JUDGE DOUBTS MILEMAN'S DEFENSE.—
Someone got into A. Tanler's mikhouse at night and poured water in the milk. That was the defense he made in Police Court yesterday when arrested by inspector Smith for selling milk which had been not only skimmed, but watered in the bargain. Judge Bennett thought little of Tanler's defense, telling him that, no matter how the telling him that, no matter how the milk came to be of inferior quality, he seemed willing to take money for it. He was fined \$25. Joe Shallenberger was arrested on a similar charge and was also fined \$25.

Was also fined \$25.

"Masher" Ordinance is Enforced.—
Robert MacMonies, a youth who has served time at the rockpile, was arrested Tuesday night by Sergeant Goltz and Patrolman Klingel at Sixth and Ankeny streets, for violating the "masher" ordinance. The officers saw the man speak to a passing woman, who ignored him. They stopped MacMonies and asked him if he knew the woman. He said that he did. MAIN WANTED ON FOSTER ROAD.—An addition to the plans subopted by the Seventh Ward Improvement League for water mains for the Southeast Side has been made by providing a main for the Foster road. As the settlement in the Mount Scott district is along both sides of the Foster road, it is thought necessary by the property owners that a main should be laid on that road when these mains are put down. This pipe line will be included in the general system of water mains and presented to the water committee next Monday.

CITY AT LAST SHAKES OFF

CLUTCH FRANCHISE-HOLDER.

Delinquent Rent.

What is considered a fortunate thing

for the city is the sudden ending of the

People's Market Association for the use of a block 200 feet square. City Atterney Frank S. Grant and a special committee of Councilmen Watkins, Cellare and Belding reached a satisfactory adjustment of the case with the fran-

chise-holders yesterday by settling it out

The ground involved is bounded by Second. Third, Market and Clay streets and its present value is estimated to be no less than \$200,000. The black is to be turned over to the municipality within 90 days.

A stipulation to be filed in the State Circuit Court for dissolving the injunc-tion against the city's taking possession of the property includes the following provisions: That such buildings as are

provisions: That such buildings as are on the block be removed; that the concrete sidewalks and excavations be permitted to remain and that the rent owing the city since the time the franchise was revoked two years ago shall be canceled. Under the terms of the franchise the city was to receive \$100 per month rental. When efforts were made two years ago to secure possession, the city was served with a restraining order from the State Circuit Court. Acceptance of the rent was refused and since that time the city has been deriving no revenue from the property. Mr. Grant says that the concrete work which reverts to the city is

property. Mr. Grant says that the concrete work which reverts to the city is easily worth \$2500 and that the bargain is a good one. Mayor Simon, expressed himself as being well pleased with the settlement and the Council yesterday sustained the action of the City Attorney and the special committee.

The franchise was granted to the association in August, 1902, and was to cover a period of 25 years, with the provision that the promoters erect a sulta-

sociation in August, 1812, and was to cover a period of 25 years, with the provision that the promoters erect a sultable building for market purposes and otherwise materially improve the property. The association failed to comply with the provisions of the ordinance and finally succeeded in setting an amendatory frenchise passed relieving the promoters from the provisions of the original franchise and giving them authority to build a large sucture. Falling in their plans again, they secured another franchise cancelling their obligations to the city. Seeing that they were not able to make good with the city, the Council, in July, 1997, revoked the franchise and undertook to regain possession of the property. A bitter fight was made against this move and the matter has been in the course ever since, when adjustment was effected yesterday.

Attorneys in Smith Land Title Controversy Pin All on Decision on Application of Statute in This Instance.

With attorneys for the defense connding that the statute of limitations barred cancellation of the patents on 8000 acres of land in Oregon, now in the title of the Linn & Lane Timber Company, and District Attorney John McCourt pleading that the land was fraudulently entered and that the statute of limitation cannot preclude a proceeding in equity, the case that has ccupied the time of the Federal Court for several days was yesterday afternoon left to Federal Judge Boan to decide.

At the time ex-Governor John Lind, of Minnesota, was trying to convince Judge Bean that the Government had no case. Democrats in Minnesota were trying to induce Lind to become their candidate for Governor.

Ex-Governor Lind contended that the statute off limitation, giving the Government six years in which to contest patents, was adopted by Congress to guarantee title of homes to settlers, as a practice had existed whereby suits were filed 20 and even 40 years after settlers had taken up land. He said to hold that the statute of limitations does not apply in the Smith case, as it is better known, would be equiva-It is better known, would be equiva-lent to wiping out the act of Congress and what it had done to protect set-tlers.

Iowans to Hold Picnic.—The annual plenie of the Iowa Association of Oregon will be held today at Welker's Grove, near Eugene Or. Games and races will be arranged; music will be rendered; good speaking will be on the programme and, in general, an old-fashioned plenic day will be had. The membership of the Oregon Iowa Association now numbers 800 and a goodly number of these are planning the trip to Walker's grove. The plenic spot is situated between Eugene and Springfield on the electric car line, The programme is under the direction of H. E. Slattery, president.

Mas. Rosalia Beaulies Funeral To-District Attorney McCourt argued that the statute of limitations does not apply in this case, and even if it was applicable, the Government may recover the value of the property. He said all the testimony indicated that the land had been fraudulently entered through Puter and McKinley, and Kribs actions are no account. Kribs, acting as an agent.
