Five of Seven Races in North Pacific Regatta Result in Victory for Oregon.

ONLY SENIOR SINGLE LOST

Senior Fours Are Captured After Hot Struggle With Vancouver and Doubles Are Won With Portland Never Headed.

VANCOUVER, B. C., July 10 .- (Special.) -Re winning two out of the three senior events in the North Pacific Amateur Association of Oarsmen's regatta Saturday, Portland made her total of victories over the best of British Columbia oarsmen five wins out of seven races. In the third senior event, the singles, Portland finished

This was the closing day of the annual regatta held this year at Indian River, 32 miles north of here, and after the races the competing oarsmen were entertained at a banquet in the hotel near the finish

The senior singles was purely a race The senior singles was purely a race between W. A. Kennedy, of the Victoria Rowing Club, and Arthur A. Allen, of Portland, Kennedy leading nearly all the distance of a mile and a half by a bare margin until the last half mile, when he increased his lead a fraction and won over Allen by a trifle over one length. E. O. Gloss, of Portland, finished third. The time was 3.50

The time was 9:50.

This was Portland's only defeat of the day, although the next race, the senior fours, was the most exciting of the regatta and was won by the Portland crew only after the hottest kind of a struggle and by the margin of a half length.

The only other contender in the race was the Vencouver crew, who put up a pretty exhibition of rowing until the very

end, when the superior endurance and condition of the Portland men proved good. The race was rowed in the re-markable time of \$:27 4-5, a new record for the regattas of the association.

The winning men of the Portland crew were J. J. Waite, stroke; W. D. Phillips, No. 3; J. Helwig, No. 2; A. Pfunder, bow. These were the men who yesterday captured the junior

The Portland doubles, consisting of J. Gloss and W. Ball, showed their class in the senior doubles, when they won from Voncouver in the time of 20%. The Vancouver men were A. E. Tennant, stroke, and C. M. Chaffey, bow. The Portland team jumped into the lead at the crack of the pistol, and were never headed, although the Vancouver men made several beautiful spurts during the distance and reduced their rivals' lead until a half mile from the finish by a half length. A half mile from the finish the Portland men put on a final spurt and increased their lead, winning by a full length. Summarized, the regatta's results give Portland first in the junior fours,

junior doubles, intermediate singles, senior fours, and senior doubles. Vic-toria and Vancouver each have one win to their credit.

Platform Adopted in Marlon. The following platform was adopted by Marion County Republicans at their as-

sembly Saturday:

we, the Republicans of Marion County, in convention assembled, do reaffirm our faith in the principles of the Republican party and with pardonable pride point to its achievements during the 52 years of its existence. At all times and under all conditions it has met every issue aquarely and with the interests of the people ever uppermost. It stands today, as it has since its birth, a party of the people, in which the confidence of the people is reposed.

We indorse and approve the Administration of Honorable William Howard Taft, as President of the United States, and we believe that he has fulfilled his pre-election promises and the pledges of the Republican party at its last National convention; and as a result he has given to the people an honest and efficient public service and an Administration which meats with approval at home and is respected abroad.

We reaffirm our faith in the principles of representative government and the maintenance of political parties, believing that no party or other association of men can maintain its identity or exert its proper influence for good government without organization; and we believe that there is always wisdom in counsel and that as citizens of a free government we enjoy the constitutional right as members of a political party to assemble for the purpose of formulating principles, adopting a platform and considering the fitness and qualifications of the respective aspirants for office within our ranks; and that any infringement upon said right is a denial of the wisdom of the founders of our Government and the righteousness of the Constitution itself.

The direct primary law is the law of the State of Oregon and as such must be respected and obeyed, not according to some strange and unreasonable construction placed upon it by individuals who would serve their own selfish ends, but according to the wording and true meaning of the law liself.

We demand an awakening of the public conscience in the matter of the registration of voters; gigantle frauds are perpetrated in

conscience in the matter of the registration of voters; gigantic frauds are perpetrated in every campaign on the majority party by the registration as Republicans of voters who are not or never have been in sympathy with the Republican party to labor continually for the defeat of its policies and candidates.

