GANS GOING HOME

Negro Pugilist Would See Mother Before Death.

REALIZES NOW END IS NEAR

Pathetic Picture Presented in Dying Condition of ex-Lightweight Champion as He Leaves for Baltimore on Last Trip.

PRESCOTT, Ariz., Aug. 1.—Realizing that a fatal illness is fast cutting his life short and longing to see his children and mother before he dies, Joe Gans, the noted negro pugilist, ex-lightweight champion and one of the wonders of the prizefighting world...

Just before taking the train tonight Gans said: "I know that I am going to die and feel that I am growing weaker daily. Several days ago I was walking around, but the doctor ordered me to remain in bed. I want to see mother and the two children in Baltimore before I die. I made a mistake in not coming to Prescott in the last two fights...

"I did not realize my condition. My last two fights broke down my constitution and made me an easy victim for consumption."

Gans is not wasted in face or figure, but has a continuous cough. It is feared that the altitude of the mountains he will have to cross in his journey East may prove fatal. His physician, however, thinks by making frequent stops en route his patient can survive the journey.

PLAN FOR SEWER BRINGS SUIT.

Milling Company at St. Johns Objects to Opening Near Property.

The City of St. Johns, including the Mayor and Councilmen, is being sued. It is all over the effort of the city to improve its condition by putting in a sewer. The Jobs Milling Company has no objection to the sewer, but it does object to having it empty into the Willamette River within six feet of its premises, and to prevent this filed suit in the Circuit Court in Portland yesterday, asking that a restraining order be issued.

The milling company cannot understand how it can be expected to mill flour in the midst of the scum and sludge that the sewer will necessarily bring. There is insufficient current at this point in the river, it is said, to carry away the sewage, whereas if the city would run the sewer down Burlington street and out into the river far enough it would strike a current strong enough to carry the waste down stream.

The company also suggests the carrying of the sewer north on Bradford street to Philadelphia street, thence into the river. There, it is argued, it would be discharged under the city sewer, and would do no harm. The company points out that opposite its property the water is but five feet deep, and that the waves from passing steamers frequently wash up on the shore.

The defendants are J. F. Hendricks, Mayor of St. Johns, and A. W. Adams, S. L. Debie, S. C. Cove, John E. Hington, C. L. Johnson, W. W. Windel and J. S. Downey, Councilmen.

VEAN GREGG WILL LIKELY OPEN THE SERIES AGAINST THE OAKS, though it is just possible that McCredie will send Eugene Krapp to the front once more, for the midget star worked but three innings Sunday.

GEORGE BOLES, the tall twirler who pitched such good ball for Oakland last season that he was bought by Cleveland, has been sold to the Portland team by the Toledo club of the American Association.

THE PURCHASE OF BOICE OFFICIALLY confirms McCredie's statement some months ago that he was after a first-class pitcher, for the former Oaklander is playing a great game and is hitting well.

JOHN GOODWIN, who was the left fielder of the Los Angeles club of 1908 and 1909, is also on the same team. Goodwin leads off in the batting order and is showing great speed.

PITCHER MOSER, of the Oakland team, has been sold to the Boston American League club for delivery next Spring. Moser is of big league caliber and is thought to make good with the hustlers of Beantown.

LAST SEASON BOICE won 19 and lost 22 games with the Oakland club, which finished next to last in the Pacific Coast League and this year he has won 8 and lost 5 with the Toledo club, which aggregation occupies second place in the American Association.

PITCHER BARNHART, of the La Crosse team, who has gained National fame as a woman-hater through his refusal to pitch for his team on ladies' day, has been indefinitely suspended because of his persistence in this idea.

SWIMMING WITH COMPANIONS, He fails to come to surface.

FORT STEVENS, Or., Aug. 1.—(Special.)—James Heffner, a private in the Ninety-third Company, Coast Artillery Corps, was drowned in Swash Lake about 1:30 this afternoon. His body was recovered three hours afterward by the local lifesavers, assisted by the soldiers. Efforts to resuscitate him failed.

PRIVATE THORBURN and Private Bonebrake, who were swimming with Heffner, were unable to render any assistance, both being poor swimmers. It seems that the three were using a small boat as a float to dive from when Heffner, who was the best swimmer of the three, gave a sharp cry and sank. His companions said he did not again come to the surface. He enlisted in Missouri, his regular occupation being farming, and had about one year's service completed.

