

NATIONAL GUARD ORDERED TO CAMP

State Will Send 1200 Citizen Soldiers to Maneuver at American Lake.

TO FIGHT SHAM BATTLE

Oregon Troops Will Join Regulars in Camp of Instruction—Ten Days Will Close With Imitation War on Large Scale.

Orders were issued yesterday from the headquarters of Adjutant-General Finzer directing the two infantry regiments and ambulance company of the Oregon National Guard to proceed to American Lake for participation in joint field maneuvers with the Regular Army. August 8 is fixed as the date for departure. The Oregon troops will remain in the field 10 days. Twelve hundred men will go from Oregon. Reports from company commanders throughout the state indicate that there is unusual interest in the coming maneuvers, and that the men are putting forth every effort to get away from private affairs for the 10 days. The Third Regiment, in command of Colonel T. N. Dunbar, will put 12 companies in the field, and the average turnout per company is expected to reach 45 men. Eight companies from the Fourth Regiment will attend with from 40 to 50 men to each company. This regiment will be in command of Colonel George O. Yoran, of Eugene. The two regiments will set up separate camps.

Individual to Be Trained.

The programme as devised this year by General Marlon P. Maus, U. S. A., is interesting and designed to bring about the maximum of individual instruction. The instruction will begin with the company as a unit. Companies will be given minor problems in advance and rear guard work and reconnaissance, after which larger problems will be taken up by battalions, then regiments and, finally, by brigade. Stimulated warfare on a large scale will mark the final days of the maneuvers.

Finzer Issues Orders.

General Finzer's order, which gives minute details for the movement of the various organizations of the Guard, follows:

- General Orders, No. 12—Headquarters Oregon National Guard, Adjutant-Generals office. IRWIN'S RECOVERY LIKELY

Victim of Mysterious Shooting Sunday-Night Shows Improvement.

Rapid recovery is promised at St. Vincent's Hospital for Roy Irwin, who was shot in front of his home at 615 Northrup street Sunday night. The lower jaw, which was penetrated by the bullet, was probably saved by the physicians, although it will be disfigured. Dr. C. C. Moore, who has charge of the case, is confident that his patient will soon be out of the hospital. No discoveries have been made by the detective bureau relative to the shooting of Irwin. The theory is maintained that the act was committed by footpads, and it is expected that sooner or later the criminals will be found.

RUFFIAN ROUTED BY BOY

LAD OF 10 REPULSES MAN WHO ATTACKS SISTER.

Gardener Also Threatens Mother and Plucky Child Hits Him on Head With Stone.

The courage of 10-year-old Paul Patterson is probably all that saved his sister, 15 years old, from a brutal attack, which was attempted by A. Hislop, a gardener, at Fourth and Hall streets, Tuesday night. When the gritty little lad, who is small for his years and of shy and retiring disposition, saw that the efforts of his mother and himself to hold the assailant were likely to fail, he ran and gathered up a stone, with which he struck Hislop in the head, breaking his scalp and hindering his flight.

Mrs. G. A. Patterson and her two children were returning from a picnic in South Portland. Hislop followed them for a long time, and as often as they reached a secluded place he made attempts to seize the girl. At Fourth and Hall streets, where the trees make the sidewalk dark, he laid determined hands upon her. Mrs. Patterson and the boy grappled with him and called for help. He made efforts to break away and told the woman that if she did not release him, he would kill her. Young Paul was pointing the fellow on the back with all his little strength. Upon hearing the threat, he ran out into the street and gathered up which he threw with excellent aim and struck Hislop on the forehead.

Meanwhile, frames at the station at Fourth and Montgomery streets, two blocks away, heard the cries and came running. Hislop broke and ran. Patrolmen arrived about this time and overtook Hislop at the fire station. He was arrested and charged with assault and battery.

Hislop appeared in court yesterday morning with a scalp wound plainly visible. The Patterson boy was in court and told his story fearlessly and intelligently. His story was pointed up at "I heard him tell my mother that he would kill her if she didn't let go, and I ran for a stone and soaked him good. I had a net a little while to find a stone. I hit him with my fist, too, good and hard. I wasn't afraid of him, but I didn't want him to hurt my mother."

He escaped with a sentence of 30 days on the rockpile.

STREET BOARD OBJECTS

Tearing Up of Paving to Lay Water Mains Disapproved.

Whether or not the business streets of Portland are to be used to suit the whims of contractors and architects, and the hard surface paving cut up at will for the laying of water and gas mains, is now under consideration by the municipal authorities. Reaching that a determining policy for paving ban on promiscuous paving mutilation will, it is believed, meet with general approval, Mayor Simon and the street committee are about to adopt a program regulating the subject.

Yesterday authority was requested by Emil Schacht, architect for the Mackay & Tichner building, which is to be erected at the corner of Seventh and Alder streets, to install a six-inch main in connection with the building on Seventh street. Mr. Schacht insisted that it was necessary to have the dimensions of the present main enlarged to meet the demands of the proposed building.

Mayor Simon was not in position to give a definite answer, but said he was not in favor of the practice of permitting the thoroughfares to be torn up, as had been done frequently in the past, because streets, when repaired, are not as good as when first improved. The matter will probably be settled in a day or two, and Mr. Schacht will be advised accordingly.

WOMAN ACCUSED BY GIRL

Waitress Complains Lodging-House Keeper Is Disorderly.

