

ITALY IS LUKEWARM, NEW JERSEY WILL DECLINE TO TRY CHARLTON FOR MURDER.

INSANITY TEST IS MADE

Result Not Satisfactory and Alienists Will Make Further Tests Today. Family Declares They Want Only Strictest Justice.

NEW YORK, June 24.—Porter Charlton will never be tried for murder in the courts of New Jersey. Whether he beat his wife on the head into insensibility with blows with a wooden mallet at Lake Como, Italy, and then stuffed her, still living, into a trunk, and sank the trunk into the waters of the lake, is a question outside the jurisdiction of the New Jersey courts.

On the other hand, he will not be released until the question of his sanity is determined. This is asserted by the Charlton family, who announced through counsel tonight that if the youth's mind proved dangerously unbalanced, they would take the initiative in having him committed to an institution. The father, Judge Paul Charlton, had previously said that he believed Porter was crazy.

Charlton Held as Fugitive. The attitude of the New Jersey courts as defined tonight by Prosecutor Pierce Garven, of Hudson County, is this:

The State of New Jersey now holds Charlton merely on the complaint of the Italian Consul-General as a fugitive from Italy, pending a request for his extradition from the Italian Department of State through the Italian minister to New Jersey. If extradition is not demanded, there is no action of the courts of this state can take. Whether the Federal courts can still step in is a matter outside its province and on which the Attorney-General of the United States is more competent to pass opinion.

Thus there is a possibility that Charlton may walk from jail a free man without trial, as the trend of the dispatches from Rome seems to indicate that the Italian government will act in the matter with reluctance, since it demands extradition to Italy of an American subject who has committed a crime within Italian jurisdiction would imperil a cherished Italian precedent.

Family Wants Justice Done. Explaining the attitude of the family, E. Plova Clark, the lawyer retained by Judge Charlton, said tonight:

"The wish of the family is to see strict justice done as between the boy, the facts and the public. If there should be no request for extradition and hence no prosecution under the laws of New Jersey, they would ask for a commission in lunacy to determine his son's sanity. If his son is found insane he will be confined in an insane asylum. It is a matter so far distant as yet that I prefer not to take it up now."

Alienist retained by the family who examined young Charlton today are Charles L. Dana, professor of nervous diseases in the Cornell medical school; Dr. Edward B. Fisher, Dr. Allen McLean Hamilton, prominent in the Shaw trials, and William J. Arlitz, city physician of Hoboken.

Charlton answered test questions from shortly before 1 o'clock until nearly 3 o'clock. His attitude seemed to be one of total indifference. On the conclusion of the examination, Attorney Clark, speaking for the boy, said that different conclusions had been reached and that a further examination would be made tomorrow.

Dr. Arlitz, who visited Charlton in his cell this morning, said before the afternoon conference there was no doubt in his mind the boy was insane. He had questions as to where insanity began and partial insanity ended or as to what specific form of insanity Charlton had, he evaded.

Sane, Declares Scott. Captain Harvey Scott, U. S. A., brother of Charlton's maternal wife, whose persistence brought about the boy's capture, is positive that the prisoner is sane.

"That boy," he said, "is as much in possession of his full wits as I am. He is the picture of self-possession and quick wittedness. When they asked him yesterday, 'So you are Charlton?' he caught up the usual evasive pronouncement mimicked it into a different shade of meaning. 'Some people may think me a charlatan,' he parried.

"Does that sound like insanity to you?" Charlton, his brother Clarence and his father had an hour's talk after the consultation of the alienists. The two elder men came away much depressed and refused to talk for publication.

Change of Jails Speedy. Charlton's transfer to the Jersey City jail was accomplished with celerity. Pale but self-possessed and erect, the young prisoner made his appearance before an immense crowd gathered before the Hoboken jail and walked through a long lane of humanity to the cell.

As he emerged from the jail carrying a book and a paper he removed the black derby he was wearing and held it in front of his face as a shield from the gaze of the curious and from the photographers.

