

TAFT PLEADS FOR LONGER VACATIONS

Two or Three Months in Summer Not Too Much, President Tells Villagers.

PARTY RETURNS TO YACHT

Short Stay at Bangor Today Will Be Followed by Visit to Senator Hale—Ellsworth to Hear Another Speech.

BAR HARBOR, Me., July 22.—President Taft brought his stay in Bar Harbor to a close this afternoon. He left as a member of a merry coaching party headed for Seal Harbor, 11 miles away. The Mayflower steamed around to Seal Harbor to meet the President. The yacht afterward went to Northeast Harbor and anchored there for the night with the Presidential party on board. She will steam across Frenchman's Bay tomorrow morning to the Mount Desert ferry, where Mr. Taft will take a special train to Bangor. After visiting that city for two hours and making a speech, he will proceed by special train to Ellsworth, the home of Senator Hale, to be the latter's guest until Sunday afternoon. Mr. Taft also will make a short speech at Ellsworth.

Home Folk Happy. The President left everybody in Bar Harbor happy. He met the townpeople today on the village green and made a speech to them. He congratulated his hearers that they were privileged to live in such a place as Bar Harbor and declared the three days he had spent here had been red-letter days in his life.

The crowd cheered the sentiment and the smile. "I like champagne in a prohibition state," the crowd cheered the sentiment and the smile.

Vacations Too Short. The President dwelt on the necessity and benefits of the vacation. He said it used to be thought that two weeks were sufficient. His father's lawyer held to this opinion, "and when I came to the bar he told me that if I stayed at home during the summer months I would make a good deal more money than he would."

Justice Strong, who lived to be 88 years of age, and he always took 60 days in the woods each year, and from everybody, and to that he attributed his long life.

Mothers and Children First. "And so we have come to understand that the mothers and children should have a change of air and a place in which to expand their lungs. The men can come in when they may."

As soon as the President had finished his speech, he mounted the coach, which was towed by white line, and with a flourish of trumpets was away for Seal Harbor. Arriving there he and his party were entertained at luncheon by Mrs. Mark Hanna. Tonight the party was entertained at luncheon by Mrs. Charles Tower at her place, two miles from the harbor.

Mr. Taft is adhering strictly to his determination to keep away from politics on this trip.

OREGON CITY MAN KILLED

Accident in Lumber Camp Proves Fatal to James Dawson.

OREGON CITY, Or., July 22.—(Special.)—Thomas Dawson, son of Mr. and Mrs. James Dawson, of this city, was accidentally killed yesterday morning at Wrights, Klickitat County, while working with a lumber crew.

The young man and his brother, Carl, had been sent to work during the summer. Two telegrams were received by the young man's family in this city, one saying that he had been seriously hurt, and a few hours afterwards another bearing the sad news of his death.

Dawson was 21 years of age, and was highly respected. Arrangements for the funeral will be made as soon as the body arrives here. He leaves, besides his parents, five brothers—Carl, Kenneth, Howard and a baby brother here, and one brother in Michigan, and five sisters, Edith, Bernice, Rhoda, Mable and Alice Dawson, of this city.

DOCTORS EAT PEACHES

Delegation at Ashland Treated to Southern Oregon's Best Fruit.

ASHLAND, Or., July 22.—(Special.)—For hours this afternoon 150 physicians, some accompanied by families, took possession of the town, from which members of the American Institute of Homeopathy, on route home after the recent annual session of the association at Los Angeles. They hail from all parts of the country. The party left Chicago July 3, 600 strong. Returning 150 passed through Ashland on the way to Portland, from which terminal they will scatter in various directions to their respective homes.

Members of the Convivial Club met them here, distributing the finest specimens of early peaches.

The physicians appeared pleased with the hearty reception accorded them. They were a jolly bunch of cultured, genial fellows, many among the number being extensive travelers. One in particular, claimed to have visited the Pacific Coast from the Central West 37 times. In one instance, he said, he staged from Yreka to Ashland in the days before railroads.

COTTON LEADS EXPORTS

Manufacturers Show Increase, Natural Products Decline. WASHINGTON, July 22.—Cotton, copper, aluminum, wheat—these arti-

cles in the order named, are the most important articles exported from the United States during the fiscal year just ended. The value of the cotton exported was \$450,000,000, of the copper \$33,500,000, of the illuminating oil \$22,500,000 and of the wheat \$17,000,000.

