

GROWING NUMBER FAIR ASSEMBLY

Reports to State Central Committee Show Counties Are Falling in Line.

PARTY MEMBERS ENTHUSED

Dates of Meetings Announced in 19 Counties—Arrangements Made for Precinct Gatherings in Multnomah.

Marked growth has attended the assembly movement lately and a summary of reports from various counties and precincts of the state, as made to the headquarters of the Republican State Central Committee yesterday afternoon, developed the fact that Republicans are getting together everywhere. Every county in the state, excepting two, has already prepared for the selection of delegates to the state assembly, where a list of desirable candidates will be decided upon and recommended to the voters of the state.

Nineteen Have Fixed Dates.

Nineteen counties have notified headquarters in Portland of the dates set for local assemblies. Six counties have held their meetings already and one county, Polk, has recommended a full list of county candidates in accordance with the assembly plan. Jackson, Coos, Gilliam, Lane, Morrow and Umatilla counties have selected their delegates for the state assembly.

In Baker and Benton counties the county assemblies will be held July 15. Clackamas, Clatsop, Douglas, Hood River, Josephine, Klamath, Malheur, Multnomah, Wheeler and Yamhill will hold meetings July 16. Marion and Lake will meet July 5. Notification of meeting dates in the few remaining counties is expected at Republican headquarters early this week.

In Multnomah County extensive arrangements have been made for the precinct assemblies, which are to be held next Saturday night. Delegates will then be selected from each precinct to the county assembly of July 16, when a full list of county officers will be recommended to the voters of the county.

Full Attendance Assured. Faithful work has been done by the various precinct committees of the county and a full attendance of Republican voters is assured for the precinct meetings. It is intended that the delegates selected shall be the choice of a full Republican vote.

- Meeting places for the Second, Fifth and Seventh wards were announced yesterday, precinct 30 alone excepted. The meeting place in that precinct will be decided on shortly. The list of meeting places covering the three wards named, follows:
Second Ward.
Precinct 5—101 Fifth street North.
Precinct 6—Northwest corner of sixteenth and Marshall.
Precinct 7—Northwest corner of sixteenth and Marshall.
Precinct 8—Larowe Hall, southeast corner of Twenty-third and Kearney.
Precinct 9—Washington Pharmacy, Fifteenth and Gilson.
Precinct 10—Southwest corner Twenty-first and Gilson.
Fifth Ward.
Precincts 26, 27, 28, 29—City Hall.
Precinct 31—Jefferson and Chapman.
Precinct 30—Neighborhood House, First and Hall.
Precinct 33—Front and Sherman.
Precincts 34, 35—Sixth and Lincoln.
Precinct 36—Twentieth and Spring.
Seventh Ward.
Precincts 42, 43—Sellwood, Stahlman's Hall.
Precinct 45—Waverly Hall, Twenty-sixth and Clifton.
Precincts 46, 47, 48, 49, 50—Hall, Powell and Milwaukee.
Precinct 51—Kepeha Hall.

Many aspirants for office are known to be seeking the assembly recommendation in Multnomah County, but at this time there is nothing to indicate who will be the favored ones. That point will have to be decided when the Republican delegates convene at the county assembly July 21, when the selections will be made in accordance with general fitness for the positions sought.

Leading Republicans are becoming enthused at the prospect of the success of the assembly plan and thus the preservation of the party. Reports received by the State and County Central Committees indicate that a favorable sentiment is spreading daily and that misinformation concerning the plan, spread by Democrats and those of ulterior motives, is being dispensed rapidly. There will be a meeting this week of the governing committee of the Republican Club for the purpose of checking over the work performed by precinct committees preparatory to the meetings of next Saturday night.

CONVICT SOUGHT IN CITY

College Man Escapes From Camp When Employed on Survey.

W. H. Buckner, convict, graduate of Cornell University, and at one time a cadet at West Point, is believed to be in this city, hiding from Washington State officers who are seeking him. Buckner was a trusty prisoner and was employed in a convict camp of men working on the state road at Lytle, opposite Hood River. He was a member of a surveying party, and took advantage of an opportunity of his employment to escape the guards and go to Vancouver, Wash. He stayed at a leading hotel here, and it is said, fraternized with officers at Vancouver Barracks, making a good appearance. He told acquaintances that he had telegraphed home for funds and intended to go to Reno to see the prizefight if the money arrived. He was last seen Friday afternoon. He dropped from sight at Vancouver and is believed to have come to Portland. Superintendent Frank Randolph, of the convict camp, reported the case to the city police yesterday, and asked them to look out for the man, who is described as 22 years old, 5 feet 9 inches tall, and of light complexion.

