SIX FILE FOR LEGISLATURE

Office of Representative Proves Attractive to Politician

James M. Ambrose, K. C. Couch, A. G. Rushlight, J. C. Bryant, James J. Flynn and Willie I. Cottell have filed with County Cierk Fields their declarations of intention to run for the office of Reprementative in the State Legislature on the Republican ticket. They are all State-ment No. 1 men, each incorporating this as a part of his platform. All wish af-ter their names on the ballot the words: "For Statement No. 1 and Direct Pri-

mary. Let the people rule."

Mr. Cottell, who is a member of the Cottell Drug Company and lives at 384 Second street, says he is positively opposed to the assembly. His platform follows:

lows:

"I am and always have been a Republican. I believe in the direct primary and Statement No. 1. I am opposed to assembly methods and believe that the average voter is as well qualified to decide the fitness of a candidate for office, as any selected assembly, working for selfish interests. I am willing to stand or fall by these principles, and if nominated and elected will to the best of my ability strive to carry out the will of the people."

Flynn says: "If I am nominated and elected I will, during my term of of-fice, perform the duties thereof honestly and to the best of my ability." Mr. Couch makes the same declaration.

Mr. Couch makes the same decreasion for Rushlight says:
"If I am nominated and elected, I will, uring my term of office exercise the unctions thereof honestly and for the set interests of the state. I will, so best interests of the state. I will, so far as lies in my power, prevent all un-necessary expenses and procure valid and adequate returns of all public moneys disbursed. I shall advocate a strict business administration, irrespective of any person or persons or firm or corporation, and without fear of or favor to anyone."

Mesers Ambrese and Bryant have no other platform than Statement No. I.
H. F. Rollins, of Gresham, has filed his declaration of intention to run for Justice of the Peace, Multnomah district, but has no platform.

AN ANARCHIST'S LETTER

He Discusses Liberty and Shooting of Mayor Gaynor.

POPTLAND, Or., Aug. 11.—(To the Editor.)—It seems strange to the writer that in the early reports of the dastardly attempt to assasinate Mayor Gaynor the newspapers retrained from charging the orime to the anarchists. Can it be possible that this was due to a larger understanding of what an-

Mayor Gaynor, himself, is more of an anarchist than an archist.

As an anarchist, I feel keenly what a great loss the cause of human freedom would suffer in the death of Mayor Gaynor. The sad occurrence must have been a great blow to all liberty-loving people, not only in this country but the world over. To me, Mr. Gaynor is the greatest and strongest figure in the political life of the country but the world over. To me, Mr. Gaynor is the greatest and strongest figure in the political life of the Nation, and I sincerely hope that he will speedily recover and be able to continue the good work already begun. Although the mad dog cry of anarchy has not been raised as yet by the "yellow press," we can soon expect to hear the familiar howl, for some of our representatives in Congress are already planning to revise our immigration laws. These men are either misinformed as to the theories held by anarchists with regard to the re-organization of society on a just basis, or they are densely ignorant. This matters little, however, to the "yellows" so long as they can cater to popular prejudice.

I am absolutely, certain that Mayor mostly world oppose any let listation.

ular prejudice.

I am absolutely, certain that Mayor Gaynor would oppose any lejislation that would deprive any peaceable individual of his liberty, no matter what opinions he may hold. Long before he ascended to the office of Mayor of New York, Mr. Gaynor expressed his indignation against the lilegal interference, on the part of the police, with sociallat and anarchist assemblages, as well as other unwarranted acts perpetrated by these officious officials. As Mayor, he made it plain to the police that the law applies to them fust as much as to the private citizen.

much as to the private citizen.

One of the ablest writers on anarchism is Benjamin R. Tucker, for many years editor of "Liberty," in New York. "The anarchists are simply unterrified Jeffersonian Democrats," says Mr. Tucker. Here is what Mr. Gaynor said some time ago: "A government which. some time ago: "A government which, through legal favoritism, allows a few through legal favoritism, allows a few to aggrandize themselves out of the toll of the many has no right to exist."

Possibly Mr. Gaynor does not agree with Mr. Tucker all along the line, but there is no doubt of his being an "unterrified Jeffersoman Democrat." May he soon be again fully restored to health. If Representative Stephen, of Texas, has his way and his proposed bill should become law, Mr. Gaynor might be deported with the rest of us. to the Philippine Islands.

Truly, an anarchist without a sense of humor would be a pitiable sight to behold.

Boisterous and improper conduct on the part of the swimmers was induced by a quantity of beer which they had stored on the bank, and their antica, patterned after the "King's Camelopard of the Royal Nonesuch," scandalized the residents of the vicinity.

