PRETTY GIRL GOES TO JAIL

Young Woman Takes Money From Man in South End Cafe.

Clara Weyman, young and comely, was sentenced to 90 days' imprisonment in the City Jail yesterday by Judge Bennett on a charge of vagrancy. The woman was arrested by Patrolman Montgomery on a complaint of Arthur Thompson that she had relieved him of \$15 in a South End cafe. The woman said she came here from Berkeley, Cal., looking for work and said that when she failed to find employment she took to frequenting the cafes. After her arrest, she telephoned to a sister in Seattle to ask for money and when the sister inquired what she was arrested for she answered, "Oh, you know what."

PRECEDENT IS FEARED

SPECIAL RATES UPHELD BY WASHINGTON HIGH COURT.

Logging Company's Contract Made in Exchange for Abandoning Construction of Roads.

OLYMPIA, W. T., June 7.—(Special.)—The present decision of the State Supreme Court holding valid a special contract by the Great Northern giving the Sultan Railway & Lumber Company special rates on logs from Sultan to Everett is said to be in direct conflict with a decision of the Federal Supreme Court in one of the important cases in which the beef trust was prosecuted successfully for securing favored railroad rates.

Some persons fear that under the State Court decision, unless it is modified, all sorts of special and favored rates and discriminations may result. There is little doubt that a petition for a rehearing will be filed. The Sultan Company proposed building a logging road which would cross the Great Northern tracks. Great Northern officials agreed that if the logging company would not build the Great Northern would make a special rate of \$1 a thousand feet for hauling the company's logs from Sultan to Everett. Then the Great Northern filed with the State Railway Commission a tariff establishing a rate of \$2.50 a thousand for logs from Sultan to Everett and demanded that the Sultan company pay the higher rate. The Sultan company refused to do so and brought this suit to compel the Great Northern to haul at the low rate. The State Supreme Court held that the contract was valid and enforceable. It is contended that under that decision, for instance, the Standard Oil Company could threaten to build a line competing with the Great Northern

WOMEN ANNOYED BY MAN

Police Looking for Person Wearing Long Coat and Little Else.

A mysterious man, probably demented or a degenerate, is reported to be annoying and molesting women on the East Side, numerous reports having been made of misconduct on his part. He is said to wear a long overcoat, with no clothing under it. Sunday morning, a woman reported that the man passed and re-passed her in the neighborhood of the Dominion Church on Union avenue and made suggestive gestures. She described him as a man with a very large nose and said that his coat was fastened at the bottom with a shoestring.

Other complaints of the same man have come in from Twenty-second and Everett streets and from Grand, near Hawthorne avenue. The police are on the lookout for him.

VETO IS UP FOR VOTE

MAYOR MAY BE SUSTAINED IN SEWER-PIPE FIGHT.

Efforts of Terra Cotta "Trust" to Control Local Field Will Probably Be Defeated.

Mayor Simon's veto of the terra cotta sewer pipe ordinance will be one of the principal features of today's session of the City Council. It is believed that it will be sustained, as the vote for the measure at the last session was eight to six, with one absent, and it requires ten votes to pass an ordinance over the objection of the Mayor.

Efforts by the terra cotta "trust" to control the local field and to hold it for its exclusive use brought about one of the hardest fights ever witnessed in the Council. It now looks, however, as if the field will be held open to competition. Cement pipe is now seeking entrance to Portland, a company having been organized and a factory built at Kenton for the purpose of supplying this kind of pipe. Owing to the fact that it is cheaper than terra cotta, Mayor Simon has been from the start its firm friend. The terra cotta pipe manufacturers and their friends in the Council and elsewhere have attacked cement pipe on the ground that it is porous and will not be sanitary. Demonstrations held here have disproved this to the satisfaction of the Mayor, and Monday he filed his veto of the "trust" ordinance, which prohibits the use of any but terra cotta pipe. It is probable that some action will be taken by the Council relative to the Broadway bridge, especially as to the street vacations sought by the O. R. & N. Company on the East Side. The special committee which made its report at the last session recommended the acceptance of the proposal of the Northern Pacific Terminal Company,

but made no recommendation as to the O. R. & N.

WOMEN ANNOYED BY MAN

Police Looking for Person Wearing Long Coat and Little Else.

A mysterious man, probably demented or a degenerate, is reported to be annoying and molesting women on the East Side, numerous reports having been made of misconduct on his part. He is said to wear a long overcoat, with no clothing under it. Sunday morning, a woman reported that the man passed and re-passed her in the neighborhood of the Dominion Church on Union avenue and made suggestive gestures. She described him as a man with a very large nose and said that his coat was fastened at the bottom with a shoestring.

It was agreed by the complaining witness that if the woman would return the money, he would not prosecute and she thereupon repaid him, but the police refused to be a party to the agreement, and pressed the vagrancy charge, on which

she was convicted. Her true name is said to be Maggie Chamberlain.

Fruit Trees Require Propping.

SUTHERLIN, Or., June 7.—(Special.)—

The prospects for a large fruit crop in Sutherlin Valley are bright. Prune, peach and pear trees already require propping because of the weight of fruit upon them. Jesse Shambrook has sold his prune crop in advance.

\$500 Reward

The malicious attacks of the Cream of Tartar Trusts to discredit the superior qualities of egg-phosphate baking powder should be ignored.

Dr. Moreau Morris of the New York Board of Health, says: "It may be that I am a little prejudiced, but I think I express the consensus of opinion of the medical profession when I say that Rochelle Salts (cream of tartar) should never be used by a person except by a physician's advice. Its continued use induces a very unhealthy condition of the stomach and especially of the bowels, and finally produces constipation of an aggravated type." And the U. S. Department of Agriculture at Washington, D. C. says: "A loaf of bread made from a quart of flour leavened with cream of tartar baking powder contains forty-five more grains of Rochelle Salts than is contained in one Sedlitz powder."

FOR ANYONE who finds any injurious substances in food resultant from the use of Crescent Baking Powder. This is a standing offer of many years duration, which has never yet been challenged.

It is one of the guarantees that goes with every can of Crescent Baking Powder sold by your grocer. Remember that Crescent Baking Powder has been on the market for many years and, in the face of the enormous opposition of the Cream of Tartar Trusts, it is speedily winning its way into the good graces of every modern housewife and pure food critic.

Crescent Egg-Phosphate Baking Powder sells for 25c, is absolutely pure and wholesome. It is guaranteed and made by the Crescent Mfg. Co., Seattle, manufacturers of Maspeline, the new flavor.