We are opposed to the measure providing for annual sessions of the Legislature, believing that it would be unwise and that it would impose as additional burden of taxation upon the people of the state. The experience of other states with annual sessions of the Legislature has been altogether unsatisfactory.

we are opposed to the proposed and the explaints of the design and of the long list of counties much more power than they have contended to the larger and more densely populated counties much more power than they have contended to the larger and more densely populated counties much more power than they have contended to the corposed of the proposed measure, and contended to the corposed amendment to the foregon constitution providing for proposed to the proposed amendment to the foregon constitution providing for proposed to the proposed amendment to the foregon constitution providing for proposed in Lake Wabana today, Miss Jenison giving her life in an ineffect unit effort to save her friend counties in the Legislature and would give the larger and more densely populated counties in the Legislature and would counties much more power than they have contended to the corposed measure. at the present time and will tend to bring about a system of "taxation without representation." It is un-American and opposed to the policies and traditions of our people, especially to that basic principle of American government—the rule of the majority.

We recommend caution on the part of the votera in passing upon the many initiative and referendum measures on the official bailot at the coming state election, especially those measures proposing amendments to the Oregon constitution.

We favor a just and economical expenditure of all public moneys and the improvement of our public highways and schools as rapidly as the finances of our county will permit.

ment of our public highways and schools as rapidly as the finances of our county will permit.

We favor appropriations by the Legislature for the purpose of reimbursing the Indian War veterans for horses and supplies furnished by them and used during the Yakima Indian War, and we respectfully ask the Congress of the United States to place these veterans on an equality with the veterans of other wars in the matter of pensions.

We favor the opening of the Willamette River for navigation from Eugene to the Columbia. We favor reasonable appropriations for the maintenance of the state educational institutions and the State Fair.

We indorse and approve the record of the Honorable W. C. Hawiey as Congressman from the First District, and particularly commend him for his zealous efforts in behalf of the people of the district.

We favor the policy of nominating only the very best men in the ranks of the Republican party for the various offices of public trust, and recommend for the consideration of the party at the primaries on September 24, 1610, the candidates indorsed by this convention, and we pledge to such candidates on loyal and enthusiastic support at said primaries, and further pledge our unwavering support to the Republican ticket at the general election.

We favor the pending bill submitted by the

We favor the pending bill submitted by the last Legislature authorizing a constitutional convention. Our state constitution was adopted 53 years ago, but under the process of amending by the initiative little remains of that time-honored document, and a majority of the present constitutional provisions are being violated almost daily. The people are fully qualified and competent to approve or reject such a constitution at the polls, according to the terms of the pending bill.

During the reading of the platform

During the reading of the platform by Wylie A. Moore, Recorder of Salem, he was constantly interrupted by outbursts of applause from the members of the convention. Particularly was the reader stopped when he came to the name of Taft, and the name of Con-gressman Hawley was the signal for a demonstration which continued for

SUPPORT TO THIS CITY.

Campaign for Bringing Grand Lodge Reunion Here in 1912 Gains Momentum--Party Reaches Elgin.

ELGIN, Ill., July 10 .- (Special.)-Portand will have the Elks' grand lodge reunion in 1912 or it will be no fault of the Northwest delegation. At a rousing meeting of 40 grand lodge delegates held in an observation car of the Portland Elks' special train at 10 o'clock tonight the support of every lodge in the states of Washington, Idaho, Montana and Oregon was piedged to No. 142 at Detroit. The meeting was called to order by Gus C. Moser, delegate from the Portland lodge, and upon motion he was elected chairman of the "steering committee" for the Portland 1912 campaign,

Harry McKinley, district deputy grand exalted ruler of Idaho, was elected as the Idaho representative on the committee. Dan J. Hefron will represent Montana, John H. McDonald, of Walla Walla, and D. Daly, of Tacoma, will represent East-

D. Daly, of Tacoma, will represent Eastern and Western Washington, respectively. Gilbert B. Phelps, of Pendletton, was elected to assist Chairman Moser in the representation of Gregon.

Enthusiastic and encouraging speeches were made by Messrs. Cohn. of Vancouver, Wash.; Carll, of Oregon City; District Deputy Harry F. McKay, of Oregon; Daniels, of Medford, and others. The commercial organizations of the various cities of the Northwest where Elk lodges exist will be prevalled upon to send Elk representatives to Portland previous to the convention to act in convious to the convention to act in con-junction with Portland Lodge in the perfection of arrangements for the grand lodge meeting of 1912. The convention, it is estimated, will bring 100,000 people to Portland in 1912.

