AFT VISITS FAR

President Passes Through Canadian Waters on Way to Eastport.

SPEAKS WELL OF CANADA

Administration Striving for Closer Relations With Canada and Will Soon Have Settled All Disputes With Britain.

EASTPORT, Me., July 19.—President Taft reached the northeast corner of the United States today. It was the first time a President had visited this section of the state and for Mr. Taft it completes travels to the four quarters of the country. He said today that his tours of the United States always deeply impressed him with the homogeneity of the people, their aims, ambitions and their ideas of true American citizenship being everywhere the same.

Mr. Taft and members of his party are stoping tonight aboard the yacht Mayflower, in the harbor. She will sail at 9 tomorrow for Bar Harbor, ar-riving there at 3 P. M. for a three

The President spent an hour and a half ashore this afternoon and made a ten-minute speech. He did not touch on politics. He did say, however, that he did not see just why Maine should have her elections two months earlier than most of the other states. The election here is to be held this year September 12, and the Republican leaders are hopeful Mr. Taft's presence in the state and his speeches may have a good effect.

Draw Canada Closer.

In his speech the President expressed hope that closer commercial relations with Canada may be established in the

with Canada may be established in the next 12 months.

To reach Eastport today the Mayflower had to thread her way through Canadian waters. She is anchored tonight just on the Maine side of the Tine. Eastport is almost entirely surrounded by foreign territory. Looking over the waters of the Passamaquoddy Bay from the quarterdeck of the Mayflower this afternoon, the President's eye caught the British ensign fluttering from the staffs of many islands. Eastport formed a decided contrast, however, for nearly every building here however, for nearly every building here was dressed in American colors and bunting. Mr. Taft said, in part:
"On behalf of Mrs. Taft.

"On behalf of Mrs. Taft and myself, I beg to extend our grateful acknowledgments for this cordial reception. When I was a lawyer, there used to be a legal maxim that the proper way to understand a written instrument was to take it up by its four corners, and it seems to me the same rule applies to the coun-try. The proper way to understand the country is to go to the four corners and the places between. Now, I have been at Seattle, San Diego, to the southern-most point of Florida, and now at Eastport, and I have found the same people, ihe same patriotic spirit, the same progressive civilization at each of these four points and also between them. When a man has had that privilege, he may be said to understand the American Nation. It is true they talk a little more through their noses in this part of the country than they do farther south, but

ome closer, we shall think our-

"We have reached a time when neither ought to be envious of the other, but each ought to be convinced that the mare presperous the one, the more likely the other is to be prosperous, and that the growth of the trade of one means the growth of the trade of the other. "It is pleasant to see all the controversies between Great Britain and the United States, which have been many in the past, are now settled or in the course of settlement by arbitration. This is the first time in the history of the two countries when that could be said."

CHARGES ARE GROUNDLESS

Russian Agent Finds Peasants Well Treated in Hawaii.

WASHINGTON. July 19.—An agent of the Russian government who has investigated the charges of bad treatment of Russian peasants on the sugar plantations of Hawaii does not sustain the allegations of poor pay and persecution made to this Government.

M. Kerberge, Councillor of State, in a lengthy report, the gist of which has been transmitted to the State Department, declares the charges of insufficient wages, difficult work and cruel treatment are unreasonable.

He reported that professional agitators were responsible for the disturbances, and that they even prevented the Russians from returning to work.

The agent reported the peasants had no desire to return to Russia, but expected the American Government to pay money anticipated from the sugar planters, after which they planned to move to California or Canada. WASHINGTON, July 19.-An agent of

O'NEIL MEN ORGANIZING Opponents of Brady and French Active in Idano.

MOSCOW, Idaho, July 19.—(Special.)—Barney F. O'Nell, of Wallace. Republican candidate for nomination for Governor, was the guest of honor tonight at a reception at the Hotel Moscow, attended principally by those Republicans opposed to the renomination of Governor Brady and ex-Representative Burton L. French. An O'Nell Club is being organized and it is said a vigorous effort is to be launched to carry Latah County for O'Nell in the primaries.

