ELMER B. COLWEL

Taft Promises to Name Local Republican as United States Marshal.

DR. H. W. COE HAS LETTER

Francis J. Heney, Friend of Present Incumbent, Still Waging Fight to Hold Him in Office. Colwell Will Accept.

Elmer B. Colwell, of Portland, will be appointed to succeed C. J. Reed as United States Marshal for the district of Oregon. The information is con-tained in a letter to Dr. Henry Waldo Coe, bearing the signature of William Howard Taft, President of the United

As a sequel to the information be-coming public Mr. Colwell has been tendered the congratulations of his friends, but has consistently refused to accept felicitations. "Barkis is willin"

but until the announcement comes from the White House the ancessful applicant for the position neither confirms or denies the impeachment.

The present incumbent, C. J. Reed, will arrive in the city today, and rumor has it that his political sponsor, Francis J. Heney, will either be on the same train, or will closely follow Mr. Reed.

Mr. Colwell is now connected with Mr. Colwell is now connected with the irrigation projects of Dr Coe at Stanfield, Or., and for the last week Stanfield, Or., and for the last week both of the gentlemen have been in Umatilla County looking after the interests of land colonization. Prior to the departure, Dr. Coe exhibited the letter to friends in Portland, and feels secure in the promise from the President. Whether the appointment will be made during the vacation of Congress, or whether President Taft proposes to wait until after December next before naming the next Marshal of this before naming the next Marshal of this district is not made clear.

Colwell a "Regular" Republican.

in Fortland and Oregon politics in 1902, when he was serving as president of the Sixth Ward Republican Club, and later in that year he was elected a member of the lower house of the General Assembly of Oregon. In 1905 Mr. Calwell was one of those instrumental in the calling of a primary election for members of a City Central Committee members of a City Central Committee for Portland Republicans, and at the first meeting of the committee was selected to serve as secretary. He has since been twice defeated as a candi-date for the nomination for Senator

from the Portland district.

Mr. Colwell had as his friend Dr.

Henry Walde Coe, who was the Oregon treasurer of the campaign committee of 1908, the year that President Taft was elected, and in addition, Dr. Coe en-Joys the personal friendship of Theo-

Heney Obtained Reed Appointment. It is well known that the appointment of Mr. Reed was obtained b Francis J. Heney, who was sent to Ore gon to investigate the alleged lan gon to-investigate the alleged land frauds and who demanded the Marshal-ship as one of the considerations of undertaking that duty. The term of office of Mr. Reed expired in March, and soon afterward Mr. Heney went East. It is believed by those who know the situation that Heney did everything in his newer to have Mr. Beed respectively his power to have Mr. Reed reappointed. Hency has been frequently quoted as having said that he would abandon the land fraud prosecutions in this state unless Reed was retained as Marshal and in charge of the juries. been said that Heney planned to visit Colonel Roosevelt in Italy in hopes of

securing the interference of the ex-President on behalf of Reed. In May, Mr. Reed bimself went East to attend the graduation exercises at to attend the graduation exercises at Harvard, but immediately following that event, the Marshal was reported in Washington and New York.

If Hency is coming West at this time it is believed that he intends to ask the United States Court immediately to set the Binger Herman and J. N. Willers of the control of the contro

liamson cases for trial, so that he may dispose of them before Reed surrenders

LOST WITHOUT LEADERS Parallel Drawn Between Ancient Rome and Republican Oregon.

