, who had denied ever having received such notices. Finally, they de-clared that the increased rates had been filed in the same manner as the Inter-state Commerce Commission had sp-proved for the last ten years. Should our enthusiasm carry us away, and Rexail "32" Hair Tonic not give entire satisfaction to the users, they would loxe faith in us and our statements, and in consequence our business prestige would suffer. Therefore, when we assure you that if your hair is beginning to unnatur-ally fall out or if you have any scalp trouble. Rexail "32" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness, you may rest assured that we know what we are talking about. It has been proved that it will grow hair even on bald heads, when, of course, the bald-ness had not existed for so long a time that the follicles, which are the roots of the hair, had not become absolutely ufficer. The presidents told President Taft incl-dentally that they had been told by coun-sel that the Government's suit could not set that the Government's suit could how be filled. The President replied that he would take that chance and said that the best way for the railroads would be for them to withdraw their increases. It was then that the settlement was reached.
