

UNCLE SAM CALLS MADRIZ TO ACCOUNT

Presidents Taft and Diaz Exchange Telegrams Regarding Complaint.

U. S. PUT IN FALSE LIGHT

Central American Republic Head Finds War Talk Not to Liking of Taft Administration—International Law Is Defined.

WASHINGTON, June 20.—Madriz has drawn from this Government a sharp reply to the protests he made to the President, alleging that the United States has prolonged the war in Nicaragua because it refuses to allow the bombardment of Bluefields or to allow the Venus to maintain a blockade there.

Consul Olivares, of Managua, has been furnished with a statement to hand to Madriz. It already observes that if any violation of neutrality has occurred, it was when the Venus sailed from New Orleans as an expedition of the Madriz faction.

Madriz protested not to the United States alone, but to all the South American and Central American republics. The statements in his telegram are construed by the State Department as an effort to place in a false light the policy of the United States in regard to Nicaragua. Some governments that received his protest have asked for information from Washington upon which to base their replies and there has been an exchange of telegrams between President Diaz and President Taft.

Information Sent to Mexico.

President Diaz, it is explained, merely asked for information, and President Taft, replying in a cordial manner, sent to the government at Mexico City the same statement which Consul Olivares has been directed to hand to Madriz. Secretary Knox decided that the Madriz protest required the special notice of this Government because the allegations made evidently were founded on errors as to the actual facts and applicable to the principle of war.

The reason for the note, in an official statement, was:

Knox Gives His Reasons.

"Because the United States would hesitate to allow to pass unchallenged a statement from any source that might tend, in however slight a degree, to place its policy in a false light."

The statement that Consul Olivares had been instructed to hand to President Madriz and which, in accordance with Secretary Knox's policy of keeping both factions informed of this Government's attitude, has also been sent to the Estrada faction, follows:

Policy Remains Same.

"The policy of the United States remains as set forth in the Secretary of State's letter of December 1, 1909, to Mr. Rodriguez, then charge d'affaires, whereby relations with the Zelaya Government were broken off."

"That letter and statement of the consistent applications of the same policy to conditions as they arose were duly published."

"As to the statements made in the telegram of President Madriz, the Government of the United States took steps prohibiting fighting or bombardment by either faction and fortified the ungarisoned commercial city of Bluefields, thus protecting the preponderating American and foreign interests just as the British commander had done at Greytown, where there are large British interests."

Blockade Right Recognized.

"The Government of the United States has acknowledged the right of each faction to maintain blockades, but refused to permit vessels illegally and clandestinely fitted out in American waters to interfere with American commerce."

"The Government of the United States simply insists that each faction shall collect duties in territories under its de facto control and refused to permit the collection of double duties."

"If any violation of any neutrality has occurred it was in connection with the sailing of the Venus from New Orleans as an expedition of the Madriz faction."

KLOEBER HERD PURCHASED

George Simpson, of Elma, Buys 43 Head of Holstein Cattle.

ELMA, Wash., June 20.—(Special.)—George Simpson, the well-known dogger and lumberman, has purchased the entire herd of blooded Holstein cattle from the Kloeber stock ranch at North Yakima, and will have the best of his big stock farm near Elma. The herd comprises 43 head of high-bred animals, and Mr. Simpson will have the finest herd of cattle in the Chinook, and there are none better on the Pacific Coast.

Dr. Kloeber has been building up his herd and gathering together the finest Holsteins that money could buy. He is retiring after years of successful effort, disposing of his stock and ranch, and will likewise give up the management of the Green River Hot Springs, which he has controlled for many years.

BOY IS DROWNED IN POND

Swimming Hole Near Odessa Claims Second Youthful Victim.

SPOKANE, Wash., June 20.—(Special.)—Roy Gore, 12-year-old son of Mr. and Mrs. H. L. Gore, of Odessa, Wash., met death by drowning this afternoon. Crab Creek, which flows through the central part of Odessa, is a popular swimming hole. Liberty Hill which the boys use as a swimming pond. Roy, when swimming with small boys, disappeared in the deep water and was not found until men were called.

Dr. Ganson labored for several hours to resuscitate him, without success.

The boy was born in Odessa. The accident happened at the place where little Walter Scott Newley drowned this Spring. Roy was the only son of Mr. and Mrs. Gore. He had two sisters.

