Mrs. Fiske Officiates at Interesting Ceremonies at New Heilig Theater.

MAYOR INTRODUCES STAR

Acting Governor Bowerman Is Also Cavalier of Famous Actress When Box Containing Oregon Data Is Put in Position.

With Acting Governor Bowerman, Mayor Simon and Heilig as her cavaliers and attendants, Mrs. Fiske laid the corner-stone of the new Heilig Theater yesterday afternoon before a crowd of about 4000 people.

The ceremony was short and to the point. Prior to Mrs. Fiske's arrival a platform was erected and the workmen given a holiday. Rosegrove's band played and the seats on the platform filled.

Governor Bowerman, with Mayor Simon and Mr. Heilig, called for Mrs. Fiske at the Portland Hotel in an automobile. After taking her a short drive through the city, intended to be a pictorial theatrical history of Portland, she was escorted to the northeast corner of the theater.

Baker Makes Pithy Address. George L. Baker set the ball rolling. Mr. Baker gave a pithy little address. He told of the cost of the theater and mentioned some of the attractions it would house.

Taking a trowel in her hand, Mrs. Fiske tamped the copper box into place. She then sealed it up with mortar. The bricklayers gathered round expressed approval of her performance.

In the copper box the following articles were placed: National ensign, a copy of The Oregonian of yesterday, another Portland paper of preceding day, 1288 names of Oregon pioneers, Oregon pioneers' badge of 1848 (the year Oregon became a territory), and one of 1859 (the year Oregon became a state), a list of names of subscribers to the building, Sam Simpson's "Beautiful Willamette," a history of Portland theaters, a photograph of Blanche Bates, who turned the first sod for the Heilig Theater, October 14, 1909, a photograph of Mrs. Fiske taken as she laid the corner-stone.

Loggers Discuss Government Forestry Methods.

NEW POLICY IS DEFENDED

Restrictions on Logging on Reserves Severely Criticised—Co-operative Liability Insurance Advocated as Economy.

The second day's session of the second annual convention of the Pacific Logging Congress, under way at the Forestry building, was marked yesterday by the discussion that ensued on the paper read by F. E. Ames, assistant district forester of the United States Forest Service.

Mr. Ames detailed the policy of the Government, pointing out how the timber sales were made. He declared the Government was in co-operation with the lumbermen, despite the various misunderstandings. He told the conditions under which sales were made and the sales regulations, and concluded by quoting figures.

The Government policy is so tight that only powerful corporations can do anything, was the statement made by a delegate. He was at once taken to task by a Scotch logging representative from Idaho, who, speaking with a marked burr, declared he was a small operator. "I am no Weyerhaeuser," said this gentleman, "and I find no difficulty in operating with the Government in Idaho. I pay \$4 stumpage, which is about \$1.50 more than you gentlemen pay. Yet, operating in my own small way, I more than make expenses. I am permitted to pay by installments."

The Scotchman declared that, while under the present regime the Government marked each tree that was permitted to be cut, under the new and saner regime small strips were marked which could be cleared off with a donkey engine. Thus reforestation was cared for and the operation of logging was not made impossible from a logging standpoint.

Liability Insurance Discussed. The address delivered warmly advocated the support of the measure proposed by the committee. A commission is appointed to look into the subject of industrial insurance, as between employer and employee.

The impetus delivered yesterday by James Kerr before the second annual convention of the Pacific Logging Congress, now in session at the Forestry building, warmly advocated the support of the measure proposed by the committee to look into the subject of industrial insurance, as between employer and employee.

Mr. Kerr briefly recapitulated conditions in England and Germany. In England, the employer is compelled to furnish an indemnity for injury in the course of his work and in Germany the state, the employer and the employee collaborate in the raising of a fund for the purpose of indemnifying the employee against accident. Mr. Kerr said that the amounts paid in compensation, plus those paid to lawyers, those expended in litigation, those expended in indemnity policies would be more than sufficient to raise a fund big enough to take care of industrial insurance in Oregon.

The respective reports of the Pacific Coast Logging Congress were presented by the Pacific Coast. He asserted the Pacific Coast loggers should lead the way, then the inland states would be compelled to follow, because the support of logging supply being controlled here. Mr. Kerr's address was listened to with interest.

