Returns From Primaries Indi-\* cate That Machine Workers Have Lost.

OPPOSITION IS WORSTED

Scores of Republicans Attend Precinct Meetings to Administer Rebuke to Anti-Assembly Forces, Who Seek to Rule.

OREGON CITY, Or., July 11 .- (Speor cial)—Complete returns from the largest precincts of Clackamas County that will send 119 delegates, out of a total of 250 that will be entitled to seats on the floor of the Republican County Assembly at Oregon City next Saturday, indicate clearly that the assembly men have won a victory.

have won a victory.

Only a few of the precincts so far reported have taken a decided stand against the assembly, and in almost every instance the fine Italian hand of the anti-assemixites is seen. In Parkplace, Captain J. T. Apperson, one of the most prominent Republicans in the state a recent of the Oregon Agrithe state, a regent of the Oregon Agri-cultural College, and a former official of the United States Land Office, was of the United States Land Office, was the victim of a slate, as was W. W. Smith, president of the Parkplace Republican Club. Both are assembly men and stalwart Republicans, but they neglected to guard against the machine, and Charles Livesay, road boss for the precinct of Abernethy, in which Parkplace is located, crowded the primaries with a lot of men who were working on the roads and elected a complete anti-assembly ticket.

working on the roads and elected a complete anti-assembly ticket.

Two of the New Era delegates are opposed to the assembly idea, although one of them. D. McArthur, the precinct committeeman, has evidently had a change of heart since the meeting of the County Central Committee, where he voted for the Gibson resolution to hold a county assembly.

hold a county assembly.

At Clackamas, J. A. Talbert and Frank Talbert are in the delegation that is against an assembly. J. A. Talbert was, a member of the Legislature of 1901, and is one of the men who signed an agreement to support Henry W. Corbett for United States Senator and then falled to make good his written pledge. The Beaver Creek delegation is split on the assembly rock, and the voters instructed the delegation, by a vote of 12 to 7, to oppose the plan for which the assembly is called, for the election of 55 delegates to the state the election of 55 delegates to the state

But at Oregon City, which has 34 votes in the three precincts, West Oregon City, Harmony, Estacada, Boring, Eagle Creek, Gladstone, Milwaukle, Canby and Needy, the delegates are practically unanimous in favor of the assembly idea. Gladstone has in-structed its delegates to favor the nom-

ination of a county ficket.

In Milwaukie, a resolution condemning the assembly failed to pass, and the voters adopted a compromise resothe voters adopted a compromise reso-lution in which it is agreed that the delegates shall not take such action as will destroy the primary law. The Es-tacada, Boring and Eagle Creek dele-gations are strong for a county ticket, and if the demand from Eastern Clack-amas for a ticket is as strong as is in-dicated, there is every reason to believe that the Oregon City delegates will join forces with the country and place a ticket in the field. Harmony, the home of John H. Gibson, will send a strong assembly delegation to Oregon

City next Saturday. Scores of Republicans attended the rimaries in Clackamas County for the express purpose of administering a re-buke to the anti-assembly forces for their methods employed in sending out the Kruse letter, which branded the assembly movement as "machine poll-If there is any machine in Clackamas, it is that operated by who are devoting their time to fighting

Republican organization. here is no doubt that 55 delegates to the state assembly will be elected next Saturday. There are enough as-sembly men already reported as dele-gates to the county assembly to accomplish this, and there is a possibility that a county ticket will be named, and there will be no doubt of it if there is any kind of a demand from

Republican Primary Meetings Attractive; Prominent Men Named.

HOOD RIVER, Or., July 11—(Special.)—Full reports from the Republican primary meetings held Saturday night in all Hood River County precincts except Cascade Locks and received today by C. Dethman, chairman of the Republican county central committee, show that men prominent in the affairs of the party and county took an active interest in electing delegates, and will represent the county in the assembly to be held next Saturday. This feature has given the assembly movement added prestige and is causing much greater interest and enthusiasm

Among those who will serve as delegates are E. L. Smith, for several years resident of the State Board of Horticulture and Northwest Bruitgrowers' Association; J. L. Carter, member of the Legislature during the last session; A. Jayne, ex-State Representative; G McCurdy, president of the Apple-owers' Union; Charles T. Billy Moriarty Confesses to Stealing Seven Horses.

MONEY WANTED TO TRAVEL

Young Man Arrested in Portland Is Taken to St. Helens to Answer Charges - Prisoner Hopes for Light Sentence.

ST. HELENS, Or., July 11 .- (Special.) -Billy Moriarty, aged 18, is in the County Jail at St. Helens charged with stealing seven horses and a buggy from persons living in St. Helens and vicinity. He was arrested in Portland Sunday afternoon and brought to St. Helens Monday. He admits all the charges against him and intends to rely upon the mercy of the court for a sentence to the Reform School until the age

Bill is one of the many youths who have been allured by the charms of easy money. In the past he has been employed as a hotel clerk in Missouri employed as a notel clerk in Missouri and Eastern cities and carries letters recommending him strongly for his in-dustry and honesty. As a boy he was a pupil of Kemper Military School, of Kirksville, Mo., and has a diploma, showing that he graduated with honor from that institution.

Prowess in Ring, His Boast.

He held the amateur championship of Missouri as a boxer, and when out of work in St. Helens attempted to pull off a boxing contest here, but was interfered with by the authorities. Then according to his story, he fought young Gans, a colored welterweight, at Pendleton in June, knocking him out in nine rounds. His next and last boxing contest was at St. Johns, Or., on July 4, where he deceated a man named Gillen, at the Armory, in six rounds.