Other articles of export ranked in value as follows: Flour, lard, tobacco, lumber, upper leather, corn, bituminous coal and lubricating oil. In nearly all the articles of natural production there was a marked decline in exports of 1910 as compared with previous years, while in certain manufactures the figures for the year are larger than for any previous year and the total for all manufactures probably will exceed that of any earlier year. The bureau of statistics, which has given out these figures, has not yet completed its total value of the manufactures exported.

The falling off is the most marked in corn, wheat, flour and meats, wheat falling from \$215,000,000 in 1898, the high year, to \$147,000,000 in 1910; corn from \$85,000,000 in 1909 to \$23,000,000 in 1910; flour from \$75,000,000 in 1892 to \$46,500,000 in 1910; lard from \$60,000,000 in 1909 to \$45,000,000 in 1910; bacon from \$46,800,000 in 1898 to \$18,500,000 in 1910; fresh beef from \$32,000,000 in 1901 to \$7,750,000 in 1910, and cattle from \$12,000,000 in 1904 to \$12,000,000 last year.

CANDIDATES ARE ACTIVE

SIGNS AND BANNERS AT VANCOUVER HERALD MEN.

Regret Is Expressed That Washington Law Does Not Permit Advertisements in Papers.

VANCOUVER, Wash., July 22.—(Special.)—So strenuous has the campaign for publicity and advertising become among the would-be county office holders that several have had large signs printed, bearing their pictures, and telling the people in bold black letters how well they will administer their duties if they are supported enough by the voters to be elected.

Every paper in Clark County has notices of dozens of candidates for office, but think it unfair that the state law prohibits the use of their columns for advertising the virtues and abilities of the office seekers.

Some of the candidates hold the same views, as it is considered undignified for a candidate to post his card pictures on chicken-houses and telephone posts and stumps throughout the county to attract the voters' attention.

Another fault found with the system is that it offers great temptation to the would-be artist and decorator, who takes pains to add to his card picture a candidate's face or makes a bald-headed man have a heavy shock of black hair. Several of the candidates have red hair and this is known to some scamp who has painted a bright red pencil and daubed many pictures the alleged color of the candidates' hair.

THREE SEEK SEATS ON BENCH

Superior Judge Is Desired Office in Vancouver District.

VANCOUVER, Wash., July 22.—(Special.)—Three candidates for the office of Superior Judge of the district comprising the counties of Skamania, Clatsop and Clallam are in the field. They are Donald McMaster, incumbent; Frank E. Vaughan and E. M. Green. It is thought five to the work of Fall and winter to some the energy and effectiveness it ought to have.

Justice Strong, who lived to be 88 years of age, and he always took 60 days in the woods each year, and from everybody, and to that he attributed his long life.

Mothers and Children First. "And so we have come to understand that the mothers and children should have a change of air and a place in which to expand their lungs. The men can come in when they may."

As soon as the President had finished his speech, he mounted the coach, which was towed by white line, and with a flourish of trumpets was away for Seal Harbor. Arriving there he and his party were entertained at luncheon by Mrs. Mark Hanna. Tonight the party was entertained at luncheon by Mrs. Charles Tower at her place, two miles from the harbor.

Mr. Taft is adhering strictly to his determination to keep away from politics on this trip.

T. R. TALKS LITERATURE

POLITICIANS MAKE CALL AT EDITORIAL ROOMS.

Invitations Colonel Has Received Since Returning to America Number 2034.

NEW YORK, July 22.—Theodore Roosevelt spent the day at his editorial offices in an animated discussion of literature.

Ex-State Senator George R. Cobb was closeted with Colonel Roosevelt. At the end of their conference the Colonel said, with a smile:

"We had a very interesting talk on literature."

Representative Herbert Parsons, of New York, called next, accompanied by State Senator J. Mayhew Walworth. At the end of their conference Colonel Roosevelt said with another smile:

"I have had another very interesting talk on literature."

Several more appointments for speeches were made today. The invitations Colonel Roosevelt has received since he returned to America total 2034, according to his secretary.

Colonel Roosevelt promised today to speak before the Republican Club, New York, on Lincoln's birthday, February 12, 1911.

John F. O'Rourke, a New York contractor, appeared with a roll of blue-prints and pictures of battleships. He has a scheme for raising the wreck of the Maine. When Colonel Roosevelt heard that Mr. O'Rourke thought he knew how to effect this, he asked him to call and explain his plan.

Among other callers were C. Hildreth, of Franklin, Neb., and Representative Sulzer, of New York, who is said to be a candidate for the Democratic nomination for Governor.