Good Things in Market

Peaches and pears, excellent in quality and low in price, are still the leading features in the market dispiny of fruits. Oregon Crawfords and Callfornia Elbertas are the most popular peach varieties and are obtainable at 75 cents to \$1 a box, or 10 to 20 cents a dozen. The peach canning, pickling and preserving season is well under way, and many housewives are already regarding with pride their wellfilled "family jars."

Pears, while not so useful for preserving purposes, are perhaps even more popular than peaches for "plain eating," and are to be had at from 18 to 20 cents a dozen. Grapes are coming in more rapidly, and are already decidedly low in price. Malagas and black grapes cost, yesterday, 25 to 20 cents a basket, while 26 to 50 cents was asked for Muscats and Thempson seedless grapes.

Apples are not yet particularly attractive in competition with the late Summer fruits and are to be hall at

\$1 to \$2 a box. Plums are fairly plentiful at 10 cents a dozen. Cantaloupes and watermelons are still cheap. The latter cost 10 to 20 cents each, while the former sell 3 for 10 cents or 3 for

the former sell 3 for 10 cents or 3 for 25 cents, according to size. Pineapples are good and fairly abundant, costing 15 to 25 cents each.

New in this week are huckle-berries—some of them particularly fine, though entirely too popular as fly convention grounds. But the market men say that the majority of Portland housewives don't mind their entertaining files—at least comparatively few protest against the exposure of fruit to the fly's unwiped feet; so why make a fuss about it?

Tomatoes are conspicuous in the

Tomatoes are conspicuous in the vegetable market at 4 to 16 cents a vegetable market at 4 to 16 cents a pound. Cucumbers are perhaps second in importance, though the pickling size "cukes" are not yet plentiful. Dill, however, is already to be had. Beans are fairly good at 5 cents a pound, and corn at 20 cents a dozen. Celery is more plentiful and egg-plant is cheaper than usual, costing 10 cents a pound. Green peppers are popular; and many shapes and kinds of Summor squash are abown. Fish prices were decidedly lower

than usual yesterday, and a very good variety was obtainable Excellent Chinook salmon, halibut and sturgeon were selling at 3 pounds for 25 cents, all three offering dishes literally "fit for a king" with little trouble and loss for a king" with little trouble and loss waste to the housewife. Fresh mackerel is new this week, and costs 15 cents a pound. Black cod, rock cod, tom cod, silver smelt, shad and flounder were all to be had at about 16 cents a pound. Baby salmon cost 15 cents. The only high-priced fish was black bass at 36 cents a pound. Fine prawns proved attractive at about 25 cents a pound.

Egg and chicken prices are practically the same as last week; Spring ducks are quite inviting at 25 cents a pound. If this is too much, try a

CHAMBERLAIN IS ALOOF

NOT HELPING TO PICK CANDI-DATES, SENATOR SAYS.

"Informal" Decision of State Committee Helps Manning's Candidacy for Governor.

George Earle Chamberlain, cleverest Democrat of them all, ex-District Attorney of Multnomah County, ex-Govof Oregon, and now United States Senator by grace of "popular legislation," Statement No. 1 and the direct primary law, is at his offices in the Chamber of Commerce building. the Chamber of Commerce building, but is not taking an active part in shaping the state campaign of his party. That is what he says himself. Speaking of the "prospects." he declared yesterday that they have never been brighter for the minority faith, and he predicted success.

Senator Chamberlain was seen at his law offices yesterday afternoon with special relation to the informal decision of the Democratic state central

sion of the Demogratic state central committee Thursday night to pass the word down the line for John Manning as the candidate for Governor. There was a rumor in political circles that Senator Chamberlain, Chairman Sweek Senator Chamberlain, Chairman Sweek, of the state committee; John Montag, county committeeman, and other stalwarts had been invisibly designated as a committee to see Oswald West, of Salem, and get him to withdraw so as to give Mr. Manning a clear field for the primaries. Jefferson Myers, the other candidate, had signified his willingness to step aside for the good of the party.

lingness to step aside for the good of the party.

"So far as I am concerned," said Senator Chamberlain, "they can all take their chances in the primary. It is my opinion that this would stimulate party interest; it would simply mean a contest in which the friends of each candidate would get out and work for the success of their favorite." Mr. Manning himself declines to make any statement as to his proposed candidacy, but his friends declare that he awaits only favorable action by those now in the field to make his formal announcement.

going to let go of their popular laws.
They are not going to tolerate the oldtime machine system of conventions

Democratic leaders concede that
John Manning is now by far the leadting candidate, and that he has a decided advantage over the others, because of the informal decision of the state central committee that he is the man for the head of the ticket, and that there should be absolute unity of party

Platt Creates Stir by Accusing Street Railway of Delaying Improvements.

FULLER MAKES DEFENSE

After Passage of Words, Mayor Simon Suggests Conference Straighten Out Tangle-Not Sufficient Rails Ordered.

