AUDITORS HAVE ADVANTAGE

Provision for Rotation of Names Does Not Apply to Advisory Ballots - Second-Choice Clause Hard on Favorite Sons.

OLYMPIA, Wash., July 21 .- (Special.) DLYMPIA, Wash, July 21.—(special.)

Before the final date for filing declarations of candidacy efforts will no doubt be made in each of the three Congressional districts to have at least four names in the running for the Republican nominations. This is due to the fact that under the primary law the record choice provision only applies second choice provision only applies where there are four or more candidates, and there is at least one candidate in each district now who feels confident of winning under the second choice provision, should be fall down on first choice.

This "second choice" provision, how-

ever, does not apply to the Senatorial light, the law having made that dis-tinction, nor does it apply to the mem-bers of the Legislature or judges. bers of the Legislature or judges.

Primary law gives opportunity for County Auditors to play favorites in the printing of advisory ballots by giving their friends preference at the head of the list. The "official" ballots to, be voted under the law must be printed with the names rotated so that each candidate for any office will appear at the head of the list an equal number of times on the ballots furnished to each election precinct, but the primary law distinctly provides that this plan be not followed in the ladvisory ballots prepared by each County Auditor.

The second choice provision of the Washington law is briefly: If any can-

Washington kaw is briefly: If any candidate at the primary falls to receive 40 per cent of the first choice votes, the second choice votes must then be counted and the one receiving a plurcounted and the one receiving a plurality of first and second choice combined shall be certified as the nominee. The last election in this state showed the effect of this law, certain districts giving first choice votes to favorite sons who were defeated and the second choice ballots nominated others.

As the primary law distinctly provides that in all cases where there is a first and second choice vote the ballot must be thrown out if the voter indicates either alone or tries to vote dirst and second choice for the same man, it is considered likely that many

County Road Barred; Officer Dared to Drive Team Through Gate.

VANCOUVER, Wash, July 21.—(Spendal.)—Believing that a road on his property near Dole was not a county road, T. A. Sproule put a gate across it. Tuesday afternoon at 5 o'clock W. D. Sappington, Sheriff of Clark County, in company with T. L. Simmons and family, of Vancouver, who were going out on a fiehing trip, started to go through the gate.

Sproule appeared and told them to stay coutside. He then went to the house and when he came back carried his hand under the apron of his bib overalls and defied any of the party to cross the line. Simmons then returned to Vancouver and secured an injunction from County Attorney J. P. Stapleton and returned and removed the gate, after legally serv-

ing the papers.

The read is a county road by prescription, having been used as a thoroughtare for ten years before it was fenced by Sproule.

> ABERDHEN, Wash., July 21 .- (Special.) -With 100 delegates, representing nearly 400 banks of the state, in attendance the Washington Bankers' Association opened its 15th annual convention at Elks' Hall this morning. Preparations, mass long in advance by the bankers of Aberdeen and Hoquiam for the meeting, are com-plete and the convention promises to be one of the most pieasant and profitable the association has even held. EUGENE WANTS NEW TRAIN Business Men Call on Southern Pacific Representative.

A delegation of Eugene business men visited William McMurray, general pas-senger agent of the Southern Pacific, yesterday to ask him to put on an ex-press train between Portland and Eu-

Mr. McMurray considered with the delegation published reports that the Merchants Protective Association had decried the Southern Pacific service, makcried the Southern Pacific service, making complaints about lack of seats and generally poor service. The delegation, which was composed of members of the association, denied that such comments had been made and said ther were quite satisfied with the service, except that a fast train between Portland and Eugene they felt to be essential. The following composed the delegation:

J. W. Hobbs, Judge Thompson, C. S. Will-liams, Walter Griffin, W. M. Green, Mr. Vanduyn, J. E. Martin, Representative L. E. Bean, G. A. Durry, Allen Eaton, D. E. Yoran, President Commercial Club. Hofer Files Lengthy Declaration.

SALEM, Or., July 21.—(Special.)— Colonel E. Hofer, of this city, today filed his declaration of intention to be-come candidate for Governor on the Re-

of histerm, and possibly not at that time. The attitude of the department indicates that the man receiving the appointment will have practically a life position. There are probably six or seven Presidential postofices in the First Congressional District whose postmasters are holding offices under similar conditions to those which surround the local office, and it is probable Hawley will pursue the same course as the one he is pursuing here, although in some instances the postmasters are avowed political enemies of the Representative.

RASH APPEARS AGAIN

Troubles Demund Prompt Treat-ment With Poslam.

mest With Poslam.

All skin troubles which are prevalent in hot weather—rashes, inflammations, so-called "summer" eccema, itching spots, hives, pimples, etc., demand the use of poslam for their prompt eradication. Their causes are found in overheated blood, skin irritation, digestive disorders, etc. In some persons the eating of fish or berries in certain months always brings them on. For clearing the complexion, red or inflamed noses, sunburn, mosquito bites, burns, etc., poslam should be used in preference to aught else, surprising results being noted after a single application.

The readiness with which poslam heals small surfaces and minor troubles is but an indication of its rapid action in curing eczema, tetter, scables, itch, etc., on hands, limbs, scalp or any part of the body.

A special 50-cent package of poslam is prepared for minor uses, and this, as well as the regular \$2 jar, is on sale by all druggists, particularly the Owl Drug Co.

But a free sample, which will afford a convincing test, may be obtained by mail, by writing to the Emergency Laboratories, 32 West 25th street, New York City.