STUDENT BODY GROWING

PACIFIC UNIVERSITY TRUSTEES HOLD ANNUAL MEETING.

New Members of Board Elected and Plans Made for Library Building—Officers Elected.

An adjourned meeting of the board of trustees of Pacific University was held in the office of Newton McCoy, of Portland, Saturday. Reports of the officers, including the president and faculty, were passed upon and final action was taken for the complete equipment of the new gymnasium before the opening of school in the Fall. The reports showed a large increase in the number of students, an increased endowment and the addition of the gymnasium for the past year.

The following new members were elected to the board of trustees: B. S. Huntington and Dr. J. R. Wilson, of Portland, and E. P. McCormick, of Salem. H. W. Scott was elected president of the board for the coming year; Frank M. Warren, treasurer; Napoleon Davis, secretary, and Newton McCoy, secretary at large. Frank M. Warren, W. N. Ferrin, Napoleon Davis, B. S. Huntington and Newton McCoy comprise the new finance committee.

William G. Harrington, of Lewis and Clark, was elected to the professorship of public speaking to take the place of Professor F. W. Orr, who has accepted a similar position in the University of Wisconsin. Professor Lester B. Shippey was made head of the department of history and economics to fill the vacancy caused by the resignation of Dr. A. C. Boggs. Steps were taken looking to the completion of the endowment fund for the library and the building of a new library building to be erected next Spring. The plans call for a \$20,000 building on the southwest corner of the campus.

UNKNOWN DIES IN CELL

VICTIM OF ALCOHOLISM CAN NOT BE IDENTIFIED.

Man Arrested to Save Him From Escort Suspected of Dishonest Intentions Soon Expires.

Nameless, friendless and penniless, a man was found dead in a cell at the City Jail yesterday afternoon, eight hours after his arrest for being drunk. Not a paper or mark of any kind was found by which his identity could be established. When he was taken to the station in the morning he was in a condition too stupefied to tell who he was. His unclaimed body was turned over to the coroner. When making the rounds of the strike-affected district yesterday morning, Captain Baty and Leisy, the chauffeur, observed a man in an almost helpless condition being supported along the street by a North End character. They suspected an attempt at "rolling" and followed a short distance. They heard the man say something to his escort about money, and considering their suspicions confirmed, arrested both. The escort said that he had chanced to meet his companion and observing his helpless condition was supporting him on his way to a room. The nameless man was helped along between the two officers but became rapidly more limp and was almost carried to the station. At a time before 4 o'clock today he died. Jim Casey, the prison trustee, observed nothing until about that hour, when supper was served. Then an attempt to make the man restful in the discovery that he was dead. He was well dressed and about 40 years old. Acute alcoholism was probably the cause of death. There are no indications of violence.

MT. TABOR FOLK MAY WITNESS FIGHT

Proposed Establishment of Tuberculosis Sanitarium Arouses Residents.

PROTEST GOES TO MAYOR

With Payment of \$250,000 for Park Purposes, W. G. Oberteuffer Takes Exception to Allowing Consumptives in Vicinity.

Withdrawal of the project to establish a tuberculosis sanitarium at East Sixteenth and East Yamhill streets, as a result of a protest of adjacent property-owners, may be effected this week, according to a well-supported report. Officers of the Mount Tabor Improvement Association deny any knowledge of an agreement whereby George W. Turner is to forfeit his lease upon the property. They express their determination to have the action of the courts upon the matter before the sanitarium is allowed to occupy the ground. "We have not got to the point of invoking the courts," said J. H. Haak, chairman of the committee of the association having the matter in charge, but I can tell you feeling is intense and it is probable that the courts will be called upon to decide whether we have to submit to the location of the sanitarium."

