

# ROOSEVELT TALKS NO MORE POLITICS

### At Least, ex-President Is Dubious Regarding Future Utterances.

## "T. R." LATE TO WORK;

### Editorial Office Reached at 10:38 o'Clock in Morning—Boys Anxious to See "Teddy," Saved From Arrest by Colonel.

NEW YORK, June 23.—"I don't know that I shall ever make another political speech," said ex-President Roosevelt today.

## Politics Out of Mind.

"I have no idea when I shall make a political speech," he said. "I shall make a speech of no kind for two months, and my speeches in Cheyenne, Wyo., and Chicago, will have nothing to do with politics. I don't know that I shall ever make another political speech."

## T. R. Late to Work.

Mr. Roosevelt did not reach his editorial offices until 10:38 o'clock today. The place was being hot all day long. Tonight, interviewers, photographers, old friends and people bent on every sort of mission besieged it. At 1 o'clock the Colonel left his office for the Harvard Club, where there was two hours of yarn spinning across the luncheon table.

Just as he was leaving the club the police raided a group of boys who had snatched up the fire-escapes to look at "Teddy," but Colonel Roosevelt intervened and no arrests were made.

After the luncheon Colonel Roosevelt spent an hour at his editorial office, where he talked with Louis and Temple Abernathy, the boys who rode on horseback from Oklahoma to see him.

## T. R. Travels by Auto.

Then he took an automobile for Oyster Bay. On Tuesday next he will leave for Cambridge, Mass., to attend the Harvard commencement. He expects to be back in New York on Friday, but he may take in the Yale-Harvard boat race at New London, Conn.

## MAN MANGLED BY BLAST

### Ben Chism Injured When Charge of Powder Explodes Unexpectedly.

CASTLE ROCK, Wash., June 23.—(Special.)—Ben Chism, 22 years of age, living near Toule, 16 miles from here, was terribly injured this morning by the unexpected explosion of a charge of blasting powder. He had placed the charge under a stump and lighted the fuse, but when the explosion did not take place at once he went up to light a new fuse. The blast suddenly went off and his right arm was torn to shreds and the left hand so badly mangled that he will probably lose it. One leg was also broken.

After his injuries were temporarily dressed Chism was placed in an auto and brought to this city and taken to Portland on the afternoon train. Dr. Campbell accompanying him. The young man's face was badly burned, but his eyesight may be saved.

## BANK OFFICIAL ARRESTED

### Retired Navy Captain Blamed for Bad Loans Causing Heavy Loss.

EVANSVILLE, Ind., June 23.—(Special.)—S. P. Gillette, former president of the Citizens National Bank, which was suspended for two weeks in January, 1910, following the discovery of many insecure loans, was arrested today on an indictment charging violation of the banking laws. The indictment was returned by the Federal grand jury at Indianapolis yesterday. Captain Gillette gave \$10,000 bond. He is 70 years old.

He was graduated from the United States Naval Academy during the Civil War, but retired from the Navy 49 years ago.

The losses of his bank were \$275,000. The bank was immediately reorganized.

## LEWISTON GETS BUILDING

### Bids Called for Federal Structure to Cost \$85,000.

LEWISTON, Idaho, June 23.—(Special.)—Bids have been invited for the construction of the Lewiston Federal building, for which an appropriation of \$85,000 was made by Congress about three years ago. The contract will contain a clause requiring that the building be completed by November 1, 1911.

The building will be 50x90 feet and two stories high. It will furnish quarters for the Lewiston Postoffice, the United States Land Office, United States Commissioner, Deputy Internal Revenue Collector, and weather observer. Pink granite will compose the body of the construction material.

## MAN RESCUES FIVE HORSES

### Soldier Risks Life in Burning Barn and Departs Unidentified.

VANCOUVER, Wash., June 23.—(Special.)—The bravery of a soldier from the Army post, who left before his name could be learned, saved five valuable horses from being burned to death last night when the barn of Bennett McGreevy, just east of the Barracks, was destroyed by fire.

