Crowds in City Park Enjoy Band's Programme

Classical and Popular Selection Splendidly Given Under Trees.

the grass to listen to the delightful music.

Brown's band is a most excellently trained body of musicians, and the selections showed not only skill in drilling, but individual talent as well.

A stirring number, Telke's march, "Old Comrades," opened the afternoon series of good things. This was followed by that always favorite waltz, "Vienna Bloods," from the master of waltz music, Strauss. An overture, Von Weber's "Oberon," came next, followed in turn by two gems, the first of which, Schubert's celebrated "Serenade," won instant acclaim, and the second, a Spanish fahtasia "The Dove," from Yradier, was a harmonious and exquisite blending of melody.

Ellenberg's delicate idyll, "The Mill in the Forest," was one of the most oppular and best liked selections of the programme, the haunting, exquisite

Another well liked number was the ever popular "Palms" from Gruenwald. The well-known bits from the opera "Carmen," by Bizet, and also Gounod's "Soldier Chums" from "Faust" were given with a vigor and brillance that brought rounds of applause.

The concluding numbers were gay little excerpts from "The Dollar Princess," one of last season's successes on Broadway, the music of which is both tuneful and catthy, and the final selection, a march comique entitled "Scantillar and the selection.

A NEW ELDORADO IN CARIBOO DISTRIC

A very rich discovery of free milling and cyaniding gold ore has been found on Grouse Creek, Cariboo district, British Columbia.

The lode is six feet wide and pans gold so freely that wages can be made on surface by sluicing.

This is a tunnel proposition, no sinking or hoisting, and a motor car can be run from Ashcroft station on Canadian Pacific Railway to within a mile of property. This is a new discovery and has pay at grass roots. I have acquired the two original locations of lifty acres each on both sides of Grouse Creek and am forming a syndicate to take over the property. Get in on the ground floor and make an investment which promises to return you \$20.00 for \$1. No money is to be paid to vendor until property is developed and ore in sight.
