

### WHY BERRY READY TO PRESENT CASE

#### Attorney Urges Early Action by Congress on Charges of Senator Gore.

### LYON DENIES INTEREST

#### Interior Department Looking Up Contracts Between the Oklahoma Lawyer and Chickasaw and Choctaw Indian Tribes.

WASHINGTON, June 30.—Copies of contracts of J. F. McMurray, an Oklahoma attorney, with the Choctaw and Chickasaw Indians, are being prepared by the Interior Department for the select House committee, charged with making an investigation to determine whether any member of the House was interested in these contracts or whether efforts were made to use improper influences to secure the passage by Congress of legislation directing the Executive Department to approve the contracts.

Mr. McMurray, of McAlester, who was accused by Senator Gore, last week, of improper activity in connection with Choctaw and Chickasaw Indian land contracts, today sent to Senator Jones a letter in which he stated that he is chairman of the Senate and House committees, the following letter:

"I am desirous of early action by your committee in the investigation of the charges made by Senator Gore on the floor of the Senate that improper influences have been used to affect Congressional action in the matter of contracts between certain members of the Choctaw and Chickasaw nation and myself.

"I am ready and anxious to assist your committee in every possible way to secure and establish the real facts in this matter. I am prepared to disprove all charges, directly or indirectly, made by Senator Gore, as far as the same in any manner reflects on my honesty and my faith in endeavoring to secure for the Choctaw and Chickasaw citizens the settlements of their affairs and the best possible disposition of their mineral and surplus lands.

"I am also prepared to disprove that any attempt has been made by myself or by any one acting for me improperly to influence Congressional action in this matter.

"I respectfully ask your committee that I be notified of any and all hearings that may be decided upon and that I be permitted, as the party directly accused, to be present at all such hearings and to participate in the same.

"Regarding the assertion made in the House of reports that National Committeeman C. A. Lyon, of Texas, also was interested in the contracts attacked by Mr. Gore, Mr. McMurray said:

"Mr. Lyon has no interest, direct or indirect, in the contracts, nor has he been interested at any time in securing them."

Colonel Lyon, who left Washington today for Texas, said:

"I have nothing to add to Mr. McMurray's statement. He has covered the case thoroughly. As I have no connection near or remote with the matter, any statement to the contrary, whether made by a Senator, Congressman or other citizen, is a direct falsehood."

### TEAMSTER IS FINED \$10

#### Judge Says Union Can Help in Preservation of Peace.

Two striking teamsters were in Police Court yesterday morning on charges of refusing to move. Walter Powell was dismissed and Charles Leach was fined \$10.

Powell was arrested by Special Officer Tyler and Everett streets. He was picketing a stable at that place and a large crowd had congregated. The jury, which included Powell and Leach, returned a verdict of \$10 fine and 10 days imprisonment for Powell.

H. J. Parkinson appeared as attorney for Powell. He sought to produce evidence that the disorder was fomented by "Pinkerton" men. Secretary Rogers, of the striking union, testified that these agents had appeared at the meetings of the union and had sought to force their way into the secret council. The court ruled that this was immaterial to the case.

Leach was arrested by Special Officer Hilton and it was charged that he had challenged the men working at the stable of the city stores, which had come out and fight and had used abusive language. "This is the sort of man who causes strike riots," said Judge Bennett.

by the white sandy beach, gathered by bonfires of driftwood, the Y. W. C. A. held its devotional meeting last evening. Smaller ones are some of the pleasures for smaller delegations, while moonlight on the water is a continual delight to those who will brave the strong gale which blows at that hour.

At the council this morning the entire delegation was gathered, and the younger members were asked to tell of the various circles to which they belonged. As these facts are revealed in the conference, it becomes more and more apparent that Bland is well organized in all its departments.

Miss Gladys Conally, one of the members of the Alpha Delta Society, told the council concerning its organization and work. This is a society composed of girls from the Olds, Wortman & King department store, which meets in the Y. W. C. A. rooms every Tuesday evening immediately after work. They have their supper together at the association cafeteria, meet for a half hour in Bible study, then sit an hour in the gymnasium. They have as their object kindly deeds, and have this year raised money to present a picture to the Ladies' Home and Christmas candy to the Children's Home.

The East Side branch is one of the evidences of the Y. W. C. A. extension. The secretary work has been offered the girls in the factory to become interested. Miss Beattie Hubbard told of their cafeteria, the extension of their library, and the means by which they earn money to be able to send a representative to the conference.