The soldier saw the blaze from the post and was one of the first to reach the burning barn. McGreevy had five blooded horses, two of them thoroughbreds, valued at \$500 apiece, inside the

barn, but it looked as if they could not be saved. The soldier, however, dashed inside, and blindfolding each of the frightened animals in turn, with his handkerchief, brought them all out just in time. The barn was a total loss, with the damage estimated at \$1000.

## MAN FREED; REARRESTED

### George L. Price Being Held for San Francisco Authorities.

KLAMATH FALLS, Or., June 23.—(Special.)—George L. Price, the telephone promoter, was released under habeas corpus proceedings today by Circuit Judge Nolan, who held that the warrant based on telegraphic information which stated Price was wanted in San Francisco for passing bogus checks did not set out sufficient fact to justify the issuing of the commitment by the justice.

Price was re-arrested before getting out of the courthouse on a warrant charging him with issuing and disposing of lottery tickets. The hearing in the last case before the justice of the Peace came up at 2:30 this afternoon, and Price moved for a continuance until tomorrow. His bail was fixed at \$500.

It is understood that this warrant was issued to hold Price until the San Francisco officer, who is now between here and Salem with requisition papers, arrived. The local officers are pressed by the local officers see fit, and if this is done several counts will be filed against the prisoner on the same grounds.

## OPENING JUST FORMALITY

### After Allotments Made to Yakima Indians, No Land Will Be Left.

NORTH YAKIMA, Wash., June 23.—(Special.)—There will probably be no registration on the Yakima Indian Reservation this Fall, because investigation shows that after the allotments are all made to the Indians entitled to them, there will be no land remaining suitable for homesteads.

This information was contained in a telegram received by the Commercial Club this afternoon from Senator Jones. The telegram reads: "Baltimore reports to department that after allotments will be no lands suitable for homesteads and probably no registration. W. L. Jones." This will mean that there will be no rush of people here as was expected and that the opening of the reservation will be a mere formality.

## INHERITANCE TAX FORTUNE

### Caroline Ladd Estate Pays \$13,928 Into State Treasury.

SALEM, Or., June 23.—(Special.)—The State Treasurer's office today received the inheritance tax from the estate of the late Caroline Ladd, amounting to nearly \$14,000. The net value of the estate was \$1,491,194.57. There were five children, each of whom received \$298,238.92, on which each paid to the state \$2,952.39, a total of \$14,611.95.

The law provides that a discount shall be given for payment of inheritance taxes within eight months. This was taken advantage of, the saving to the estate being \$733.10, and leaving the net amount paid into the State Treasury \$13,928.85.

## COAL SHIPPED TO NEWPORT

### Beach Residents Prefer Driftwood Fireplaces, However.

NEWPORT, Or., June 23.—(Special.)—The schooner Wilhelmina has brought over 200 tons of soft coal from Coos Bay, which has proven satisfactory to those who wanted a change from wood. Many persons are using it.

For cooking, or in any stove, cut wood is preferable to driftwood. For open fireplaces, however, driftwood is much sought, as it gives forth beautiful vari-colored flames. These colored flames in driftwood are due to the presence of iron rust, copper and other mineral substances.

## SHOW LICENSE INCREASED

### Higher Rate Charged for Theaters and Circuses in Springfield.

SPRINGFIELD, Or., June 23.—(Special.)—The City Council passed an ordinance last night by which it expects to make the theaters and athletic contests contribute largely toward the city expenses.

The ordinance hits chiefly at the theaters and circuses and places license on each show. All circuses pay \$25 for the first performance and \$10 for each one following. The theaters pay \$250 for the first and \$1 for others when the admission is under 50 cents, but \$2 and \$3 a performance when it is 50 cents or over.

## The Modern Way

### Twenty Years' Experience at Your Service; Two Years in the Leading Eye Clinics of Europe.

An optical place, exclusively conducted and scientifically equipped for the proper prescribing of glasses, places the science of optics on an equal footing with that of medicine. The patient is thus assured of a professional attention not to be obtained from an optical department operated as a commercial side line to a drug or department store.

This is a matter in which you cannot afford to take any chances at all. The small difference in price should not be considered when the question of eyesight is involved.

High-class work at the lowest possible prices.
