

DR. GRANT EXTOLS CATHOLIC CHURCH

Big Congregation Startled by White Temple's Builder When He Preaches.

METHODS ARE CRITICISED

Protestantism's Lack of Scientific Basis Declared to Have Led to Decline Which is Definite and Steady.

"In spite of the laymen's missionary movement and the great world conferences of churches, the Protestant church throughout the world is losing ground. This was one of the declarations made by Dr. Roland D. Grant in his sermon on 'Modern Mistakes in Religion,' delivered at Grace Methodist Church Sunday night.

But last evening Dr. Grant said that the Catholic church is the only church with a definite religion. This stand, directly opposed to his former teaching, took him unawares. A hushed surprise spread over the sanctuary and everyone present listened attentively so as not to miss a word.

His attractive subject, 'Modern Mistakes in Religion,' packed the church to overflowing. To the great audience Dr. Grant's statements came like a thunder-bolt when he declared that Catholics constitute the only religious body with a definite religion; that true religion is a science as much as astronomy and geology, but that Protestants have made it a series of dogmas and perfect chaos.

"Religionists have argued too much for 'other-worldliness,'" he said, "until organizations other than the church have stepped in to take her place in supplying the fulness which should be the heritage of every man in this life."

"I talked with a very eminent Jesuit priest the other night," said Dr. Grant. "He wanted to know the difference between Catholicism and Protestantism. I said to him: 'Your people have respect for authority; they have no Nationalism; they tell you people to go to the bottomless pit, they pack up their things and go, but when we tell our people to go, they say, 'Wait a minute; let's see what they are fighting for.'"

"The Catholics are the only people in the world who have specialists at their head. Other religions have picked up men whom they call specialists, but the biggest dunce in the congregation could put it all over them. They don't stand for dogmas, but they get the office."

"I hear it from the press and on the street that the world is tired of doctrine. I don't believe it. Definite Bible doctrine is what they want. But it is a fallacy to suppose that one man or set of men can frame rules by which others shall live. The church, like the political world, has lost every grain of conviction. There is no difference today between one political faith and another. The only conviction is that man can push through and get the office."

"We have made religion a series of negotiations, a series of rules. My argument is not for the game. It is for the principle. Christ said: 'I am come that they might have life, and they might have it more abundantly.' Not life in the next world without life here, but life here and in the next too."

Men's Association in San Francisco will not soon forget the warm welcome they received in the southern city according to David N. Moesehoen, who with George T. Atchley, returned yesterday in advance of the main delegation.

Much of the success of the excursion, Mr. Moesehoen said, is due to C. C. Chapman, manager-elect of the Portland Commercial Club. Chapman lost no opportunity to say a good word for Portland. He was elected secretary-treasurer of the Pacific Coast organization.

The Portlanders reached San Francisco Tuesday night and the convention opened next day at noon. The delegates were guests of the San Francisco Admen's Association at lunch, and following the afternoon session, the advertising exhibit of the San Francisco office was inspected.

Thursday the Portland men were taken on a trip around San Francisco, including a visit to Golden Gate Park, and winding up with lunch at the Cliff House. The Rotary Club had them as guests at an elaborate dinner in the evening.

Friday the victors were taken to Mount Tamalpais. In the evening was held the concluding banquet, a sumptuous affair given by the San Francisco Admen's Association at the Hotel de Ville.

At a night session Friday "Advertising Agency Commissions," was the subject discussed. When a resolution condemning them was moved by Dr. Hibbard of Los Angeles, and Mr. Longhurst, of San Francisco, Mr. Moesehoen led the forces in rebuttal and the motion was tabled by the unanimous vote. Mr. Chapman closed the discussion.

Spokane was selected as the place of the next convention, the delegates nine delegates from Spokane, 15 from Sacramento and 18 from Los Angeles. Seven delegates had credentials from Portland. Joseph Blithen was the only adman from Seattle.

TRIO DE IN TONG WAR; ARRESTED

Clever Work of New York Police Stops Battle in Three Minutes.

40 PISTOL SHOTS FIRED

Blood Shed at Banquet Celebration of 200th Anniversary of Founding of Society of Four Brothers in Gotham's Chinatown.

NEW YORK, June 27.—A tong war that sleeps, but never dies, in spite of threats, promises and solemn treaties, broke out Sunday in Chinatown.

In 90 seconds three Chinamen were shot, two of them fatally, a third was painfully wounded and more than 40 shots from heavy caliber revolvers shattered against brick walls or pavements.

In three minutes afterward seven Chinamen were arrested. Trouble Starts at Banquet. It happened that the 200th anniversary of the founding of the Society of the Four Brothers fell on this day and in its honor the members were to give a banquet in Pell street at 5 o'clock.

A monster flag, scalloped in green, floated from the banquet hall and guests began to arrive early from all parts of the city and from neighboring towns. It was in the midst of a restless, shuffling throng, thick with policemen, that the shooting began.

Pickets were posted yesterday at the end of Pell street by the Four Brothers and scores of the On Leong tong patrolled the adjacent boundary of Mott street. There were more policemen on the beat than usual because of the banquet. Somebody began to shoot. It is doubtful if any white man will ever know who trespassed and who fired the bullet.
