BUT DEGREE OF HONOR POST-PONES ACTION.

Portland Woman, Sadie Moore, Elected Grand Chief of Body Which Adjourns Today.

The second day of the biennial convention of the grand lodge, Degree of Honor, was spent largely in the election of officers for the next two years, and in a discussion of an increase in the membership dues and initiation fees. The opinion of those present was it would be best to allow the present rates to continue for those aiready members, but to raise them 25 per cent for all newcomers. But when it came time to put the question to a vote, the women decided to put off the change until the next convention, two years hence. The officers will be installed at today's session, which will adjourn at noon.

The delegations will not listen to his repeated refusale to become a candidate. He was a Presidential elector in the last campaign and spoke in many counties of the state. He was the man chosen to carry the returns to the Electoral College at Washington, He almost failed to arrive in time to cast the vote for Taft and there were numerous reports sent out of what would happen to him. Judge Butler was allowed to vote and escaped a fine by buying a dinner for all the Western members of the college.

Opponents of the Representative from the Second are contering on J. S. Dellinger, an editor, of Clatsop County, who will be pushed forward by his enthusiastic friends.

Representative Willis C. Hawley, expresident of Willamette University, was on the ground conversing with the

president of Willamette University, was on the ground conversing with the delegations from his end of the state. Mr. Hawley will be opposed for the indorsement by two well-known Republicans of the first district, C. A. Schibrede, of Coos County, and B. F. Mulkey, of Jackson. Mr. Shelbrede is an attorney, and made a campaign in the state in 1998 as a Presidential elector. Mr. Mulkey was a member of the Legislature from Polk County at one time.

Water Commissionership Sought,

There will be two candidates for the indorsement for Water Commissioner of district No. 1, H. C. Holgate, the present incumbent, who resides in Klamath County, and Frank H. Gettins, of Coos County. The nomination is one of the most important that will be sought at the coming primaries, and embraces the counties of Benton, Clackamas Columbia Clackamas Coose and embraces the counties of Benton, Clackamas, Columbia, Clatsop, Coos, Curry, Douglas, Josephine, Jackson, Klamath, Lake, Lane, Linn, Lincoln, Marion, Polk, Multnomah, Tilliameok, Yamhill and Washington.

Wheeler Counties.
Following the indersement of the officers who will appear on the state ticket proper, the county delegates will get together in districts and approve candidates for Circuit Judges and joint Senators and Representatives. In the first judicial district the present incumbent, F. M. Calkins, of Ashland, appears to have no opposition for

another term.

In the second judicial district there probably will be no selections at this time. There are two judges to elect and it is thought that J. S. Coke, of Marshfield, now holding the place by appointment, has an excellent chance of being the favorite in the primaries for one place. The other probably will go to Douglas County and there are

More Candidates Appear.

Five aspirants for the ermine in the third judicial district had appeared last night. I. H. Van Winkle, Assistant Attorney-General, who formerly resided in Linn County but now halls from Marion, is one of the candidates, and is being pressed for the candidates, and is being pressed for the honor by Percy R. A peculiar situation developed in the Seventh District. S. W. Stark, the present incumbent, is said to be opposed to the assembly, but is the only candidate seeking the position. He will not be indorsed and last night delegates were actively seeking a sultable candidate to oppose him.

In the Ninth District George L. Davis In the Ninth District George L. Davis, of Grant County, is sailing along without opposition, and in the Eleventh Judge R. R. Butler, of Gilliam, is the only aspirant being considered. Judge Butler does not want the office, but he is so popular throughout the district that the delegations will not listen to his repusited refusals to become a candidate.

Delegates to Act at Home.

There will probably not be a selection of a Prosecuting Attorney to fill the va-cancy in the Tenth District. The dele-gates want to act after their return home. F. S. A. G. Beals has made a thorough canvass of the assembly and feels that he will be nominated for member of the lower house to represent Tillamook and Yamhill counties without opposition and the same condition appears to be true regarding the Representative from Clack—

Falling Hair

You Run No Risk When You Use This Remedy.

While many people in their prime doubt the assertion that "the hairs of our head are numbered," yet there is to-day many a man and woman fast reaching the point where this statement is literally brought home to them. If you suffer from irritation of the scalp, and from dandruff, or if your hair is failing out, do not wait until you reach the point where you can actually count how many hairs are left on your head. Most cases of baldness are caused because the roots lack proper nutrition. In such cases there is a microbe which bores through the scalp along the line of the hair into the root and when it of the hair into the root and when it of the hair into the root and when it lodges there it begins to destroy the fatty matter around the hair roots. When the scalp and hair roots are strong and healthy, it is impossible for these microbes to get in their deadly

ALMOST EVERY TREE IN CLARK COUNTY BEARS CARDS.

Printing Offices Swamped With Work and Woods Are Black and White With Election Posters.

VANCOUVER, Wash., July 20.—(Special.)—To print the thousands of cards for county offices and their other campaign posters and photographs, the printing presses in all the job and weekly newspaper offices are working overtime. The cards are being sown broadcast over the gounty. Each candidate has had several sized

cuts of himself made and his picture appears on all cards he gets out. Some have large posters. Large cards are posted on nearly every tree, stump, fence post, telephone pole and chicken-

house in the county that can be seen from a road or path.

It was jestingly said by a fisherman, when he returned from a trip, that he had found one tree on which a candidate's card was not posted. A candidate's friend learned of its location and at once postified him and the excellent at once notified him, and the candidate immediately posted his card. The campaign is now in full swing and more than 20 candidates for the 13 offices, and more will file later in the month. Some will not file until the
