

BEAVER IS A BOAT; NO DAMAGE IS DONE

Captain Says Defective Harbor Rules Are to Blame for Accident.

FAIRWAY IS OBSTRUCTED

Tramp Steamer Anchored Directly in Course Compelled Grounding of Incoming Vessel, or Collision Would Have Followed.

ASTORIA, Or., July 28.—(Special).—The San Francisco and Portland steamer Beaver, which ran on the sands off Desdemona Sands early Wednesday morning when coming in the lower harbor, is again afloat and is now en route to Portland.

During last night and today about 200 tons of the cargo was taken from the vessel's bow and at 6 o'clock tonight the bar tugs Onocenta and Wallula, with the assistance of the Beaver's own propeller, succeeded in hauling the craft into deep water.

The Beaver is not injured by being on the sands and the only damage she suffered was the denting of a plate on her starboard after being bumped against the nose of the tug Wallula, as the bawler was being placed on board. Captain Kidston, master of the Beaver, in speaking of the accident said tonight: "We would never have gone aground if there were regulations in this harbor as there are in practically every other harbor in the world. At no other place is a vessel permitted to drop anchor in a fairway. The course from Flavel, especially at night, is to pick up the Beaver. When we came in the weather was clear as far as Flavel and I took the proper course from that point. Soon afterwards the thick smoke set in and we had proceeded only a short distance under a slow bell when I suddenly saw a tramp steamer anchored right in the fairway. "We were almost on top of the steamer before I saw her. The only thing to do to avoid a collision was to throw the wheel hard over and signal full speed astern. This I did, but this threw us off our course and before we could regain it again we struck the sands."

WRECK IS REMARKABLE

Fast Passenger Train Careens Along on Ties Without Overturning.

PIERLO, Colo., July 28.—The early morning wreck today on the Denver & Rio Grande Railroad, a few miles north of here, will go down as the most remarkable wreck in the annals of Colorado railroads.

While going at a high rate of speed, the engine and every one of the eight cars composing the westbound passenger train No. 15 left the rails and ran along for a distance on the ties, and yet not one of the cars turned over, and so far as is learned, not a passenger aboard received so much as a scratch, although all were severely shaken up. The track is several miles from Eden, where, six years ago, a Rio Grande train plunged into an arroyo, the bridge over which had been washed away by a flood, and more than 100 lives were snuffed out.

BIG HOP HOUSE PLANNED

Southern Pacific Will Build Warehouse at Salem.

SALEM, Or., July 28.—(Special).—The Southern Pacific Company will construct what is probably the largest hop warehouse in the Northwest on Twelfth street in this city, according to a contract closed with the Spalding Logging Company. The warehouse will be 500 feet long and will be constructed by the Portland Bridge & Building Company.

The Spalding Company has completed arrangements for a shipment, to be in loads of lumber, of approximately 45,000 feet, to be used for this purpose.

The recent report that the Oregon Electric would build immense warehouses in Salem is said to be the cause of the sudden move on the part of the Southern Pacific.

CHECK LEADS TO ARREST

Frank Martin Charged With Passing Worthless Paper.

ROSEBURG, Or., July 28.—(Special).—Accused of passing worthless checks, Frank Martin, a man of 45 years, was arrested here late today by Marshal Huffman, who was about to leave the city on a northbound passenger train. He will be given a preliminary hearing tomorrow afternoon.

Although little is known of Martin in this vicinity, George M. Brown, District Attorney, intends to use every means in bringing to light his means of living. When taken in custody Martin refused to talk further than to question the officer's legal right to arrest him. He was arrested almost immediately after the check was passed.

MULES RUN, COMBINE IS DAMAGED.

ATHENA, Or., July 28.—(Special).—E. A. Dudley had another very serious accident with his big combine Monday morning, due to a runaway. The 22 teams of mules drawing the combine started on a brick trail and the cylinder was torn out of the machine and the fan demolished. The mules were stopped after running a few feet.

Lineman Killed by Fall.

MINNVILLE, Or., July 28.—O. B. Corpan, a lineman employed by the Minnville Telephone Company, fell from the top of a pole yesterday, struck the pavement and was instantly killed. There were no witnesses and the cause of the accident is unknown. The man was about 35 years old, and leaves a widow, two sons and a daughter.

Linn's First White-Born Registers.

ALBANY, Or., July 28.—(Special).—Marion Crabtree, the first white person born in Linn County, registered at the County Clerk's office here today. He was born October 21, 1840, on his father's old donation land claim at Crabtree Station, and has lived there almost continuously ever since.

Cramer Lake Hotel Going Up.