TODD'S DINGHEY WINS

TWO-MILE RACE VICTOR IS DUCKEY, HARD PRESSED.

Though Only Four Craft Enter Fight for Honors Up River Proves Interesting.

In a race that was nip-and-tuck over the entire course of nearly two miles, H. F. Todd's Duckey won the dinghey race, closely followed by Nelson Dodge's Kitten. The race up the river was close, but Commodore Todd's boat proved the fastest on the up-tacks, and came home a winner. Francis D'Arcy's Bull Pup was second until within a few yards of the stakeboat, when it lost its rudder, and Hallett's Cat breezed in ahead and took second.

Nelson Dodge's Kitten, which won the second race of the series, is a craft with a rig different from other dinghies in Portland, and is in the nature of an experiment. In the wind it was not very successful, but will be given another trial.

INDUSTRY IS BELOW PAR

Workmen Strike Because One of Number Does Too Much.

SPRINGFIELD, Or., June 20.—(Special.)—City officials in charge of street paving work are of the opinion that there is too much to be done by Springfield workmen, and are willing to do a full day's work. He is John Bryan, a teamster, who has been in the city for several years, and the others carry nine loads from the crusher to the streets. His fellow-workmen informed Councilman Rivett, who is superintendent of the work, that John Bryan was discharged they would strike.

Rivett told them to strike, but most of them went to work yesterday. The Council, however, has posted the following notice: "The city is now grading and graveling, at 90 cents an hour. If teams cannot be had for such prices, the city will buy its own teams and do the work independent of the residents of the town. John Bryan gets no more wages than any other man on the job."

Rivett declares that the walking delegate of the strikers is a socialist.

CYCLIST STRUCK BY AUTO

Chauffeur Tries to Avoid Collision With Car, and Man Is Hurt.

While trying to avoid a collision with a streetcar at East Second and Morrison streets, at 7:30 o'clock Sunday night, a chauffeur, who was apparently a novice, swerved to the left side of the street and his auto crashed into a motorcycle, hurling the rider, W. Bush, to the street and wrecking his motorcycle. Bush was pinned underneath the automobile and after several unsuccessful attempts, the driver of the car finally succeeded in backing the machine up sufficiently to release Bush. The automobile belonged to Attyah Bros., but the name of the driver was not learned.

Bush was slightly bruised about the body and received a bad cut on his right leg, but suffered no serious injuries. Witnesses say that the driver of the automobile was to blame for the collision.

Bush is a motorcycle repairer employed by Ballou & Wright, and lives at 131 McMillen street. Sergeant Keller was present at the time of the accident, but the driver of the machine was not placed under arrest.

MAGISTRATE IS SKEPTIC

Man Sleeps in Chicken-House Once Too Often for Belief.

WALLASEY, England, June 19.—(Special.)—Because the Wallasey magistrates had no salt to aid their digestive powers, the mayor James Didsbury got off falling asleep in a benedict failed to impress them.

Didsbury was arrested by a policeman who was apparently asleep. Magistrate Ball's benedict. The officer handcuffed and awaked the man, who professed to be much astonished. At the station he appeared to be still more astonished when a dead chicken was found inside his shirt.

From police reports it appeared that Didsbury had once before fallen asleep in a benedict. On that occasion also there was a dead fowl with him and he was caught, but a sympathetic magistrate accepted his explanation. Didsbury admitted being in the fowl house but said he was drunk.

"On both occasions?" queried the presiding magistrate.

"Yea, sir," was the humble reply.

"Ah, that was once too often. Three months hard labor," was the retort from the magistrate.

50,000 SOCIALISTS LISTEN TO SEIDEL

Make Chicago Socialist City Like Milwaukee, Is Burden of Their Cry.

FALL CAMPAIGN IS OPENED

Primarily to Raise Money to Help Party Press, Tenor of Gathering Soon Turns to Denunciation of Existing Order of Things.

CHICAGO, June 20.—The greatest crowd that ever attended a Socialist meeting in Chicago yesterday greeted Emil Seidel, the Socialist Mayor of Milwaukee. It is estimated there were 50,000 persons, men, women and children, at the gathering, which was held in a North Side amusement park.

