**More Measures Coming Up.**  
The Attorney-General has not yet designated the official titles for the five last-mentioned in the above list. The numbers, however, are official and will be used to designate these measures on the ballot.

In addition to the 14 measures already filed, petitions are in circulation for the submission of at least 12 more, making a total of 26 that are certain to be on the ballot at the coming elections. This does not include three or four others that are known to be under contemplation by people in various parts of the state who have pet schemes to put through. It is expected that there is at least one other new county measure that has not yet been made public. Also many counties will have the local option question to deal with. It is safe to say that the grand total will not be less than 30.

Umatilla County has two county division projects to contend with. People living in the neighborhood of Milton in the northeastern part of the county are circulating petitions for the county of Orchard. It is proposed to detach a large slice of territory, including the prosperous towns of Weston, Athena and others, with Milton as the county seat. This, of course, does not please Pendleton, but leaving the county seat, water, a rival of Milton and located in the proposed county of Orchard, with the aid and consent of Pendleton, it is said, proposes to create the county of Hudson by detaching a long narrow strip of territory from the northern side of Umatilla, but leaving the large towns mentioned in Umatilla County. Under this plan Freewater would be the county seat of Hudson County.

**New Laws Proposed.**  
Among other measures for which petitions are being circulated and which it is certain will be on the ballot, are the following:

A petition for the creation of Umpqua County out of Lane and Douglas Counties. The Ashland Normal School bill. The Weston Normal School bill. State-wide prohibition.

Local self-government amendment giving cities and towns the right to regulate the

liquor traffic within their own borders subject to the local option law.  
Employee liability bill.  
Employers' indemnity commission and liability bill.  
Proportional representation amendment by W. S. U'Ren and others.  
Amendment to direct primary law empowering people to elect delegates to National conventions, select Presidential Electors and express their choice for President. Proposed by W. S. U'Ren, Senator Bourse and others.  
Bill creating Board of People's Inspectors of Government. By W. S. U'Ren and others.

is now speaking at points between Ashland and Portland, and Rev. William Parsons, D. D., of the Third Church, is making further dates for her in the state.

Dr. Parsons said that Miss Brehm will be in Oregon till June 27 at least, and perhaps longer, and as a member of the Presbyterian temperance committee for the Pacific Coast, he has made dates for her up to June 27.

The banquet, which will be held in the Third Church tomorrow night, will be for the leaders in the state-wide prohibition campaign. These will include representatives from the Anti-Saloon League, the Women's Christian Temperance Union and other temperance organizations. Altogether between 50 and 60 representatives are expected to attend this meeting. Clifford Howard, another temperance speaker, will be present as a guest of honor and will make a short talk. Plans of the campaign to make Oregon dry in 1910 will be considered.

## Bald Heads Not Wanted

Baldness Is Too Generally Considered a Sign of Advanced Age

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over thirty-five years of age as new employees.

Almost 65 per cent of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, with this offer, for of our statements no one should scoff, doubt our word or hesitate to put our remedy to an actual test.

We want every one suffering from any scalp or hair trouble, dandruff, falling hair or baldness, to try our Rexall "92" Hair Tonic. We want them to use it regularly—may until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected and we exact no obligation from the user whatever.

We are established right here where you live, and make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer except that we are certain that we can substantiate it in every particular. Rexall "92" Hair Tonic comes in two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Portland only at our store,—The Rexall Store, The Owl Drug Co., Inc., Cor. 7th and Washington Sts.

torial Association, which was to have been held in this city June 17 and 18, has been postponed indefinitely, subject to call of the executive committee. Many of the editors attended the Rose Festival and could not leave home again so soon, so the meeting at this time would not be a success.

**HELENA'S MAYOR FINED**  
WITH 7 ALDERMEN HE IS HELD IN CONTEMPT OF COURT.

Supreme Tribunal Hands Down Decision in Affair of Removal of Members of Police Force.

HELENA, Mont., June 8.—(Special).—Judge Clements in the District Court here this afternoon ordered the commitment of Mayor Edwards and seven Helena aldermen, whose conviction on a contempt charge was affirmed by the Supreme Court yesterday. This order was made upon receipt of the remittitur from the higher court and stands effective until the city fathers obey the judgment respecting the restoration of a police captain and several officers to the force and payroll.

The Supreme Court handed down a decision today which has virtually the same effect respecting a Butte police captain who was removed by Mayor Nevins. In this decision, the court upholds the constitutionality of the metropolitan police act and this places Nevins in practically the same category as Mayor Edwards of Helena, although an additional day will be required to serve the remittitur.

Mayor Edwards personally paid the contempt fines assessed against himself and the seven Helena aldermen.

**Eight-Year-Old Girl Accused.**  
SALEM, Or., June 8.—(Special).—Frank Perry was arraigned today on a charge of attacking 8-year-old Hattie

Efforts to conclude negotiations between the Northern Pacific Terminal Company and the O. R. & N. This resolution accepted the terms arranged between the companies and the municipality by the old special committee of the Council and Mayor Simon.

The Broadway bridge is involved in this proposition, as the railroad companies have offered what are regarded by Mayor Simon and many others as fair

and demanding condemnation proceedings.