Matter Up to Board. "We will first put the matter up to the Board of Health," said W. A. Laidlaw, another member of the committee, "and if we do not secure satisfactory action there, we will probably take the matter to the courts."

Some of the owners of homes near the Mansfield property, which has been leased for the sanitarium, say they would prefer to purchase the property outright rather than that such an establishment should be located in their midst. Dr. Ralph Matson declares that neither himself nor his brother, Dr. Ray Matson, owns any interest in the establishment, but that George W. Turner secured the lease of the property and is the promoter of the project. An effort to locate Mr. Turner yesterday failed. Dr. Matson said that he had promised to send a few patients to the Open Air Sanitarium whom he and his brother care for free of charge. Dr. Matson said further that these people are in no way a menace to the health of the community, and he would not support anything that would be a menace. The protest adopted at the special meeting of the Mount Tabor Improvement Association Thursday night was a severe arraignment of the promoters of the project. The sanitarium was characterized as a "pest house," which was considered too severe and was modified to "hospital."

This protest, which has been presented to the Mayor and members of the Council, calls attention to the location of the "hospital," in the midst of a growing residential district, where the property-owners already have paid a large sum for the improvement of Belmont street, and where a large hard-surface district is soon to be paved at heavy expense. "All these improvements will be largely lost," says the protest, "if this open-air tuberculosis hospital is located in our midst through the depreciation of the value of all property in the neighborhood. Patients are sure to use the streets on Belmont, which are now crowded with our neighbors, and the patients will use the Williams Park recently purchased by the city."

W. G. Oberteuffer, who owns a home and property across the street from the Mansfield home and ground, said yesterday: "The city paid \$250,000 for the Mount Tabor Park, and if the promoters of this tuberculosis sanitarium are to send their patients into that park as proposed the city had just as well close the park to them. They secured only a little more than an acre of land, so they could fill it up with about 30 patients who will be turned loose in this new park, a representative of the promoters admitted to me that the reason they secured the small site at the entrance of the park was so their patients could have access to the park. So far as the public is concerned, the city had just as well turn the park over to them if they propose to make it a recreation ground for consumptives to use the water and grounds. This is the general sentiment of the people of Mount Tabor. It is an outrage that ought not to be tolerated in a civilized community."

JACKSON BACKS ASSEMBLY

Delegates to State Assembly to Be Chosen Next Saturday.

MEDFORD, Ore., July 3.—(Special.)—At a meeting here yesterday of the County Central Committee it was decided to call a conference for next Saturday, July 3, at which time delegates to the state assembly will be named. It was also decided that at the same time the question as to whether or not county assembly shall be held in the county officers will be settled. Chairman Dr. J. M. Keene, of the County Central Committee, declared that the sentiment of the Republicans of the county was in favor of the assembly, and without doubt the Republicans of Jackson County would put their shoulders to the wheel and back up the state move for the assembly. Next Saturday's meeting has been called for the afternoon.

Assembly Delegates Chosen.

HUBBARD, Ore., July 4.—(Special.)—At a mass meeting held in the City Hall last night in response to the call of Charles Lembeck, precinct committee chairman, following were elected delegates to the County Assembly, to be held at Salem July 9: J. L. Calvert, W. T. Grim, C. M. Crittenden, Charles Lembeck, George A. Ehlen, W. S. Hurst, William Platt, George N. Beck, A. Will, George Leffler, G. W. Knight. Hubbard is a strong assembly member and gave at the election two years ago a smaller percentage of Statement No. 1 votes than any other precinct in the county.

Wedding Anniversary Observed.

The tenth wedding anniversary of Rev. and Mrs. Charles T. McPherson

was celebrated at Epworth Methodist Church yesterday. Rev. W. G. Kerr, who has known the couple for years, performed a new marriage ceremony, which he remarked, jestingly, was for 50 years more. He then preached upon the subject, "Do Good and Communi-

cate." He was acquainted with Mrs. McPherson when she was Miss Anna D. Atwood. R. C. Lee, in delivering a patriotic address last night, commented upon the sermon of Dr. Roland D. Grant a week ago, and said: "If he were to visit the nations to the

south of the United States, which are under Catholicism, he would change his views." Most of the passenger ships between Europe and South America are two ships running between New York and the eastern coast of South America are already equipped with wireless apparatus.
