ROOSEVELT TO BE HIBERNIAN ISSUE

Colonel Accused of Urging England to Stamp Out Freedom's Cause.

RUSH TO DEFEND

National Convention Promises Excitement if Members See in T. R. Speech Other Than Reproach

to English Rule.

Copies of the National Hibernian, the official organ of the order in which sons of Erin are working for the freedom of Ireland, indicate that even with-in the guarded recesses of the coun-cils of the National convention, which convenes in Portland next week, the "Sage of Oyster Bay," Theodore Roosevelt, will become an Issue.

Thousands of Irishmen are on their way to Portland to attend the conven-tion, which will open on Tuesday. Among them are hundreds of the foremost orators of the poetical race which has been dominated by English rule at home for eight centuries, and the hip-pockets of the delegates are said to bulge with resolutions which are intended to protest against the "Egyptian speech" delivered by Colonel Roosevelt in London.

The rough rider Colonel is accused of urging Engiand to stamp out the puny efforts of liberty-loving colonists. Many Will Take Defense.

On the other hand, it is said that Colonel Roosevelt will find a number of defenders on the floor of the Na-tional convention. Some of the members prefer to see in the speech a reproach to English rule. In any event, it is hardly probable that the question can be kept out of the convention.

The Hibernians is an order to which Roman Catholics of Irish descent are

eligible, and stands for the encourage-ment of faith and patriotism in the fatherland. It teaches a veneration for the principles on which the great Re-public of the United States is founded, and a pride in the history, literature and achievements of the Irish people. Local committees are rapidly whip-ping their work into shape for enter-taining the delegates.

Andy Weinberger, who is Irish in spite of his name, has completed arrangements for the parade to occur on Thursday night and in which it is assured that more than 2000 members of the order will participate. The parade will move at \$:30 o'clock in the evening and will be divided into four divisions, each supplied with a band of music, a float and under the leadership of a grand marshal. The column will form at Tenth and Morrison streets and will move east to Seventh, north to Pine, east to Sixth, south to Washington, east to Third, south to Morrison, west to Sixth, south to Yambili and dis-

Notables of the order representing 46 states of the Union, Hawati, Ireland and Canada, will be given places in this division. It will also include a number of state officials who have been invited and have accepted invitations to participate.

The boy had been employed at the Churchili-Matthews farm, and had left his home ostensibly to pay a visit to his father, a few miles away. He took his rifle along, but only four shells, telling his aunt, who suggested that he take more, that he would probably not need all he had. Contrary to his usual custom, he left his watch and pocketbook at He had wandered off the road leading to his father's home, and from all indications had sat down and delib-erately shot Pimself in the center of the forehead.
