GREAT DISTRICT BURNING

Section Around Spokane and in the Coeur d'Alenes Is Fiery Cauldron—Life and Property of No Regard to Flames.

SPOKANE, Wash., July 18.—(Special.)

A forest fire driven by a sweeping gale through the dry pine forest on Mill Creek, 18 miles northeast of Colville, yesterday surrounded the homestead cabin of Miss Pearl Brewen, aged 22, a teacher in school district No. 156. Before assistance could reach her she and her little niece, 1 year old, daughter of Hon. J. S. Wyman of Plains, Mont., were burned to death. Dozens of determined men vainly sought to reach the cabin, but were driven back.

W. W. Clark, residing on the south fork of Mill Creek, arrived at Colville this morning and reported to prosecuting attorney H. G. Kirkpatrick the harrowing details of the pretty schoolteacher's death. She was in her lonely homestead cabin, her niece spending the Sunday with her.

Carelessness Starts Fire.

The gruesome tragedy was the result of a forest fire set by W. A. Trowbridge, a near neighbor, clearing a slash, Mr. Trowbridge, bookkeeper for the Lane & Bronson Sawmill Company, went to his ranch Saturday night and on Sunday morning, with Messrs. McNitt and Nichols, his neighbors, lighted the pile of brush.

A gale sprung up from the south and swept the flames to the woods and on up the valley and to the mountain sides, covered with a dense growth of pine, fir and tamarack, and with heavy undergrowth as dry as tinder. A. J. Hanson, Deputy Fire Warden, who was attending a meeting at the schoolhouse, was the first to see the danger in store for the settlers up the valley, and he immediately summoned every able-bodied man to his assistance. Many people at the meeting, whose homes were in the path of the fire doubtless escaped a horrible death by the fact of being away from home.

Trowbridge Under Arrest.

Trowbridge has been arrested, and two other men and he will be taken to jail. The settlers are very angry, and Sheriff Graham is prepared for emergencies. Millions of feet of timber have been burned in the last two days.

Warden Hanson about 10 o'clock arrived at Colville with Trowbridge in custody, and prosecuting attorney H. G. Kirkpatrick, who, with coroner A. B. Cook and undertaker W. S. Prindle, was just leaving the courthouse for the scene of the death of Miss Brewen, ordered the prisoner to the custody of Sheriff W. H. Graham. It was announced that McNitt and Nichols would also be arrested and held pending an investigation.

According to Mr. Clark, Trowbridge had been warned personally not to set fire, that it was contrary to law.

Mrs. Wynan is a sister of the dead woman, and the aged mother, who is also a homesteader in the neighborhood of the fire, but whose home was fortunately outside the path of the fire, is prostrated.

Four Killed at Kaslo.

Fleeing from Sunday's forest fires near Kaslo, B. C., four men, escaping into the mouth of the Lucky Jim zinc mine, were suffocated with the choking and sickening smoke that followed them, the open mouth of the tunnel shaft acting like a forced draught to the smoke and flames. The names of the dead are: S. W. Pierson, Charles Norma, W. A. Chestnart and David Peterson. Ted Lucas is missing. Four bodies have been recovered and are at the undertaking parlors at Kaslo.

The fires burned the boarding house, the compressor building, the ore house and a powder magazine of the Lucky Jim, only the office and small buildings at the portal of the tunnel being saved. The fire has swept everything from three Forks past Whitewater. Several buildings were burned but several buildings are reported destroyed. The Payne and Rambler mines lost all their buildings. All bridges between Bear Lake and the Payne River, and all buildings at McQuay and Whitewater are gone. Bridges are threatened east of Whitewater.

The forest fires which are raging along the south and west forks of Pine Creek in Northern Idaho are reported to be gaining headway today and many settlers have abandoned their homes and are fleeing for safety. Twenty-five men were sent from this city this morning by interested timber companies, to join the large force of fire fighters already in the field.

George Thompson, who fled from his homestead yesterday, has not been heard from and is believed to have been lost. Among other refugees who were driven from their homes in the Pine Creek district are William Burrows, Vincent Beck, William Tyson

NEW DOWIE SEEKS ZION CITY PRIZE

SELF-STYLED KING OF SOUTH SEAS REACHES CHICAGO.

Brother of "Elijah I" Issues Proclamation to Followers of Cult to Rally to Standard.

