PINCHOT RUNNING FOR HUGHES' PLAGE

Ex-Forester's Candidacy Said to Have Good Wishes of Colonel Roosevelt.

LAUNCHES BOOM

Hobby of "Conservation" to Be Carried Into New York Campaign. No Affront to President Taft Intended, Is Said.

NEW YORK, July 29,-Gifford Pindore Roosevelt, took a place today upon the list of possible candidates the Republican nomination for Governor of New York, and Theodore Received was asked to support his candidacy.

While the ex-President has not said anything that in any way resembles an outspoken declaration in favor of

any candidate, it is believed that he does not look unkindly upon the boom.

Dr. Samuel McCune Lindsay, exCommissioner of Education of Porto
Rico, and now a professor of Columbia
University, is the man who launched
the new boom. He had a long and
confidential talk teday with Colonel
Roosevelt and left with the air of a
man well pleased with the turn things
had taken.

New York Residence Maintained.

Dr. Lindsay explained that, although Mr. Pinchot had often been absent from New York in recent years, he had always retained his legal residence in this city and regularly voted here. The fact that he was telled of at one time as a possible candidate for Governor of Pennsylvania was based, said Dr. Lindsay, on the false idea that Mr. Pinchet's legal residence was at Milford, Pa., where he has a country place.

place.

Dr. Lindsay is a close friend of both Colonel Roosevelt and Mr. Pinchot. In common with other friends, he has been working quietly on the Pinchot boom for some time, and first suggested to Mr. Pinchot himself the possibility that he might run. No definite

answer, he said, was returned.
Culonel Rossevelt was told today that,
in the opinion of Mr. Pinchot's friends, he
could alraw support from the same could draw support from the same sources which had given power to Governor Hughes in post campaigns. Mr. Pinchot is represented as in sympathy with the general trend of the Hughes progressive policy.

Conservation Still Hobby.

Mr. Pinchot is now on his way East and on his return will have another conference with his old chief. Dr. Lindsay will tell him then that as Governor of this state he would continue the work of conservation with which his name has become associated. It was represented that there remains a large field for work which the Federal Covernment cannot the Federal Government cannot

Dr. Lindsay defined Gifford Pinchot as an insurgent with a difference.

"Mr. Pinchot," said he, "is an insurgent so far as conservation goes and presum-ably his sympathies ile with the insurg-ents on other questions; but he cannot be chassed as a full fledged insurgent. He

Taft Not to Be Affronted.

"The personal relations between President Taft and Mr. Pinchot have always been pleasant and they were not internet of the Interior Department. We who favor his candidacy do not consider that his communication could be taken as an affront to the National Administration." Candidates for Nomination Need Not Expect Aid, Letter Repeats.

LOS ANGICLES, July 29.—Theodore Roosevelt has declined specifically to take any part in the contest for the Repub-lican nomination for Governor in Call-fornia. He sent here today from New York the following telegram to Philip A. Stanton, ex-Speaker of the State Assembly and one of the Republican aspirants for the Governorship:

for the Governorship:

"At the request of your brother, I wire you to say that I have just given out the following authorized statement: I have told Mr. Stanion that I have refused to take any part in this contest for the nomination for Governor, just as I have refused to take part in all similar contests. No man represents me nor base any authorization to speak for me in the matter or in any similar matter concerning a contest for a nomination and I wish to state with all possible emphasis that I am not taking part one way or another in this or any similar contest for nomination."

'I would like to add that it ought not be necessary for me to repeat this state-ment, which I have made again and again, for if I should take a part in any one such contest I would be expected to take part in literally hundreds."

It is understood that Mr. Stanton telegraphed Mr. Rossevelt informing him that representations were being made in California that vertain persons were au-thorized to speak for him in the contest for the Governorship and he desired to know whether such were the case.

FORMER SECRETARY OF TREASURY AT DEATH'S DOOR

JOHN G. CARLISLE,

NEW YORK, July 29.—(Special.)—Suffering from heart disease in an acuse form, John Q. Carlisie, ex-Secretary of the Treasury, lies critically ill here, with but slight chance for his recovery. Mr. Carlisle is 75 years old. He served as Speaker of the House from 1883 to 1889. In 1899 he was elected United States Senator from Kentucky, to succeed James Beck, and was appointed Secretary of the Treasury by President Cleveland in 1893. He served in the Cabinet until 1897. In 1896 he joined the gold wing of the Democratic party.

