

SENATORS FIGHT FOR PRECEDENCE

After Spirited Contest in Upper House, Appalachian Forest Bill Wins.

MEASURES ARE IMPORTANT

Campaign Publicity Measure, Proving Favorable, Meets With Trouble Only Over Amendment on Ante-Election Publication.

WASHINGTON, June 23.—No sooner had the Senate disposed of the postal savings bank bill than there ensued a spirited contest among Senators for precedence in the interest of other measures.

Among the important bills before the Senate there were three candidates for first place on the calendar. Those were the Appalachian forest reserve bill, the irrigation and reclamation bill and the campaign publicity bill.

Senator Brandegee, in charge of the Appalachian bill, was the first to obtain recognition, and on a roll call his bill was made the unfinished business.

Satisfied with the attainment of this advantageous position, he graciously gave way for the presentation of the other two measures, and both of them were passed within 30 minutes.

Committee to Adjust Conferees.
The reclamation bill, authorizing the issuance of \$20,000,000 in certificates of indebtedness to aid in the completion of Government irrigation projects already under way, was called up by Senator Lodge of the committee on finance, from which it was reported. Senators Lodge, Smoot and Bailey were appointed conferees on the bill to adjust differences with the House.

The campaign publicity bill was presented by Senator Burrows, chairman of the committee on privileges and elections. This bill requires the publication, 30 days after election, of all contributions made in National or Congressional committee in the election of the members of the House of Representatives.

As it passed the House, it required publication of contributions before elections. The measure met with great favor in the Senate. Senators Bailey and Beveridge thought the measure was not as inclusive as it should be, but they consented to accept the bill as it stood rather than risk a fight, which would mean delay and perhaps failure.

Auto-Election Publication Bill.
Mr. Bailey's objection was to the elimination of the House provision requiring the publication of campaign contributions in advance of elections, while Mr. Beveridge thought state committees, having to do with election of members of the House and Senate, should be required to publish contributions made through them. The only roll call was on the committee's amendment, striking out the ante-election publication. This was granted on a demand of Mr. Bailey, but the committee's action was sustained by a vote of 27 to 30.

The negative vote was cast by Democrats and eight Republicans, the negative Republican vote being cast by Beveridge, Brown, Borah, Bristow, Clapp, Cummins, Flint and LaFollette. There was no roll call on the bill as a whole and it was passed unanimously.

The publicity and reclamation bills are House measures and both will go to conference before being finally acted upon.

The Appalachian bill will receive first attention from the Senate, the disposal of the routine business tomorrow.

AGED WOMAN BRINGS SUIT

Mother Wants Back Property She Deeded to Her Son.

VANCOUVER, Wash., June 23.—(Special.)—After declining her property to her son, M. O. Brace, upon his promise to care for her the remainder of her life and give her a Christmas annual when she died, Mrs. M. O. Brace, 87 years old, has become dissatisfied with her bargain and has brought suit to recover her property.

In the complaint Mrs. Brace says that on April 8, 1908, she entered into an agreement with her son and deeded to him lot E, block 21, in Vancouver. For the property she was to support her, buy her clothes, give her medical care, if she needed any. He was to treat her with kindness, consideration consistent with her advanced age of 87 years. If these conditions were not fulfilled, it is alleged, the deed to the lot was to become null and void.

Besides alleging that her son has failed to support her, Mrs. Brace alleges that he has been unkind, cruel and abusive and has beaten and mistreated her to such an extent that she was forced to seek a home with friends. She asks in the suit to have the home restored to her.

POINDEXTER IS GRILLED

Davies Says Facts Alleged in Resolution Are False.

SPOKANE, Wash., June 23.—(Special.)—Branding the Poindexter resolution in Congress for the investigation of the Edward Rutledge Lumber Company as a cheaply woven fabric of falsehoods, concocted for political purposes, Frank J. Davies, manager of the company today denies in toto the allegations of fraud and facts set forth in the resolution, and especially resents the statement that he was one of the principals who had been assisting to murder Marble Creek settlers.

"If Congressman Poindexter had been anxious to find out the real facts in this matter he could have satisfied himself after a half hour's examination of the records at Washington that a majority of his allegations were falsehoods," stated Mr. Davies. "I do not think that more than a half hour of his time would have been required. On the legal phase of the Marble Creek controversy the settlers have lost out at every turn, which is a matter of record.

VANCOUVER KNOWS BUCH

Shot Off Leg to Secure Pension Is Charge Friends Make.

soldier and when in the army shot his leg off. Many acquainted with the situation make the charge that he shot the leg off so that he would be able to receive a disability pension. He received \$62 a month from the Government since he lost the limb.

In 1880 and 1881, Buch was a special policeman in the Marquam-Grand Theater in Portland, now the Orpheum. His duty was to keep the gallery gods quiet. It was after this time that he re-enlisted and lost his leg.