NEW CLEW IN MYSTERY (Continued From First Page.) which explains his fall down the stairs, the blood-saturated nightgown and the two shots fired almost simultaneously. The second "bullet" found in an open grate and tending to prove that two shots were fired, may not be a bullet. Opinion is divided among those who have inspected it.

TARIFF ON LEAD IS BLAMED TO CADDO

Duty Was Made to Favor Smelter Trust, Bristow Declares in Speech.

REDUCTION IS OPPOSED

Difference Between Lead Ore and Pig Lead Much Greater Than Admitted Cost of Smelting, Says Senator.

MANHATTAN, Kan., July 22.—Senator Joseph L. Bristow in a speech here today charged Speaker Cannon and the "stand-pat" members of Congress with manipulation of the lead schedules of the tariff bill in support of the "smelter trust," so called.

"A duty not measuring the difference in the cost of smelting at home and abroad as promised in the Republican platform, but from \$2.50 to \$6 higher than the entire cost of smelting in this country, was imposed on lead," the Senator said.

"This was done not in the interest of protecting a struggling American industry, but in the interest of a monopoly, controlled by the Guggenheims, backed by the great Rockefeller financial interests."

"Because I presume to object to this sort of thing Mr. Cannon calls me a Democrat, a demagogue, a lunatic and a traitor."

Mr. Cannon, holding the great office of Speaker of the House, second in power and dignity in this Government, has been routed over Kansas for a number of years denouncing the insurgents, myself in particular.

Guggenheim Influence Charged. "Instead of indulging in vituperation, why doesn't he give the reasons why he insisted upon ignoring the plain, specific declarations of the Republican National platform? Why did he stand by the Senate in the interest of the Guggenheims?"

"The duty on lead in ore, as the tariff bill passed the House, was \$30 a ton. The duty on pig lead, or lead bullion, was the same. The bill came to the Senate and was referred to the committee on finance, of which Mr. Aldrich is chairman, and was reported back with the duty on pig lead increased from \$30 to \$2.50 between the lead in the ore and the lead bullion. Therefore, according to the Republican National platform and our campaign pledges, \$2.50 a ton should measure the difference in the cost of smelting lead in the United States and in our competing countries."

COST NOT MORE THAN \$10.

"Edward B. Rush, general manager of the American Smelting & Refining Company, an organization which controls 99 per cent of the lead smelting in the United States, testified before the ways and means committee of the House that the entire cost of reducing lead from ore to bullion, from actual fact, ranged from \$5.55 to \$10.65 a ton. No witness before the ways and means committee gave as the entire cost of smelting a greater figure than \$10 a ton."

"A most vigorous effort was made in the Senate to reduce the duties of the Senate bill back to those provided in the House measure, but without effect. To protect our struggling American industries, a duty, not measuring the difference in the cost of smelting at home and abroad, but without effect. To protect our struggling American industries, a duty, not measuring the difference in the cost of smelting at home and abroad, but without effect."

"The young woman, however, had another plan, and when Papke drove up to her door Wednesday in his racing automobile, she jumped in and a few minutes later they were across the border, and a half hour later Miss Pulver was Mrs. William Papke."

GOVERNOR HASKELL ON TRIAL

ST. LOUIS, July 22.—The taking of depositions to be used against Governor Haskell, of Oklahoma, and others associated in business with Governor Haskell in the Indiana contracting company, of Muskogee, and other defendants to the Government's suit was resumed here today. Governor Haskell actually has accused of having fraudulently seized certain town lots in Muskogee belonging to Creek Indians and fraudulently converting them to their own use.

LIGHTNING SETS HOUSE AFIRE

SISSON, Cal., July 22.—During an electrical storm last night two unoccupied houses in Upton, two miles north of here, were struck by lightning and burned to the ground. Several forest trees were also fired by the lightning. The country above Upton was flooded by a cloudburst and a heavy shower of rain. The base of Mount Shasta received considerable damage to hay, but otherwise was of benefit.

LANDSLIDE BLOCKS SHORT LINE

WEISER, Idaho, July 22.—(Special.)—A serious landslide on the Oregon short line, between the town of Huntington and the Snake River bridge over a heavy rain storm. East-bound train No. 6, which left Portland last night, passed over safely, but westbound No. 5 and the fast mail are tied up here indefinitely. A large force of workmen is clearing the track.

