

PORTLAND OPENS WITH SACRAMENTO

Beavers and Senators Clash This Afternoon in Start of Week's Series.

NEW FACES SEEN IN LINE-UP

Young College Lad, Peters, Promises to Be One of Best Utility Men in Pacific Coast League—Steen May Pitch First Game.

The Beavers and the Senators, representing Portland and Sacramento in the Pacific Coast League, today commence a week's series at the Vaughn-street park. The occasion marks the return of the McCredie team from a two weeks' visit to San Francisco, where they won six and lost seven games and tied one out of a series of 14 played.

The showing of the team on the road was far from brilliant, as the club can break as near even away from home as has the Portland club in not out of the running by any means, and this is more so in this instance because of the closeness of the Pacific Coast League race.

NEW FACES SEEN TODAY

When "Mac" trots his Beavers out this afternoon he will introduce several new faces to the fans, while one will be missing. The new men are Outfielder Rutherford, Pitcher Boice and a corking good young utility player named Peters, whom "Mac" picked up while South this trip.

Rutherford came to Portland from the Cleveland club and is a young college player who bears the earmarks of a coming star player. He has played in but one game with Portland thus far, but when the team reaches home McCredie will likely give the lad a first-class tryout to see just what he can do. Manager McGuire, of the Cleveland club, asserts that Rutherford is an embryo star and that all he needs is seasoning to become a big league sensation.

George Boice, the tall pitcher secured from the Toledo club of the American Association, is well known to the Portland fans because of his connection with the Oakland team during the season of 1909. At the end of last season Boice was purchased by the Cleveland American League team, and after a short tryout was sent to Toledo to bolster up the pitching staff of that team, which is a virtual farming ground for Cleveland players. By some arrangement with Cleveland, McCredie secured Boice from Toledo by purchase, and the tall right-hander is now a member of the Portland pitching staff. He made his debut in a Portland uniform Saturday and pitched the first part of that celebrated 18-inning, no-score tie game.

College Ball Star Is Peters.

In Peters, McCredie has picked up a second Oscar Vitt. This clever youngster is a Santa Clara College lad, and played such fine ball for that institution that he attracted the attention of several organized clubs. His home, however, was in San Jose, California, and he was elected to cast his lot with the San Jose club of the California State League last Spring.

When Portland visited San Jose on the Spring training trip "Mac" became much impressed with the work of Peters, who played third base for the "Prune Pickers." "Mac" immediately contacted Peters to Big Cy Townsend, the captain of the San Jose club, and by his consent he talked with the lad and secured an option on his services for the latter part of this month. He is touted as a comer by those who have seen him work in a number of games. The score: R. H. E. | R. H. E. | Gresham . . . 10 | 12 | 2 | 3 | 1

Neglected Horse Wins Big Stakes.

SARATOGA, N. Y., Aug. 8.—Leah, neglected in the betting at 8 to 1, easily won the Kentucky Selling Stakes for two-year-old fillies, 2 1/4 furlongs, here today. The stable connections did not like her chances against Horizon, the 4 to 5 favorite. Leah opened at 7 to 2 and drifted back to 3 to 1. Leah won by three lengths.

Lincoln Pitcher Twirls No-Hit Game

LINCOLN, Neb., Aug. 8.—Farthing pitched a no-hit, no-run game against Topeka this afternoon. Only one man reached first and that on an error.

UMPIRE MCGREEVY comes North to officiate during the series which opens here this afternoon. He is the "knapkin" umpire of the Coast League staff.

Somebody down San Francisco way

"Piped" it off to a scrubber that Portland dug out about Umpire Van Halteren and that scrubber forthwith said that Judge Graham should have sent him north in stead of McGreevy. Somebody ought to wake 'em up.

Charlie Graham's Senatorial aggregation

will be entertained for six days here, and with any kind of luck Portland ought to get the long end of the series. However, the Senators are going some just now and may stop us.

Big league scotts, who have been looking

over the Pacific Coast League play-ers for the past few months, have sent in the names of their selections, and the players are being sold off quite rapidly.

Greig and Fisher, tentative Clevelanders

are the only Portland players so far in line for advancement. However, both are from the Cleveland club and probably will be taken back, though Stearns, Krapp, Olson and Happs are likely to be selected.

Buddy Ryan has been hitting the ball

in such great style during the past month that his many friends are delighted with the improved form of the little Denverite. When Buddy gets to hitting he is "all to the good" and a more popular player never wore a Portland uniform.

Charlie Graham probably will send

"Lanky" Nourse or Jack Fitzgerald against the Portland team today, though Hunt might be selected at the last minute. The latter is the tall left-hander who has done such effective work for the Senators this season.

Felix Marinko, the outfielder released

by McCredie last week is said to have asked for his blue envelope, and McCredie is reported to have given it to him with the understanding that if he plays in the league he will return to the Portland club.

BOYCOTT IS BOOMERANG

BREWERS' UNION MEN BESTED IN ONE INSTANCE. Portland Firm Goes Opposition One Better When Attempt Is Made to "Kill Business."

Make hay while the sun is overhead. Fight a boycott with a boycott.

These appear to be the mottoes of the Shaprio brothers, two advertising men running the Spring Valley Wine Company. Because the ordinance against boycott signs has not yet gone into effect, last week a pitiable specimen of humanity paraded in front of their hill place of business with the conspicuous sign: UNFAIR.

The Spring Valley Wine Company does not employ union labor. THE BREWERY WORKERS' UNION. This stumped the brothers for a time—but only for a time. Within a few hours they went one better. Their sign read this way: A SQUARE DEAL TO ALL.