Three years ago Christmas, Buch attempted to commit suicide by shooting himself. The bullet passed above the heart and he lived. He was a hard drinker and when in liquor many thought he was insane. It is said he attempted to kill his whole family several years ago. His ways have tended here for years, and established the Banquet saloon. A year ago Buch was found on the street-car track when a number of bank directors were going home. The car was stopped in time and Buch was not run over.

AUTOISTS PLAN OUTING

PORTLAND CLUB MEMBERS TO SPEND FOURTH AT BEACH.

Races May Be Held on Smooth Sands at Gearhart—Tillamook Will Get Delegation.

At a meeting of the board of directors of the Portland Automobile Club held last night, it was decided to hold two official club runs on July 4. One run will be made to Gearhart Beach and the other to Tillamook. Invitations were received from both places and as it was pointed out that there would be sufficient machines to send a large delegation to each place, it was voted to accept both invitations.

A committee was appointed to make arrangements to hold races at Gearhart Beach on July 4, and it is probable that a number of amateur drivers will enter cars in the race. The beach at Gearhart is 12 miles long and about 600 feet wide, affording one of the finest stretches of way boulevards for racing in the country. If the race is held, President George B. French, of the Astoria & Columbia Railroad will put up a \$100 cup as a trophy.

Some members of the club will ship their cars to Astoria and drive from there to Gearhart, while others are planning to make the entire run from Portland to the beach. Those who drive from Portland plan to leave Portland on the morning of July 3, and will reach Gearhart the same evening.

A big reception will be given those who go to Tillamook, including a banquet and a boat ride on the bay. Two days also will be required to make this run.

The proposed boulevard from Medford to Crater Lake, which is being promoted by John M. Root, of the latter place, was endorsed by the board and the members will give Mr. Root their assistance in raising funds among Portland business men to build the road.

An active campaign is to be commenced against members of the club who persist in running without lights and exceeding the speed limit. To this end, the speed committee was increased from three to five members. Each of this committee will be vested with police authority to instruct every driver who is caught breaking the law governing the operation of automobiles.

WINNER HARD TO PICK

SIX ARE OUT FOR WASHINGTON SENATORSHIP.

State Senator Stewart, of Kelso, Discusses Political Situation—Anybody's Fight Just Now.

State Senator F. L. Stewart, of Kelso, was at the Oregon Hotel Wednesday night, on his way home from a business trip to Eastern Oregon. Regarding the Senatorial campaign, around which political interests in Washington now centers, he said:

"There are six candidates in the field, but I have made no selection. Neither would I try to pick the winner at this time. General James M. Ashton, of Tacoma, is now in the fight strong. With a strong manager, he could win. He and only one from Pierce, his chances are bettered. Judge Thomas Burke, I believe, is making the most active campaign of any of them and seems to be gaining strength. John L. Wilson, of course, has his friends and his enemies. Representative Poindexter is an insurgent and will likely get a large vote from that element. The regulars will not vote for Poindexter and I doubt if the regular vote from the East Side, because that part of the state does not want to lose Senator Jones.

At Mayor Gaynor's house last night a group of voters Jones has made a good record in Washington, stands high among his colleagues, and is recognized as a strong manager. Poindexter would endanger the future of Jones, because of the common understanding that the east side and the west side of the state should each have a Senator.

"Judge Humphries is becoming rather socialistic and is sidetracking the party through appeals to prejudice. He will get many votes in King County but will add to the strength on the east side by his methods.

AUGUSTA GAYNOR ELOPES

New York Mayor's Daughter Weds Clubman at Wilmington.

NEW YORK, June 23.—Augusta Gaynor, the second daughter of Mayor Gaynor, eloped with Harry Vingut, clubman, horseman and broker, who was married yesterday in Wilmington, Del., according to a special dispatch which the World will print tomorrow.

At Mayor Gaynor's house last night a servant answered all inquiries, saying the family could receive no one.

Mr. and Mrs. Harry Vingut registered last night at the Hotel Plaza in this city. They would receive no callers.

Sheep, Gaelic and English.
London Daily News.
A true specimen of the Highland man's difficulties with the English language: Farmer (who had instructed his Gaelic shepherd to look for a number of sheep that had wandered from the fold): "Well, Donald, have you found them?" "Aye, master." "Where did you get them?" and "Three among one of McPherson's." "Well, I got two by itself, one together,

AVIATORS QUARREL AT JOINT MEETING

Fight for Control of Sport of Air Is Threatened by Widened Breach.

NEW FEDERATION FORMED

Aero Club of America Nucleus of One Faction, While National Council and Aeronautical Association Are Others.

NEW YORK, June 23.—Instead of the harmony aviators hoped for, delegates representing aviation clubs in different parts of the country only widened the breach that has separated them last night.

