Murdock and Madison Renominated Without Opposition-Later Figures Show That Anthony, Regular, Is Chosen.

TOPENA. Kan. Aug. 3.—While the relays from the Republican state primaries are not completed yet, enough are in so that there no longer remains any doubt as to who the winners are. Six insurgents and two regulars were nominated as candidates for Congress. Two of the insurgents, E. H. Madison and Victor Murdock, incumbents from the seventh and eighth districts respectively, had no opposition. It was thought last night that D. R. Anthony, Jr., incumbent, and regular from the first district, had been defeated by T. A. MeNeal, the insurgent candidate, but returns today proved that Anthony had been renominated by

Then, to the surprise of everyone, Chairman Dolliver ordered Chauffeur Byers back to the garage and the caucus nominees were confirmed. This, like the indorsement of Governor Carroll, was a

concession to harmony. What may have been an attempt to stampede the delegates in favor of the stalwart Republicans was made when a Second District delegate—ex-Representative Ellsworth Rominger-holsted a portrait of the President amid regular cheers. But the other side answered with silence or with jeers.

"And we now take pride in the fact that he was nominated and elected to that high office with the aid of Iowa Republicans and that during the year and a half of his service as President of the United States he has fully justified the confidence placed in him by the Republican party. The platform adopted reads in part as follows:

"The Republicans of Iowa reaffirm their loyalty to the Republican National platform of 1998, and especially emphasize their long and well-settled faith in the Republican doctrine of protection. They do not recognize the tariff revision of 1909 as a satisfactory fulfillment of the party promises. In order to bring the tariff law into a complete compliance with the rule of the platform it is necessary that the difference between the cost of producing dutable commodities at home and abroad should be correctly known. Therefore, they favor the creation of an independent, non-partisan tariff commission which shall be the instrumentality of Congress to ascertain the difference between the cost of production here and in other countries and publish the facts so that not only Congress but the people shall be advised of the results of its investigations. Until such a commission is authorized, they approve the effort of the President to secure the desired information through a board of experts employed for that purpose.

A NEW ELDORADO IN CARIBOO DISTRICT

A very rich discovery of free milling and cyaniding gold ore has been found on Grouse Creek, Cariboo district, British Columbia.

The lode is six feet wide and pans gold so freely that wages can be made on surface by sluicing.

This is a tunnel proposition, no sinking or hoisting, and a motor car can be run from Ashcroft station on Canadian Pacific Railway to within a mile of property. This is a new discovery and has pay at grass roots. I have acquired the two original locations of fifty acres each con both sides of Grouse Creek and am forming a syndicate to take over the property. Get in on the ground floor and make an investment which promises to return you \$20,00 for \$1. No money is to be paid to vendor until property is developed and ore in sight.