Census Report Shows Municipalities Owe \$1,718,000,000.

NEW YORK SPENDS MOST

Figures Show Nation's Metropolis Owes 40 Per Cent of Total and Has Greatest Per Capita Indebtedness, or \$157.

WASHINGTON, July 29.—The enorm-ous sum of \$1,718,000,000 is owed by the 158 cities in the country having each a population of more than 30,000. The figures show net indebtedness and are given out by the Census Bureau as a

The same authority finds that of this sum New York owes \$684,000,000, or almost 40 per cent of the aggregate. This is more than seven times the amount of the net indebtedness of any one city and more than one-balf of the total amount wed by the 29 largest cities in the coun-

result of its canvas for 1908.

It also is shown that of the \$275,000,000 spent for improvements in the 15% cities in 1908, New York expended more than \$80,000,000 or nearly one-third the entire sum. Of the total debt increase of the year, \$185,877,856, nearly one-half is credited to New York. The per capita indebtedness of New York also is much eeding \$157 as compared with Cincinnati, \$119 for Boston and \$113 for Galveston, the other cities making the hearest approach.

It is pointed out that a large proportion of the New York improvement ex-penditures have been for public service conveniences. The betterment of the water system, the collection of toll-bridges and other self-supporting services or of the cities exceeding 300,000 popula-tion, Detroit has the smallest per capita debt. \$25, but Indianapolis, falling be-

low 300,000, makes an improvement with a debt of only about \$17 to the person. In the matter of the payments for im-provements in 1908 Chicago took rank next to New York, the total for the Illinois city being \$18,095,986. Philadelphia's expenditures was \$14,473,184. Of the total expenditures for all the cities about one-third was for improved public service and another third for over highways.

BARONESS DENIES PLOT

Cincinnati Husband's Interpretation of Events Is Combatted.

CINCINNATI, O., July 29.-Mrs. Percy Proctor, formerly the Baroness von Kilfuss, told in court today of the court-ship and pre-nuptial negotiations by which she was won in marriage by the 85-year-old member of the wealthy Cincinnati family

She combated her husband's story of yesterday in several points, but most of her early testimony was interpreta-tive of events to which Proctor had given meanings favorable to his con-tention that he had been the victim of a conspiracy between his wife and Jo-seph de Wyckeff, a solicitor, of London. England. Proctor was not in court when his wife took the stand. He entered' later and returned the smile with which

the witness greeted him. The suit is on an injunction obtained by Proctor to prevent the transfer of \$40.000 in stock given as collateral on a 240.000 in stock given as collateral on a promissory note, as provided in the marriage contract. Mrs. Proctor acknowledged the marriage contract with its provisions that she obtain a divorce from her first husband, the Baron Vladimir Von Klifuss. She said she had started this suit in St. Petersburg, but that the Baron's douth removed the pressalts of larger's douth removed the pressalts of Haron's donth removed the necessity of

She asserted that when Proctor gave her a note for \$40,000 in fulfillment of the marriage contract, she tried in vain to rulse money on it, then appealed to him again, and that he turned over to her

DENVER, July 29 .- Charging that the servation bills known as Senate bills Nos. 5484 and 5486 to 5492, inclusive, introduced at the last session of Congress will, if adopted, seriously retard Western mining development and add to the already heavy burdens of mining men. Western mining men are planning a strenuous fight against these measures at the annual session of the American Mining Congress to be held in Los Angeles beginning September 26. The official call for this meeting was issued at the Denver headquarters today and 3000 delegates are expected to attend, representing the investment of the control of the contro senting the important mining centers in the United States, Canada, Mexico and

Conservation Is Paramount.

It was announced at the headquarters of the mining congress today that the conservation policy would receive a big share of the attention of the congress and an endeavor would be made to learn the true attitude of the West on this question. A bitter fight is expected to result, as for weeks sentiment among the mining men has been actively forming in opposition to what are termed the Taft-Wickersham-Nelson policies concerning the development of water powers and disposition of mineral lands.

The leaders expected to speak against the measures are Senators Borah and the measures are Senators Borah and Heyburn, of Idaho, Senator Perkins, of

California, and Congressman Bartlett, of Nevada. Ex-Chief Forester to Talk.