### 28 SAY THEY ARE CURED

#### AFFLICTED WOMAN WALKS AT DR. YOAKUM'S COMMAND. Patient Testifies at Simple Services That Tumor Is Gone—Others' Hearts Renewed.

Twenty-eight persons, asserting that they were suffering from various nervous and organic complaints, said they were cured last night at a little chapel at East Ninth and East Clay streets. Others went to have their "hearts renewed." They went away singing and laughing.

It was a quiet and dingy little hall—that of the Christian Alliance—where the people were gathered. After a simple prayer and song service, characterized by no extremes of any kind, Dr. F. E. Yoakum, of Los Angeles, took the floor. Dr. Yoakum called for testimonials and several reported they had been cured of various disorders during the few days the doctor has been in the city. These ranged from paralysis to headaches, and almost all said they had "been given up by all the doctors."

Mrs. Fouk, wife of H. W. Fouk, treasurer of the Pacific Monthly Magazine, said that for years she had suffered from a great tumor. Physicians and she mentioned some of the leading physicians and surgeons in the city—had said an operation was the only possible cure or means of alleviation. But hearing of the "divine healing" method then being advocated in Los Angeles by Dr. Yoakum, she and her husband saw him and she was instantly cured. Mr. Fouk corroborated the statement.

At the meeting last night following the simple service those desiring favors were asked to approach the chance rail. There they knelt. Taking a little bottle of oil out of a vest pocket, Dr. Yoakum approached each one in turn.

One middle-aged woman, who was assisted into the hall by two persons, was helped to the rail by her husband. She said she was suffering from locomotor ataxia. Dr. Yoakum put a drop of the oil on her forehead. He then placed one on each side of her face.

"Dear God," he said, "in the name of Jesus help this poor sister to walk; cure her." Then turning towards the woman he said: "Sister, get up." The woman made a half motion. Her husband hurried to lift her up. The doctor, who was at one time a practicing physician, waved him away and said: "Get up."

The doctor told her to walk down the room. With one of the helpers assisting her she did. At the door the assistant left her. "Now walk back," the doctor commanded.

Although she reeled the woman walked. Again she was told to walk and this time there was only the suggestion of a tremor.

Those who had attended all the meetings said that the woman had never been better before.

No collection was taken and money offered was refused. At the far end of the room was a table where Dr. Yoakum invited contributions for his Pisgah Home, a philanthropic institution at Los Angeles. Small amounts were placed in the hat.

The striking union, mentioned in the article, seemed to be nervous cases. A little girl who said she had "bad stomach, a bad head and a bad heart," seemed to have assistance for she ran away home and brought back her parents.

### MULTNOMAH CLUB BINES

#### BOOSTER BANQUET STIRS MEMBERS TO ACTIVITY.

With almost 500 active or prospective members present, a booster banquet was given by the Multnomah Amateur Athletic Club last night in the grand old Commercial Club banquet-room. The principal object of the dinner was to stir up interest in the club circles and to promote a better feeling between the members.

In a number of stirring and enthusiastic speeches by old-time members and officials of the club, they implored those present to work for a larger membership, which they said would enable the club to liquidate the present debts of the organization and to build a larger and better clubhouse and to improve the present tract of land which now lies practically idle at the south of the present grounds which was acquired by the club by unanimous vote of the club members at the annual meeting two years ago at a price of \$40,000.

President Walter A. Holt, acting as toastmaster, after a few well-chosen words, introduced, or rather called upon, A. B. McAlpin, the first president of the Multnomah Amateur Athletic Club and founder of the organization, for a speech. George W. McMillan, the grand old football player, was then called upon for a talk. Bert Farrell, official announcer of the club for years; George S. Shepherd, Ralph W. Wilbur, H. E. Judge, Edgar Frank, L. R. Alderman, of the faculty of the University of Oregon, and County Judge Lionel R. Webster, advocate of good roads for the State of Oregon, were the next speakers in order.

President Holt, on behalf of the Multnomah Amateur Athletic Club, thanked all the members of the club who participated and the people of Portland generally for their support of the Society. He held in conjunction with the grand old football player, was then called upon for a talk. Bert Farrell, official announcer of the club for years; George S. Shepherd, Ralph W. Wilbur, H. E. Judge, Edgar Frank, L. R. Alderman, of the faculty of the University of Oregon, and County Judge Lionel R. Webster, advocate of good roads for the State of Oregon, were the next speakers in order.