PORTLAND, July 12-(To the Editor.) Clergymen and college graduate are commonly wont to rufer to the Roman Empire as having rotted morally, so that it became an easy prey to the barbarians of the North. This, however, is but a part of the truth. Rome sank under the power of bar-

barian hordes because it had already ceased to be Roman. As the empire ex-tended, it became the meeting place of all races, till the mass of the inhabitants had no concern about the history and traditions of the city and empire, nor of the men who had made Rome great, Gauls, Spaniards, Dacians, Thracians,

Syriams and Africans—an unassimilated, mongrel mass—filled the army and crowded the City of Rome, all devoid in the main of what we term patriotism. Even the Emperor Trojan was a rank Spanlard. The real weakness, therefore, of the Romen Empire was the absence of of the Roman Empire was the absence of competent leadership and common patriotism among the masses; a lesson as a Nation, and especially here in Oregon, in these days of political quackery might well heed. BURCHARD SAYS POPULATION OF FRANCE COULD LIVE HERE.

Colonization Manager to Arrange for Putting Immigration Offices in Portland.

John E. Burchard, manager for the \$12,000,000 Oregon & Western Clonization Company, which is populating Central Oregon, returned yesterday from a visit of inspection to the lands of the com pany in the vicinity of Albany, and de-parted for St. Paul in the evening. Upon his arrival at the Minnesota headquar-ters of the big development concern Mr. Burchard will complete arrangements to open Portland offices for the handling of immigration to Oregon, as well as branch offices at Vale, Shanike, Prineville and such other points in the territory of the Willamette Valley and Cascade wagon road grant as may be deemed advisable.

"Closer inspection of the lands in the vicinity of Albany and along the West slope of the Cascades only convinces me of the possibilities of the Willamette Valley," announced Mr. Burchard. "There is room enough for comfortable homes among the lands out there to sup-port the population of France, and with the intensive methods of farming which are coming into use it will soon be am-

pire within itself. "This statement should not be taken to mean that our company will reserve our holdings for sale in small tracts only. It is only my opinion of the future of that district." Burchard declined to state the pur-

pose of his visit to Albany to be other than an inspection. It was thought prob-able that arrangements were being conable that arrangements were being consummated for the sale of certain tracts of timber along the foothills, which are considered ideal for fruit growing. From the fact that Albany real estate dealers have been calling on Mr. Burchard at the hotel, it is probable that he is intending to make a selection of an agent to represent his company in the Valley. Earl Marvin, manager of the timber interests of the colonization company, left last night for Ontario, where he will join President Davidson and perhaps take up plans for the immediate disposal of certain holdings which have been apof certain holdings which have been ap-plied for.

Three appraising parties are now in the field, placing a valuation on the 80,000 acres held by the company. The general manager is positive they will be in posi-tion to locate many thousands of settlers during the present season.

HARMON'S CHANGE GOOD

OHIO REPUBLICAN THINKS DEM-OCRAT WILL WIN.

Taft Popular, but Insurgency Has Foothold and Members of Congress Are Embarrassed.

"Although I am a Republican and vill not vote for him, I believe Judson farmon will be re-elected Governor of Ohio," is the way Samuel Butler, of Ohio," is the way Samuel Butler, of Columbus, O., who is staying at the Oregon Hotel, sizes up the political sitation in his home state.

"Harmon is recognized as a very able an," continued Mr. Butler, "and he ade himself popular by his investigamade himself popular by his investigations of state offices and by unearthing graft. It has been generally considered that he leaned toward the
lignor interests, which have taken an sidered that he leaned toward the liquor interests, which have taken an active part in Ohio politics, but his attitude in removing the Mayor of Newark, following the lynching of an antisaioon detective, indicates that he is not tied to them. He is considered fair in all his dealings, he is strictly business he everything and any candidate against him will have an uphill fight."

Asked if James R. Garfield, who opened the insurgency campaign in Ohio, will be an influential factor in politics, Mr. Butler sald:

"Garfield is popular because of his father. He will have some influence in the state, but whether he is strong enough to land Ohio in the insurgent column remains to be seen. Politics are peculiar in Ohio, and conditions were never more uncertain than now. President Taft is very popular, because Ohio is his native state. There is an element of insurgency in the state that places the Ohio Senators and representatives in an embarrassing position. They are wabbling, not knowing which side to take. In the northwest part of the state the "standpatters" have re-

tained their hold, but the rest of the state is uncertain. "It would seem that Garfield's address, starting a campaign of insur-gency in the state, will split the party wide open and the re-election of Har-mon is more than ever assured. The "standpatters" will not vote for Har-mon, nor will they support Garfield, while the Democrats will go down the line to the man for Harmon. So there

City Officials Plan to Remedy Conditions in Sellwood and Other Suburbs.