PUBLIC DOCK BEING BUILT

VANCOUVER, Wash., July 22.—(Special.)—For commercial purposes a public dock, 150 feet along the waterfront and 200 feet deep, is being built by the Pittcock & Leadbetter Lumber Company, of this city, a short distance above the big steel bridge over the Columbia River. The cost will be about \$5000.

ALLEGED LYONCHING LEADER CAUGHT

BELLEFONTAINE, O., July 22.—Joseph Bush, alleged leader of the mob which hanged Carl M. Etherington at Newark, O., July 8, was arrested at Harper, a village near here last night and placed in the Newark jail today. Bush had been hiding at the home of a relative.

CHAMBERLAIN'S STOMACH AND LIVER TABLETS

Chamberlain's Stomach and Liver Tablets stimulate the liver and bowels to expel poisonous matter, cleanse the system, cure constipation and sick headache. Sold by all druggists.

WISCONSIN SWEPT BY FOREST FIRES

Gallant Fight Being Made to Save Town of Rainy River From Flames.

TIMBER LOSS MILLIONS

New Ontario and Great Section Around Great Lakes in Throes of Series of Fires Which Take Toll in Life and Goods.

LD FORESTS. (Special.)—Every man from a large radius is being hurried to assist in trying to save the town of Rainy River, which has several times caught fire during the past 24 hours, and each hour may be its last. It is a lumbering town, built almost entirely of lumber.

Beaudeite, Minn., has sent more firefighting apparatus with a small army of men on a special train. Winnipeg now has on route two fire engines and a number of men from the fire department and a special train is rushing them over the 157 miles which separate the two places.

Apparatus Rushed to Aid. Kenora has sent a swift steamer similarly laden, while Port William, Port Arthur, International Falls, Minn., and eight other places are adding to the fighting force.

The town is completely surrounded by flames and with the high winds blowing throughout the Rainy River district tonight but slight hopes are entertained of saving the town, if it is not already burned.

All day the telegraph wires have been down and the railroad tracks are so strewn with falling and half-burned trees that it is only with the greatest difficulty that any of the relief trains will be able to get to the relief of the town.

REFUGEES BRINGS NEWS

Never before has the district been so ravaged by fires and the standing timber alone will be in the millions. Newspapers have been wiring frantically all day for news from the fire zone, but the little information received has come from the refugees who managed to escape the flames.

Elmo is another of the towns in New Ontario which is in the gravest danger, according to the latest reports, which also say that several squatters have perished in the flames. Although nothing definite has been learned regarding loss of life it is felt certain that some lives have been lost, as it would be impossible for all those living in the bush to have escaped.

TIMBER WORTH \$500,000 GONE

Large Crews Fighting Fires in Wisconsin Districts.

WAUSAU, Wis., July 22.—The fires at Galloway which caused disastrous losses yesterday in that vicinity, reported today to be fairly under control. The flames are still extending for five miles east of Eldron to Pike Lake village, and large crews of men are fighting the fires throughout the standing timber portion in that district.

The loss yesterday in standing timber and logs, according to a conservative estimate today, was \$500,000. The Jacob Mortensen Lumber Company, which owns a large tract of standing timber near Galloway, has a large crew of men fighting the fire.

The Hatton Lumber Company and the Moore & Galloway Lumber Company are protecting their timber. If the wind keeps down, it is expected the flames will soon be under control.

In addition to the fire at Galloway numerous small fires have started in the southeastern portion of Marathon County, the western part of Shawnee County and northern portion of Portage County. Conditions today are reported favorable.

The towns of Irma, Gleason and Bloomfield are still safe, but the fires are still raging at them.

REFUGEES POUR INTO TOWNS

Merrill Citizens Throw Open Homes to Burned-Out Folks.

MERRILL, Wis., July 22.—All night long refugees from the burned towns of Heinemann and the threatened villages of Gleason and Bloomfield poured into the city.

Home here are being thrown open to the unfortunate inhabitants of the fire-swept vicinity, 12 miles to the north.

WISCONSIN FIRES BREAK OUT AEW.

CHIPPEWA FALLS, Wis., July 22.—Forest fires have again broken out in the woods north of here with renewed vigor.

FIRES REACH NEGAUNEE LIMITS.

NEGAUNEE, Mich., July 22.—Forest fires have again broken out in the woods north of here with renewed vigor.

BLOOD HUMORS

Commonly cause pimples, boils, hives, eczema or salt rheum, or some other form of eruption; but sometimes they exist in the system, indicated by feelings of weakness, languor, loss of appetite, or general debility, without causing any breaking out.

