Eugene Krapp Proves Self Real Wizard on Rubber for Portland, Which Again Takes First Place When Frisco Loses Game.

"Pa" Dillon's Scraphs from Los An geles made their first appearance here yesterday afternoon, and with Eugene Krapp pitching great ball for Portland, McCredie's team once more shot into the lead in the Pacific Coast League race, for San Francisco suc-cumbed to Oakland. The score here

was, 7 to 1 in favor of the home team. George Wheeler, the veteran pitcher of the league, mounted the hill for the Angels, and between his wildness, the errors back of him, and the timely bingles landed by Buddy Ryan, Perle
Casey and Jimmy Smith, he was Pittsburg 3 5 2 Boston 1 4 1 bumped for seven runs, several more than was necessary to score a victory. Lone Run Was Mistake.

In fact, Los Angeles was lucky to get a score at all, so good was Krapp, for the ace, landed in the first canto, was due entirely to Ivan Olson's mistake of making a second stab at "Barney" Bernard, when the latter was out stealing second, for Van Haltren reversed his ruling of "out" when the shortstop made another attempt to tag shortstop made another attempt to tag

the runner.

Bernard was passed in the first, and his advance to second on the above-mentioned play made it possible for him to score from that point when Murphy singled to center. After that Krapp was a wizard and the Angels got but one more hit off him in the game, and failed to get a runner to second base.

second base.
In the third inning it required four bases on balls, three steals and a wild bases on balls, three steals and a wild pitch to put a run over for the home team. Such pitching as a rule would have resulted in a flock of runs, but Portland's base running that inning was of the "harum scarum" variety and not fruitful of possible results. In the fifth a single by Ryan and Smith's hit to center, which was juggled by Daley, brought over another run. In the sixth Cases walked, and Both threw the sixth Casey walked, and Roth threw Speas' bounder to the bleacher fence, after which Ryan doubled; netting two

In the eighth, Wheeler was tapped for three runs; though he forced in two of them with passes, and with the bases still full Olson slammed one at Delmas, who juggled and the third run scored.

run scored.

A light crowd was on hand, which would indicate that the 4 o'clock starting time for the game is not popular, for the games finish too late to allow the parrons time to get their dinners before the festival stunts of the evening.

Gregg or Garrett will pitch for Port-land today, while Los Angeles may use Thorsen or Tozer. The score: LOS ANGELES.

Quarrel With Little, Manager,

SAN FRANCISCO, June 7 .- (Special.)-Diamonds valued at \$4000 caused the breach between Jack Johnson and his breach between Jack Johnson and his manager, George Little. The diamonds, according to Little, consisting of a brooch and a ring, were lent by him to Johnson to enable the fighter's white wife to make a "front." The jewels are the property of Vernon Johns, an Eastern sporting man, who pawned them to Little about the time of the Gans-McGovern fight, when Gans laid down.

TALKS on TEETH Caveat Emptor

(Let the purchaser beware.)

There is no business, profession or trade where quality (Class A) counts for more and is more essential than in dentistry. One's health to a large extent depends upon good teeth and good dental work. Some of the junk that we take out of people's mouths put in by supposedly high-clas dentists would shame the devil, and most of it put in by bargain-counter dentists is a positive crimes it's dangerous. It is not difficut for a person to find out whether a dentist does high-class work or not. Demand references—a lot of them. Then take the time to go and see enough of the people referred to to convince yourself that the references are bona fide. Mostgof our patients are sent by others, but if they come from an advertisement we show samples of our work and generally can show the work in the mouth or being put in, as at all times we have patients in our offices having work done. Then we can refer you to hundreds of the best people in this city and state. All, we believe, will tell you that the work is satisfactory in every way, and is the finest possible in dentisiry. It is an easy matter for a faker in any line to claim to be a top-notcher and to fool some of the people some of the time, but not all of the people all the time. When a person of ordinary intelligence is fooled by a quack dentist he deserves no sympathy. It's his own fault. People who get buncoed seldom over trouble themselves with inquiries, or with making useful observations.

Apropos, the only dentists who have any right to take exceptions to what we say are those who do not or cannot make good; the high-class practitioner is rather the beneficiary. Any dentist is at liberty to come in and inspect our work.
