

### COMMITTEES SEEK ASSEMBLY BACKING

Delegates Have Ample Field of Office-seekers From Which to Make Choice.

### ACTION TO BE IMPARTIAL

Majority Rule Will Govern Meeting, Which Will Give Indorsements After Thorough Discussion of Men Appearing.

When the county assembly convenes in the Masonic Temple Hall next Saturday, the 87 delegates will have before them the consideration of the names of candidates for the various county offices that are to be filled at the Fall election. Candidates are not wanting for any of the offices and those who feel their names would be considered at a public gathering of representative electors are planning to appear before the assembly and seek its indorsement.

With the precinct mass meetings successfully held and the fact made clear thereby that the Republican electors of Multnomah County mean to work for the assembly and the unanimous upholding of the party, the indorsements have suddenly become a generally coveted goal. There is no longer any doubt but that the assembly recommendations will carry great weight with the voters at the primary election and it is being widely believed that the whole list of assembly recommendations will be borne to victory.

Between now and next Saturday the list of candidates for the assembly's indorsement is expected to grow. This is because of the inalterable policy of giving every candidate an equal chance before the meeting. The body is destined to assemble with an impartial mind. Of course, it is altogether to be expected that individual delegates will favor one man or another in advance but the whole list of candidates will be threshed over in public.

### PRECEDENCE FOR INDORSED CANDIDATES.

The assembly recommendation will go only to those who are approved by the greater number of the precinct representatives. That this list of public-indorsed candidates will gain precedence in the election over the self-appointed and privately indorsed candidates who are unwilling to place themselves before the assembly on their merits, is generally believed among the Republicans of the county.

The crop of candidates for the Circuit Court bench is somewhat restricted at this time. Judge Kavanaugh, in Department 1, has no opposition. Judge Cleland, in Department No. 2, has one competitor in W. M. Day, while designs upon Judge Gates's department, No. 5, are held by T. J. Gardner and A. E. Gebhardt.

Few candidates for the legislative ticket have yet made themselves known. Thirteen representatives, one Senator and one joint Senator are to be selected. A. E. Manley has been nominated for State Senator, while the names of C. N. McArthur and C. G. Huntley are being referred in connection with the other place, in which Clackamas and Columbia counties have a voice. There is a strong sentiment for the nomination of Dan J. Maloney for the office of joint Senator, but Mr. Maloney has not yet indicated that he is a candidate.

There are three aspirants for the County Judgeship, one of whom, as yet, has designs on the assembly recommendation. The three are T. J. Cleaton, the present incumbent, F. Bennett, now Municipal Judge, and John C. Shillock. Four names, at least, will be brought before the assembly in connection with the County Commissionership. H. W. Goddard, recently appointed as County Commissioner Barnes, wants a full term in the place. W. G. Kearns, A. J. Fanto and W. J. Miller, latter of Linn county, also seek the office.

### TWO OUT FOR SHERIFF.

For Sheriff two names are mentioned, Nathan Bird and George McMillan. R. L. Stevens, the present Sheriff, may not favor the assembly. It is said for the reason that the facts of having held two or more terms is not generally conducive to public recommendation.

Several names are being talked of in connection with the position of County Clerk. John B. Coffey's name is being urged, although he is not a candidate for the place, having a higher aspiration. Willis Fisher and Joseph W. Beveridge are also talked of. Frank S. Fields, the present Clerk, will not seek public indorsement. It is said, because of the obstacle of his life-time in public office. He will seek re-election, however. Martin T. Pratt, of the County Assessor's office, has withdrawn from all interest in the Clerkship, although he had designs on the job a month ago.

### MANY WOULD BE AUDITOR.

Three men are already in the field for County Auditor. Sam B. Martin, head of the tax collecting department of the Sheriff's office, was first in the field and has a large following. H. U. Welch, recently appointed to serve out the term of Auditor Brandes, resigned, wants a couple of more years in the harness. H. T. Page, a deputy in the office, has also been referred to casually in connection with the place up to this time.

Dr. B. L. Norden is the only one who appears to wish the job of Coroner. No other names have been mentioned for the place up to this time.

Pillo Holbrook and H. L. Neville have their names up for consideration in connection with the position of County Surveyor. Holbrook is the present incumbent. There is quite a list of those who want to be Justices of the Peace to succeed Olson and Bell. Mr. Bell is a candidate to succeed himself. Others who have their names up are S. S. Gillespie, James McCrab, C. A. Applegren, H. B. Dickinson, F. D. Hennessy and Claud Braham. There is likewise a bountiful crop of men who would be Constables. Lou Wagner wants the job again, but his wishes in the matter are opposed by Amos Weinberger, Sig Wertheimer, John L. Day and Fred A. Frischkorn.

