THE EXCLUSIVE TERRITORIAL RIGHT TO THE STATE OF GREGON—An ideal brigation and sprinking system, the best ever introduced for irrigating lawns, garadens, parks, crchards and other hunds. It is connected direct to the water mains on the property, or to the discharge pipe from tanks, reservoirs or pumping plants. It irrigates as eveninly as the tain. It issues water, time and money. It can be installed on the property cheaply and will last a lifetime. The purchaser of this proposition can manufacture the material used in the system, which is easily and cheaply done. You can fit up a shop at small expense and start into a very profitable business at once—a business without competition. Every land owner in the State of Oregon needs it and will become your customer. This irrigation system is now being used in California and gives entire satisfaction. We are offecing for saio the exclusive territorial right to this State for a short time. No reasonable offer will be refused. Reason for selling, we have the rights in many other States to look after and sell. The party huying this State right can sell county rights, or they can make or manufacture the material at Portiand and sell it to their agents in the different counties of the State, at a good profit.

We have a small irrigation plant now in use at 175 12th st., cor. W. Yambili. Will be pleased to show and demonstrate it to you if you will call at 175 12th st. See P. W. SWEENEY OR O. J. KENNEDY.
