Rate Is More Equitable

88 Per Cent of People Benefit by Reduced Vancouver Fare.

VANCOUVER, Wash., July 29.—

between Vancouver and Portland, the Portland Railway, Light & Power Company reduced the fare 5 cents on the round trip, making it 30 cents, said F. D. Hunt, traffic manager of the company, tonight. "The tariff schedule was made and posted according to law and no protests were filed, so it went into effect July 26."

The Interstate Commerce Commission in the Mount Scott case, which that incorporated city has a right to contract to regulate the fare of transportation companies. Several years ago the County Commissioners cut the ferry rate in two, making it 5 cents for a round trip. Now the company has raised the ferry fee.

It is taken from this that the County Commissioners of Clark County have no right to regulate the fare on the ferry between the Washington landing and Hayden Island. They were not notified of the recent change.

The new rate benefits 98 per cent of the people who ride between Vancouver and Portland, while it makes it slightly higher for the 2 per cent who use the ferry for crossing the river only," commented F. D. Hunt. "The large majority of people receive the benefit of a reduction of 5 cents on a round trip."

Under the old tariff the ferry fare was 25 cents, which was the same as the 10-cent fare between Hayden Island and the city limits was excessive. So we decided to secure a more equitable rate and made the change."

WOMEN GIVE THEIR HELP

Only Mile and Half of Timber Separates Thriving Mining Community From Greedy Flames—Family Is Imprisoned.

SPOKANE, Wash., July 29.—

During the past two days the heavy winds have wrought inconceivable damage to the timber and other property in the district. Women are aiding the men in fighting on Pine Creek. Men are dropping at their work, exhausted, and the wives and daughters of homesteaders are doing what they can to aid in checking the flames. James Beletson and family are reported to have been living in a mine tunnel for two days, unable to venture out on account of the fire. A searching party will go there as soon as the men can be spared. On Pine Creek back-firing is being tried in efforts to save some of the homesteaders' timber."

The contract has already been let for the construction of this grade from the reserve line north 40 miles and recently a grading outfit started for the scene near Marie. An infant sister, now being held at Shaniko, is almost completely and it is now said that the building outfit will be rushed in within a few weeks.

The information to be had is that the road is to come from Crescent down through the Big Marsh country to Agency Bay, near the Klamath Indian Agency. The line is then to proceed around this bay to the mouth of Williamson River on the east side. From there, while the road is being graded, a line will be run across the lake for the line to cross to the west side and strike land again about Eagle Ridge Tavern. From that point the line will have a straight course down the west side to the head of Link River and down the river to the proposed depot site on the west side of the city.

Distinctly novel was the baby party given yesterday afternoon by Mrs. Albert Bracht, at her home on Main street, in honor of her youngest daughter, Marie. An infant sister, now being held at Shaniko, is almost completely and it is now said that the building outfit will be rushed in within a few weeks.

The name, age and weight of the babies who were present were: Clinton, 19 months, 19 pounds; one day, 10 pounds; Lawrence Albert Rice, three and a half months, 12 1/2 pounds; Frank Rosenquist, three months and one day, 10 pounds; Corneil Thomason, 29 days, 16 1/2 pounds; and Marie Valentine Bracht, five and a half months, 19 pounds.

Fastened down front with black silk lacing. Girls' and misses' sizes in both the sailor and middy garments.

STINGY HUSBAND LOST

SPOKANE WOMAN TIRES OF ALBERT J. DUGAN.

Paying Little of Household Expenses He Would Count Sticks of Wood Wife Burned. SPOKANE, Wash., July 29.—(Special)—The state record for the stingiest man is held by Albert J. Dugan, now of Portland, according to his wife, Helen Dugan, who secured a divorce this morning, the decree being granted by Judge E. H. Sullivan. Mrs. Dugan, who says that she is a capable stenographer, recites among her husband's peculiarities: He paid little of the household expenses, but often when he came home he would count the sticks of wood and ask her to pay a bill he would ask for the change that was left, if only 5 or 10 cents. He would go alone to the theaters and take a cheap seat. If they went to the park he would ride his wheel, while she and their boy would go on the car, she paying the fare. He would take a vacation alone, going to some of the lakes, while she remained at work. They were married in Minneapolis and came to Spokane five years ago. The defendant is now in Portland.

SEVEN BOOTLEGGERS HELD

Councilman Is Among Those Arrested at Tillamook.

