### DEGON IN DE WELL

Present Postoffice Property Will Not Be Sold.

BOURNE TELLS OF PLANS

New Site for General Delivery Purposes to Be Bought Within Half-Mile of Union Depot-Owners Offer Several Locations.

That it is not the intention of the Treasury Department to sell the present postoffice site, on account of Congress having appropriated \$50,000 to be expended for the purchase of a site for a new building, was made certain through a telegram received yesterday by Secretary E. C. Giltner, of the Chamber of Commerce, and duplicated to Postmaster

C. B. Merrick.

As soon as it became known that blds for furnishing the new site were to be received in Washington up to August 2, the Chamber of Commerce and the Commercial Club were besieged for information as to what disposition should be made of the old block at Sixth and Morrison streets. Telegrams were disposited. made of the old block at Sixth and Morrison streets. Telegrams were dispatched to Scontor Jonathan Bourne, Jr., and yesterday he advised that the old building would be retained. The Senator stated that in all probability the growth of Portland would necessitate the erection of a new building at that corner for court and other Federal purposes.

The information is the confirmation of the announcement of The Oregonian that whatever site may be finally selected for the new postoffice, the building now used for that purpose will continue to house a large station where money order, regis-

a large station where money order, regis-try and general postal business may be transacted, with the exception of a gen-eral delivery.

General Delivery for Transients.

"It is undoubtedly the tendency of the administration of the postal department to make the general delivery serve transients only." said Postmaster Merrick yesterday. Should that policy be adopted it would be no greater hardship for visitors to Portland to go to any other convenient section of the business district for their mail than to the present building.

With that view of the situation memthe business men's organizations yesterday expressed a more favorable view of a location within the half-mile territory surrounding the Grand Central Station. Under the regulations governing the letting of mail contracts to the of a moth railroads, there is a clause which pro-

vides that the carriers shall deliver the mall at the postoffice when that building is situated within half a mile of the terminal station. Portland is now paying \$12,000 per annum for carting the loads of mail from the main office to the mailing station.

Postal Bank Sito Mentioned.

It is also probable that the location of the new postal savings bank will be in the old building, at which point it would be more convenient for the people who are engaged in downtown sho at all hours of the day and in the vening.
There was a great scramble yesterday

among the owners of blocks in the dis-trict surrounding the Grand Central Sta-tion to arrange their offers of property and submit them to Washington in time for consideration. The bids will be opened August 2, and soon thereafter an agent of the department will come to Portland to look over the offerings.

CARS RACE FIRE ENGINES Chief Urges Protection for Firemen From Reckless Motormen.

Fire Chief Campbell is urging the enactment of an ordinance that will eliminate the grave danger of collis-ions between fire apparatus and cara of the street railway systems in this city. Of late there have been serious consequences because motormen have persisted in taking the right of way over even Chief Campbell's automobile.

"I have run my automobile as fast as 30 miles an hour, having the speed-ometer in operation so that I am post-tive, and still have been outrun by streetcars," says the Chief. "Some-thing must be done to protect the fire department's men and apparatus. The department should have the absolute right of way, without question, when going to answer alarms, but as it is now the streetcar employes deliberately try to get in ahead of us."

One day this week Chief Campbell

was hurrying to a fire on the East Side and had to wait for the draw to close on the Morrison bridge. When the draw closed, the Chief says, a streetcar was started and ran in ahead of his machine, thus delaying him to a considerable extent. Last Saturday morning a streetear

ran into a chemical wagon at First and Morrison streets. Chief Campbell has reports from his own men and from the policemen at the corner showing that the motorman did not heed the officer's signal to the driver of the wagon to proceed, but started his car and caused the collision

\$25.00 suits \$75.55 \$30.00 to \$40.00 suits now \$23.75 Fully guaranteed. Should the coat lose shape in one year's wear, we will give you a new suit.

POLICE ON EAST SIDE.

New Machines Have Effect of Increasing Scope of Work by Local Department.

If you are speeding an automobile, riding a bicycle on the sidewalk or ioing a little job of second-story work anywhere in the suburbs and should hear the chug of a gasoline engine in the vicinity, it is high time to hunt cover, for the noise may come from a brand new motorcycle, operated by a member of the city police force. Two of the contrivances are now in service. on the East Side for the present, and they will pay especial attention to

the outlying districts. The new machines, the purchase of which was recently authorized, were received and at once put into commission yesterday. Patroimen Sims and Evans were assigned to duty on them.

It is calculated that in the matter of covering territory, a mounted police-man is as good as four afoot, and as the motorcycles can easily travel twice as fast as a horse at an ordinary gait, a net gain of 14 has been made in the number of patrolmen on the force by the introduction of the new ma-chines. It is probable that if the test

is satisfactory, the number of the mo-torcycles will be increased.

Nick Teslick was sentenced to 20 days on the rockpile in Municipal Court days on the rockpile in Municipal Court yesterday for carrying concealed weapons. Teslick was arrested with Mike Bonervich, on July 4, after the stabbing of Pete Stalck, at Second and Couch streets, of which crime Bonervich is accused. When arrested, Teslick was found to have in his possess. lick was found to have in his posses-sion a set of brass knuckles.

WOODMEN TO SEE SIGHTS Committee Plans Auto Rides-Boak Boosts for Auditorium.

Hewett, Bradley & Co., 344 Wash. st.