When Charlton reached the jail on the Jersey City Heights he was led into the office of Sheriff J. J. Kelley, where his pedigree was taken and he was assigned to a cell.

Charlton looked around his cell, threw down his hat, pulled off his coat and stepping into the corridor, began pacing up and down. With the other prisoners in the ward, he is allowed to walk the corridor when he chooses in the day time. Charlton's cellmate, the jail authorities said, is Willie Burke, a sane cracker, serving a seven-year sentence.

U. S. APPEALED TO

Estrada Interests Ask Government to Stop Filibuster.

WASHINGTON, June 24.—It was reported here today that a large armed vessel carrying munitions of war for the Madriz Government in Nicaragua sailed from New Orleans yesterday and that the Estrada insurgent representatives have appealed to the United States to send a warship after her.

Representatives of the Estrada faction in Nicaragua, which cleared yesterday from New Orleans for Bluefields, carried a large quantity of munitions of war for the Madriz army and also three large high-speed gasoline launches equipped with machine guns.

The launches, these men say, were marked "J. I." and were to be unloaded at Pearl Lagoon on the east coast, near Bluefields. They say the mark "J. I." consigns the launches to Julian Irias, whom Madriz has appointed a plenary commissioner over the east half of Nicaragua.

A protest will be addressed to the State Department by Estrada's representatives, and it was added that commercial interests on the east coast, which are fearful of the operations of the launches, will join in it.

RESOLUTE SUITOR WINS

CHRISTOPHER SCOTT TO BRING BRIDE FROM CHICAGO.

Leave of Absence of Young Railroad Man Extended to Permit Bridal Journey in East.

CHICAGO, June 24.—(Special.)—The marriage of Miss Julia Reichmann, daughter of Mr. and Mrs. F. J. Reichmann, 5267 Kimbark avenue, to Christopher P. Scott, of Portland, Or., will take place tomorrow night at 8:30 o'clock at the family residence, Rev. Joseph A. Vance officiating. The bride will be gowned in white voile over white satin, Princess in design, combined with point d'esprit and Irish point lace, with pearl trimmings. She will wear the usual tulle veil and carry a shower bouquet of lilies of the valley. Miss Josephine Reichmann, the bride's sister, will be maid of honor and will wear a pale apricot satin with pearl ornaments and carry Golden Gate roses.

Frank Reichmann will act as best man. The ceremony will be followed by a reception to the immediate family and a few friends. After a wedding trip East, Mr. and Mrs. Scott will live in Portland.

Mr. Scott is employed in Portland in the office of Superintendent J. McGuire, of the Columbia River & Astoria Railway Company. He left for Chicago May 15, with the expressed intention of trying to induce Miss Reichmann to marry him. For this purpose he secured a 60-day leave of absence, saying he might ask for an extension of the time when this leave expired, if his mission were not successful.

Mr. Scott is a Harvard graduate, a Greek letter man, and stood high in the social, as well as the athletic life of his alma mater. He came here three years ago, immediately after graduation, and began at the bottom of the railroad business. This was on the advice of his father, a wealthy Burlington, Ia., resident, and a former operator in railroad stocks.

When he was working as a brakeman two days after arriving here, an accident befell him, in which an arm and leg were broken and he was otherwise injured. It was several months before he was well again, but when he renewed work it was at the bottom. Since then he has climbed steadily upward until his chances at 25 are good. It is being asserted here today by Scott lived in simple apartments in the quiet old cottage of Mrs. John Brady, 408 Madison street. Mrs. Brady last night confirmed the news of his approaching marriage. She was unstinted in her praise of young Scott. "The girl need not fear she is not doing well," said Mrs. Brady.

Since his going to Chicago Scott's leave of absence has been continued to 30 days. He and his bride will tour Eastern states, visiting relatives. They met last summer when Mr. Scott and his sister and mother were touring Canada. His sister had known Miss Reichmann some time and introduced her brother. With that the romance began. Letters falling to give him material encouragement, young Scott decided to go to Chicago and press his suit in person, announcing that he would not return until he had won her. BRODERY CASES NOW BEFORE JURY

Man Accused of Taking \$850 to Vote for Lorimer, Awaits Fate.

