HAMILTON THEFT NOT FROM STATE

So Says Washington's Attorney-General, Taking New View to Case.

BONDSMEN CALLED TO PAY

Ex-Adjutant-General, Now Serving Sentence for Embezzlement, Short 336,000, Banks and Others Being Losers.

OLYMPIA, Wash., June 27 .- (Special.)-Although ex - Adjutant - General Ortis Hamilton is now serving sentence in the penlientlary for embezzlement of state funds, the Attorney-General now takes the position that Hamilton did not steal a cent of state funds and, despite this assertion, has made demand upon Hamilton's bondsmen to make good the full amount of the \$20,000 bond on an alleged whortage of about \$36,000.

This new phase in the case which a year ago, stirred the entire Northwest, developed today when application was made to the State Supreme Court for a writ of mandate to compel State Treasurer Lewis to pay one of the warrants issued in payment of one of Hamilton's forged vouchers.

Banks Are Losers,

It is a fact that all the money Hamil ton made away with was secured from banks and others, who cashed these bad warrants, and that up to date not one cent of state money has been lost. The State Treasurer, on advice of the Attorney-General, has refused to pay any of these warrants, but notwithstanding that fact and the further fact that the state has yet to be out a cent, the Attorney-General has made demand for full payment of Hamilton's bond.

Today George C. Israel, attorney for the Olympia National Bank, applied for a writ of mandate to compel Treasurer Lewis to pay a warrant for \$802.88 on which Hamilton had secured face value from the bank. The court set a hearing on the application for July 8 on the application for July &

Army Officers' Names Forged. This was the warrant issued on the

covering ammunition Senicia Armory, given free to the state by the Federal Government, to which coucher Hamilton had forged the name of Army officers.

It is understood that unless the Su-preme Court grants the writ and the state repuys the bank the money it is out, the bank will sue Hamilton's bonds-men for the amount. This is recognized as a test suit to determine what action will be taken by those who are helding will be taken by those who are holding the Hamilton warrants.

MILWAUKIE, Or., June 27.—(Special.)—Examination of the old franchise of the Portland Rallway, Light Power Company through Milwaukle hows, according to Auditor Dowling, that the company must grade Front street through the town. According to the franchise, the company is required to grade the street full width, which will necessitate an extensive fill at the south end of the street. The railroad company has been notified to grade the street in accordance with its franchise.

Johnson was found last Thursday morning lying at the entrance to the subway in the east part of town, with an almost empty bottle labeled "carbolic acid" by his side. He was taken to the city offices and given every possible medical aid, with the result that it was thought for a time that he would survive the effects of the poison. However, he gradually weakened and death finally came, four days after his attempt at suicide.

No reason for the young fellow's act can be given, other than he had been ill for a few days previous. He had left Johnson was found last Thursday

The case was tried for the first time in the Circuit Court here last March and the verdict of the jury hinged on a question of fact as to whether the railroad company had compiled with the commission's order. The company was also ordered to install a caretaker to sell tickets and receive freight. The depot was to be equipped within 45 days.

"What's the price of eggs?" he asked.
"Thirty-one cents," replied the book-"Of butter?"

"Thirty-two cents," was the reply. And so on down the list of produce used by hotels, every item of which Mr. Dickinson declared was much higher than the prices prevailing in Portland.

Buying of Rights of Way Makes Citizens Think S. P. Is Coming.

MERRILL, Or., June 27.—(Special.)—Southern Pacific right-of-way men have been active in this vicinity for the past several days securing right of way for the branch road which is promised the town. For the 22 miles between Klamath Falls and Merrill it is said at least half of the right of way has been secured. It is also stated on good authority that men are in the field coming this way from Alturas and that the road is way from Alturas and that the road is to be built through from Klamath Falls via Merrill to Alturas, to connect with the Southern Pacific again at Redding, On the strength of this information Merrill is beginning to take notice of the fact that it is situated in the midst of one of the best valleys in the country. Real estate is on the boom, many transfers having been made here during the past several days, and business men of the town and farmers of the valley are making improvements needed on their property for years. The people here figure that with the paying out of thou-sands of dollars by a railroad company for rights of way, they are not wrong in thinking the railroad intends to build in the near future.

DON'T STIMULATE

If You Would Be Cured Feed the Nerves by Using a Tonic That Will Nourish Them Through the

Every person is endowed with a certain amount of nervous energy which is being constantly drawn upon by the work, worry and responsibilities of our daily life. It is also largely drawn upon during the after-effects of wasting diseases,

Blood.

Unless these drains upon the nerves are replaced by nourishment from the blood, the nerves become overworked and exhausted and some form of nervous trouble results.

The value of the tonic treatment with Williams' Pink Pills lies in the fact that these pills do not stimulate the al-ready exhausted nerves to keep up their work for a time longer out that they keep the blood pure and red and in that way fully replace the nervous energy that has been used up.

Mrs. Frances Clark, a dressmaker, of

No. 1748-A Mission street, San Francisco, Cal., says:
"I suffered for about three years from nervous debility. I was very nervous and during most of the three years I could not sleep well. My stomach was quite bad and I was pale and somewhat run down. I was not able to work

steadily.
"A friend urged me to take Dr. Williams' Pink Pills and upon doing so I felt better from the start. I took them for several weeks and gained ten pounds in weight and am able to work every day. I have recommended Dr. Williams' Pink Pills to many of my friends and always with good results."