BOGOTA RESUMES RIOTS

Ill-Feeling Against American Streetcar Line Continues.

tion of its streetcar service today and rioting followed. American lives do not appear to be in peril.

When the trouble began, Maxwell Blake, the American Consul-General, went to the scene and mingled in the mob. He was received respectfully. It is not believed that demonstrators will do great damage to American owned property. Popular feeling is strongly against the operation of the line, which is being strictly boycotted.

The concession granted by the Govern-

The concession granted by the Government to the Bogota City Railroad Company, which was financed by capital from the United States, was unpopular from the first. The concession was received during the Presidency of General Reyes.

On March 7 a mob attacked the cars of the company and forced the suspension of traffic. The American Legation was stoned.

An attempt to renew the service on March 13 resulted in another outbreak and a strike of the employes who feared for their lives. President Gonzales Valenchna made an official expression of regret to the American Minister, Mr. Northcott.

The attempt to open the line today was based on the hope that ill-feeling had subsided.

JUSTICE TO GET HONOR

NEW CHIEF OF SUPREME BENCH WILL GO TO THE HAGUE.

Fuller's Death Leaves Vacancy in American Delegation to Permanent Peace Conference.

WASHINGTON, July 19.—The next Chief Justice of the United States Court probably will be one of the four American members of the permanent court of arbitration at The Hague. Chief Justice Fuller's death left a yacancy in that court, the suviving members being John W. Griggs, of New Jersay, ex-United States Attorney-General; George Gray, of Delaware, Judge of the United States Circuit Court and ex-United States Senator, and Oscar S. Straus, of New York, Ambassador to Turkey and ex-Secretary of Commerce and Labor.

and Labor.

The purpose of the court it to facilitate arbitration for internal disputes which it has been impossible to settle by diplomacy.

When established 11 years ago, there

were 24 signatory powers and through the accession of non-signatory powers, the number of countries represented has been largely increased. Each sig-natory power is entitled to a maximum of four members on the permanent ommittee

The understanding among officials here is that the President will defer filling this vacancy until he designates a Chief Justice of the Supreme Court and that he will then name the same and that he will then name the same official to The Hague vacancy.

RAILROADS AND COMMISSION BOTH SATISFIED.

At Conference, Agreement Made to Suspend Rate Increases Several Months Pending Inquiry

WASHINGTON, July 19.—An adjustment of the Eastern freight rate situation probably will be made soon. The settlement, it is said, will be satisfactory alike to the Interstate Commerce Commission, the railways and shippers. The plan involves a voluntary suspension for several months by tion. It is true they talk a little more through their noses in this part of the country than they do farther south, but the style of a woman's bonnet is just the same here as it is way down in San Diego.

Canadians Good Nelghbors.

"I hope in this audience I am addressing there are some Canadians. You are close enough to them to know them and to value them as neighbors. Canada is a great country. We are just learning how great a country it is. Speaking for the Administration, we are convinced that a closer commercial relation with Canada will be well for us, and if in the next year we can come to any agreement by which our commercial relations shall become closer, we shall think ourselves fortunate.

The committee was headed by C. C. McCain, chairman of what is known as the Trunk Line Committee, of New

VANCOUVER TO HOLD FAIR

Business Men Discuss Harvest Festival for Clark County.

VANCOUVER, Wash., July 19.—(Special.)—At a meeting in the Vancouver Commercial Club rooms this afternoon to promote a county fair, C. D. Haves was elected president, and Glen Ranck,

was decided to appoint a committee of five and have this committee work out plans for holding an agri-cultural and industrial fair at the City Park some time this Fall, after har-

It has been 15 years since a county fair has been held in Clark County.