JUDGE DIRECTS CAUTION

In His Instructions, Court Declares Immunity Promises of Prosecution Must Be Considered—Much Hangs on the Case.

CHICAGO, June 24.—It has been many years since an Illinois jury has been called upon to consider a verdict of greater political importance than one which this afternoon retired to consider the charge of bribery against Lee O'Neil Browne, leader of the Democratic minority of the Illinois House of Representatives.

In instructing the jury Judge McSweeney said that the uncorroborated testimony of an accomplice must be considered, but it should be considered with great caution. The judge said that because of promises of immunity from the prosecution this should enter into the finding of the case.

To find Browne guilty, the court said, the evidence must establish beyond a reasonable doubt that on June 5, 1909, Browne gave Representative White, in the Briggs House in Chicago, \$500 in consideration of having voted for William Lorimer pursuant to a corrupt agreement.

State Attorney Wayman occupied the greater part of the day in making the closing argument for the state. Receiving no report from the jury of a verdict tonight, Judge McSweeney left at 10 o'clock, after leaving instructions that the verdict, if reached, should be sent and returned in court tomorrow morning.

WOMAN ALLOWED TO DIE

HUSBAND HELD TO ANSWER TO COURT.

Doctor Alleged to Have Failed to Provide Proper Care When Wife Attempted Suicide.

FRESNO, Cal., June 24.—Dr. Jackson L. Martin, charged with failing to provide proper medical attendance for his wife after she had made two attempts to commit suicide, was this afternoon held to answer before the Superior Court. Mrs. Brittain, of Marysville, sister of the late Mrs. Martin, was the chief witness for the prosecution. She told of having been summoned from Marysville by Dr. Martin, who upon her arrival informed her that he and her sister were unwell, and that he proposed to live the rest of his life care free. He said that another woman in the case, and that Mrs. Brittain, and Dr. T. M. Hayden, as an expert, testified as to what treatment Mrs. Martin should have received. Dr. Martin offered no testimony.

Mrs. Brittain testified that she then asked Dr. Martin whether there was not another woman in the case, and that he replied that he did not recognize her right to ask that question.

Mrs. Brittain said that Dr. Martin was away from home two nights and that when he did come home he did not speak to his wife.

Mrs. Brittain, a nurse, largely corroborated Mrs. Brittain, and Dr. T. M. Hayden, as an expert, testified as to what treatment Mrs. Martin should have received. Dr. Martin offered no testimony.

WOMEN MEET AT BEACH

Y. W. C. A. DELEGATES FROM NORTHWEST AT BREAKERS.

Cafe Converted Into Missionary Hall and Billiard Tables Are Piled High With Books.

THE BREAKERS, Wash., June 24.—(Special.)—The Hotel Breakers, Long Beach, is now filled with the members of the Young Women's Christian Association from the Northwest. They have gathered for the assembly. The delegates who left Portland yesterday morning on the Potter arrived at 4:30 in the afternoon and those coming by way of Seattle reached the hotel at 7:30 o'clock. There are some changes in the hotel accommodations which the Summer visitors will notice. The bar room has been furnished with lawn settees, making a spacious auditorium, while the cafe in the basement will be used for the missionary work. The lobby with its two mammoth billiard tables, piled high with books and pamphlets, is converted into the literature room.

Four of the speakers came to The Breakers on the Potter with the delegates from Portland—Professor William Hutchins of Oberlin; Dr. Benjamin Young of Portland; Dr. S. L. B. Penrose and N. H. Coleman, of Walla Walla. Professor Hutchins occupies the chair of homiletics in the theological seminary of Oberlin and teaches the freshman Bible class. He taught at the Young Women's Christian Association assembly at Mountain Lake, Md., last year, and at a similar gathering of the young men at Niagara Falls.

The classes which he will teach here will study the early prophets and will be conducted so as to be helpful especially to those who are leaders of Bible classes. Dr. Young and Mr. Penrose will remain at The Breakers a few days only, returning to Portland Monday.