KNAMATH FALLS, Or., July 28.—Cramer Lake, where he is employed on the creation of the fine hotel which is being erected there. It will be of stone throughout, with a tile roof and will cost about \$7500. All Summer will be taken in which to complete it.

NEW WAY PROPOSED

Acting Governor Would Establish State Commissary.

GREAT SAVING PREDICTED

Smaller Institutions Now Placed at Disadvantage in Buying Because of Expensive Method, Declares Bowerman.

SALEM, Or., July 28.—(Special).—Acting Governor Bowerman has announced a policy for which he will fight in an effort to reduce the cost of supplies at state institutions and today said that he would continue to campaign for this policy whether he was elected Governor or remained in the Senate.

Supplies for the state institutions are now secured under separate contracts, each institution being segregated as far as purchases are concerned, and bids are advertised for separately. As a result there is a varying scale of prices. The act, which uses the greater amount of supplies commands a comparatively lower price on all of the commodities. The small institutions are compelled to pay higher prices for identically the same articles.

"This condition should not exist," said Mr. Bowerman today. "My idea is to place the contracting for all of the institutions in the hands of one board. I do not intend to create any new offices, but a board composed of the Governor, Secretary of State and Treasurer should have charge of all this contracting and all of the supplies should be purchased under one contract, not only giving a uniformity in price but greatly lowering the expense. Whether this would be feasible with the Soldiers' Home at Roseburg I am unable to say now, as it is barely possible the additional freight charges from this point to Roseburg might offset the cost saved by including supplies for that place in one general contract. But for institutions at Salem all of the supplies should be bought at one time and all drawn from one general commodity.

"There will be no further buying in the open market, either, if it is possible for me to remedy it. All purchasing should be done by contract, despite the fact that it is sometimes easier for the officials to do their purchasing by the other method.

"System of purchase by trade mark, or trade names should be discontinued. This method absolutely destroys competition and adds materially to the price.

"I propose to establish a system whereby everything possible will be purchased by specifications. The article will be fully described and anyone may come in with a bid."

MANY CANDIDATES FILE

J. T. Chinoock Seeks Nomination as Water Commissioner.

SALEM, Or., July 28.—(Special).—James T. Chinoock, of Multnomah, this afternoon filed his declaration of intention with the Secretary of State to become a candidate for Water Commissioner from the First District. Chinoock at the present time is Secretary

CHILD CARRIED OFF

Man Dashes Up in His Auto and Takes Grandson.

LAD'S PARENTS DIVORCED

Joe Carbone Offers 7-Year-Old's Playmates Quarter Apiece to Deliver Tot to Him—Motor Party Then Disappears.

ABERDEEN, Wash., July 28.—(Special).—Swooping down in front of the Summit Hotel, in East Aberdeen, yesterday afternoon, in a large touring car, Joe Carbone, accompanied by two other men, took his 7-year-old grandson, Albert Carbone, into the machine and departed before he could be stopped by relatives. It is believed that Carbone took the boy to Tacoma, where the lad's father, Tony Carbone, resides.

Tony Carbone and his wife were divorced several years ago, and the court awarded Mrs. Carbone the custody of the child. The boy, however, has been living with his aunt, Mrs. Keavins, ever since he was 18 months old. Mrs. Carbone is living in Portland.

Just what prompted the grandfather to steal the child is not known. He has been in Aberdeen but a short time. When he came to the hotel he found the boy playing in the street with several other lads. He offered these boys a quarter apiece if they would bring the Carbone boy to the machine. They did so and Carbone seized his grandson and lifted him into the car, which at once started away upon an order from Carbone.

An effort to secure a warrant for Carbone's arrest failed. The Deputy District Attorney refusing to act until he learned the conditions imposed in the divorce decree.

While there is nothing to lead to the belief, Mrs. Keavins is of the opinion that the auto was headed toward Tacoma by the way of Olympia.

YOUNG WIFE TAKES LIFE

BORROWS CARBOLIC ACID FROM NEIGHBOR, DRAINS BOTTLE.

Suicide of Prineville Salesman's Wife Is Unaccountable—Baby Finds Her in Agony.

PRINEVILLE, Or., July 28.—(Special).—Mrs. J. W. Stewart, wife of a dry goods salesman here, drank three ounces of carbolic acid at her home in this city this afternoon at 2 o'clock, and died an agonizing death three hours later.

Mrs. Stewart came here a month ago with her husband and 2-year-old daughter from Spokane. Mr. Stewart bought lots and built a little cottage in one of the best residence sections of the city.