The meeting originally had been called for the purpose of raising money for the support of the Socialist press in Chicago. It resolved itself into an official opening of the Socialist campaign for the Fall elections. Several thousand dollars were raised for the eight Socialist newspapers published here in as many different languages.

Of all the speeches, Mayor Seidel's was the mildest. The Chicago leaders were bitter in their attacks upon prominent politicians of the old party. They arraigned Senator Lorimer, Lee O'Neil Brown, the legislative minority leader now on trial charged with bribery in connection with the election of Senator Lorimer; Mayor Busse and State's Attorney Wayman.

The recent scandals in high official life were pointed to as evidence that the time was at hand for sweeping both the old parties out of existence at the Fall elections.

The slogan of all the speeches was: "Make Chicago a socialist city like Milwaukee." Mayor Seidel pointed the way for the Chicago Socialists in his speech, "How Workmen Govern a City." He termed the present form of government "a plutocratic plan for keeping plutocrats in power."

In giving the Chicago Socialists some practical advice in carrying on their campaign so as to win next Fall, Mr. Seidel said: "It is necessary that the workers be instructed in Socialism. Socialism is a phase of civilization, a growth, anyway. Talk to the people in their own language, not in terms and dogmas. Show the people that the reason there are boulevards in front of the homes of the rich is because the rich furnish graft for the boulevards and the plutocrats furnish the boulevards in return."

THIEF CHASED BY 100 MEN

Fugitive Huris Flits Full of Nickels at Pursuers.

After an exciting chase in which over a hundred people joined, Ernest Seidler, who was recently paroled from the State Penitentiary, was arrested Sunday night by Patrolman Thatcher, charged with robbing telephone boxes.

Seidler was seen by three men while he was trying to unlock a telephone box in a rooming-house on the Midway saloon, at First and Madison streets. On being observed, Seidler dashed down the stairs and into the street, with the men in hot pursuit. The cry of "Stop, thief!" was raised, and soon the three men were joined by a number of pedestrians. Patrolman Thatcher, who was in the chase and pursued the fugitive to the foot of Taylor street, where he was discovered hiding under the dock.

During his flight, Seidler hurled several handfuls of nickels into the street, but these were gobbled up by the pursuers. Patrolman Thatcher, accompanied by Patrolman Epps, made a search for the money they found only a single nickel.

Patrolmen Thatcher and Epps made a search of the place where the fugitive had been hiding under the dock, and discovered a key which would unlock any of the telephone boxes.

TWO BODIES FLOAT AWAY

Current Carries Old Indian Woman by Those Waiting to Grapple.

SPOKANE, Wash., June 20.—(Special.)—The body of Leota Penny, the aged Indian woman who disappeared suddenly from an Indian encampment five miles above Kootenai, Idaho, on the middle fork of the Clearwater several days ago, was seen drifting in the river eight miles above Kamiah yesterday afternoon, but before a boat could be secured it had floated away in the swift current.

Persons at Kamiah were notified by telephone and watchers on the wagon bridge across the Clearwater caught sight of the body as it drifted under, but were unable to grapple it.

How the woman came to her death is not known, but it is presumed she fell into the stream while gathering driftwood.

It is also reported at Kamiah tonight that the body of a white man was seen by berrypickers on the J. A. Henn farm, below Kootenai, yesterday morning, floating close inshore, but it had disappeared before it could be caught. The body was that of a man of more than ordinary stature, clad as a laborer. It had the appearance of having been in the water some time.

ROUGH RIDERS DECEIVED

Man Impersonating Roosevelt Charged Among Troopers.

NEW YORK, June 20.—Most of the 144 Rough Riders who came here to greet Colonel Roosevelt were entertained at picnic on Pickleberry Island, on Long Island Sound, yesterday.

Robert C. Kemmerer, of the New York Athletic Club, who was host, climbed into a Rough Rider uniform and impersonated Colonel Roosevelt remarkably well. He resembles the Colonel extraordinarily, and many of the troopers were deceived until the fake Roosevelt began speaking.

ARLINGTON CLUB MOVES

Many "Eligibles," Homeless, Wander About City's Streets.

While the Arlington Club was moving yesterday there were many "eligibles" wandering homeless about city streets, but by tonight the club

will be housed again, amid surroundings which leave nothing to be desired in the way of "home comforts." Its members will dine where can be seen a stretch of green lawn away to the foot of Council Crest, affording one of the most attractive views in the city, and in every other respect the new club building is declared to be the most complete and perfectly equipped on the Coast.