Auto Smashup Inquest Waits. NORTH YAKIMA, Wash., June 24.—(Special.)—An indefinite postponement of the inquest into the responsibility for the automobile accident in this city ten days ago, in which two women were killed and two were seriously injured, has been secured by the Prosecuting Attorney, because of the continued weakened condition of both women survivors of the accident and of the chauffeur, all of whom are wanted as principal witnesses. The inquest was set for today, but it probably will not be held for a month.

PRUNES ADVANCE IN PRICE

Horticulture Expert Says Yield Will Not Be as Large as Last Year.

VANCOUVER, Wash., June 24.—(Special.)—On account of a short crop of prunes the price will be one cent or more higher this season than last year. The first advance in price of prunes was made yesterday by the Felida Prunegrowers' Association, which sold the crop, estimated to be 15 cents, 45-50 cents. A. A. Quarshner, district horticulture inspector, is authority for the statement that the prune crop of this county will not be more than from one-third to one-half of an average crop. This was caused by the unfavorable Spring and the late cold rains and frosts. The year it was estimated that the prune crop of Clark County was sold for \$750,000.

GOOD THINGS IN THE PORTLAND MARKETS

BY LILIAN TINGLE. LOGANBERRIES, cherries, red raspberries and currants are all crying aloud for attention this week, and vendors of cans and rubbers, as well as the fruit market men are doing a brisk business. Loganberries at \$1.50 a crate are probably quite at their cheapest and are among the most useful of supplies for future late Winter or early Spring days, when fruits are scarce, appetites capricious, and the housekeeper is racking her brains for wholesome and attractive desserts.

Cherries, too, though higher than usual at this season, are in line for the same kettles. Royal Anne seed at 7 to 10 cents a pound and Blings at 8 to 15 cents. Kentish cherries seem less plentiful than usual and cost 7 to 10 cents a pound.

Red raspberries are fine in flavor and cost 5 to 7 cents a box. Blackberries, red and white, and blackberries and blackberries are coming in large quantities and at lower prices, excellent ones being obtainable at 5 to 8 cents each. Good pineapples can be had from 20 to 30 cents each, and form the basis of delicious hot weather salads as well as of sweet dishes.

Peas are the best of the vegetables at present and cost 4 to 6 cents a pound. Cucumbers at 5 and 10 cents each and tomatoes at 10 and 20 cents a pound are just beginning their popular reign. A little asparagus hangers at 5 to 15 cents a bunch.

New this week are French globe artichokes—smaller and sharper leaved than the kind we usually get but containing a larger allowance of the delicious "food" corn at 60 cents a dozen and eggplant at 25 cents a pound are not for the economically minded.

Summer squash costs 15 cents a pound, and wax beans two pounds for a quart. Oregon new potatoes come at 2 to 2 1/2 cents a pound. Head lettuce is crisp and refreshing, and fresh mint is available for sauces and Summer drink.

The fish supply is not so good this week, either in quantity or quality. Chinook salmon is slightly 25 cents a pound, and shad is no longer as cheap as it has been for several weeks past. Large lobsters were offered at 40 cents a pound and crabs at 25 to 30 cents each. Shad roe costs 25 to 30 cents a pound and halibut cheeks 20 cents. Other available fish are baby salmon, 25 cents; shrimp 20 cents; smelt 15 cents; black cod 12 1/2 cents, and flounder 10 cents a pound.

Meat and poultry prices remain unchanged with small hope of an early return to more comfortable levels. Butter costs 65 to 70 cents a roll and eggs 25 to 30 cents a dozen.

Republicans to Elect Delegates. DAYTON, Wash., June 24.—(Special.)—To elect delegates to the county convention set for July 23, Will H. Fouts, chairman of the Republican organization in Columbia County, yesterday issued notice of a primary election to be held July 22. At the county convention delegates to the state convention will be chosen, August 3, will be determined. Columbia County's apportionment this year doubles the number of delegates. Seventy-seven delegates are required.