He went to work today at noon as usual and about 2 o'clock Mrs. Stewart and the little girl went to the home of a neighbor for a visit, as was their custom. Mrs. Stewart asked to borrow a little carbolic acid and was given a four-ounce bottle about three-fourths full. She kissed the little girl and said she would let her play awhile and went home alone.

Two hours later the little girl went home, and falling to get into the house, asked the assistance of a neighbor. The neighbor found her doorknob and crawled through the window. Mrs. Stewart was sitting propped up on her bed. The acid bottle was found by the bedside. Physicians could do nothing to save her.

Mr. Stewart says that they have always lived happily and can give no motive for the deed.

Coburg Resident Taken by Death.

COBURG, Or., July 28.—(Special).—Margaret Ann Mathews, aged 62, died here recently. She is survived by her husband, N. N. Mathews; a brother, Samuel Taylor, of Eugene; and the following children: Mrs. J. E. Roach, Eugene; Mrs. H. L. Titus, Redlands, Calif.; John S. Samuel, Coburg; Mrs. J. V. Roberts, Portland; and Julia A. Mathews, Portland.

WELCOME NEWS FOR SUFFERERS FROM RHEUMATISM

The Disease Is Permanently Cured by Dr. Williams' Pink Pills and Complete Information Is Free for the Asking.

Every one who suffers from rheumatism will recognize the description of a genuine case at sight.

In the following brief statement are vividly described the symptoms which every patient will recognize and the means by which a cure was effected in this case as described with equal fidelity.

If you are suffering from any form of rheumatism with loss of flesh and strength, and thinning of the blood, the remedy that was so effective here deserves a thorough trial.

Mr. George C. Long, a farmer, whose address is Box 43, R. F. D. No. 1, Oakland, Ore., says:

"When I was quite young, I was a sufferer from rheumatism for nearly two years. The pains were in my neck and back and were so intense that my neck was drawn back. My mother was afraid that I would be a cripple for life. I became pale, weak, and thin.

"I was treated by doctors for over a year and tried numerous remedies but received no benefit. Then my mother decided to have me try Dr. Williams' Pink Pills. The first few boxes helped me and I began to gain in flesh and strength. A thorough trial of the pills entirely cured me and I have never had the slightest return of the disease."

That the ordinary medical treatments of rheumatism are far from satisfactory is known by every one who has ever suffered from the disease. To every sufferer, therefore, the fact that Dr. Williams' Pink Pills cure rheumatism, as hundreds of cases like Mr. Long's proves, will be welcome news. Some of these cures are given in our booklet, "Diseases of the Blood," which will be sent free upon postal card request.

Dr. Williams' Pink Pills are also highly recommended for chlorosis or green sickness, general debility, anemia, stomach trouble, and the after-effects of the grip and fevers.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

Always insist upon getting the genuine pills which are sold only in packages bearing the full trade-mark, "Dr. Williams' Pink Pills for Pale People."

PLAN NEWPORT CLAMBAKE

Date Set for Statewide Affair Is August 14.

NEWPORT, Or., July 28.—(Special).—Newport will have a large clam bake on August 14. Mrs. Lee Williams and Mrs. Gene Brady, of Newport, and A. L. Clifford, of Portland, at the suggestion of the Rev. J. R. N. Bell, of Corvallis, being hostesses and hosts.

The Southern Pacific Company has agreed to run excursions from over the state.

In 1905 over 1200 people came in on one day to feast on bivalves, and the coming event promises to be attended by a much larger crowd. Frank Priest will again serve as chef for the occasion, and the patronesses will be composed of the prominent women of Lincoln County, assisted by some who will be invited from other parts of the state.

Wallowa Schools Progress.

CALEM, Or., July 28.—(Special).—In a report filed from Wallowa County today with the State Superintendent of

Mrs. Margaret E. Farmer Dead.

OREGON CITY, Or., July 28.—(Special). Mrs. Margaret Ellen Farmer, wife of Joseph Farmer, of West Oregon City, died yesterday at Kingsley, Or., where she had been visiting her daughter, Mrs. Jessie A. Gurley. Mrs. Farmer was aged 84 years, and came to Oregon City 35 years ago. She was the mother of the late Loren Farmer, and is survived by her husband and the following children: Mrs. Martha Andrews, of McMinnville; Mrs. Laura Ford, Mrs. Eucilla Whitten and Miss Verna Farmer, of West Oregon City.

Mrs. Jessie A. Gurley, of Kingsley; Harvey Farmer, of Oregon City; Frank Farmer, of La Center, Wash., and Harry Farmer, of Oswego. The interment will take place next Saturday morning at 10 o'clock in Mountain View Cemetery. Services will be held in the First Baptist Church, Rev. S. A. Hayworth officiating.