A joint meeting of the Aero Club of America and the Aeronautical Association, held here tonight, broke in hostile factions and a fight for the control of the new sport is threatened.

The Aero Club of America, which hitherto has dominated domestic aviation by virtue of its membership in the International Aeronautical Federation and its agreement with the Wright brothers, is the nucleus around which one of the organizations will be formed. Opposed will be the American Aeronautical Federation, organized last night from a bolt from the joint convention.

Conference Is Held.
The bolting delegates, representing 38 clubs and a membership of 3000, later held a conference and decided to launch the National Council of Affiliated Clubs of the Aero Club of America. An organization will be effected today.

The National council was authorized by the directors of the Aero Club at a meeting last night. A resolution adopted confirms the Aero Club as the representative in this country of the International Aeronautical Federation, but provides that all National affairs are to be referred to the council, which consists of one member from each affiliated club. The Aero Club will name the chairman.

Council Will Decide Meets.
The selection of sites for international meets will be decided in the National council after 1910, and a committee from the council is to deal with questions involving the sanctioning of National meets.

After the retirement of the faction supporting the Aero Club, the American Aeronautical Federation elected Hudson Maxim, president, Thomas E. A. Hill, secretary, and R. C. Northwood, treasurer.

Separate meetings of the federation and association were held yesterday morning, when temporary officers were named by each.

The trouble began when the two organizations met in a joint convention yesterday afternoon. The rights of delegates from the Federation to sit in joint convention was challenged by the Aero Club, and a four hours' wrangle followed. Eventually, all were seated and the conventions closed, but when it reassembled the temporary officers resigned and led the march of bolters from the hall.

UNION FOLLOWS ROMANCE

Couple Wed Just Two Years to Day After First Meeting.

LOS ANGELES, Cal., June 23.—(Special.)—Choosing as their wedding day the second anniversary of the date on which they first met, Miss Gertha Bradbury, a beautiful young woman of Chicago, and Arthur C. Hupp, cashier of the Bank of Southern California, were married here today.

Miss Bradbury, who is a daughter of Martin Bradbury, of Chicago, was visiting in Seattle two years ago, when she first met Mr. Hupp, who was then a resident of that city, and it was a case of love at first sight. Although the young woman returned to Chicago, Mr. Hupp came to Los Angeles, the attachment continued and the marriage today was the culmination of a long engagement.

COLONIAL BOARD CREATED

New Department Is Added to Japanese Cabinet.

TOKIO, Japan, June 23.—(Special.)—The establishment of a colonial board was gazetted officially today. Marquis Katsura, Premier and Minister of Finance, is president, and Baron Goto, Minister of Communications, is vice-president. The board is to supervise all affairs in Korea, Formosa and Japanese Sagalin and joint diplomatic affairs of this country's leased territory in Manchuria.

It appears that when the term "Japan" is used it includes not only the original islands, together with Formosa and Sagalin, but also Korea, and that which is similar to that of the colonies named. In importance the new colonial board is equal to the Department of State.

FORGER TAKEN, CONFESSES

George Huthmann, Contractor, Passes Two Bogus Checks.

George Huthmann, 23 years of age, a contractor residing at 167 East Tenth street North, was arrested in his home by Detective Sergeant Carpenter and Price on the charge of forgery Wednesday night. He is held at police headquarters without bail. Huthmann admits his guilt.

Huthmann secured \$135 by passing two checks for \$65 and \$70 respectively. Both checks were of a local bank and were drawn in his favor, ostensibly by two

ILL HEALTH CAME WITH EACH SPRING TIME

THIS OREGON WOMAN'S SUFFERING CAUSED BY THIN BLOOD.

Under Tonic Treatment Her Appetite Was Restored and Every Symptom of Her Trouble Disappeared as Her Blood Was Built Up.

Weak, pale, nervous, ambitious people have their most trying time in the spring and early summer when the effect of the shut-up, inactive life of the past winter shows itself. To be strong, active, energetic, hungry may seem impossible to the sufferer during the sluggish blood but it is not as the following case shows:

Mrs. L. H. Lischer, whose husband is a grocer, of Dayton, Ore., has found Dr. Williams' Pink Pills to have so much merit that she gives them hearty praise. She says:

"About fifteen years ago my blood became thin and I was generally run down owing to weakness common to my sex. My heart bothered me, my stomach was weak and I had no appetite. I was subject to dizziness and headaches and felt tired and without ambition. I was nervous and could not sleep well. This was my condition every spring as the confinement indoors during the winter seemed to impoverish my blood.

"The doctors said that I needed something to build me up but they never seemed to help me. It was not until I tried Dr. Williams' Pink Pills that I found a medicine adapted to my case. The pills helped me in a few days. My appetite picked up and I grew stronger. By the time I had taken six boxes my blood was in good condition and I was cured.