The Brewery Workers' Union is unfair to all. THE SPRING VALLEY WINE COMPANY. "Sandwich man" No. 2 was instructed to follow the union man wherever he went. He did and a crowd followed, enjoying the fun. This lasted most of last week and up to midnight. The union man declined to come to scratch yesterday. The bloodless victory was won.

Incidentally the Shaprio boys have strong opinions about the unions. They said the reason they did not have union help was because their men had been with them since they started in business and it would be unfair to displace them. This is the way J. Shaprio told his story: "We get our teaming done by the Noland Transfer Company. As we have several carloads a week, it is considerable. Now to help the unions along Noland signed up with them as soon as they struck, so his men have been working. Because they were for us, the union men went to them and said they must quit our hauling. Noland's drivers tried to make the union see differently, but they wouldn't. At last Noland told them he was going to haul for us. If they did not like it, well, they need not, and he would hire nonunion men."

That is where the unions are unfair.

We are selling beer at low prices to the working man. Do they care for that? No, they declare a boycott on us. So we retaliate and we win."

ALLEGED FORGERS CAUGHT

Rubber Stamp With Movable Type Aids in Passing Checks.

A rubber stamp with movable type was used by William Bell and Willis Gray to give an appearance of verisimilitude to checks which are alleged to have been forged and circulated by them. Detective Pat Maloney made the arrests. The checks passed on William Margulis Saturday night, were stamped in red ink with the name of the firm by which they purported to be drawn, by a stamp similar to that found in the possession of these men, and a good case is thereby established against them. The two alleged forgers were arraigned yesterday in Police Court, but their hearing was continued.

Det. Moloney was in a saloon Saturday

night when the two men entered and sought to have checks cashed which they represented to be their week's wages. Moloney signalled the bartender to refuse the checks and followed the men when they left the saloon, arresting them on the street near the east end of the Steel bridge. Later it was found that they had secured about \$20 from Margulis on two checks purporting to have been drawn by Wright & Bradley, cement contractors, who the men said, were erecting a building on Yamhill street.

WOMEN WRITE TO CRIPPEN

Quebec Prisoner Only Allowed to Receive Lawyer's Letters.

QUEBEC, Aug. 8.—Letters and telegrams addressed to Dr. Crippen are accumulating at the Provincial Jail, but he is allowed to receive only one letter, the cable messages from Arthur Newton, his London attorney, relating to the preparation of his defense.

Full a dozen letters and a number

of magazines have never reached the prisoner because Jailer Morin has adjudged them improper to deliver to a man in such a situation. All but a number of magazines was also sent to Crippen, who reads omnivorously.

Sergeant Mitchell, of Scotland Yard,

will arrive this week from London bearing the formal application from the English authorities for the extradition of Crippen and his companion.

MEN TO CLIMB MT. HOOD

Y. M. C. A. Organizes Party That Will Walk to Mountain.

Plans for an ascent of Mount Hood in which a large number of men will participate were formulated at a meeting held last night at the Young Men's Christian Association. At that time it was decided that most of them are members of the Y. M. C. A., but a general invitation to join the party has been extended to all men who care to do so.

The party will start from Portland at

6 o'clock Friday morning, driving to Bor-ing. From there on only a baggage wagon will be taken, the men walking the remaining 50 miles. Sunday they will camp at the base of the mountain and make the ascent Monday. Tuesday and Wednesday will be taken for the trip home. N. W. Wonnacott, assistant general secretary of the Y. M. C. A., will head the expedition.

LOCAL HOSPITAL WANTED

Peninsula League to Hold Meeting to Further Plan.

In an effort to interest Portland business men in the erection of a first-class hospital on the Peninsula, members of the Peninsula Development league will give a banquet at the Portland Commercial Club tomorrow evening at 6:30 o'clock. Invitations have been issued to many who, it is thought, will be interested in the enterprise.

The entire proposition will be laid

before the guests at the banquet and plans for the hospital will be outlined by speakers who are familiar with every phase of the situation. Residents of Peninsula have been endeavoring to get a hospital for more than a year, but owing to the distance apart at which those most interested in the movement live no movement has been accomplished. This is the first general

meeting to be held in this connection.

Physicians, property owners and citizens generally are behind the scheme and believe that with the proper support the desired end will be attained.

WENDLING ADMITS LIES

Woman Forces Murder Suspect to Deny He Hugged Her.

ST. LOUIS, Aug. 8.—Joseph Wendling, the Louisville church janitor who was arrested in San Francisco charged with the murder of Alma Ketter, is still in jail here, awaiting departure for Louisville. No time has been set for leaving the city.

Mrs. Vera Meuna, the Missouri milliner who aided detectives in capturing Wendling, expects to return to her home at Hume, Mo., tonight. She came here to identify Wendling as Henry Jacquesin, the man who had made love to her in Houston, Texas, and to make him retract statements he had made about their acquaintance.

"When I accused Wendling of telling untrue stories about me," said Mrs. Meuna today, "he said, 'Never mind. I do mind.' I told him, I made him acknowledge today to the officers that we were never engaged and that he never hugged and kissed me but once, and then only for a minute, when he took me by surprise the evening he proposed to me."

"Wendling shook his head when I asked him if I did not tell him I would not marry him. He acknowledged that when I brought a ring to me I threw it in his face."

Mrs. Meuna will not go to Louisville to claim a share of the \$6000 reward. She and Detective Carney will attend to that for her.

Wendling was subjected to a severe "sweating" in Chief of Police Young's office today by John H. Mahoney, of Louisville, who is accompanying Chief of Detectives Carney with his prisoner. Efforts were made to obtain from Wendling admissions which would incriminate him, but these were unsuccessful.