Alleging that an attempt had been made to force her into an evil life, Hazel Grant, a girl recently from Boise, Idaho, and of good appearance, appealed to the Police Court yesterday for protection from Mrs. Catherine Love, whom she accuses of the attempt.

The girl said that when she came here from her home in Idaho to work in a restaurant, she engaged a room in the house of Mrs. Love at 34 1/2 Madison street. The first night she was in the house, she said, Mrs. Love took two men to her room. She ordered them and the woman out. She said that Mrs. Love also tried to prevail upon her to sell beer for \$1 a bottle, saying that she had a supply in the house.

The girl left the place at once. She went back to obtain her trunk, she said, and offered to pay the woman a week's rent. She said that Mrs. Love demanded payment for a month and seized her hat and her dress. A charge of assault and battery was placed against her.

Ball in the sum of \$10 was deposited by Mrs. Love, who appeared for trial yesterday but went away before her case was reached. Judge Bennett refused to allow the ball to be forfeited and the case was set for the woman. Mrs. Love, in addition to the Madison-street place, conducts a rooming-house over the Denny saloon on Third street.

WIFE SLAYER RECOVERING

H. M. Lambert, With Self-Inflicted Wound in Lung, Will Live.

Rallying vigorously from an operation performed yesterday morning, H. M. Lambert, wife-slayer, at St. Vincent's Hospital, is now pronounced by Dr. Fred Ziegler to be on the way to restored health, so far as conditions following so soon after the operation can be judged.

Lambert killed his wife at Woodlawn several months ago as she stood holding her babe in her arms. The neck of the child was burned with the bullet. Lambert then placed a bullet wound over his own heart, from which he has been slowly recovering ever since.

His convalescence has been impeded by the suppurating of a bad tear in the lung, where the bullet tore through, and to relieve this, Dr. Ziegler yesterday removed a portion of a rib and drained the cavity. He found

SEWER IS REPAIRED

Charge of "Dilatory Tactics" Postpones Work Again.

CEMENT PIPE MADE ISSUE

Councilman Holding Elected President on Third Ballot—Ordinance to Extend Fire Limits Passed by Council.

"Dilatory tactics" to deprive the people of the Riverside sewer district of sized cement pipe and force them to use "trust" pipe instead were charged by Councilman Ellis against Councilman Hushlight at the Council meeting yesterday. Mr. Hushlight moved the adoption of a report to deny the petition for cement pipe. The Council referred the report to the sewer committee. This action again delays the sewer.

City Attorney Grant said that he could see no objection to the waiver for improvements as to which Councilman Devlin has raised at question. He said that the Executive Board had power to exercise its judgment in such questions. Action on Councilman Devlin's resolution against waivers was indefinitely postponed.

The Council elected Councilman H. A. Belding, of the Sixth Ward, as president on the third ballot. Councilmen Menefee and Armand received complimentary votes. Mr. Belding succeeds George L. Baker and will serve one year.

Councilman Watkins' ordinance, extending the fire limits to include the area recently burned, between Chapman and Washington streets, was passed.

A resolution thanking the men of the Marinehead and Yorktown for their services in recent fires in this city, was adopted.

The building inspector was directed by resolution to investigate the condition of all stables, to determine whether there is danger in any of them to horses.

CALF'S SEX STARTS ROW

FORMER FRIENDS APPEAR IN JUSTICE COURT.

Ownership of Little Animal Striven as Veal at Arlington Club Causes Enmity.

Ed King, who met a tragic fate by being served as veal at the Arlington Club after a brief career, was the innocent cause of a neighborhood quarrel which was settled in Justice Olson's court yesterday. Ed was only a male calf, and had been born a heifer instead. The trouble would not have occurred.

Edward Taylor and his wife were visiting at a chicken ranch owned by three partners, Alfred Mitchell, John Ludy and John Kenlerin at Sylvan. The Taylors and the Mitchells became warm friends. To cement the friendship Mr. Taylor bought a cow and presented it to Mitchell. It was understood that should there be a male calf, it should be given to Mrs. Taylor, but should there be a heifer, it was to remain in the possession of Mr. Mitchell.

When a male calf was born during Festival week, Mrs. Taylor immediately took it and named it Edward King. The "Ed" was bestowed in honor of her husband, and the name King because the calf was born during Rose Festival week. Mitchell was willing to turn the calf over to the Taylors at any time, but his partners, who claimed an interest in the cow, decided otherwise.

One night Ed King suddenly disappeared, and it was later learned that Mitchell's partners had sold him to the Arlington Club.

Mrs. Taylor immediately had a warrant issued for the arrest of Ludy and Kenlerin on a larceny charge.

As the evidence showed that Mitchell's partners had an interest in the cow, and that the money received for the calf was used for company charges, the defendants were dismissed.

Re sure and take a bottle of Chamberlain's Cough Remedy and you will find it a most effective remedy with you when starting your trip this Summer. It cannot be obtained on board the train or steamer. Changes of water and climate often cause sudden attacks of diarrhoea, and is best to be prepared. Sold by all dealers.

Dandruff is a contagious disease by a microbe which also produces baldness. Never use a comb or brush belonging to someone else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single payment for a month and establish her hair may well lead to baldness. Never try on anybody else's hat. Many a hatband is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results you claim. This remedy is called Resal "33" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equates it for effectiveness, because of the results it has produced in thousands of cases.

Resal "33" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that Resal "33" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1.00. Remember you can obtain Resal Remedies only at The Owl Drug Co., Inc., Cor. 7th and Washington Sts.