"I take Dr. Williams' Pink Pills every spring and am in good health as a result. I have taken the pills after childbirth and I have found nothing better to strengthen me. They are good for the nursing mother and child. I can hardly find words to express my gratitude for being restored to good health."

Our valuable booklet, "Plain Talks to Women," will be sent free to any suffering woman upon request.

Dr. Williams' Pink Pills are highly recommended for anemia, chlorosis, delayed development, after-effects of childbirth and neuritis.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50 by the Dr. Williams' Medicine Company, Schenectady, N. Y.

ASTORIA GETS PYTHIANS

GRAND LODGE GOES TO COAST; PORTLAND TURNING SCALE.

ASTORIA, June 23.—The grand lodge of the Pythians voted yesterday to hold its meeting in 1911 in Astoria. The decision carried with it the session of the grand body of the Pythian Society of Portland, the meeting especially so that it will be made a part of the centennial celebration now being prepared by the oldest town in Oregon.

Portland delegates to the session of the grand lodge were responsible, virtually, for the selection of Astoria as the meeting place. The sentiment of members from some of the smaller towns of the state was in favor of continuing the session in Portland. The outsiders are all to the attractions of Portland and desire to come here, while the Portland members want to get out of the city once in a while. The vote of the Portland members so inclined turned the scale.

For the purpose of installing the officers previously elected, J. C. Bozarth, of Bay City, was placed in the chair of the grand chancellor, being assisted by Edward D. Curtis, of Portland, as grand vice-chancellor; M. F. Davis, of Union, acting as grand prelate, and F. S. Grant acting as grand marshal at arms.

Following his installation, Grand Chancellor D. E. Yoran appointed F. S. Grant, City Attorney of Portland, a member of the grand tribunal, the law body of the order, for a period of three years, and Grand Dimick of Oregon City, for a period of one year. The latter appointment was made necessary by the election of Grand Tribune F. T. Wrightman to the position of grand vice-chancellor.

The grand chancellor appointed the following district deputies: District No. 1 (Multnomah and Clackamas counties), J. H. Rodda, of Portland; district No. 2 (Columbia and Clatsop counties), J. E. Brallier, of Seaside; district No. 3 (Washington County and part of Yamhill), R. Benson, of Corvallis; district No. 4 (Lane, Benton and Lincoln counties), Willard L. Marks, of Albany; district No. 5 (Lane and Douglas counties), F. H. Rosenberg, of Cottage Grove; district No. 6 (Josephine, Douglas and Klamath counties), Earl Whitlock, Klamath Falls, district No. 7 (Coke and Curry counties), J. A. Stemmler, of Myrtle Point; district No. 8 (Wasco, Hood River and Sherman counties), W. L. Bradshaw, of The Dalles; district No. 9 (Gilliam and Morrow counties), W. W. Smead, of Heppner; district No. 10 (Umatilla County), A. R. Shumway, of Milton; district No. 11 (Union and Wallawa counties), Bruce Cox, of Wallawa; district No. 12 (Baker and Malheur counties), H. L. Peorman, of Ontario; district No. 13 (Crook, Wheeler and Grant counties), John Combs, of Prineville; district No. 14 (Tillamook County), James H. Carpenter, of Astoria; district No. 15 (Polk County and part of Yamhill), W. B. McKoon, of Falls City; district No. 16 (Marion County), George W. Knight, of Hubbard.

A Husband-Successor.

This story comes from a lawyer: A

CLASSY WASH SUITS

FOR LITTLE WOMEN, MISSES and GIRLS at

ONE-HALF PRICE

The style and character of WASH GOODS we are showing this season are so superior to those carried in any other store in Portland that we would like the privilege of showing them to you.

When added to their excellence—the cut in prices should bring every woman who appreciates good tailoring and style to our store at once. The entire 3d floor devoted to this department.

BEN SELLING LEADING CLOTHIER

worthy and provident man went to this legal adviser to make his will. He gave many instructions and it seemed that everything was arranged. The lawyer began to read over his notes and put a point to his client. "Oh—you have made provision for your wife in the event of her surviving you. Does that remain unaltered if she should marry again? am I leaving her? One thousand dollars a year. If she marries again make it \$2000." The lawyer thought there must be a misunderstanding and pointed out that most men put it the other way about. "I know," said the client, "but the man who takes her will deserve it."

134 Sixth St. Cor. Alder BOTH STORES

GREAT BANKRUPT STOCK SALE

CLOAKS, SUITS, DRESSES PETTICOATS and WAISTS

A stupendous and marvelous purchase for spot cash, bought from R. L. Sabin, Trustee in Bankruptcy for Cleaver & Haverlick, 409 Washington st.