PRIVATE PLANTS GRILLED

Patrons Say They Pay \$2 a Month and Get Wretched Service-Action of George W. Brown Is Surprise to Board Members.

Immediate relief for residents of the Sellwood district by the enforcement of in alternate day irrigation arrangement and for the people of Woodstock, Ivanhoe and Woodmere through connection of the Brown and the Fleck private systems with the Bull Run pipes is the net result of yesterday afternoon's session of the Water Board.

Water Board.
One of the most startling discoveries, as it developed at the meeting, is the fact that George W. Brown has not used one drop of Bull Run water this year, but that he has been consuming what rightfully belongs to Ivanhoe and Woodstock patrons of the Fleck system, who pay \$2 a month for it and get little or none.

Mr. Brown, when pressed hard by his Mr. Brown, when pressed hard by his patrons last year, asked the Water Board to supply his system with Buil Run, saying he would sell it to his patrons through his private system. Otherwise, he had an insufficient supply. The members of the Board granted his request, simply charging him meter rates. Everyone thought there would be an end to the water search; in that district, but to the water scarcity in that district, but it now transpires that Brown is not using any Bull Run, but is getting water from Fleck's private system at cheaper rates.

People Can't Bathe. Meanwhile Fleck's patrons can't bathe, irrigate their lawns or get a drink of water except at rare intervals, although they are charged & a month and are forced to pay it. Fleck has defied them to do anything, according to statements made by Miss Kate Parker, George A. Carsley and others, who were present at the Water Board meeting vesterday af-

Carsiey and others, who were present at the Water Board meeting yesterday afternoon with a mighty protest.

The result is going to be one of two things—either there will be a connection between the Brown and Fleck systems, with Bull Run water used liberally for the patrons of both companies, or the Water Board will lay huge mains through the teritory of both concerns and put them out of business.

This course was decided upon by Mayor

them out of business.

This course was decided upon by Mayor Simon and Messrs. T. B. Wilcox, J. C. Ainsworth and W. B. Mackay, members of the Board, and the subject was referred to Messrs. Ainsworth and Mackay. They will hold a meeting today with Brown and Fleck, in an effort to secure amicable arrangement with them, to the end that immediate relief may be given the patrons. the patrons.

Mayor Is Surprised.

It was a great surprise to Mayor Simon and members of the Board when they discovered that George W. Brown, owner of the Woodmere Water Company, not used a drop of Buil Run water this year, and they made it known in no uncertain terms by laying their plans to insure relief. They had supposed until then that Brown was furnishing his customers with a liberal supply of Buil Run, but it was stated by Superintendent Dodge that he has not used any of the city's supply this year.

from the districts affected declared in positive terms that neither Brown nor Fleck were giving their patrons much water for the rates charged, and Mr. Wilcox told the delegation that he would not pay for anything he did not get, and advised them to do the same.

"We are more than willing to pay for the control of the same of th "We are more than willing to pay for water." declared Miss Parker. "I personally am willing to pay double the amount my essessment may be, if only I water. We can't get along the returned they had wandered they had wandered can get water. We can't get along without it much longer."

Fleck Is Grilled.

Miss Parker and the others grilled Fleck in unmeasured terms, charging him with defyic, them in their efforts to get water, and saying that he has said he wants the city to condemn his plant and take it over at great profit to him. "But we feel that, if it is condemned." said Mr. Carsley. "It should be handed

Ohio, will be an influential factor in as there is sufficient water now with collities, Mr. Butler said: will today pass the necessary resolution starting the large reinforcing main, with the route included.

