ONE DEAD, 3 HURT IN AUTO ACCIDENT

Injuries, Clifford Fones Thought Fatally Hurt.

CAR CRASHES INTO FENCE

Jaggers, at Wheel, Steers Over Embankment to Prevent Collision With Machine Driven by Mrs. Murhaid-Women Bruised.

One man is dead, another lies at St. Vincent's Hospital with hurts from which he can hardly recover, and two women, a mother and her daughter, are under a physician's care with injuries less serious, as the result of an auto-mobile's wild swerve down an em-bankment and against a board fence on the Powell Valley Road, three and one-

the Powell Valley Road, three and one-half miles from Portland, at 7 o'clock yesterday morning.

Louis Jagger, a prominent commission man, who was at the wheel of the car and himself turned it from its course to avoid a collision with another automobile, is the dead man, and it is his son-in-law, Clifford Fones, whose injuries are believed fatal. Mrs. Louis Jagger, widow of the victim, and her daughter, Mrs. Clifford Fones, were the women who were hurt. Their own injuries were comparatively slight, but in the shadow of the dobule be-

Master Robert Fones and Mr. and Mrs. Arthur R. Shreve, of 965 East Salmon street, who were also in the auto, escaped with hardly a scratch.

Accident Is Peculiar.

It was a most peculiar accident. Jagge It was a most peculiar accident. Sagges
In his car had been running at moderate
speed along the road, and behind him
in another automobile came Mr. and Mrs.
Murhald, of 638 Upshur street, and Mr.
and Mrs. Ernest Sigler, of 142 East Thirtyfourth street. Mrs. Murhald was driving.
For some time the two machines kept
the accident but finelly it is this relative position, but finally it is said, the second car came alongside the Jagger machine. They were running almost abreast when they came to a dangerous double turn in the road. A collision seemed inevitable. In trying to avert it and save the other auto, Jagger swerved his car to one side of the road. The twist he gave the steering wheel sent the heavy car on over the slight em-bankment at the side of the road, and as it plunged to the bettom, it crashed against a board fence built at the road-

In the unexpectedness of the disaster and pinned between his steering wheel and the seat. Jagger could not lift a hand to save himself. As the big machine crashed against the obstruction, his head struck a heavy board with terrific impact. The blow fractured his skull and tore away part of his scalp, leaving him limp and unconscious in the suddenness of a twinkling.

The Murhaid party hurried to re-spond to the cries of those injured in the other car out in the wheat field. Jagger was found unconscious and Fones was suffering almost unwearable pain from his injury. They were carried to a farmhouse nearby and messengers were sent for physicians. After considerable difficulty Dr. Short, at Gresham, was notified, and hastily

The injured man was removed to the hospital in as many minutes.

At the hospital Jagger died at 12:48 After an investigation of the acci-

dent and the exact manner in which Jagger received his fatal injuries, Deputy Coroner Dunning last night concluded that no inquest will be held. Jaggers Were on Fishing Trip.

The Jagger and Murhaid parties were returning to the city from a week end sojourn at the base of Moun Hood. Jagger and his party had spent Sunday fishing at Marmoth and had risen early and begun their homeward journew two hours before the accident. The Murhaid party spent several days at Welch's Camp and had also started for the city early in the morning. They upon each other just ments before the double turn in the

Both warships will be open to the public today and tomorrow from 1:30 to 5 P. M.

A parade will probably be given by the men of both ships during the stay in Portland.

Looking as trim as possible U. S. S. Yorktown and U. S. S. Marblehead anchored between the Burnside and Steel bridges yesterday afternoon. The Yorktown will lie in the harbor about week, while the Marblehead will paye at 4 A. M. Thursday. While the Yorktown is on special

While the Yorktown is on special service, the Marblehead has been lent by the Navy Department to the State of California for the purpose of giving service experience to the California Naval Militia. Both boats came to Portland at the invitation of the Chamber of Commerce, and while they are here it is planned to complete the formation and organization of an Oregon Naval Militia.

"Should such an organization be formed," said Commander Victor Blue, or heard the Vorktown vestraday.

on board the Yorktown yesterday afternoon, "I should give it my warmest support. It is impossible to overestimate the good and practical work such an organization can perform."

Both Commander Blue and Captain George W. Bauer, in command of the Marblehead, exploded for all time the theory that the Astoria bar and the Columbia River are unsafe for the navigation of sither battlessbirs or firstgation of either battleships or first-class cruisers.