The Pacific Logging Congress was organized by George M. Cornwall, editor of the Timberman, of Portland. It held its first annual session in Seattle last year. Next year the congress will hold its meetings at Vancouver, B. C., and California is pulling strongly for the fourth year.

The address of welcome was delivered by President H. C. Clair, of the Columbia River Loggers' Association, President F. E. Blake, of the Pacific Logging Congress, delivered his annual address. Vice-President Frank H. Lamb, of Hoquiam, and George M. Cornwall, secretary-treasurer, of Portland, read their respective reports.

THEFT OF WATCH CHARGED

Charles Pfluger Confesses Taking Timepiece on Joy Ride.

After he had lulled himself by fancied immunity from prosecution, Charles Pfluger was arrested yesterday by Detectives Mallet and Craddock, and charged with the theft of a watch from Waino Ketola. Pfluger, Ketola and a third man were arrested about a week ago at the finish of a joy ride to various taverns on the Linnton road. Ketola complained that he had been robbed of a watch worth \$80 and his two companions were subjected to a searching inquiry, but as neither had the watch they were fined for being drunk and were released.

The detectives still felt that one or the other had relieved Ketola of the watch, and continued their investigations. They learned that Pfluger was seen in the vicinity of the inn where the watch was lost after being released from the City Jail. They questioned him and he confessed that he had taken the watch and had hidden it in a pile of rubbish. Pfluger's case went over until Monday, when it is expected that he will plead guilty.

GREETING SENT TO TAFT

As Adjournment Is Taken, Delegates Feel Sure That Rehabilitation of Party in Oregon Is Firmly Got Under Way.

(Continued From First Page.) Cases were read for approval, something of a flurry was caused by the conduct of its Government of Oregon City, in claiming to be the assembly nominee for Joint Senator from Multnomah, Clackamas and Columbia counties. He had the support of the Clackamas-Columbian contingents, while the Multnomah delegation was unanimous in recommending Louis G. Clarke, of Portland.

Reference to the case, he was the choice, regardless of the total vote cast. When the matter was placed before the assembly, Mr. Clarke was promptly accepted. The Oregon City man, however, was not content, and said he would make a campaign for election as the assembly nominee, regardless of the ratification of Mr. Clarke made by the assembly itself.

Hibernians Paid Tribute. It was nearing 2 P. M. when the delegates had the decks clear for adjournment. Resolutions were first passed expressing appreciation of the action taken by the Ancient Order of Hibernians in its endorsement of President Taft. Thanks of the assembly were likewise extended to Chairman Bristol, Judge M. C. George and other officers of the assembly and of the State Central Committee, and to the Republican editors of the state who are supporting the assembly cause.

After the last order of business provided for the assembly, Chairman William C. Bristol, called for the report of district candidates for confirmation by the assembly. In many instances candidates for State Senators, District Judges and Representatives were elected in districts comprising more than one county. Since the delegations to the assembly arrived in the city, they have been busy in discussing in discussing the qualifications of the men they desired to represent them in those positions, and the action finally reported in each case.

The first endorsements to be made were those of Congressman W. C. Hawley, of the First District, and W. R. Ellis, of the Second District. The latter had been selected by caucuses of the counties in those districts, held on Thursday.

Counties composing the first and second water commissioners' districts being different from those of the Congressional districts, it became necessary for the delegates to caucus again in different parts of the hall, where caucuses were held.

T. T. Geer was elected chairman of the First District caucus and F. E. Alley, secretary. F. K. Gettins, of Coos County, was successful in defeating the present incumbent of the position, H. C. Holgate, of Klamath County. The result was largely because of the geographical position of the delegates, and candidates, and the additional fact that Coos County has not had a candidate on the state ticket since its organization.

When recommendations from the Senatorial district composed of Clackamas, Columbia and Multnomah counties was called, L. G. Clarke, of Portland, was the only candidate reported. C. W. Eastham filed a nomination as the assembly candidate from Columbia and Clackamas counties, but it was not read. Mr. Eastham announced that he would withdraw his name from consideration of the Multnomah delegates, and would continue in the race at the primary.

C. L. Hawley, of Polk County, was endorsed as the candidate for Joint Senator from Benton and Polk counties, while Henry Nice, a farmer of Lincoln County, was selected as the candidate for Representative from Lincoln and Polk counties.