Robert Treat Platt, member of th street committee of the City Executive Board, created a sensation during the session of the board yesterday after-

session of the board yesterday afternoon by calling upon his colleagues to
use every means in their power to compel the Portland Railway. Light &
Power Company to lay tracks on Lombard street, from Wabash to Westana
streets, so that a Hassam pavement
may be put down.

Vice-President Fuller, representing
the company, defended the big corporation by declaring that it has kept up
its work faithfully this season with a
crew of 500 or more men, that 15 miles
of track has been laid and that every
possible means has been used to keep
ahead of the city's operations on the

"We ordered enough to lay 19 miles of track." was the reply.

Mayor Simon suggested that a conference be held between Mr. Fuller and the members of the street committee in an effort to straighten out the situation. and at the close of the meeting all parties got together and talked it over.

Improvements Will Begin.

As a result of the conference, Mayor Simon announced that the big improve-ment will be commenced at once, and that the streetcar company will try to lay its new rails; if it cannot do so, the city's work on either side of the line will be done in spite of it. This will make it possible for traffic to be accommodated on hard-surface the full length of the Peninsula, nearly to the northern limits

Pennsua, and of the city.

During the discussion between Messrs. Platt and Fuller, Mr. Platt was very outspoken. He declared that he had notify the streetcar officlais last January as to the amount of work to be done on streets upon which cars are operated. He said that with this information at hand thus early in the year, there was no excuse for the my delaying work.

Committee Is Displeased.

"The letter frankly said that the etreet The letter frankly said that the street committee was not at all pleased with the co-operation of the company during the season of 1999," explained Mr. Platt, "and urged better action for the season of 1910. In view of these facts, I urge that the Executive Board use all the power at its command to compel the company to lay the rails on Lombard street at once, either through the City Engineer or City Attorney's offices, if there is any means in the science of the law to do so." Wherever hard-surface improvements wherever nard-surrace improvements are laid along streetear lines the company replaces its light rails with heavy ones for permanent use. It is the heavy rails that cause the present difficulty, the company having none to use on this particular street.

Klamath Project Investigated.

Secretary Ballinger left last night on the Shasta Limited for Klamath Falls, where he will devote two days to an investigation of the work being done in that vicinity by the Reclamation Service. Besides members of his

in that vicinity by the Reciamation Service. Besides members of his party, the Secretary was accompanied by E. G. Hopson, chief engineer of the work, and Oliver P. Morton.

While in Portland E. C. Finney, assistant to the Secretary, received notice of his appointment as chief law officer of the Reclamation Service, a promotion which came from the hands of the President. Mr. Finney will have charge of all the legal business of the service, as well as the policies to be carried out. F. H. Nefell, head of the service, has heretoforabeen supreme and has dictated wfat reclamation projects should be pushed and the amount of money to be expended at any point. Those duties will now devolve upon Mr. Finney. That fact yesterday gave rise to much comment as to the position which Mr. Finney will assume in regard to the Umatilia Extension proposition. Finney has recently visited the land and made an exhaustive examination of its fessibility Upon his arrival in Portland he expressed gratification over its prospects. neither Mr. Finney nor Mr. Ballinger

would express an opinion as to what would ultimately be done with the project.

ATHLETE AND ACTRESS AFTER CAMERON'S SUBORDINATES.

Loser in Street Fight Drops Serious Charge, but Warrant for Perjury Dented Schye.

Charles Zig Schye, a well-known athlete eratic einger with whom he was arrested on an information from the District Attorney's office Monday, is stern in his denunciation of the operations of the District Attorney's office. He contends that he was refused a warrant for the arrest of Frank Milton on the charge of

perjury. Milton and Schye settled their personal grievances in a rough and tumble fight in front of a local theater Monday after-noon. Milton was badly worsted. He then swore to a warrant charging Schye and Miss Sartoris with a statutory offense. Their hearing was set before Justice of the Peace Olson Wednesday When they appeared in the courtroom ready to prove the falsity of the charge

ready to prove the faisity of the charge with a group of witnesses, the defendants were informed that the case had been stricken from the docket and the charge noiled.

Schye, in an effort to clear the besmirched honor of himself and Miss Sartoria, went to the District Attorney's office and demanded a warrant for Miloffice and demanded a warrant for Mit-ton's arrest on the charge of swearing falsely in the warrant upon which they were arrested and compelled to give bonds to retain their freedom. Attaches of the District Attorney's office, Schye states, emphatically refused to issue any informations against Milton. They also said "that he couldn't

get anything on him," meaning Milton. Schye intimated that the attaches the District Attorney's office were league with his adversaries and now tends to ferret out the real motive for the refusal of a warrant against Milton through the agency of an attorney he has engaged.

BATTERY BOYS FROLIC

Oregon National Guard Artillery Men Have Lively Meeting.

