District to Build Before Restrictions Are Enforced.

DIRECTORS TAKE ACTION

Cost of New West Side High School Would Be Increased \$140,000 if Structrue Were Made Fireproof-Fund Is \$350,000.

Unless the directors of School District No. 1 rush through their plans and award a contract for the proposed new West Side High School before January 1, it will cost the taxpayers \$140,000 more, as the new building code it will have to be

of fireproof class A construction. In view of this fact the directors yester-In view of this fact the directors yester-day afternoon adopted a resolution direct-ing Architect Whitehouse to prepare the necessary plans and specifications for the proposed building, so that bids may be had by November 1. This will give the directors two months in which to con-sider the bids and to award a contract, thus escaping the provisions of the new building code, which will go into effect January 1, 1911.

Chairman Sitton and Directors Sabin

Chairman Sitton and Directors Sabin, Beach and Campbell discussed the subject at considerable length yesterday during the meeting of the board and unanimous-ly decided to proceed with mill construc-tion, instead of trying to build a fireproof structure at the great increased cost, as state.

Bond Issue Gives \$350,000.

There is a bond issue of \$55,000 voted by the taxpayers of the district last Decem-ber, and this is all the directors legally could use in construction of the High could use in construction of the High School without a special session of the taxpayers or by waiting until next December to ask for the extra sum of money necessary to build a class A structure. Director Sabin brought up the subject and was of the opinion that it would be to the best interests of the taxpayers of the district to proceed at once with the building of a mill construction school house, and he later moved that it be the sense of the board that the architect be instructed to proceed as rapidly as posinstructed to proceed as rapidly as pos-sible with the plans and specifications. The resolution was adopted. While it is the unanimous opinion of the members of the board that fireproof

buildings are unnecessary for school pur-poses, nevertheless, after January 1, 1911, they will be compelled, under the terms of the new building code, to build fire-proof buildings.

The board decided to ask for bids on

both mill and fireproof construction, in order to have the necessary data at hand in case it should be found expedient to ask the taxpayers for the additional sum for a class A building for any reason.

Janitors in the district are to be called together each month and Superintendent Rigier will instruct them in their duties. Those receiving less than \$40 a month are to be paid for the months during vacations, so they will be able to spend the necessary time in taking care of their respective buildings. This was confered by respective buildings. This was ordered by

Clerk Thomas questioned the correctness of a report by the police, signed by Chief Cox, saying that they had investigated recent thieving in certain school buildings and had come to the conclusion that the buildings were left unlocked by repair

orews.

"The report mentions repairs at the Sellwood school," said Clerk Thomas, "and, as a matter of fact, there have been no repairs at all there."

Petty Thieving Frequent.

There has been petty thieving, such as boys sometimes do, in Vernon, Sellwood and Highland schools, windows being broken to gain entrance.

Drinking fountains of the bubbling variety are to be installed in the various schools, and bids were opened for some of these yesterday. They will cost about \$6 each, but are said to be necessary from a sanitary standarding. The old cun system.

JEWISH RACE EXTOLLED

WHAT JEW HAS DONE.

People of Israel Lauded for Methods in Accumulating Fortunes Honestly.

Extolling the Jewish race as bankers merchants and statesmen, Dr. Madison C. Peters, of New York City, spoke to a large audience last night at Temple Beth-Israel on "What the Jew Has Done for

Modern Civilization." Modern Civilization."

Dr. Peters said the great fertunes of America, with but few exceptions, had been huilt up by class legislation and means by which the few were enriched and the masses despoiled, but the Jews in the main made their money as merchants and manufacturers, had been masters of finance long before any other tack and had organized civilization be-

masters of finance long before any other race and had organized civilization before Socrates taught philosophy or Herodotus wrote his poetry.

Declaring that the Jewish race had produced more great men in proportion to their number than any other race and that their wealth had been acquired, for the most part, by honorable methods, Dr. Peters continued:

"Who watered the railroad stocks of the country, looted the life insurance companies, grabbed the land of the Nation, coveted the necessities of life and mortgaged the homes of the Republic? Are they Jews? Look at our Congress and State Legislatures. Have the Jews scandalized the Nation? With the exception of one man in San Francisco, the Jews have not figured in the shameless corruption of our municipal politics.

"Among Jews and Christians alike are loud-mouthed, money-inflated, bumptious

Among Jews and Christians alike are loud-mouthed, money-inflated, bumptious snobs who got rich before they had time to acquire culture. The prejudice against the Jew is due to this cause; every Jew is made responsible for the acts of every other Jew.

"Crucifixion is the recognized ortho-doxy of the day with the help of politi-cal schemers. The Jews never crucified. Suppose Christ would denounce the mod-ern pillars of the church whose processes of money-making should consign them to the penitentiaries rather than to pews, and the hypocrities whose gifts to cherter to the penitentiaries rather than to pewa, and the hypocrites whose gifts to charity they are only giving back to the people whom they robbed. His enemies would denounce him and would mob his followers. They would at least wish to crucify him. Let us remember this when we sit in judgment on a Jewish mob of 1960 years ago, a party that no more represented the Jewish race today than many modern churchmen represent real Christianity."