Two Men Indorsed. The representative district made up of the counties of Klamath, Lake, Crook and Grant counties will elect two Joint Representatives in the lower house of the Legislature, the candidates indorsed being W. Lair-Thompson, of Lake, and H. F. Belknap, of Crook County.

Good River and Wasco counties each secured a candidate for the Legislature and will mutually aid in the nomination and election of J. G. Tate, of the former county, and Alexander Stewart, of Wasco.

Lane County secured the candidate for Joint Senator from Lane and Linn, while the only candidate reported for the Second District was J. E. Beane, a brother of United States Judge R. S. Beane. It is predicted that the candidate will carry the district by a vote equal to that of the other candidates, and will place on the supreme bench of the state. It was almost unanimous that time.

A. Buchanan, of Douglas, will be the leader of the fight for member of the Legislature from the Douglas-Jackson district. An spirited contest in the Senatorial district composed of Umatilla, Morrow and Union, the choice of the caucus centered on S. F. Wilson, of Umatilla.

Agreement Carried Out. In carrying out the ancient agreement between Coos and Curry counties, the Representatives to go to the Legislature from those counties will be selected by the County Central Committee for the Republicans of Curry County. Whoever the candidates may be, Coos County promises him a majority of 600. Delegations from Morrow and Umatilla

Hills counties were unanimous for the renomination and election of Thomas J. Mahoney, of Morrow, his record in the last session of the House of Representatives meeting their strongest approval. The two Representatives from Gilliam, Sherman and Wheeler were won by C. A. Buckley, of Sherman, and W. J. Mariner, of Gilliam.

John R. Latourette was indorsed as the candidate for Joint Representative from Multnomah and Clackamas, E. W. Bartlett, of the latter county, withdrawing from the contest. Malheur and Harney counties had no trouble in centering on W. H. Brooks, of Malheur, while Yamhill and Tillamook selected A. G. Beals, both being candidates for the lower house.

Judge Frank M. Calkins, present Circuit Judge for the First District, was unanimously indorsed for re-election. He lives in Jackson County. No Recommendation Made. In District Number Two there was no recommendation made by the state assembly, but in the Third Judicial District the place now held by Judge Gatens but when the Portlanders got into caucus the suggestion of his name received instant approval.

J. U. Campbell, of Oregon City, and J. A. Eakin, of Clatsop County, both of whom are at present on the Circuit bench of the Fifth District, were indorsed for election. Judge Eakin was appointed in 1905 by Governor Benson to fill a place created by the Legislature. Judge Eakin has been a resident of the State of Oregon since 1866 and is a graduate of the Boston University law department.

In the Seneca and Eighth districts there were no indorsements. Delegates from the Tenth Judicial District also declined to make recommendations at this time. Davis Seeks Place on Bench. Grant County furnished the candidate for Circuit Judge in the Ninth District in the person of George W. Davis. There was no opposition to Judge Davis, and it is predicted that he will have a clean sweep of the primaries and the November election.

In the Eleventh District the delegates renominated R. R. Butler, the youngest member of the bench, and on the bench in this state, and who has made himself immensely popular with the Republicans of Oregon. Judge Butler is 29 years of age, and has held a Presidential Elector, campaigned the state for the National ticket and served two years on the bench, through appointment from Governor Chamberlain. He resides at Condon, and is a graduate of Cumberland University, of Tennessee.

Delegates from the Thirteenth District unanimously tendered the indorsement to H. L. Benson, a brother of the present Governor and Secretary of the State Assembly, resigned from the bench two years ago in order to enter upon the practice of his profession at Klamath Falls. "The coyotes howl for Benson on our way," said one of the delegates.

HAWLEY FILES AS CANDIDATE

First District Representative Promises to Continue Good Work.

SALEM, Or., July 22.—(Special.)—Willis Hawley this afternoon filed with the Secretary of State his declaration of intention to become candidate for re-election as Representative in Congress from the First District.

He states that if elected he will continue his work, hitherto successful, of securing appropriations for rivers, harbors and public buildings, extending postal facilities and rural free delivery, with better pay to employees; relief for veterans of the war; and an interesting the Department of Agriculture in developing agriculture and horticulture; opening up of the natural resources of the state; adding to the public domain and increasing the area open to settlement to include all lands properly agricultural.