With 35 sumptuously furnished sleeping apartments, kitchens, two dining-rooms, reading-room, library, billiard and card rooms, and squash court the building has been turned over by the contractors and decorators under the belief that it will answer every requirement. The decoration and the most artistic color-blendings, the entrance on Salmon street being one of the richest marble effects to be seen in the country. All of the building is heated by modern appliances, while all the larger rooms are additionally supplied with old-fashioned fireplaces.

In the basement is located one of the best appointed wine cellars in the city, as well as cold storage plants for the cooling of game and meats. The building is equipped with electric elevator service and telephone exchanges serving every room.

The old Arlington Club building formed a satisfactory home for the membership for many years. It was not modern in its design or equipment.

TAFT HEARS FROM T. R.

LETTER POSTED BY EX-PRESIDENT IN LONDON ARRIVES.

Contents Not Divulged by President, but It Is Said Politics Were Not Mentioned.

WASHINGTON, June 20.—President Taft has received a letter from Theodore Roosevelt. It has an English postage stamp on it, and very likely came on the same steamer with the ex-President.

Men who saw President Taft at the White House yesterday came away and, in confidential conversation, told the secret to others, who, of course, had to have discreet assistance in keeping it. So it became known all over town. At the White House all that could be heard was that such a letter had been received.

Those who think they know what was in it say that it was merely a friendly reply to a friendly letter. The letter was sent by Mr. Taft so that it reached Mr. Roosevelt just before he sailed from England.

Both letters are said to have been comparatively long and almost wholly of a personal character, largely, if not entirely, avoiding political and official subjects, in just such letters as would naturally pass between two old friends as the two men have been to each other for years.

Those who really knew what was in the letters would not divulge their contents.

CAT BOARDING-HOUSE NOW

Liscard, England, to Have Home Charging Only 50 Cents Weekly.

LISCARD, England, June 19.—(Special.)—A cat boarding-house has been opened at 57 Seaview Road, Liscard, where cat boarders are received at the nominal rate of 50 cents a week.

Dr. Oldershaw, who opened the home said the cat was one of those animals whose ways were the same in every language in the world.

Besides having accommodation for fashionable cats, whose mistresses can afford the same, Liscard, however, there are apartments for the stray and many animals as well as those who are unpopular with their owners. The daily bath will enter into the arrangements and generally Liscard catdom feels particularly well pleased with the arrangements made for its comfort.

ROMEO RESCUES TEACHER

Woman Climbs Down Ladder After Exacting Promise.

MIDDLETOWN, Conn., June 19.—Miss Bertha Rockwell, a music teacher for several seasons, was detained longer than she intended at school recently preparing for a musicale.

Engrossed in her untimely labors she forgot the time. Meanwhile teachers and scholars had left the building, and the janitor departed also, and locked up the school for the night.

When Miss Rockwell decided to leave she found the doors locked. The windows were too high for a leap to the ground. Miss Rockwell did not despair, but opened a window and shouted for help. It was some time before she attracted J. Peters Pelton. He got a ladder, with which he offered to assist the teacher to the ground.

"If necessary I will come up and act as escort," said Mr. Pelton.

Miss Rockwell demurred, saying she preferred to make the descent alone and unobserved, if possible. The parley attracted neighbors. Miss Rockwell waved them all aside and promised to descend if they would not look. Mr. Pelton insisted on holding the ladder, and Miss Rockwell descended. Then she blushingly thanked her deliverer.

"You have proved a very effective Romeo," she said.

SMALL BOY RIDES TRUCKS Police Find Youth Who They Think Needs Good Home.

Eugene Higby, 15 years old, a diminutive itinerant, who relieved the monotony of a slow train trip from North Platte, Neb., to Portland, by alternately riding the trucks and occupying a berth in a side-door Pullman, was taken to the police station yesterday afternoon by Patrolman F. J. Trout for a bath and a change of clothes. Trout found him running around in the East Side railroad yards, and when the boy told his story the officer took him to the station.

The lad said both his parents are dead and he has a sister living in New York. He said he had been living with an uncle on his father's farm, but decided to leave. He told a story of riding with tramps and all about how he "beat it" out West.