Don't accept any substitute. For FREE trial package, address Allen & Olmsted, 242 E. 23rd St., N. Y.

STAFF MEN MUST MOVE

TAFT GIVES COMMANDANT POWER TO ASSIGN THEM TO DUTY OUTSIDE AND BREAK UP CLIQUE.

MARINE OFFICERS NO LONGER TO WARM CHAIRS AT CAPITAL.

WASHINGTON, July 22.—The final readjustment of affairs in the Marine Corps was made today by a change in the Navy regulation, approved by President Taft, which completely breaks up the system by which staff officers of the corps have enjoyed long terms of duty at desks in Washington.

The change comes as one of the results of the recent court-martial, in which most of the staff officers were censured, and the "life tenure" of officers in Washington condemned.

Heretofore the regulations have provided that the officers of the staff should be located here. The President now has approved a change to require them to do duty wherever they may be assigned by the commandant.

Under the old regulations the adjutant and inspector took charge in the absence of the commandant. Hence the Secretary of the Navy will designate an officer to fill such a temporary vacancy.

Practically all the existing lines of succession are wiped out and the assignment to duty and the location of staff officers is left to the discretion of the commandant of the corps and the Secretary of the Navy.

OLD LAND PATENTS FILED

Instruments Found at Vancouver Date Back Almost to Civil War.

VANCOUVER, Wash., July 22.—(Special.)—Two patents dating back almost to Civil War times were offered at the office of the County Auditor today, to be filed at the request of the claimant.

The patents are each for 40 acres of land, situated in Clark County. One 40 is the northwest quarter of the north-east section 24, township 4 north, range 1 east, in the "district of lands subject to sale." The patent was granted to James Reed in 1867, and is held by Mrs. Johnson, President of the United States.

The other patent was also to James Reed, is dated in 1870 and is signed by Grant, President of the United States.

Where these old instruments have been kept all these years is not known, but James Reed is supposed to have died long ago.

BOXER AND HEIRESS ELOPE

Canadian Girl Foregoes Tour of Europe to Wed Papke.

BUFFALO, N. Y., July 22.—Billy Papke, middleweight boxer, yesterday night married the Rev. Edith Curtis, of the Niagara Square Congregational Church, to Miss Edna E. Pulver, of Hamilton, Ont.

The elopement of Papke and Miss Pulver is the culmination of a romance. Miss Pulver's family is wealthy, and had made arrangements two weeks ago for Miss Pulver and her sister, with her mother and father, to sail for Europe for a Continental trip lasting three months.

"The young woman, however, had another plan, and when Papke drove up to her door Wednesday in his racing automobile, she jumped in and a few minutes later they were across the border, and a half hour later Miss Pulver was Mrs. William Papke."

GOVERNOR HASKELL ON TRIAL

ST. LOUIS, July 22.—The taking of depositions to be used against Governor Haskell, of Oklahoma, and others associated in business with Governor Haskell in the Indiana contracting company, of Muskogee, and other defendants to the Government's suit was resumed here today.

Governor Haskell actually has accused of having fraudulently seized certain town lots in Muskogee belonging to Creek Indians and fraudulently converting them to their own use.

SUMMER SERVICE TO North Beach DELIGHTFUL DAYLIGHT TRIP DOWN THE COLUMBIA On the Oregon Railroad & Navigation Co.'s POPULAR STEAMER T. J. POTTER

Leaving Ash-Street Dock during the week at 8:30 A. M. on Saturday at 1 P. M. No Sunday trip. Connects at Megler with Ilwaco Railroad trains for all North Beach points.

The Steamer HASSALO also leaves Portland daily, except Sunday, from Ash-Street Dock, for Astoria at 8 P. M. (Saturdays 10 P. M.). On its return trip it leaves Astoria at 7 A. M. daily, except Sunday, and touches at Megler at 7:30, so that passengers for Beach resorts are not required to change steamers at Astoria. On Sunday morning it touches at Megler (7:30 o'clock) to land Beach passengers before arriving at Astoria.

Sunday visitors to the Beach who may not be able to take the Potter at 1 P. M. Saturday can leave on the Hassalo at 10 P. M., and reach destination Sunday forenoon. The return trip will be on the Potter Sunday night, arriving Portland early Monday morning. This convenient arrangement affords nine hours at the Beach without loss of time from business.

Send for our beautifully illustrated booklet, "Outings in Oregon," telling all about the Beach resorts.