For telephoning from a moving train, and lower man has patented a device consisting of a metal bar to be suspended from a locommotive or car low enough to come in committee the city and suburbs will be among the features. A large number of members of the Wooden of Wooden and at depot vations at city and at depot and at depot.

WIDER FIELD COVERED craft are also expected to be present during the sessions of the Woodmen. Head Consul I. I. Book installed the officers of Multnomah Camp, No. 77, and also Rose City Camp, No. 191, last night at Multnomah Hall. There was a large attendance.

In regard to the proposed auditorium in regard to the proposed auditorium.

for Portland, Mr. Boak stated yester-day that such a project would prove almost invaluable to the city.

almost invaluable to the city.

"I notice that a movement is on foot to provide ways and means for an auditorium," said Mr. Boak, "and inasmuch as Denver has recently built a new auditorium, one of the finest in the United States, costing \$700,000 and built and owned by the City of Denver, I commend the efforts now being made by the citizens of Portland and trust they will be successful. A large, well-built auditorium, if properly arranged, will prove one of the most valuable additions to your beautiful city.

will prove one of the most valuable additions to your beautiful city.

"Our auditorium is the best thing
we ever had in Denver as an advertisement. We are now in position to hold
the largest kind of gatherings to the
best advantage. We have a Convention
League which is actively engaged in
efforts to secure as many as possible
of the gatherings of state and National
importance." importance.

Mr. Boak believes that if an auditorium is secured for Portland, a convention league or permanent commit-tee would be of inestimable service.

ESPERANTISTS ARE COMING Believers in Universal Language

M.—from Hoyt-street station, Eleventh and Hoyt. Tickets, parlor and sleeping-car reservations at city ticket office, 122 Third, and at denot.

## REGISTRATION IS SMALL

TEARING OF COUNTY CLERK'S SIGN RESULTS IN DECLINE.

Total Number of Voters Who Signed Books This Week Not as Large as in 1908.

A very poor showing has been made in the registration of voters this week, the number registered being less than those who signed the books during the same period in 1908. The crowd began to thin out as soon as the big sign, which County Clerk Fields has had sus-pended on the Fifth street side of the Courthouse, was torn, Wednesday, making it necessary to have a new one painted. The registration today is ex-pected to be heavier, as the new sign was hung last night.

was hung last night.

Yesterday only 299 voters signed the books, while 314 signed up on the same day in 1908. Thursday, 257 signed, as against 317 in 1908; Wednesday the number was 330, but 344 on the same day in 1908. On Tuesday, the day before the sign blew down, 387 voters signed the books, while 315 signed in 1908.

The total registration is now 12,700, while at the same time two years ago it was 10.473. There are now on the books 9858 Republicans, 1713 Democrats and 1129 miscellaneous voters. At this time in 1908 there were 8067 Republicans, 1867 Democrats and 539 mis-

cellaneous.

County Clerk Fields urges all naturalized citizens to take their naturalization papers with them to the Courthouse, as otherwise they cannot regis-

SUICIDE ATTEMPT FAILS World-Weary Man Hangs Himself by Strap, Which Breaks.

Only the breaking of a strap by which Only the breaking of a strap by which he had suspended himself from a limb of a tree saved James Neutz from filling the grave of a suicide. Neutz, who is about 25 years old, was seen early yearerday morning by Patrolman Hennessy at Burnside street and Union avenue, acting so queerly that the officer stopped him. He had a livid red mark around his neck, and admitted to Hennessy that he had attempted to hang himself with a strap. The strap broke, which he said he regretted extremely. He told the officer that he was in the last stages of tuberculosis and could not live long. Neutz conducted the officer back to East Third and Everett streets, in Sul-Past Third and Everett streets, in Sullivan's Guich, where a broken strap was found hanging from the limb of a tree. It had broken when the suicide threw

his weight upon it. his weight upon it.

Neutz was taken to the station and booked for disorderly conduct. He said that his home was in Minneapolis, and he had a ticket to that place. Judge Ben-

ALLEGED ROBBERS CAUGHT Patrolman Arrests Two Men Said to Have Been "Rolling" Third.

Caught in the act of robbing a man by violence, Harry Graham and Pat Murphy were arrested at the foot of Flanders street early Friday morning by Harbor Policeman A. C. Small.

About 12:45 o'clock, Small was passing along Front street, when he saw a dark object squirming at the foot of Flanders street. He went down and found Graham and Murphy piled on top of a third man, who afterward gave the name of Law-rence Ryan. Murphy was stretched across rence Ryan. Murphy was stretched across parties. The project when completed Ryan's legs, while Graham had him by will irrigate about 20,000 acres of land.

umped up and submitted to arrest. Ryan said: "Catch them; they are trying to roll me." All three were taken into custody. Not a cent of money was found on any of the three when they were searched, but Ryan said he had had \$1.50, and 50 cents was found lying in the street where the scuffle occurred. Murphy and Byan were drunk. The men were arraigned yesterday, but further action went over.

Irrigation Survey Made.

VALE, Or., July 15 .- (Special.)-The preliminary survey work has all been done on the Cottonwood irrigation project, a small one, located near Westfall, in which George W. Hayes, W. W. Caviness C. H. Oxman and E. L. Clark are interested. Mr. Hayes reports that the bonds have been guaranteed them by Portland