TILLAMOOK, Or., July 29.—(Special)—Sheriff Crenshaw has made another raid on the bootleggers. Seven men were arrested today charged with illegal liquor selling and of that number six are connected with soft drink shops. Those arrested are Councilman Ed. Laughlin, who was arrested in Portland, and his partner, Tom Johnson, Clyde Clemens, his employee; Thomas Burfin, W. J. Stevens, his employee Dan Gilbert, who was arrested in McMinnville, and Ed. Hadley. Three of these, Clemens, Gilbert and Hadley, have been previously convicted for bootlegging and have served jail sentences. It is thought that several will have to face severe charges. There is general complaint at the manner in which the City Council has allowed the soft-drink establishments and poolrooms to run in this city.

REPUBLICANS WILL MEET

Clark County Convention to Send 21 Delegates to Tacoma.

VANCOUVER, Wash., July 29.—(Special)—To elect 21 delegates to the Republican state convention, to be held in Tacoma August 2, which will select five candidates for the office of Judge of the State Supreme Court, a county convention will be held in the Courthouse tomorrow morning at 11 o'clock. A. J. Bigham, chairman of the central committee, says that 120 delegates will be entitled to seats and he expects to see at least 100 present. Besides selecting the 21 delegates, a party platform will be promulgated. W. W. McCredie will be in charge of the resolution to Congress. The Taft Administration will be lauded and that of Governor Hay approved. As this will be the only Republican convention to be held in the county before the election in November, other matters of importance will be taken up. It is likely that the convention will endorse the candidacy of one of the several Republican candidates for United States Senator. It is not expected that the convention will endorse the candidacy of any Republican for county office, but nevertheless the candidates will be present in full numbers, whether delegates or not. Through a misunderstanding at the primaries Wednesday night several precincts chose a committeeman. This election will be held on the 29th of the month. The committee members are regularly elected at the September primaries. These committeemen forming the Republican Central Committee, which, according to the primary law, meets the second Saturday after the primary election to elect a committeeman to the State Central Committee.

INSANE CRIMINALS FREE

Wade and Smith Still at Large; Feeble-Minded Men Caught.

SALEM, Or., July 29.—(Special)—It devolves today that the two men apprehended in Eugene, supposed to be Frank Wade and Christopher Smith, escaped from the criminal ward at the State Asylum for the Insane, were men who were sent to the school for Feeble-Minded instead. There is no trace of either Wade or Smith. SALEM, Or., July 29.—(Special)—A guard from the Home of the Feeble-Minded left for Salem this morning, in charge of O'Dell and Conley, two patients who ran away from that institution about three days ago. They had not had proper nourishment since their departure from the home, their main diet having been green apples.

WAGONS FOR TAFT

Insurgency Frowned on by Republican Convention.

KELSO, Wash., July 29.—(Special)—No doubt was left by the Cowlitz County Republican convention yesterday as to its allegiance to Taft and the regulars and its opposition to insurgency. Mentions of the President's name brought ringing cheers and the platform adopted declared for adherence to bedrock principles of the Republican party. "We, the Republicans of Cowlitz County, State of Washington, in convention assembled at Kelso, Wash., on the 28th day of July, 1910, do hereby declare as follows: "First—We have implicit confidence in the patriotism, executive ability and statesmanship of William Howard Taft, President of the United States and further, we most heartily endorse the principles of the Republican National and state administrations. "Second—We firmly believe in and adhere to the bedrock principles of the Republican party and believe that a strict adherence to these great fundamental principles will conserve the best interests of the Nation and of the American people. "Third—We favor the building and maintaining of good roads and pledge ourselves as favoring said appropriations from state and county funds as will insure the best roads under the present system. The Republican party, ever alive to the best interests of every community, heartily believes that the road question is of vital importance in the state and favors continued and never-ceasing efforts for the building and improving of our roads and the road system. During the reading of the resolutions Judge Kallahan was interrupted by the prolonged applause at the mention of President Taft's name. The endorsement of the National and state administrations also was greeted with an outburst from the assembled delegates. A resolution favoring a reduction of all appropriations for war and war material was reported unfavorably by the committee and this action was ratified by the convention. Fifteen delegates and alternates were elected by acclamation to the state convention to be held at Tacoma on August 2. The meeting was harmonious throughout, the convention transacting its business within less than two hours. The following delegates and alternates were elected: Delegates—Frank Barnes, Silver Lake; F. L. Stewart, E. E. Bagwin, North Kelso; B. L. Hubbell, South Kelso; Dr. Sims, North Kalama; Ben Peck, South
