

GOVERNOR TAKES GOVERNOR'S POST

Oath of Office Administered to Acting Executive by Supreme Court Justice.

OFFICIAL BEGINS HIS WORK

Soon After Taking Reins of State Government, Senate President Presides at Meetings of Descent and Land Boards.

SALEM, Or., June 16.—(Special.)—Jay Bowerman, President of the State Senate, arrived in Salem on the 4 o'clock electric car and went at once to the capitol, where he took the oath of office as Acting Governor of Oregon.

While it was the general opinion of attorneys that the oath of office was unnecessary, the Attorney-General advised the formality to remove any question that might arise later.

Jay Bowerman is the first Governor to reach that position in this state by virtue of his new title as President of the Senate.

After cleaning up a number of routine matters that have accumulated, Acting Governor Bowerman said tonight: "I did not come down here to start something. I shall not fire all the appointive officers and all the judges."

Discussing his probable policy in regard to public matters, Acting Governor Bowerman said tonight: "I did not come down here to start something. I shall not fire all the appointive officers and all the judges."

"This call came so suddenly and so recently that I have had no time to think of appointments or politics. So far as I know now, Mr. Kinneth will be appointed Circuit Judge in Multnomah County. At present I have no other thought in mind than to carry out the announced policy of Governor Benson in this matter."

BISHOP'S CHARGE GIVEN

EPISCOPAL PRELATE REVIEWS WORK OF CHURCH.

Oregon Diocese Should Support Itself and No Longer Look to East for Help.

EUGENE, Or., June 16.—(Special.)—The second day of the twenty-second annual convention of the Oregon Episcopal diocese opened with a holy communion service at 7:30 this morning.

After reading extensive statistics showing a material increase in the membership of the Episcopal Church and strong additions to the personnel of the clerical staff of the diocese the bishop considered and heartily endorsed the laymen's church extension movement.

"During the coming year," said the bishop, "the diocese hopes to open the Bishop Scott Academy, a boarding school for boys. Thirty acres on the Columbia River have been deeded to the diocese through the generosity of Mr. Thayer, and as soon as adequate plans can be made the buildings will be erected. It is hoped that by next Autumn everything will be in readiness."

The bishop terminated his address with an earnest plea for Christian unity, in which he emphasized the thought of comprehension for the sake of truth.

The convention organized for business after the bishop's address by the election of Rev. W. A. M. Bress as secretary and Rev. Gerald Patts as assistant.

At noon the Guild of St. Mary's Church entertained the delegates at luncheon.

A reception to the bishop, the delegates and their wives was given this evening in the parlors of the Hotel Osburn.

BARBECUE HELD IN CHURCH

Rainfall Interferes With Set Programme, but Celebration Is Successful—Rich Valley Is Opened by Extension of Eccles Line.

BAKER CITY, Or., June 16.—(Special.)—The big celebration held in Prairie City today to mark the completion of the extension of the Sumpter Valley Railroad to that town was attended by 500 excursionists from this city, who left here in a special train at 7:30 this morning.

A heavy rain at Prairie City spoiled the plans for the reception, but the visitors were entertained at a grand barbecue, which was held in a church. The programme was given in the street, the speakers making their addresses from the porch of the hotel.

J. L. Stalker, president of the Prairie Commercial Club, called the meeting to order and was followed by music by the Baker Concert band. Dr. V. C. Belknap, Mayor of Prairie City, welcomed the guests, and responses were made by V. G. Cozard, Mayor of Canyon City; F. P. Bodinson, of Baker City; David Eccles, of the Sumpter Valley Railroad, and many others from surrounding communities.

BURNS SENDS VISITORS.

Thousands were present from all interior points, coming from as far south as Burns. The visitors were royally entertained in every way and they all went home with the kindest feelings for Prairie City.

The excursion from Baker City returned late tonight. The extension of the road will open up the John Day, a rich and fertile valley that has been without transportation. It is a fine fruit country with many orchards and being set out, as it is especially adapted to winter apples. The cattle industry is giving way to sheep, and a larger amount of grain is being grown. Rev. W. E. Hinson is active and many settlers are going in.

Prairie City will be the distributing place for large territory, and population is expected to double within a year or two.

Republicans Call Meeting. McMinnville, Or., June 16.—(Special.)—Chairman Turner, of the Republican County Central Committee, has issued a call for a meeting of the Committee in this city on June 28, to provide for the general health and fully receive sufficient nourishment. Cold, dampness and decayed teeth are sometimes indirect causes but only to the extent that the body is unable to resist, owing to its debilitated condition.

Dr. Williams' Pink Pills afford the most effective treatment of neuralgia. They build up the general health and fully nourish the underfed nerves in the only possible way by building up and purifying the blood.

THE CAUSE OF NEURALGIA

Must Be Understood Before the Disease Can Be Cured So That It Will Stay Cured. The reason that neuralgia so often recurs after the ordinary treatment is not because it is incurable but because these treatments fail to remove the cause.

Neuralgia has been correctly called the cry of the starved nerves for better blood. Its most common cause is debility. In every case of neuralgia it will be found that the general health is run down and that consequently the nerves are not receiving sufficient nourishment.

Dr. Williams' Pink Pills helped me right away and in a short time completely cured me of neuralgia. I had been suffering for nearly a year from neuralgia in my head. The pains were sharp and cutting and were through my temples and the back of my head. They were worse whenever I was out in the wind or night air. I suffered a great deal and many times I could hardly keep up. I was also troubled occasionally with cramps in the stomach.

"I was led to try Dr. Williams' Pink Pills through reading about them in a newspaper. I found them a great relief and was entirely cured. I now keep them in the house and always recommend them to my friends."

Neuralgia is an unfeeling warning that the nervous system is feeble because there is a lack of pure red blood and, therefore, a lack of nourishment to the nerves. This dependence of the nerves upon the blood for their nourishment and health is fully described in our booklet, "Diseases of the Nervous System," which will be sent free upon request. Dr. Williams' Pink Pills have also cured sciatica, St. Vitus' dance, partial paralysis and locomotor ataxia.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Company, Schenectady, N. Y.