Moriarty says his troubles have been caused by the desire to secure enough money to take him to the East, where he thought he could get remunerative employment at his profession. He knows nothing of the ownership of the horses or buggy he stole except He held the amateur championship of

the horses or buggy he stole except that it struck him that the buggy which he saw in the shed would do to ride to Linnton in, as he had become tired of riding horseback.

Moriarty, during the past six weeks, has stolen seven head of horses. Two from John Berdahl, of Bachelor Flat; one from I. G. Wikstrom, of Scappoose; one from W. B. Dillard, the St. Helens attorney; one from S. S. Montague, of the St. Helen's quarry; one from Dr. R. R. Cliff, of St. Helen's; one from Alexander Ask, of Scappoose, and a buggy from the Free Methodist Mission at Houlton.

The exact amount he realized for the horses cannot be ascertained, but for one of Berdahl's horses, worth easily \$200, he received \$125. The approximate value of the horses and buggy was \$1200. Sheriff White does not believe the story of Moriarty's hoxing contests, thinking they are invented to explain his possession of money. He was arrested by Sheriff Stevens at Linnton on a telephone message from on a telephone message from Sheriff White, who had him under sur-veillance since the attempt to pull off the boxing contest here some six weeks ago. The Sheriff has located all of the stolen horses with the exception Alexander Ask's, and their owners will recover them.

PHONE CALL LEADS TO ARREST

Horsethief Caught for Theft That Did Not Materialize.

When J. H. Hitchings, a wood dealer, telephoned to the police Sunday morning that he had lost his horse and buggy and suspected it had been stolen, he had no idea it would lead to the capture of a thief who did not steal his horse, but who stole six other horses in Columbia County. Had Hitchings telephoned to the police when he found his horse a few hours later, the capture of the wholesale horsethief might still have been pre-vented. But he did not, so the police and Sheriff Stevens were looking for a horsethief long after Hitchings' had been found.

Sunday John Kakritz, who lives on the Linnton road, telephoned to the Sheriff that William Moriarity was trying to sell him a horse and buggy, and that he suspected it had been stolen. Instead of asking the man where he found it, Kakritz pretended he intended to buy it, and so detained Morlarty until Sheriff

and was a son of Mrs. G. L. Cunningham. Sheriff White, of Columbia County. was at once communicated with, and yesterday morning positively identified the horse as that of S. S. Montague.

Moriarty confessed to Sheriff Stevens and Sheriff White yesterday that he stole two black coits belonging to John Brodehl, a horse belonging to Dr. H. R. Cliff, another belonging to W. B. Dillard, and another belonging to I. G. Wickstrom, besides the Montague horse. B. Britschgi, a scavenger living on the Linnton road, bought three of the horses, Brodehl's two and Wickstrom's. The buggy of a preacher living at Holton was also stolen, as well as the horse of Axel Ask. Moriarty denies having faken the Ask horse. Ask horse.

The accused man, who is but 18 years old, broke down and wept when asked to tell the truth about the horse-thieving to tell the truth about the horse-theving yesterday. He said he would not have taken the animals if his stepfather had treated him "half way decent." He had followed boxing, he said, and when his mother wanted him to go to work in the mill, told her he could make plenty of money that way, that he didn't have to work.

But Sheriff White blocked his two attempts at prizefighting, and as his money was gone he, "went out in broad daylight" and led away the horses. The two blacks he sold for \$250, he said, and paid his debts with the money. He was taken back to St. Helens by Sheriff White yes-

The apple, pear and peach crop is ery heavy. It is estimated that the Medford district will ship from 400 to 600 cars of apples and 100 to 300 cars of pears. Most of the peaches will go by express. The several apricot orchards in the valley have not a very good crop this year. However, about 1500 crates will be shipped. The apricot harvest has begun. Most of the cot harvest has begun. Most of the shipments are going to Portiand. The pear harvest will open with picking of the Bartletts August 10. During the two or three weeks of the Bartlett pear harvest from 10 to 18 cars will be shipped from Medford daily. After the Bartletts, the Howells, D'Anjou, Comice and Winter Nellis will come in quick succession.

Packers Get Busy.

From 150 to 200 packers will be engaged in the pear and apple harvest in the Rogue River Valley this season. Besides the packers several hundred men will be kept busy in the orchard picking the fruit. RED NOSES CLEARED

Effect of Poslam, the New Skin Remedy, Is Immediately Perceptible.

edy, Is Immediately Perceptible.

'I have been troubled with red nose and eczema for nearly eight years until I discovered poslam, the new magic cure. My face was a sight, and I was ashamed to be seen on the street. I was surprised to see the improvement after a month's treatment and I have a nice, clear complexion from which the pimples and my red nose disappeared like magic,' says Charles F. Slutter, Wilkes-Barre, Pa. "My nose would be like a boil," says Carl D. Steinhoff, Columbus, Ohio, "not only painful but embarrassing. I have given poslam a thorough trial. My face became smooth and fair. My nose is a natural color and does not get sore."

Poslam is the new skin remedy, naturally flesh-colored, which beals and hides all skin imperfections. Although primarily intended for eczema—stopping the litching with first application and rapidly restoring the health of the skin—poslam shows immediate and surprising results when used for less serious skin affections, such as pimples, rash, blotches, inflammations, etc."

Poslam is on sale in 50-cent boxes and \$2 jars at all druggists, particularly the Owl Drug Co. A free sample may be obtained by mall in plain wrapper by writing to the Emergency Laboratories, 32 West 25th street, New York City.