CHICAGO, July 18.—(Special.)—"King" Dowie, alleged brother of the late John Alexander Dowie, "Elijah I" and self-styled monarch of the South Sea Islands, arrived in Chicago today to wrest from Wilbur Voliva control of Zion City.

Dowie claims the mantle of Elijah by right of kinship, and to back him up with spiritual authority has brought along "Pope" Schrader, who has a church of his own in San Francisco. They are staying at 1112 Wabash avenue, from where they have issued a proclamation to all true followers of the Dowie cult to rally to their standard.

The \$300,000 estate of Zion City, which Overseer Voliva has contracted to buy, is the goal of their ambition. To the King this sum is a small matter, a mortgage on the South Sea Islands will produce the coin, provided some one can be found to buy the mortgage.

"King" Dowie looks something like his brother, and "Pope" Schrader has a flowing beard and curling locks.

MOROS ATTACK WORCESTER

American Saved From Assassination by His Bodyguard.

MANILA, July 18.—Dean C. Worcester, American Secretary of the Interior for the Philippines, was set upon by renegade Moros on the Island of Palawan today and escaped assassination only through the alertness of his bodyguard, who shot down the outlaws, killing three of them.

Secretary of the Interior Worcester was touring the island, which is the most westerly of the larger Philippine group, and was present at the installation of the new Governor. In anticipation of his coming, a band of Moros planned his death. Armed with bolos, they laid a trap for the Secretary. He found himself the object of a savage rush. Captain Moynahan, of the scouts, was the first to recognize the hostile movement, and he ordered the scouts to fire. Three Moros who led the attack dropped dead, while several others received more or less severe wounds. The rest fled.

CANNON STILL IN RACE FOR SPEAKER

"Muckrakers" Can't Compel Withdrawal.

"Uncle Joe" States Position in Speech at Emporia.

MADE SCAPEGOAT, HE SAYS

If Life Is Spared, Statesman Says, He Will Be in Congress Again. Does Not Seek Speakership, but If Named, He Will Run.

BURLINGAME, Kan., July 18.—Joseph

G. Cannon will not drop out of the race for the Speakership of the next House of Representatives. This he made plain near the conclusion of his speech at Emporia, Kan., this afternoon. He said he would abide by the will of the Republican caucus if the Republicans control the next Congress, but that no "muckraking business" could make him say he would not be a candidate.

In other words, he said he would not make an effort to win the Speakership, yet the emphasis with which he spoke made it plain that if the Republican caucus should nominate him, he would be willing to serve. Speaker Cannon's remarks on the Speakership were made just before he left the platform at Emporia to catch a train for Burlingame, where tonight he makes his third political speech in the Kansas primary campaign.

Speaker for Eight Years.

Speaker Cannon's utterances on the Speakership follow verbatim: "I am Speaker, and in March next I will have been Speaker for eight years, a longer continuous term than any other man ever served as Speaker since the foundation of the Government. There was only one man who has had a longer service as Speaker than I have had, and that was an interim of four years in his service. That was Henry Clay, who in the aggregate served 10 years as Speaker.

"Somebody has got to be the scapegoat through magazines and letters. Candidates for Congress are asked, 'Will you pledge yourself not to vote for that old Caesar for Speaker?'"

If Alive, Will Be in Congress.

"Oh, the scapegoat! This little 154 pounds of clay cannot bear many sins off into the wilderness. If my constituency is as kind to me as it has been for 36 years, I will go back if God spares my life and be in the next Congress, either in the majority or in the minority, and I would rather be there in a Republican minority, a real virile Republican majority, than to be one of my apparent majority that could not take account of stock and know from one day to another whether it was the majority or the minority. They wanted me to pledge that I would not be a candidate for Speaker if the Republicans have a majority of the next House.

Will Support Caucus Nominee.

"I will meet in caucus and select a candidate for Speaker. I will be in (Concluded on Page 2.)"

KAISER PENS VERSE TO PRETTY GUESTS

GIRLS ASK TO GREET EMPEROR AND ARE INVITED TO TEA.

Students of Physical Culture Delight Ruler of Germany, Who Pays Them Poetic Tribute.