Calif Beat Camas Blues

In a fast game of ball Camas went down to defeat by the score of 7 to 6 before the fast Calif Brothers' team, of Portland, at Camas Sunday. This is the second defeat Camas has met this year on its own diamond. Camas was strengthened by Catcher Gleason, of Portland, who allowed only one Calif man to steal second. Dawson and Hewitt pitched well and Edman caught a good game. Schuitz was unable to play on account of a broken finger. The hard-hitting Calif found Pickett in the eighth inning. G. T. Pickett umpired. Band and Gillespie executed several fast double plays, and Bateman got three hits out of four times up.

AURORA BEATS MONTAVILLA. AURORA, Or., Aug. 1.—(Special.)—Aurora defeated the crack Montavilla team of Portland by the score of 11 to 1. Sunday Gravelle the Portland pitcher was rapped for a total of 15 hits, while Baker for the home team allowed only five earned runs in the eighth inning. G. T. Pickett umpired. Band and Gillespie executed several fast double plays, and Bateman got three hits out of four times up.

Tavern Stake Has 40 Entries. CLEVELAND, Aug. 1.—Owing to the large number of entries for the "Tavern stake," the new Grand Circuit event for 2:15 class trotters, which will be run for the first time at the North Randall meet here next week, it was decided today to divide the race into divisions. There are 40 paid-up entries and the event will be worth close to \$6000. The first division will be raced on Wednesday and the second on Thursday, under the best-three-in-five system.

Sheridan Colts Win. SHERIDAN, Or., Aug. 1.—(Special.)—The Sheridan Colts won from the Greenfield Blues, of Portland, by the score of 11 to 5. The bright features of the game were a home run by Rodda in the second with two men on bases, and the scoring of the winning run by Payne in the eighth inning on a clever squeeze play. Batteries—For the Greenfield Blues, Young and Rodda; Sheridan Colts, Wein-gardner, Payne and Drumiller. Umpire—Baker.

BEAVERTON TEAM WINS GAME. BEAVERTON, Or., August 1.—(Special.)—The Beaver team of this city, defeated the Meler & Frank Company team, of Portland, Sunday by the score of 11 to 5. Despite the one-sided score, the teams played a good game. The Beaver boys made 13 hits, most of which were bunched. The Portland team secured but two hits, and errors counted in all the runs they scored.

NEWPORT DEFEATS CORVALLIS. NEWPORT, Or., Aug. 1.—(Special.)—Newport defeated the Corvallis baseball team yesterday by a score of 3 to 0. Eight hundred persons came over on an excursion to Newport for the game. The boys of Newport made several trips. It was the largest excursion since 1906.

Whitney's Horse Wins Race. RANDOWN PARK, England, Aug. 1.—The holiday 2-year-old stake of 400 sovereigns, distance five furlongs, was won today by H. P. Whitney's Blue Girl filly.

Fandom at Random

PORTLAND opens against the Oakland team this afternoon, and with any kind of horseshoe luck such as predominates in baseball in this season, McCredie ought to win out.

VEAN GREGG will likely open the series against the Oaks, though it is just possible that McCredie will send Eugene Krapp to the front once more, for the midget star worked but three innings Sunday.

COMMISSIONERS RETAIN STAND ON MORTGAGE NOTE TAX. Galloway and Eaton Declare That Real Situation Is Misunderstood. Capital Not Driven Away.

SALEM, Or., Aug. 1.—(Special.)—State Tax Commissioner Charles V. Galloway and J. R. Eaton have prepared a statement setting forth their views more fully on the question of taxing mortgage notes and on the discussion which followed a letter recently sent but by the Commission to the County Assessors of the state.

This present statement will probably be placed in the form of a letter to the Assessors. It is in part as follows: "Right now we want it to be plainly understood by the County Assessors and other interested parties that the letter of July 15 has not been withdrawn or amended in any way. It is in fact as it will be. Attempt has been made in certain quarters, either through ignorance or assessed, to give a false impression as to the intention of the law and the intention of the Assessors. But anyone who is even tolerably familiar with matters of taxation in this state is well aware of the vital difference between a tax on mortgages and a tax on mortgage notes."

To summarize differences between a mortgage tax and a mortgage note tax: The former is a tax on real property, the latter is a tax on a certain class of personal property; the former is applied to the status of the land, and the latter, at the domicile of the owner, or of the person assessed, and is not a tax on the property assessed against both residents of the state and against non-residents. The note or other credit must be actually within the state, either in the hands of the owner or an agent, or otherwise localized for permanent use. It can of course be readily seen that the general effects of mortgage tax and of mortgage note tax are entirely different. The tendency of such a law to frighten outside capital and keep it away from the state. Under a tax on mortgages, the non-resident creditor, who is fully understood, the tendency of such a law is to encourage investments of outside capital in the state, and to drive the hands of the owner or agent, or otherwise localized for permanent use.