The 60 artillerymen of Battery A, C. N. G., made away with 24 watermelons in short order at their festival in the Armory last night, but not until they had quartered one and given two prizes to the soldier lads who ate them the quick-est. This the soldiers were compelled to do with their hands tied behind their backs. The first prize was \$1 and the

backs. The first prize was \$1 and the second prize 50 cents.

Then followed a kangaroo court, in which members of the battery who had committed trivial offenses against their comrades while at the encampment at Mosquitoville, near Stevenson, Wash., recently, were put through stunts ranging from the shower bath to riding the rail.

Speeches were next called for, H. U. Welch, Captain of the battery, giving the hove high praise for their efficient work.

Welch, Captain of the battery, giving the boys high praise for their efficient work at the recent drill. In their work they are said to have compared favorably with veterans of the Regular Army.

The plan of having an entertainment each Friday night until the time for inspection, September 2, has been adopted in order to keep the boys together. Without this the officers have found that the men drift apart, and do not all report when the time comes for inspection and to take up active drill work again.

WIRES HOLD COURT

Livestock Boosters Have Fun in Sale of Tickets.

CAMPAIGN BEGINS MONDAY

Henry Wemme Sentenced for Making Subscription Ahead of Time. Fair Promises to Be Absolute Success With All Working.

"Captain Wemme, you are hereby reduced to the rank of corporal and all the Germans of your company are reduced in rank from Heutenants to privates," were the fateful words that fell from the lips of E. L. Fraiey, commander in chief of the "Live Wire" army of Portland Fair & Livestock Show boomers in passing sentence in the case of Henry Wemme at the Commercial Club yester-day afternoon. Fraley presided at the court-martial which tried Wemme, who is leader of the German ticket-selling

hrigade, with an effort to corner the ticket market.

It was charged that the prisoner had sent his personal check for \$100 to the committee, together with an order for 29 season tickets for the Livestock Show; 29 season tickets for the Lavestock Show, thus displaying a spirit of selfishness and an effort to deprive others of the op-portunity of seeing the exposition. The court had procured possession of the check which was marked "Exhibit A"

and which, by unanimous vote of the 60 "wires" present constituted a verdict of guilty.

guilty.

The prisoner was not allowed to speak.
In his own behalf as no one cared to hear
what he had to say.

"Sentence, sentence," shouted the assembled "wires" with voices that almost shook the building and literally shricked for vengeance.

Ticket Sale Is "Sentence."

"Owing to the eloquence of your address and the earnestness of your plea,"
ironically spoke the presiding officer,
"this court will be lement with you and
will pronounce only a part of your sentence at this time, but you are commanded to appear here again next Wednesday morning at 9 o'clock with an accounting of your labors. If at that time you and your leutenants don't report a sale of tickets exceeding in number the tickets sold by any other company of this army you will be most severely dealt with. It will also be un-lawful for you to make complaint if members of another company encroach upon your terrstory, if the public is inclined to buy from you or not to buy. You are expected to sell more tickets than any one else, regardless of difficulties that may be thrown in your way."

The court then pronounced the sentence as already stated. Mr. Wemme heard his fate with perfect composure and was at once ready to reconcile himself to the

Banquet Cause of "Arrest."

Following the court-martial proceedings which were the occasion of much merriment, inasmuch as it was necessary to "arrest" Mr. Wemme, who falled to appear on account of his desire to attend a banquet in progress in another part of the building, the meeting took up other matters pertaining to the business in hand-that of making the fair this year the greatest that has ever been held.

R. A. Marshall was appointed sergeantat-arms and L. W. Britis was named to assist him in the work. They announced Mr. Wemme's absence was due to inducements offered by Julius L. Meler. Charges may be brought against Mr. Meier at the next session.

Business District is "Guard House." Following the court-martial proceedings

Business District Is "Guard House."

Although he was absent from the seaston, the court took the liberty of sentencing Frank Schlegel to ten hours hard labor in the guard house next Monday morning and afternoon. The guard house in this instance will be the business districts of Portland and the "labor" will be a persistent and determined effort to sell tickets.

Tickets Given Out Today

Officers of the 'Live Wire' army bave decreed that between the hours of 11 A. M. and 3 P. M. today, in the convention hall of the Commercial Club they shall pass out allotments of tickets to the captains of the several companies. The captains will in turn distribute them to their lieutenants, who are expected to devote all of their time next Monday and Tuesday to the ticket selling campaign.

paign. Further court-martial proceedings are Further court-martial proceedings are promised for next Wednesday morning, when the final reports of the ticket sellers will be received. By a process of elimination cases will be brought against those Portland citizens who have failed to respond to the pleas of the "soldiers." A list of all those eligible to buy is in course of preparation. The names of those who have purchased will be then checked against the names on the eligible list. Those that are unchecked will be made the subject of summary action.