TWO ROYAL FLAGS FURLED

London Comments on Unusual Display of Standards.

LONDON, July a — (Special.)—The fact that two royal standards are at present flying in London—one over Buckingham Palace and one at Mariborough House—is quite unprecedented and irregular. The royal standard, according to the etiquet in such matters, can only fly over the residence of the sovereign, which at present is Mariborough House. Queen Alexandra, at Buckingham Palace, is only entitled to fly the Union Jack, the same as any subject of the king. However, it is said that she prefers to live under the royal standard, and accordingly it is at the masthead at Buckingham Palace. It is causing some surprise in court

It is causing some surprise in court circles that Queen Alexandra has not already left Buckingham Palace and gone to Sandringham, which will be he chief residence. Under the King's will she gets the house and gardens at Sandringham, while the estate and shooting, which costs \$40,000 a year to keep up, belongs to King George. He is very fond of Balmoral, unlike King Edward, who detested it, and will spend a considerable time there in the Autumn. King Edward offered to make him a present of Balmoral some years ago, but the then Prince of Wales did not care to undertake the expense of main-

Large and Enthusiastic Meetings of Republicans Are Held for Assembly.

STRONG MEN AS DELEGATES

In Only One Precinct Is Trickery Tried--Ferdinand Reed Shuts Out Voters and New Meeting May Be Called to Name Men.

Complete harmony, heavy attendance and general public interest marked the precinct mass meetings of Republican electors throughout Multnomah County Saturday afternoon and last night when delegates were chosen for the county assembly of July 16.

Reports of rousing and successful mass meetings were received up to midnight at Republican headquarters. At that hour St of the 114 precincts had been re-ported upon and the lists of delegates submitted. The list includes members of every profession and is made up of representative citizens. It was mainly from the outlying precincts that the returns could not be secured last night. These returns will be secured today and Mon-

day.

Rousing meetings were the rule throughout the city and in a number of places the attendance went above the 100 mark. In the larger precincts and where joint meetings were held balloting was used to determine the ENTIRE NORTHWEST PLEDGES precinct delegates. Some of the smaller precincts named their representa-tives by acclamation.

Ferdinand Reed Tries Trick.

In one of the Ninth Ward precincts, No. In one of the Ninth Ward precincts, No. 79, a trick was resorted to by those opposed to the assembly whereby resolutions were put through purporting to discredit the plan. The trick was engineered by the nortorlogs Ferdinand E. Reed, a discredited politician, and consisted of getting a few of his followers together before the precinct electors had together before the precinct electors had had time to assemble. Residents of the precinct arriving at the meeting place ten minutes after the time the assem-biage was to be called to order were met by locked doors and the information that adjournment had already taken place. In the First, Fourth and Tenth wards, where joint precinct meetings were held, the attendance was heavy. Seventy-five balloted in the First Ward, 190 in the Tenth Ward and 125 in the Fourth Ward. In the various precinct meetings the at-

tendance ranged from 25 to 70.

General satisfaction was expressed last night by Republicans at the outcome of the meetings and the enthusiasm aroused. The heavy response of electors and the character of delegates selected throughout was taken to foreshadow the full success of the assembly in Multnomah County. No suggestions of a slate or of political dictation were manifest in

any way.

"The outcome was just what every good Republican had hoped for," said Chairman Kennedy, of the County Central Committee when the lists of delegates began pouring in at headquarters. "A fair deal is insured to every one at the county assembly with such delegations as these and every aspirant for office will have an opportunity for the assembly's indorsement corresponding to his merits.' In one precinct, No. 4, a postponement of the meeting until Monday night was necessitated by a misunderstanding as to the meeting place. It is thought possible that other of the smaller precincts may have postponed their meetings, although this will not be known definitely until the returns are convenient the returns are completed, today

As the result of the Reed coup in pre cinct No. 79 a second meeting may be called there in order that a full attend-ance of electors may be had. While a formal investigation must be made before any such summary action is taken, yet the fact that voters were shut out was easily confirmed last night.

Reed's Indorsement Repudiated.