Kenilworth Is Complaining.

The people of Kenilworth will hold a mass meeting next Monday night to con-sider the situation. In Waverly-Rich-mend there is shortage of water and the upper stories of all buildings are report-ed without water for any purpose. Ben Riesland, president of the Seventh Ward League and member of the water committee from the league, has called a meeting of the members of the water committee for next Tuesday night in his office in the Falling building to adopt plans for action. Mr. Riesland said: "We do not approve the temporary ex-

pedient of laying a reinforcing main to connect with the Sellwood main. We want a complete system. Woodstock and Ivanhoe, now supplied with water from the Woodstock plant, want Bull Run water and are entitled to it. They are inside the city limits. Ivanhoe has are inside the city limits. Ivanhoe has scarcely any water, for the Woodstock plant is not sufficient. We have the plans of a system that will supply the district, which we worked out some time ago. We shall insist on a system that will cover the entire district and will op-pose anything less than this."

Sellwood Conditions Rivaled. E. Moldendauer, member of the water committee of the Seventh Ward League,

discussed the water situation in Kenli-worth yesterday, remarking: "Conditions in Kenliworth Addition and In the surroundings are just as bad as in Sollwood. There is wide and deep in-dignation expressed by hundreds of peoler Banking Company, of Hood River, is at the Perkins.

JURY DISCUSSES TAXATION Committee to Be Appointed to Confer With Premier Laurier-Navigable Channel From Robson, B. C., to Portland, Is Plan.

A. P. Stockwell, millionairer timber owner and logger of Aberdeen, were the three important witnesses before the grand jury today. Their testimony went over the matter of taxation of Action taken by the Chamber of Comnerce yesterday at the weekly meeting of the board of governors leads to the celler that the deepening of the channel in the Columbia River, so that it will be timber and corporation property in the navigable from Portland to Robson, B. C., is a matter of the near future.

The jury interrogated the men on the matter of valuations on timber, in this The Canadian government invited the way trying to find out whether a fair and equitable assessment had been placed on timber throughout the county regardless of the low value. It was learned that some timber, regardless of commercial bodies of Portland to take up the matter. At the meeting yesterday a resolution was adopted requesting President Knapp to appoint a committee to meet with Sir Wilfred Laurier, Premier, and members of the Canadian Cabinet at Nelson, B. C., September 1. At that meeting the Portland men and the Canadians will resolve themselves into its location, was assessed higher than other timber, but on a whole the valuation placed was much too low.

W. Fowler, a real estate man of Seattle, appeared before the jury. After he was dismissed the jury spent an hour deliberating, and then recalled F. R. Archer. Canadians will resolve themselves into a committee of the whole to discuss the

"If the Canadian government will attend to the channel from the International boundary," said Secretary Giltner yesterday, "it should be easy for Portland to see to the rest. Juror Robert Ewart, who was taken

ill Saturday, being overcome by the heat, was not in attendance. Fred Spaulding, juror, of Satsop, today appealed to Judge Irwin to be excused, stating that he was suffering from heart trouble, and the strain was too much for him. Judge Irwin is reported "The river is now navigable as far as Priest Rapids, including the operation of the boat railway at Celilo. From Priest Rapids to Wenatchee some work is required, but from Wenatchee to Okanogan much for him. Judge Irwin is reported to have said that should his condition grow worse he would allow him to go

the river is practically in shape.

"Portland should realize this as a great opportunity. We want men of influence on this committee. To Portland the benefit of the open river will be incalculable. In place of having products of British Columbia go east by way of Vancouver, they will come directly to Portland. It is impossible to overestimate what this means. It is Portland's chance, but Portland was the wide-awake enough to land must be wide-awake enough to realize it."