BERLIN, July 18.—Twenty German girls who are studying physical culture at Loftus, near Odde, sent a telegraphic request to Emperor William last week that they be permitted to visit his majesty, and bring an offering of fruit and flowers while the imperial yacht Hohenzollern was in the vicinity of Odde. The Emperor replied, inviting the girls to tea.

The delighted young women arrived bringing with them a quantity of chocolate to make doubly sure their welcome.

After the yacht had sailed the Emperor telegraphed to the girls a quatrain, which, translated into English, reads as follows: You wish us your chocolate drink, Fair maiden, one and all, we thank; A fresh young liver as sweet may seem As sugar chocolate, crowned with cream.

The verses were signed "William II. and Traveling Companions."

DELEGATES SHOW ENTHUSIASM

Adjourned Meeting Urges Men for State Legislature.

SLATE CHARGES DENIED

Republicans Express Themselves as Ready to Exert Themselves for Success of Party—McArthur and Clarke Define Positions.

After three close ballots, the six additional

men were named to complete the legislative ticket to be recommended by the Republican assembly were selected last night at an adjourned meeting in the Masonic Hall. The men named are H. D. Angel, H. E. Collier, Peter Hokkirik, Frank W. Stapleton, Peter Hume and E. L. Rayburn.

Over 350 delegates attended the session, which was marked by the same hearty enthusiasm that attended the assembly of Saturday. A number of rousing addresses were made by representative Republicans while the ballots were being counted.

When his labors had been completed, the delegates adjourned with three rousing cheers for the assembly, and every man went forth pledged to take off his coat and work for the welfare of the party and the success of the ticket as recommended.

Assembly Called to Order.

The assembly was called to order by Chairman Stapleton a few minutes after 8 o'clock. A roll call by precinct was attended by 358 responses. Hence 140 votes were required by each candidate for recommendation in order to win.

It was seen shortly that the delegates had not assembled by precincts, and suspicion was voiced in several quarters that persons other than delegates might attempt to vote.

In another order to the platform, and he took occasion to denounce the unwarranted charges by enemies of the assembly that a slate had been put through. He also went into the subject of the direct primary law in Oregon. I am not in favor of a law that ignores the right of a political party to organization. I think the direct primary law is defective in that respect and would be improved by amendment.

CHIN KEE RICHEST SEATTLE PRISONER

CHINAMAN HAS COIN AND PA- PER WORTH \$150,000.

Oriental Is Arrested for Possessing Opium, and Officers Find Treas- ure in His Cabin.

SEATTLE, Wash., July 18.—(Special.)—In the person of Chin Kee, a Chinese laundry owner who has operated laundries in the cities of the Pacific Coast, Kitsap County has the wealthiest lodger ever incarcerated in its jail.

When Kee was brought over to the King County Jail this afternoon he occupied the same financial honor here. For Kee, when arrested, had in gold coin, paper money and certificates of deposit \$150,000.

Kee was arrested by United States Inspector Hamer Friday afternoon for having opium in his possession. Under the statutes it is now a crime to have the poppy drug, even for one's own use. When Kee was arrested in his room, the officers discovered two huge wooden chests. These they decided to seize and search, believing they contained opium.

When they attempted to carry them from Kee's room, they were too heavy to move. How they were carried into the room has not yet been discovered. It was decided to open the chests in the room. The officers found no opium, but they did find sack after sack crammed full of certificates of deposit, gold coin and paper money. They carried the sacks to a place of safekeeping, after estimating that the Chinese's wealth amounted to at least \$150,000.

WAR FOR OPEN SHOP RAGES

Attempts to Arbitrate at Stockton Meet With Failure.

STOCKTON, Cal., July 18.—(Special.)—The war for open shop is on in earnest in Stockton, and both sides declare they will not recede from the stand taken.

Today the citizens committee, which has been making an effort to arbitrate the differences between employer and employes, resigned, as it had reached the conclusion it was useless to make any further attempts to adjust matters. Last week the carpenters offered to make the new scale \$4.40 instead of \$4.80, the original amount they demanded, but the Contractors' Association held out for the flat sum of \$4, and declared they would not pay an order cent.

About a dozen meetings were held by the committees from the contractors and carpenters, but no time was the dispute in a fair way to settlement. The contractors notified the carpenters that unless they returned to work by 8 o'clock this morning, other men would be secured to take their places. Very few mechanics went to work and carpenters, but no time was the dispute in a fair way to settlement.