E. C. Robbins, an employe of the Northern Pacific Company, was among those shut out. He arrived at the meet those sauct out. He arrived at the meeting place, 445 Union avenue North, at 8:10
o'clock only to find that the meeting had
adjourned. The meeting was set for 8
o'clock, but Mr. Robbins said he did
not expect it would be ended in ten minutes. He saw a number of people standing on the sidewalk in front of the meeting place and was told by some one that the meeting had adjourned a few minutes before.

The Reed resolutions, aside from taking a flippant fling at the Republican as sembly, indorsed a number of aspirants for office, including one candidate for state office, John B. Coffey for Secrestate of State. Mr. Coffey afterwards denounced the indorsement as an attempt to throw discredit upon him. The dele-gates chosen in precinct No. 79, as re-turned to Republican headquarters are: John L. Day, Horace M. Fisher, T. B. McDevitt, Jr., H. F. Brandon, Guy F Haines, J. E. Mackey, Ferdinand E. Reed Jess C. Moore, William J. Frost and John A. Hays. Messra McDevitt and Brandon protested against the Reed trick, which was sprung after the delegates had been named. Messrs. Fisher, Mackey, Frost and Hays were not present at the time. Reed, Moore and Haines indorest the Reed resolutions although the chairman of the precinct committee, L. D. Cole, explained at length that such con-duct was unseemly and out of accord with the meeting.

SIG. ENRICO CARUSO

The World's Greatest Tenor Chooses Hardman Piano for His Italian Home

A very beautiful Hardman Grand Piano, built especially for Enrico Caruso, the famous tenor of the Metropolitan Opera Company, will be installed in his home, the "Villa Panche," Castella, Florence, Italy, within the next ten days.

The piano is finished in white mahogany, inlaid, and the workmanship throughout is exquisite in every detail. It is certainly a great tribute to the Hardman tone that such a master of tone as Caruso, the most famous living tenor, should have selected the Hardman Piano for his own use in his Italian home.

You own a real treasure when you own a Hardman, and best of all, you may own one at a moderate price. A superb Hardman Upright may be had for as little as \$425, and the Hardman Style X (the smallest perfect grand) is only \$700, \$725 and \$750 in magnificent,

Unequaled Choice at The Wiley B. Allen Co.

In addition to the Hardman, we offer you choice of 20 of the best-known and most reliable pianos and player pianos. No matter what amount you may wish to invest we can furnish at that price a piano that you cannot possibly equal elsewhere without paying \$50

We never operate any peculiar schemes in selling pianos. Therefore, our prices are absolutely the same to everyone and are guaranteed to be the lowest in the West for similar instruments.

We cordially invite you to call at our store on a visit of inspection. If you have an old piano to exchange, we will allow you a fair price for it. Terms on the balance may be arranged to meet your convenience.

Fern Specimens Gathered. NEWPORT, Or., July 10 .- (Special.)-Jack Arnold, son of the late Professor Arnold, of O. A. C., and Fred Weatherford law partner of J. K. Weatherford, of Albany, have spent several days in the vicinity of Newport, gathering specimens of ferns for the botanical department of the University of California. They found the best specimens near Depot Bay. In one place they secured over 25 varieties, not including any samples of the maiden-helr family, which has numerous dif-

Falling Hair You Run No Risk When You Use This Remedy

While many people in their prime doubt the assertion that "the hairs of our head are numbered," yet there is today many a man and woman fast reaching the point where this state-ment is literally brought home to them. If you suffer from irritation of the scaip, and from dandruff, or if your hair is falling out, do not wait until you reach the point where you can actually count how many hairs are left on your head.

Most cases of baldness are caused because the roots lack proper nutrition. In such cases there is a microbe which bores through the scalp along the line of the hair into the root and when it lodges there it begins to de-stroy the fatty matter around the hair roots. When the scalp and hair roots are strong and healthy, it is impossi-ble for these microbes to get in their deadly work. We can promise you that, if your

hair is falling out, and you have not let it go too far you can repair the damage already done by using Rexall "93" Hair Tonic. It is a scientific, cleansing, antiseptic, germicidal preparation, that destroys microbes, stimulates good circulation around the hair roots, promotes hair nourishment, redandruff and restores health. It is as pleasant to use as pure water, and it is delicately per-fumed. It is a real tollet necessity. fumed. It is a real toilet necessity.
