# LIVE WIRE POLICE GATHER IN \$8000

Court-Martialed Citizens Contribute Liberally to Portland Livestock Fair.

UNIQUE TACTICS SUCCEED

Judges Sentenced to Rockpile and Compelled to Do Time on Spot. Total Amount Is Expected to Reach \$10,000.

More than 18000 was contributed toward the expenses of the Portland Pair & Livestock Exposition yesterday as the result of the efforts of the "Live Wires."

Livestock Exposition Yesterday as the result of the efforts of the "Live Wirea." According to numerous accounts and the belief of E. L. Fraley, in command of the Live Wire army, the total will reach fully \$10,000 when the outlying district commanders return their reports.

By contributing this \$8000. Portland people have obtained \$4,000 admission tickets to the fair and this alone will secure a good attendance each day of the fair.

As a triumph for a unique body, the achievements of the "Live Wirea" in selling \$1000 tickets will go down in the annals of Portland. The "Live Wire" organization was perfected a few weeks ago at a dinner heid at the Portland Commercial Club. The "Live Wires" are all members of the Commercial Club, but the organization is entirely distinct and separate. It is the sole aim of a "live wire" to "boost, boost, boost, for whatever may be for the good of the city.

Court-Martial Causes Fun.

#### Court-Martial Causes Fun.

Off all the freakish actions of the "Live Wires," the holding of the giant court-martial yesterday caused, perhaps, the most hilarity. Staid citizens were pilloried before their laughing fellows, and, after they had furnished amusement for the crowd, were permitted to go after being assessed so many books of season tickets. In all the morry throng only one man lost his temper. He finally apologized and the matter ended.

A lot of the discarded Portland police helmets had been obtained. These graced the heads of a dozen unruly "cops." With the protection of chiming pieces of metal, known by courtesy as shields, the "cops" proceeded into the city to arrest any and all chizens who had not bought season tickets when it was thought they should have done so.

Their activities did not end here. They picked upon such a staid citizen as H. C. Wortman. They called him to task for advertising his new store and thenno, not 20 days but 30 season tickets. Mr. Wortman paid. He did not look unhappy. County Judge Cleeton and Circuit Judge Gatens were captured and placed on trial in the bar formed by a giant fish net. They aggravated their case by talking politics.

The twain were sent to the rockpile. off all the freakish actions of the "Liv

The twain were sent to the rockpile. Motion for a new trial was promptly denied. So that the spectators might have the pleasure of seeing sentence performed, the rockpile, consisting of Chamber of Commerce flint specimens, was brought in. On this unpleasant seat the two were seated.

Armed Band of Stockmen on Trail of Cattle-Thieves.

FUGITIVES FACE LYNCHING

Silver Lake Ranchers Find Horses, Mules and Cattle Missing-Hot Trail Discovered and Race Is to California Border.

BEND, Or., Aug. 17 .- (Special.) -A large number of the stockmen of the Silver Lake country, 90 miles south of Bend, are in armed pursuit of cattle and horse rustlers, according to report brought to this point by James . Wakefield, a well-known pioneer of Shver Lake. Suspicion was aroused

Silver Lake. Suspicion was aroused inst Tuesday when the Lane Brothers, big stock men of that region, noticed the absence of a number of valuable mules. Investigation developed the fact that more than 25 horses which had been ranging at large near Silver Lake had disappeared.

On Wednesday, E. B. Brewer, Frank McBroom and Kinnear Buick, started out to plek up the trail of the lost animals, if possible. The fact that they all had been bunched and were being driven southward, evidently at top speed, removed the last vestige of a doubt concerning their absence being due to theft and not accident. A day later another armed posse of Silver Lake citizens, seven is number, started on the trail of the rustlers, while horse and cattle owners over the entire section started to look up their stock and do what was possible to head off the thieves.

By chance it was learned from a steep herder, who had seen the stock.

stock and do what was possible to head off the thieves.

By chance it was learned from a sleep herder, who had seen the stock, that the rustiers were but two days in the lead of their pursuers. If the former can make good their escape into California and manage to reach some town where they can dispose of the animals their chances are reckoned good, not only for cluding the posse but for making a pretty penny from their venture.

If they are found by the stockmen there seems every reason to believe that unless they surrender in the meekest kind of manner a fively reception will be accorded them, with, perhaps, the ending which the law of the range for long has meted out as just for the horse thef.

Suspicion of the theft rests upon a small party of meh who have been camping in the mountains near Silver lake for some months and who recently vanished. The pursuers refuse to disulge the names of the suspects until their suspicions either are proved correct or found to be false.

Chickgsaw Governor Now Denies He Ever Possessed \$75,000 as Previously Reported-Contingent Fees Indorsed.

SULPHUR. Okla., Aug. 17 .- Attorneys' fees again occupied especial at-tention today at the hearing before the special commission appointed by the House to investigate Indian affairs. It was testified that J. F. McMurray, holder of the 10 per cent fee contracts for the sale of \$30,000,000 worth of Indian lands, had many centracts with the Indians. At the time a \$750,000 fee was paid to his firm for prosecuting the citizenship case, he also had, it was asserted, two contracts with the Chickasaws, which paid him \$5000 a year, and two contracts with the Cherokees which paid him \$5000 each, besides expense allowance. pecial commission appointed by the

Douglas H. Johnson, Governor of the Chickasaw tribe, was on the stand most of the day and was asked why it was so many special attorneys were employed by the Indians, when they already had attorneys on regular sainties. He said that the Indians had become convinced that the employment of attorneys on contingent fees was the only method of securing results.

When asked again how it was that he deposited \$75,600 to his personal account, shortly after McMurray had been paid the \$750,000 fee, Johnson replied that he never had \$75,000.

Senator Gore told the committee that he would have no more evidence relating to his charge that a \$25,000 bribe had been offered him to promote the McMurray contracts.

Figures Sent to Taft. Governor Favors Contingent Fees

Figures Sent to Taft. Figures Sent to Taft.

The committee today sent to Beverly, Mass., a statement of the amount of money the Indians had paid out in contingent fees in the last 20 years. It showed the total amount to be \$3.893.304.54. It was said that the figures were for the use of President Taft.

The statement shows that among the largest fees was \$789.000 paid by the Chickasaw Indians to recover \$2.858.798. The New York Indians paid \$20.843 to recover less than \$2.000.000. The Eastern Cherokees paid a fee of \$730.600. In some instances the fees paid were as high as 25 per cent of the property involved. In presenting the figures before the committee, Representative Campbell, of Kansas,

said:
"It is a rather startling condition of affairs that such an amount of money was paid by the Indians to American lawyers when the Government itself is the guardian of the Indians."
