HE SPEAKS TO HELP FRIEND

In Spite of Collapse, Speaker Cannon Declares He Is Vigorous as Ever and Insists on Making Plans for 4 More Speeches.

WINFIELD, Kan., July 17 .- Although he was overcome by heat while deliver ing a Chautauqua address here yester-day afternoon, Joseph G. Cannon, Speaker of the House of Representatives, said today he was feeling as vigorous as ever. He is determined to begin tomorrow a series of political speeches in the fourth Kansas Congres-

speeches in the fourth Kansas Congressional district.

"Uncle Joe," however, qualifies his announcement by saying that he will not attempt to fill all the speaking dates if he suffers from the heat again while speaking at Emporia tomorrow. In fact, he may curtail the Emporia speech to about 45 minutes.

Chief Justiceship Would Round Out Jurist's Career.

TAFT KNOWS OF AMBITION

Retirement Would Be Likely to Follow Eclipsing of Record for Length of Service, to Be Attained in Two Years.

OREGONIAN NEWS BUREAU, Washington, July 17.—It is believed by many that Associate John Marshail Harlan. Eugene & Eastern.

At the Commercial Club meeting last States Supreme Court, may be elevated to the Chief Justiceship by President Taft, when he comes to fill the place left vacant by the death of Chief Justice Fuller. No thought was given to tice Fuller. No thought was given to Justice Harian when this office first became vacant, but it is learned that the great Kentuckian, head and shoulders aboye all his collengues on the Supreme bench, both physically and judicially, covets this appointment and would like to round out his judicial career at the head of the court of which he has been a member reach. career at the head of the court of which he has been a member nearly 23 years.

President Taft is personally fond of Justice Harlan, and the two are quite intimate. Moreover, it is known that the President has a high regard for Harlan's ability as a judge. Justice Harlan probably would occupy that place only a short while, and would likely retire before the close of President Taft's term.

Promotion Has Been Farned

Few men of the judiciary in these days stand as high in the estimation of the country as Justice Harlan. He has been one of the bulwarks of the Su-preme Court during the whole of his long and honorable career. Some of its most important decisions have been written by him, and on all intricate cases his counsel weighs heavy with his colleagues. If long and faithful servte ever earned promotion for any mar Justice Harlan has earned promotion to the Chief Justiceship, and the President may consider this when he comes to fill the vacancy.

In two years, if he lives, Justice Harlan will have broken all records for longevity of service on the Supreme bench, and, if promoted, it is believed he would retire soon after he cellpsed the record. His desire to establish a new record is about as keen as his de-sire to become Chief Justice, and, should he attain both ends, he would be perfectly content and retire to enjoy remaining days in ease and com

Leadership Is Recognized.

Justice Harlan, as has been said in these dispatches heretofore, is the last of the "old school" on the Supreme banch. His name and his fame are better known by far than that of any of his remaining associates, and, with the late Justice Brewer, he has been for years recognized as a leader of the highest tribunal in the land.

President Taft, in appointing Justice Harlan as Chief Justice, would not only honor the court, but honor the Nation's most honored judge, and one who bears the name and revers the memory of the greatest Chief Justice in the history of the court, John Marshall.