PINCHOT TO HAMPER TAFT

(Continued From First Page.) make it appear that the congress is in favor of Pinchotism, as distinguished from conservation as it is being interpreted by President Taft, and out of the sevelt incident will come reports of friction between the ex-President and the present occupant of the White House, That the conservation congress will prove an embarrassment to the Republican party in the Fall campaign is not to be questioned. Pinchot is already in the West in the hope of making trouble for Republican Congressmen who an agonized him and his pet theories. He will develop more trouble at the congress and will do his utmost to there secure results that will be helpful to the Demo-crats in the Fall campaign. Pinchot's Socialistic tendencies make him uncomfortable in the Republican party; the Democracy is more in sympathy with his views. Hence his activity, always remembering that he is first, last and all the time against Taft.

Scientist Drowns in Cochin China.

NEW YORK, July 19.-Scientists here NEW YORK, July 12.—Scientists here isamed today of the recent death in Cochin China of General de Beylie, commanding the French troops in that colony. He was drowned by the upsetting of a boat in the Mentong River, General de Beylie was well known in this country for his archeological discoveries in Burma and Mesopotamia, where he met American scientists from the Smithsonian Institution.

Expulsions by Authorities at Kiev Going on at Rate of 45 Each Day.

MANY TRY SUBTERFUGES

In Less Than Two Weeks 497 Are Driven From Town - Officers Test Holders of Tradesmen's Certificates and Many Fail.

KIEV, Russia, July 19.-The expulsion KIEV. Russia, July 19.—The expulsion of Jews from Kiev continues at the rate of 454a day. From July 4 to July 15, 487 were expelled by what is known as the second method—that is, they were forced to actually leave town. During the same period, 1121 persons were expelled by the first method, which, in effect, is a warning for their departure, but permits them time for a settlement of private affairs.

In the majority of cases the latter

private affairs.

In the majority of cases the latter method proved ineffective, as the Jews in that category are prone to return to Kiev after temporary absence.

Since May 24, when the imperful decree ordering that all Jews who could not establish a legal right of residence elsewhere should be returned within the pale of the restricted district of the Pollsh Provinces and the Ukraine, became effective, there have been expelled from this city, Solemnka and Dmieffka suburbs, 391 persons by the second method and 3641 by the first, second method and 3641 by the first,

Many Cases Duplications.

However, in making this total of 6652, allowance must be made for a large number of duplications in the count. Many have been expelled only to return

Many have been expelled only to return and be sent away again, while the expulsions from Solemaka and Dmieffka are largely composed of those who were originally expelled from this city.

Officers of the Jewish relief committee of Kiev stated today that, roughly estimated, 700 families had been already sent out of the city and 400 families were still subject to such treatment. The larger figures furnished day by day indicate the mobility of the expelled.

indicate the mobility of the expelled, many of whom persistently return to Kiev to face repeated expulsion.

In the case of the latter, the authorities have adopted drastic measures, the returning ones frequently being accompanied from the city by gendarmes and in many cities manishment by etapped has ben resorted to. This system pro-vides for the shipment of batches of Jews to their dest nation under escort

Many Makeshifts Employed.

The number of expulsions is con stantly growing, owing to discoverillegal makeshifts employed by Jews to gain the right of residence. Since January 1 the authorities have received 17,272 petitions for right of residence, accompanied by decuments purporting to establish such right. Durporting to establish such right.

Among the number, there were discovered 2152 fraudulent tradesmen's certificates. These certificates were issued by officers of the Velikocech Technical School, of Poland, which was closed in 1902 under the order of the Governor-General of Warsaw. After closing the school the authorities continued to issue antedated certificates to Jews paying the necessary sums.

The authorities now require holders The authorities now require holders of tradesmen's certificates to make a practical demonstration of their skill. The greater number are unable to pass

A large number of cases against Jews alleged to be trading illegally outside the pale are pending in the courts of Kiev. Where convictions are secured, the goods of the defendant are config-

PRUSSIAN GIRLS GIVEN DOW-RIES ON WEDDING DAY.

Late Queen Louise Left Fund Most Worthy of Servant Girls. Thousands See Ceremonies.