The board resolved that the closing of

Naturalized citizens try the patience of the registration cierks at the Courthouse these days. Not a day passes that one or the draws for a short time in the even-ing be taken up with the Oregon representatives at Washington. A resolution was passed to the effect that the Chamber of Commerce collabor-

naturalization papers. Without these the law provides he cannot register.

Yesterday morning a man appeared who said he had taken out his citizenship in San Francisco, and that he had lost his papers and could not secure duplicates because the records of the Superior Court of San Francisco, were all destroyed in ate with the American Embassy Associa-tion. The association is working for the improvement of the offices and residences of American Ambassadors abroad. The Chamber decided not to advoc any Apple day for Oregon, which, it been suggested, should be celebrated i of San Francisco were all destroyed in the fire of April, 1905. He was not al-lowed to register, as the California Legbeen suggested, should be celebrated like Raisin day in California. The reason for opposing Apple day in Oregon was that the apple is grown everywhere, while practically the entire raisin crop in the United States comes from California and from a radius of 58 miles of one town in that state.

The cover for the new book on Oregon was enthusiastically received. The book islature made provision for just such per-sons by passing a law through which they can secure copies of their papers by making affidavit in the San Francisco Su-perior Court.

The only Populist who has registered

The cover for the new book on Oregon was enthusiastically received. The book again emphasizes the slogan: "Oregon—the Land of Opportunity." The cover is in old-fashioned paper board, with rough edges and is printed in cream. A young woman, bearing a basket of Oregon fruits, is looking toward the state seal of Oregon, while at her feet lie various products for which the state is famous. At the meeting of the trustees, the following were elected to membership: W. P. Myers, C. E. Smith, F. B. Holbrook Company, C. C. Chapman, Oregon Engraving Company, Alfred A. Ays, L. W. Davidson, I. P. Carr, C. G. Hoover, H. I. Keeney, H. W. Darby, Carl J. Butsch and Carlsbad Hot Springs Sanitarium Company. this year signed the books yesterday. He lives at \$25 Haight street, and gave his name as Rev. Ira Wakefield. He is 79 years old and is a native of Massachusetts.

The total registration now stands at 11,800, there being \$155 Republicans, 1604 Democrats and 1941 miscellaneous. On the same day in 1908, 9512 had registered, 7217 being Republicans, 1701 Democrats and 494 miscellaneous. tarium Company.

SPOKANE. July 12.—Rev. James W. Kramer, pastor of the First Baptist Church of this city, today received a telegram from the First Baptist Church of Tarrytown. N. Y., urging him to preach there, on trial, during the month ALKS on TEETH of August. Tarrytown is the home of John D

While our specialty is the great Alveolar method of dentistry—replacing missing teeth without plates or bridgework—If you have two or more teeth in either jaw, whether tight or loose makes no difference (we will tighten the loose ones), we will replace every missing tooth as solid and sound as those that nature gave you. With these teeth you will be able to chew beefsteak or anything else you care to eat and get all the enjoyment you used to get when you had all your natural teeth.

Pyorrhea, the most dreaded disease of the dental profession, commonly known as Riggs disease, a disease that dentists as a whole have given up as incurable. We claim to cure—and do cure—this dread disease. We have hundreds of cases to refer to right here in this city and state. There is seldom a day that we do not discharge one or more patients from our offices as cured of this awful disease.

In a majority of our advertisements we lay great stress on our specialty—Alveolar dentistry. The work is so remarkable in its character that it is apt to overshadow those other cases which come to us—the simple cases. We don't want the idea to obtain that we are Alveolar specialists alone. We are that, but something more—general practitioners of the first class. We do dentistry in all its branches, from the simple piece of filling up, and our cherges are reasonable—more so than that of the average first-class dentist. Send for Dr. Rex's booklet, "Alveolar Dentistry"; it is free.

Remember, please, that dental work cannot be too good, and that cheap work is expensive at any price. You may as well begin with the best. You'll have to have it in the end, if you want service, comfort and beauty.