Besides adopting a platform, threshing over the list of candidates and hearing numerous resolutions, the assembly delegates will name 34 delegates from Multnomah County to the state assembly of July 21.

### PRECINCT RETURNS COME IN

Three Meetings to Be Held Today, Due to Postponements.

Returns from 95 of the Saturday night mass meetings of Republican electors have been received so far at Republican headquarters. The list includes all the precincts within the city. Precinct 2, the only one in Portland that was not heard from Saturday night, was reported on yesterday. The delegates named are W.

M. Coker, Arthur P. Tiff, I. Brun and L. Friedman.

Returns were received in the course of the day from two outlying precincts, 109 and 111. In Hill, Mount Zion, Charles Ahlson and J. M. Rogers were selected and in 108, Linnton, the delegates are A. J. Van Dolah, J. C. Anderson, Henry Salder, Jack Sharp and W. F. Harris. Three city precincts will meet tonight, the returns indicating that postponements were necessary because of misunderstanding as to the time and place of meeting. The three are 44, 45 and 46 in the Seventh Ward and all details have been arranged for meetings at 8 P. M. Returns from all the county precincts are expected today.

### MARION IS FOR BOWERMAN

Benson and Hawley Meet Indorsement of Delegates.

SALEM, Or., July 10.—(Special.)—While no instructions were given and no pledges were taken by the delegates who will represent Marion County at the Republican state assembly, to be held in Portland, the delegation will go supporting Jay Bowerman for Governor, Frank W. Benson for Secretary of State, and Willis C. Hawley for Congress. It is certain that the delegation has a leaning in this direction almost to the point of unanimity. Bowerman has made public any statement as to his attitude toward the assembly, or as to whether he will become an assembly candidate. The Marion County delegation seems to be of the opinion that it will offer him the indorsement, inasmuch as he is first term man and the election here is strongly in favor of sending back first term men for a second term, whether they are county or state officials.

### ONTARIO DELEGATES CHOSEN

Republicans Elect 19 for County Assembly at Vale.

ONTARIO, Or., July 10.—(Special.)—The Republicans of North and South Ontario met at the Opera house today in caucus and elected 19 delegates to the County Assembly, which will be held on July 16 at Vale. A large attendance marked the first political meeting of the Fall campaign and much interest was manifested throughout the entire meeting. The delegates are representative citizens of the two precincts and harmony prevailed, there being no opposition in the election of the delegates or in the caucus. The list of delegates is as follows: South Ontario—J. W. McCulloch, H. C. Boyer, C. H. Brown, A. A. Brown, J. F. Weaver, W. E. Young, R. M. Dunwoody, C. E. Belding, N. G. Stiles, C. A. Martin; North Ontario—W. H. Brooke, J. D. Billingsley, H. C. Childers, M. E. Bain, D. M. Howell, E. A. Fraser, John Madden, C. C. Carter, F. B. Hall.

### Amity Delegates Uninstructed.

AMITY, Or., July 10.—(Special.)—Republicans of Amity precinct met in mass meeting at 2 o'clock yesterday afternoon and selected 12 delegates to attend the county assembly at McMinnville, Saturday, July 16. The delegates in this precinct. They go to McMinnville uninstructed, but are all heartily in accord with the assembly idea.

### PALLAY PROPERTY SOLD

S. MORTON COHN BUYS EAST SIDE APARTMENTS.

Lot and Building at East Seventh and East Yamhill Are Purchased for \$80,000.

Although the sale was made June 7, the announcement of the purchase of the Pally apartments by S. Morton Cohn for \$80,000 has just been made public. This handsome three-story building stands by itself surrounded by some of the older homes of the East Side. It occupies a space 100x100 at the southwest corner of East Seventh and East Yamhill streets. The outward appearance of this structure is striking in the extreme. The first story is of deep red brick. Above this, the upper two stories are of light buff pressed brick, and the ornamentation is elaborate. The finishings, both inside and out, are of the finest obtainable, and the intention of the builder, M. Pally, when he started the building, was to make of it as fine an apartment-house as there is in the city.

There is a full basement under the house, and the first floor is not to be occupied by stores, as in the case in many apartments put up recently, especially on the East Side. There is space designed for a few offices, but in the main it is to be strictly a residence apartment. The building is not yet finished, although the outside is completed. Before it is ready for occupancy much work has to be done on the interior. Hardwood finish and all the appointments of the better class of apartment-houses are planned for the Pally apartments. It is not known whether Mr. Cohn intends to rechristen the house. Mr. Pally estimated the cost of the building at \$45,000. The ground on which it stands is valued at \$15,000 to \$20,000.