POTSDAM, July 19.—Twelve pairs of young folks were made happy at the Garrison Church today, on the occasion

of the centenary of the death of Queen Louise of Prussia.

Her Majesty left a fund to provide annually a dowry of \$112 for each of six servant girls to be chosen from the most worthy. On this occasion 13 dowrles were awarded, as the date fell upon the centenary and the fortieth anniversary of the declaration of war with France.

The weddings were with the service of the declaration of the de

The weddings were witnessed by thousands. The eldest spinster, Prin-cess of the Hohenzollern family, Vic-toria Marguerite, daughter of Frederick Leopold, presided.

Leopold, presided.

Empress Auguste Victoria presented the newly made wives with autograph certificates of merit and Emperor William telegraphed his congratulations.

The press throughout the country today published long articles regarding Queen Louise and Her Majesty's tomb was decorated by Prussian veterans.

BURDETTS WELCOME HOME

Dr. Brougher Aids in Reception Before Starting on Vacation.

PHONE CABLE IS TESTED

Continents May Be United if Channel Enterprise Succeeds.

NEW YORK, July 19.—Telephonic communication between England and America may soon be a possibility if a new experimental submarine cable recently laid across the English Channel by the British Postoffice answers ex-

by the British Postofile answers be pectations.

The cable extends from Dover to Cape Gris Nez and is the first of the kind to be laid in tidal waters.

According to reports received by American telephone officials, the tests so far made have given very satisfactory results and it is expected the cable will be opened for public use between London and Paris as soon as the French government has completed the connecting land lines,

Government representatives declare that they will revolutionize telephonic communication between England and the Continent and finally bring spoken communication between London and New York within the bounds of pos-

minunication between London and ew York within the bounds of pos-

NEGRO IS SHOT BY SOLDIER My Corns Don't

Racial Feeling Crops Out in Army Post Near Washington.

WASHINGTON, July 19.-The authori-WASHINGTON, July 19.—The authorities at Fort Myer, near this city, are alding the Washington police in an effort to apprehend a soldier, presumably of the post, who last night shot a negro on the bridge leading from Georgetown to the fort. The negro, William D. Smith, is in a hospital in a dying condition.

The soldier, who was unknown to the two companions of the negro, first struck his victim with his fist, then fired upon him as he lay prostrate. Then the soldier fied.

The shooting is ascribed to strong racial feeling that has developed among the soldiers at the fort.

American Marines May Guard Con-

BLUEFIELDS, Nicaragua, July 19.—According to advices received at the insurgent headquarters here, conditions at Cape Gracias are unsatisfactory to foreign interests. ENNSYLVANIA

THE HISTORY OF

AMERICAN RAILROADS deservedly credits the Pennsylvania with stimulating the development

of transportation facilities. Attempts to duplicate the physical condi-tion of its roadbed, perfection of its safety appliances, the excellence of its equipment and methods of operating trains gives it first place as "The Standard Railroad of America."

The PENNSYLVANIA was the first railroad to use stone ballast, steel rails, block signals, track tanks, etc.

The first "Limited" trains were run over the Pennsylvania.

It originated 18-hour trains between Chicago and New York, and

24-hour trains between St. Louis and New York. Years ago the Pennsylvania employed trained and courteous representatives to deliver tickets and baggage checks to residences, hotels and places of business; to accompany departing travelers to trains and meet those arriving. The little things, as well as the big things, which make traveling the pleasure it is today, were introduced by the Pennsylvania.

The extension of its steel rails into New York City and the construction of the greatest railroad station in the world in the very heart of the Greater City of New York, close to Broadway, will, when steel trains run into that station from Chicago, from St. Louis, and from other cities in the West, in the summer of 1910, be an achievement which present generations will not see duplicated.

"It's just like the Pennsylvania!" -Always Ahead in Everything! "The Standard Railroad of America!"

Ask for booklet describing how the Pennsylvania System extended its rails to the heart of New York City and constructed the Pennsylvania Station, near Broad-way, at a cost of over One Hundred Million Dollars. Telephone or call at
