stock of the Sumpter bank, repaying this loan in full. The bank at Sumpter also lost \$12,000 by reason of other advances made the Payche Mining Company by Miller. In or-der to secure the Sumpter bank and the Farmers' & Traders' National Bank for ad-vances made, the Farmers' & Traders' Na-tional Bank took over a one-third interest in the Fayche property. On this property I kept up the assessment, paid the taxes and perfected the titls, and upon the fail-ure of the Farmers' & Traders' National Bank this property was transferred to its receiver.

President of the United States. Scriber appeared in court at 3 o'clock, accompanied by his attorney, ex-Senator C. W. Fulton. The latter made a plea for the Eastern Oregon bank wrecker and was followed by the United States District Attorney. John McCourt. The prosecutor said that he this no recommendation as to beniency to submit to the court and lenlency to submit to the court, and thought that in view of the fact that Scriber had not only refused to plend guilty, but had caused the Government great expense in a long trial of the issues, a sentence in excess of the minimum term of five years should be

tion with the falled bank. Judge Bean reviewed the history of the trial and the evidence adduced to support the charges made by the Gov-ernment. The court expressed the opinion that Scriber was undoubtedly suffering from great mental agitation, but believed that his mind was not so badly deranged as to be unable to dif-ferentiate between right and wrong. Scriber could have been sentenced to serve a term of 20 years, having been found guilty on four counts.

Shortage Made Good.

The shortage in cash of \$12,500 was used for repayment to the First National Bank of Elgin, W. R. Hamilton and Henry Stricker. The N. K. West loan from Elgin Bank was borrowed to cover interest on cerbank was porrowed to cover interest on cor-tain ficitious notes. It was necessary, it order to make these notes apparently good to collect and have proper credits for the interest due prior to July 1, 1008. That \$12,500 was paid to the bank by the follow-ing credits:

The Rigby and C. B. Wade note of \$6000 mas considered good, but the subsequent failure of Wade before the note came due prevented my collecting it in full. I did set \$13500 in full settlement. This was the best that I could do. The loan of the First Bank of Sumpter was paid by me at various times by partial payments. On the Don Juan mine I paid the assessments and taxes and \$2540 on secount. In 1007, when this payment of \$2540 was made, the Farmers & Traders' National Bank to the Farm-finiterest in this bon Juan property, free of enumbrances, to the receiver of the Farm-ers' Katlure, I deeded all my one-hair interest in this bon Juan property, free of subta Traders' National Bank the farm-st Traders' National Bank the farm-st Traders' National Bank to the farmers' & Traders' National Bank to the farme

Judge Bennett Denounces Sister for

Leading Her Astray.

Hazel McKay, 17 years of age and of Hazei Mickay, 17 years of age and of very youthful appearance, ordered soda water but she got beer at the Tennessee Cafe, Fourth and Madison streets, Tues-day night. Annie Briggs, sister of the girl, and Charles E. Hicks and George Rogers, two chance acquaintances, were arrested and tried in Police Court yes-terday for causing the girl to drink the intustcent.

Intoxicant. Mrs. Briggs and her young sister were sitting in the Plaza, when the two young men scraped an acquaintance. They pro-posed refreshments and repaired to the Tennessee place, just across the street. Patrolmen Humphries and Montgomery watched until they saw beer served, then made the arrests. The girl and her sister both declared that Hazel was 21 years of ago, and for that reason the proprietor of the place was not arrested. In court yesterday Hazel admitted that she was duly 17 years old.

# EAST HAS QUEER NOTION

Portland Believed to Be Almost Wiped Out in Recent Fire.

That Portland was recently visited by a "disastrous conflagration" rivaling the San Francisco fire would appear to be the general impression in Eastern cen-ters. This was indicated yeaterday by a letter received by the J. K. Gill Company, which was handed over to the Commer-cial Club for action. The following is an excerpt from the letter: "If you have not been wiped out in the recent fire which, according to the newspapers, has laid waste the large part of your city, including an enormous athletic field, we presume you will still be interested to hear from us in response to your letter of the 6th inst.