"We never had a sounding under 33 feet," said Commander Blue.
"Touched no bottom till well over 30 feet," added Captain Bauer.

Any Battleship Can Cross Bar.

"I would willingly pilot a batleship or cruiser over the bar and up the Columbia at high water or within an hour of high water and I am absolutely sure it would be perfectly safe," asserted the gallant commander of the o'Yrktown.

A temperature of 162 was the showing on the thermometer in the engineroom yesterday.

Entertainment Is Extensive.

Extensive entertainment is being danned for the officers and men while they are in Portland. It is probable the initiative in this will be taken by the Portland Commercial Club. President Portland Commercial Club. President Beekman, of the University Club, said yesterday the council would meet and de-side whether entertainment would be ofcide whether entertainment would be offered the visitors. The Arlington clubwill send the officers cards of membership today and, in line with its usual
custom, will probably banquet them.
Captain Speier, harbormaster, in company with Port Commissioner Driscoll,
called on both vessels yesterday afternoon. As a large number of the officers
on board the Marblehead had never seen
the Upper Columbia River, Captain
Speier invited them to be his guests on
a trip in the Bailey Gatzert Wednesday.
This was arranged.

This was arranged.

Both captains will probably call on Mayor Simon this morning. The ships will be thrown open to the public at 1:30 o'clock this afternoon and visitors are invited until 5 o'clock, the usual naval mealtime. The same courtesy will be extended tomorrow. The Marblehead leaves early Thursday, while the Yorktown will be a Portland guest After a consultation with Commander

WANT TO JOIN

Clubs Nearly Filled; Over 700 Members Already Enrolled-The End in Sight.

Starting out to secure over 800 members to join the Eilers Piano clubs, yesterday found over 700 members already enrolled, and the end is now in sight. Portland has never witnessed such a great record in piano selling. But it's no wonder when you think of the many advantages obtained by members of these piano clubs.

Not only do these clubs save members a handsome amount on the price of a piano, but members are able to buy on much longer and easier terms than ordinarily.

The total retail value amounts to nearly \$300,000, of which nearly a third will be saved club members. Naturally, so glgantic an order secures prices lower—yes, much lower—than most small dealers pay

Free delivery, free tuning, free insurance and free music lessons are additional advantages given members. Did you ever hear of as liberal an offer as this?

This unique money-saving plan was originated by Ellers Music House—the largest, leading and most responsible concern of its kind in the West—and is another illustration of the aggressive policy pursued by this firm in always giving the greatest possible piano values to its customers. Every club member can have just as long as they desire to pay for their pianos—even to the extent of 232 weeks and as low as \$1.25 weekly—terms that any home in Oregon can surely afford.

This is how the club plan works: If you want to become a member, on joining pay a nominal sum, say of \$7.50, \$11 and upwards (according to the club you intend joining) and you have delivered to your home at once, or later if you prefer, choice of practically any of the best makes of pianos, including even the time-honored Chickering, the hand-made Hazleton, the famous Kimball, Lawson (the latest piano success), as well as the Singer, Hinze, Lester and many other equally desirable instruments.

Player-Planos and Baby Grands.

Player-Planes and Baby Grands.

Just think of it! On the club's plan you can secure for \$2.50 weekly a magnificent Baby Grand or Player-Plane. Many homes that have heretofore longed for such an instrument but hesitated to buy because of the large immediate outlay generally required, can now, on the club plan, buy a fine Player-Plane or Baby Grand Plane on terms ordinarily asked on cheaper pianes. Remember, each club member is assured of a saving of at least \$113 and up to \$264 below the regular established retail prices.

The reputation of Eliers Music House for handling only reliable planes, and their trustworthy methods, insure club members fair and liberal treatment.

Many later comers are sure to be disappointed. Act now.

Greatest Offer Ever Made

Grentest Offer Ever Made

Greatest Offer Ever Made

The money which club members save, the easy terms and the many other advantages of the club plan, makes this the greatest opportunity music-lovers in Oregon ever have had.

Even the great record of eight years ago, when Ellers Music House conducted most successfully a similar club, but which did not offer near as many advantages as the present Ellers Piano clubs do, has been surpassed in this latest effort.

Call today at Ellers Music House, 353 Washington street, where further information will be given. There is still time if you act immediately. Any day may now witness the close of these clubs.