He asks that the following statement be placed opposite his name on the official ballot: "No interests to serve but the best interests of Oregon."

Oswald West, of Astoria, present Railroad Commissioner, announced this afternoon his intention to become a candidate for Governor on the Democratic ticket. In his declaration he states that he will fight to a finish any attempt of the Legislature to repeal or amend the initiative and referendum direct primary law, corrupt practices act or the recall. He says further: "The people must rule the corporations and the public interest must be protected. I believe had God intended that the corporations and not the people should rule, He would have created the corporations first."

He asks that the following be placed opposite his name on the ballot: "I will maintain and defend the initiative and referendum, and will fight to a finish any attempt of the Legislature to repeal or amend the initiative and referendum direct primary law, corrupt practices act or the recall."

CAR SHEARS OFF POLE

BARREL DASHES INTO OBSTRUCTION AT 40-MILE SPEED.

Running at a speed of more than 40 miles an hour without proper heed, C. Barrel, an automobile salesman, ran into a telegraph pole on the Linnton road Thursday night, shearing it off as with a saw and doing damage to the car which he estimates at \$2000. Barrel had no large headlights on the machine, and struck a curve about a mile below the city at high speed. He says that he had just touched the button to illuminate the speedometer when he struck. He had not yet had time to see the figures, but estimates that he was going at a rate of 40 miles.

The car struck the pole squarely and the driver and another person who was with him were not thrown from their seats. The front of the car was badly smashed. Patrolman Cudney went to the place and was told that an ambulance had removed a victim of the wreck, but Barrel denies that this was the case. Clarence, who was driving, was with a few friends for a joy ride, and having no automobile of his own, borrowed one from the garage of M. J. Delahunt, 435 East Fifteenth street, North. It is alleged that he had no permission to do so. While bowling along Grand avenue, the party was observed by Patrolman Litherland, who stopped them and found that Ratelle had no license. He was arrested and was fined \$5.

Automobile No. 2531 passed Patrolman Martin at Union avenue and Russell street Thursday evening, going at a rate in excess of 25 miles an hour. The officer signalled to stop, but was

unheeded. He was instructed to get a warrant for the owner. C. B. Shanks was arrested by Patrolman Sims of the motorcycle squad, for exceeding the speed limit and was fined \$10 in Police Court yesterday. John H. Wood was caught speeding by the same officer, and forfeited bail in the sum of \$25.

W. J. Clemens made good yesterday his promise to try out the right of the police to enforce the traffic ordinance rigidly when the state of traffic did not require its enforcement. Clemens was arrested by Patrolman Burke at Second and Washington streets last week for cutting across the corner instead of making a square turn, as required by the ordinance. Clemens showed that there were few vehicles in the vicinity at the time and that no one was interfered with by his act. Judge Bennett held that there was a technical violation, but not one calling for punishment. The case was dismissed.

Gladness comes with a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed and assisted by the pleasant laxative remedy Syrup of Figs and Elixir of Senna.

Its beneficial effects are due to the fact that it is the one remedy which promotes internal cleanliness without debilitating the organs which it acts. To get its beneficial effects always buy the genuine manufactured by the California Fig Syrup Co.

FOR YOUR HAIR

Here Are Facts We Want You to Prove at Our Risk

Marvelous as it may seem, Rexall "92" Hair Tonic has grown hair on heads that were once bald. Of course it is understood that in none of these cases were the hair roots dead nor had the scalp taken on a glazed, shiny appearance.

When the roots of the hair are entirely dead and the pores of the scalp are glazed over, we do not believe that anything can restore hair growth. When Rexall "92" Hair Tonic will do as above stated, it is not strange that we have such great faith in it, and that we claim it will prevent baldness when used in time. It acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed and will not gum nor permanently stain the hair.

When you get a bottle of Rexall "92" Hair Tonic and use it as directed, if it does not relieve scalp irritation, prevent the hair from falling out and promote an increased growth of hair and in every way give entire satisfaction, simply come back and tell us and without question or formality we will have back to you every penny you paid us for it.

We send our endorsement to Rexall "92" Hair Tonic and sell it with our guarantee, because we believe it is the best hair tonic ever discovered. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at The Owl Drug Co., Inc., Cor. 7th and Washington Sts.