### ANNEXATION IS ASKED

PELOUS SECTION WOULD BECOME PART OF PORTLAND.

Territory of Which Lents Is Center Said to Have Undergone Change of Sentiment.

Movement for annexation of the big section eastward from Grays Crossing, including Lents, on the Mount Scott Railway, has been inaugurated and will be pushed with all possible vigor. The territory will extend eastward to take in the junction of the Mount Scott and Gresham electric railways, and the line will run northward to about the Russellville schoolhouse on the Base Line road, and southward to Johnson Creek. The line on the south will take in the settled district between Tremont and Woodstock and the Johnson Creek Valley.

It is estimated that the territory sought to be annexed has nearly 10,000 population. The business center of the territory eastward of Grays Crossing is Lents. The Portland school district is erecting an eight-room schoolhouse there. At former elections Lents has declined to be annexed, but now it is said that a majority of the people favor annexation. The threat of the Portland Railway, Light & Power Company to increase the fares on that branch outside the city limits has caused some apprehension. At present the fare is 5 cents to Lents, but to Lents Junction, half a mile east, another 5 cents must be paid.

### TURNER SETS PRICE

Tuberculosis Sanitarium May Not Be Established.

### REIMBURSEMENT IS ASKED

If People Will Repay Outlay and Assume Lease, Project Will Be Abandoned—Not Menace to Public, Says Dr. Geary.

If the Mount Tabor Push Club pays George W. Turner all the expenses he has incurred so far and the rent of the Mansfield property for the period of the two years' lease at \$90 a month, in all about \$2000, Mr. Turner says that he will not open his tuberculosis sanitarium.

These are the conditions on which he has agreed to withdraw from the project; otherwise the sanitarium will be opened. Mr. Turner says that he is satisfied, upon legal advice, that he can go ahead with the sanitarium but is willing to withdraw, provided he is reimbursed for his outlay and the rent of the premises, which he must pay whether he remains or not. "I am simply waiting for the committee to act," said Mr. Turner yesterday, "but I have not heard from any of the members as agreed. They promised to see me Saturday. I am not going to wait all Summer for them to act."

### Amicable Way Favored.

"Mr. Turner has not started the sanitarium and has received no patients as yet, and of course we cannot take any action until she does receive patients," said W. A. Laddlaw, a member of the Mount Tabor Push Club, yesterday. "I do not know what has been done to Turner amicably, but if that can be brought about it is the better way. Yes, I saw Dr. Matson's statement in The Oregonian this morning, and from his standpoint he may be right, but there is not enough room on the Mansfield property, and the patients either must use the streets or the City Park. If there were five or six acres the place would be less objectionable."

Mr. Turner said that he was practically ready to open the sanitarium, having ordered furniture, screens and beds, and the next few days will decide whether he will go ahead or not. "If the discipline of the proposed sanitarium at Mount Tabor is good, it ought not to be a menace to the community. Yet a larger tract would, of course, be better." This was the opinion of Dr. E. P. Geary, county physician, as expressed yesterday. He said further: "The consumptive is no more dangerous than any other individual if he takes care of himself. It is a danger to have careless individuals afflicted with the disease scattered about the community. As a rule they dislike to go to the County Poor Farm for treatment, and as Dr. Matson says, there is no other place, except the Milwaukee Open Air Sanitarium, where they may go for treatment. That institution is of course filled with individuals in the earlier stages of the disease."

### County Reports Cures.

"The county is caring for from seven to 20 at the Hillsdale Farm on the Cannon road. The accommodations are not as good out there as we would like, but Dr. Matson, my assistant, has been having some cures. We shall occupy the present quarters until the buildings on the new Multnomah Farm are finished. By that time I think the state institution for tubercular patients will be finished at Salem and under competent management. What patients we have will then probably be transferred to Salem."

Dr. Geary was asked whether all patients afflicted with tuberculosis who applied to the county for treatment would be cared for, and he replied that he did not know that he believed all the tubercular poor should be cared for, but that he could not say whether they would be or not. "They may swamp the institution," he said. He intimated that the next Legislature might enlarge the Salem institution. "It is not to be denied that tuberculosis is very prevalent, for insurance companies now ask each applicant for insurance if he has lived in a house with a consumptive within a year."

Demonstration of Royal Worcester and Bon Ton Corsets—Agents the New Marietta, Helene, Marquise, Howd, La Beau, Warner and Rengo Belt Corsets—Sahlin Waists

Returns from 95 of the Saturday night mass meetings of Republican electors have been received so far at Republican headquarters. The list includes all the precincts within the city. Precinct 2, the only one in Portland that was not heard from Saturday night, was reported on yesterday. The delegates named are W.
